CAVE YIELDS UP SECRET

Carlsbad Cavern Explored

Nicholson Leads Companions Through Myster Realm Far Underground

Subterranean Canyon New; "Bottomless Pit" Verity; Other Wonders Seen

CARLSBAD (N. M.) March 3. (AP) [illegible] the sheer rock walls of an underground canyon through which an underground river tumbled some time in the dim past, Frank Ernest Nicholson, New York explorer, has found his way to a section of the Carlsbad Cavern entirely different from the known portions.

Using a fifty-foot rope Nicholson, [illegible] Mendenhall, his photographer, and Douglas Oliver, a Boy Scout with the expedition, lowered themselves in a room below the Devil's [illegible] at a point about midway through the normal morning tourist [illegible].

PIONEER FAILED

"We found evidence," Nicholson said, "that some one previously had attempted to reach this lower level, but was unable to attain the goal because no rope was at hand.

"We found ourselves standing in what apparently was a river bed of some stream whose life was long since spent," Nicholson said, "and the character of our surroundings was entirely different from anything we had found in the known portions of the cave."

The walls of the canyon reared [illegible] on either side and for [illegible] miles the three explorers walked down the old river bed on [illegible] sand. There were neither stalactites nor stalagmites, of which there are millions in the upper portion.

UNDERGROUND CANYON

The river bed was relatively level and the men walked quickly over it. Four miles brought them to a [illegible] of balanced rock on one side of the canyon and another [illegible] revealed a jagged [illegible] about three feet wide.

"[illegible] narrow and crooked," Nicholson said, "and we went down [illegible] distance. It led us into a very interesting room which we called the jewel room.

"The room is about fifty by thirty feet and there are no formations in it except calcite beds which shone like diamonds with hundreds of thousands of cave pearls studded in the rock. Evidently the water only had evaporated from this room. It was stifling hot in there. We took a flashlight photograph and the smoke from our flashlight powder drove us out.

"From there we went into another [illegible] smaller room, almost an exact [illegible] of the first, and here one also gained the impression that its

Will Rogers Remarks:

BEVERLY HILLS, March 3.—[To the Editor of The Times:] Going to fly over in Arizona tomorrow and see Mr. Coolidge dedicate the great Coolidge Dam. Arizona had to build the dam way over in the middle of the State to keep California from claiming two-thirds of the water. The Apache Indians are going to make Mr. Coolidge chief of their tribe to replace Geronimo. They had a great deal in common, neither one said much, and Mr. Coolidge, when big chief, arrived at the same result with a veto that Geronimo did with a tomahawk.

Yours,
WILL ROGERS.

P. S.—Am trying to get Lindbergh to take me over in a glider. If he can't I will have Anne do it.

TARIFF NEAR FINAL LAP

Senate Passage Predicted

Smoot Declares Bill May be Voted Through at Session Tonight

South and Southwest Gain Duties on Long Staple Cotton in Split-up

WASHINGTON, March 3. (AP)—A prediction that the tariff bill will be passed by the Senate by Wednesday was made tonight by Chairman Smoot of the Finance Committee, after the Senate had completed another eleven hours of continuous labor on the measure.

By working steadily until 10 o'clock tonight the Senate virtually completed action on amendments in what is known in parliamentary terms as "committee of the whole."

Senator Smoot said there was a chance of the bill being passed tomorrow night. Democratic leaders, however, were less optimistic.

The South and Southwest invaded the free list of the bill today and carried off protective duties for long-staple cotton, turpentine and resin.

Little debate preceded the vote

HAITI FEARS MASSACRE

Russell's Recall Requested

Hoover's Investigators Told High Commissioner Rules as Dictator

Bloodshed Declared Certain Unless Popular Vote Names President

PORT-AU-PRINCE (Haiti) March 3. (AP)—Two prominent Haitian leaders, representing groups with a total membership of 500,000, in testifying before President Hoover's investigation commission, today urged the immediate recall of Brig.-Gen. John H. Russell, American high commissioner, and accused him of being virtually dictator of the island republic.

They likewise asked for the dismissal of the Council of State and warned the commissioners that if the council should attempt to elect a President April 14 without permitting popular elections a "massacre" was unavoidable.

PRESIDENT HELD PUPPET

Antoine Rigal, president of a group of seven Liberal organizations, accused Gen. Russell of being virtually a dictator and declared that President Borno was holding office illegally, the President's father being French and the constitution requiring a native-born Haitian for the office.

He denounced Borno as a mere puppet in the hands of High Commissioner Russell and demanded the recall of the American high commissioner.

"We refuse to obey this dictator, who is not of our people, any longer," he said. "All officials from the President down, even judges, are nominated and put in office by the executive power, which is the high commissioner. President Borno is only a puppet in the hands of High Commissioner Russell and members of the Council of State serve only as clerks for Borno.

"If the Council of State dares to elect a President on April 14 instead of permitting a popular election United States machine guns will sink all Haitians in blood."

BLOODSHED FORECAST

Seymour Pradel, chairman of the National League for Constitutional Action, representing 150,000 Haitians, supported the claims of his compatriot and also warned the commissioners that if the Haitians could not elect their own President they would not hesitate to shed blood in protest.

"The people," he said, "know they cannot resist machine guns, but rather than live under the regime of another Council of State they would not hesitate to offer their breasts to the guns, with the responsibility resting on the United States."

He declared that the Council of State "sat at the feet of their lord, obeying his whims, and he in turn obeys Gen. Russell's orders."

He accused President Borno of having made a secret pact with Gen. Russell which placed "American bayonets at the disposal of Borno in exchange for dictatorial powers."

THREE CHARGES MADE

A third Haitian leader, Dantes Bellegarde, secretary-general of the Chamber of Commerce and leading economist of the republic, made three charges against the American administration of the republic. He asserted that the financial adviser had seized the people's money to become master of the the economic resources, that the Americans had taxed the people but failed to give them representation in the government, and that Haiti made no progress during the years of occupation.

W. Cameron Forbes of Pittsburgh, chairman of the Hoover commission, said the last charge was so grave that figures must be brought to prove it.

Bellegarde replied that he had figures and would give them.

NEW CRUISER FLOATED

BREMERTON (Wash.) March 3. (AP)—The Navy's new $10,000,000 cruiser Louisville, under construction at the Puget Sound navy yard here, was floated today for the first time. It will not be launched formally until next August.

WHITE KISSES HAITIAN HAND

Cheers Follow Gesture of Kansas Editor Made to Aged Negress

PORT-AU-PRINCE (Haiti) March 3. (AP)—William Allen White, newspaper publisher of Emporia, Kan., and member of President Hoover's investigation commission here, has excited the entire populace of this capital with an act of his last night.

While a parade of Haitian women passed before White, an aged negress dressed in black, stepped in front of him and said: "Please commissioner, deliver us."

As she spoke she bowed. White grasped her hand, bowed himself and then kissed her hand. For a moment everyone was quiet. Then there was a roar of wild cheers.

CONSPIRACY RULING DUE

Liquor Question in High Court

Purchaser's Guilt in Placing Order With Bootlegger Will be Decided

Government Presses Case After Meeting Defeat in Lower Tribunals

WASHINGTON, March 3. (AP)—A decision to pass on a highly disputed point of prohibition enforcement came from the Supreme Court today. The case involves the question of whether the purchaser of bootleg liquor may be prosecuted for conspiracy to violate the Volstead Act when he orders liquor, knowing that illegal transportation will be necessary. Recognizing that a speedy decision is needed, the court advanced the case for hearing on April 14, next.

PENNSYLVANIA CASE

The case came from the Pennsylvania courts. When Alfred E. Norris, a New York banker, obtained frequent supplies of illicit liquor from Joel Carper of Philadelphia, shipped on Norris's order, the government indicted the two men, charging conspiracy to violate the national prohibition laws. It took the position that Norris, by placing orders with the knowledge that the liquor must be illegally shipped to him, was guilty of conspiracy of illegally transporting liquor.

The Federal court in Pennsylvania decided against the government, holding that the purchase of liquor is not an offense under the prohibition law, and that a sale does not constitute a conspiracy, even though it contemplates the delivery of the liquor. The Circuit Court of Appeals also held that "transportation necessary to effect delivery to the purchaser does not subject the purchaser and seller to an indictment for conspiracy to transport."

GOVERNMENT ATTITUDE

The government, in asking the highest court to pass on the case, emphasized that the decision of the lower courts has narrowed the scope of the conspiracy section and would be harmful in a number of cases, some brought under laws other than the prohibition act. It is explained that the question whether a purchaser of illicit liquor is equally guilty with the bootlegger is not involved in the present case, which is restricted to the charge of conspiracy.

The government regards the outcome as of the highest importance in the shaping of measures to make prohibition enforcement more effective.

Mexico's Chief Able to be Out

MEXICO CITY, March 3. (AP)—President Ortiz Rubio made his first public appearance this afternoon since his recovery from the wounds he suffered in the attempt against his life February 5.

He received a group of about 100 Mexican athletes in the garden of his home. He shook hands with all of them and gave them a Mexican flag to carry to the Central American Olympic Games at Havana which open soon.

Sheriffs to Act for Air Safety

SAN FRANCISCO, March 3. (Exclusive)—Sheriffs of twelve counties have expressed their willingness to help enforce the Air Navigation Act of 1929 of the California Legislature, it was announced today following a meeting of the State-wide aeronautical committee of the State Chamber of Commerce.

The chief effect of the law is to eliminate the operation of unlicensed aircraft by unlicensed pilots. More counties, it is expected, will lend their police power to support the act in the near future.

Dominican Reins Taken by Urena

SANTO DOMINGO (Dominican Republic) March 3. (AP)—Gen. Rafael Estrella Urena, leader of the recent insurgent movement against the government, took over the functions of President of the republic today in accordance with constitutional procedure.

Quiet prevails throughout the Dominican Republic and the normal activities of the country are in progress.

Thirty Go Down in Japanese Ship

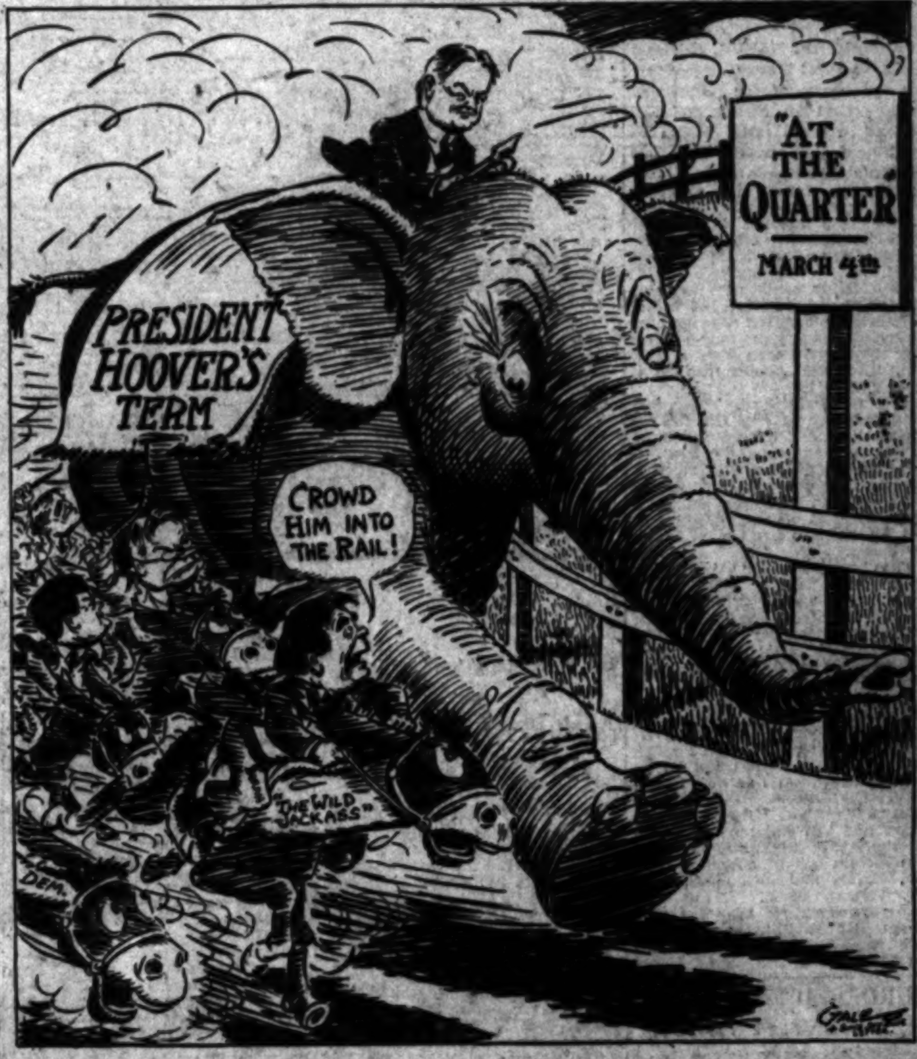
TOKIO, March 3. (AP)—A telephone message from Aomori to Rengo News Agency today said the steamer Fukuju Maru struck the rocks off the coast of Aomori Prefecture during a blinding snowstorm and sank this morning.

Steamers answering her distress call reported they were unable to find a trace of the crew, which numbered more than thirty.

HOUSE HEEDS DEATH

WASHINGTON, March. 3. (AP)—The House today adjourned after a short meeting out of respect to Representative James A. Hughes, Republican, Huntington, W. Va., who died yesterday in Marion, O.

The Great American Handicap!



TWO DIE AS COLD SPELL HOLDS EAST

Low Temperatures Also Invade Southern States as Far as Florida

NEW YORK, March 3. (Exclusive)—Old Man Winter was just strolling along. He turned around suddenly and hammered temperatures down over the East and well toward the South this morning. Two deaths were reported in Pennsylvania. New York took the count at 17 deg. above zero. West Virginia mountaineers reported 10 above.

The area of freezing temperature extends into Northern Florida, with frost in Georgia, Alabama, Mississippi and Louisiana. Baseball writers far down in Florida tonight complain of the cold there. Considerable snow is reported in Virginia and North Carolina. Western Pennsylvania was in the snow belt.

New York City's mark rose steadily during the morning and well in the afternoon, but did not get above the freezing point. However, suffering is less acute since the wind has subsided considerably.

Dixieland suffered more than the North. It was below freezing over a wide area from the Gulf ports well into Northern Florida. Snow throughout North Carolina and Virginia, with subnormal temperatures, caused much suffering and slowed up traffic. Minimum temperatures ranged from 12 deg. at Asheville, N. C., to the 44-deg. minimum at Miami.

Western Pennsylvania was suffering from a snowstorm of blizzard proportions. Two persons were frozen to death in Pittsburgh. Martin Madden, 50 years of age, a carpenter, was found frozen to death in the rear of a fire-engine house at North Braddock. The other fatality was Bertha Short, 54.

Attack in Court on Golden Gate Span Dismissed

WASHINGTON, March 3. (AP)—The appeal of C. L. Crawford of Mendocino county, California, challenging the validity of the Golden Gate Bridge and Highway District, today was dismissed by the Supreme Court for want of substantial Federal question.

Creation of the district contemplates erection of a bridge costing approximately $30,000,000, with a length of 4000 feet—the longest span of any suspension bridge.

Canada May Try Rum Export Ban

OTTAWA, March 3. (AP)—A bill to amend the Export Act, enabling the government to forbid the shipment of liquor to the United States, will be introduced in the House of Commons by Prime Minister MacKenzie King this week, probably tomorrow.

POLISH BRIDAL PARTY OF THIRTY DROWNS

WARSAW (Poland) March 3. (AP) An entire wedding party of thirty persons including the bride and bridegroom, was drowned yesterday in Lake Narogzna in the Wilmo district when ice broke under the weight of their sleighs.

Lumber Vessel in Pacific Sends Out SOS Call

SEATTLE, March 3. (AP)—The Tacoma-Oriental Steamship Company Freighter Bellingham, bound for Manila via Yokohama from Tacoma, sent out an SOS call late today indicating she is in distress near the westward Aleutian Islands. The Army Signal Corps operator at Squaw Harbor notified the headquarters of the Alaska-Washington cable system here today.

The freighter, which left Tacoma February 14, reported that a portion of her lumber cargo had shifted, giving the vessel a bad list.

The Bellingham, built in 1918 at Tacoma, is of 4382 net tons. She is 379 feet 6 inches long, 53 feet beam and 27 feet deep.

Reich Cabinet Stalls in Fight With President

BERLIN, March 3. (AP)—The Reich Cabinet today failed to make a decisive stand with its opposition on President Von Hindenburg's single income-tax levy measure and postponed for a short while action which may precipitate a Cabinet crisis.

The Ministry, after an all-morning session, adjourned to give its various members an opportunity to make contact with their Reichstag parties in the hope of finding a way out of the impasse.

Marked Gain Reported for Father Ricard

SAN JOSE, March 3. (AP)—Father Ricard, 80-year-old Santa Clara University "Padre of the Rains," removed to a sanatorium here several weeks ago following a heart attack, was reported by Dr. F. C. Gerlach today as showing marked improvement over his condition of last week.

Slight hope, however, is held for his recovery.

Army Chaplain to Defy Edict

LONDON, March 3. (AP)—At least one army chaplain will defy the government order issued Friday against praying on behalf of the Russians who are being persecuted because of their religion. He believes there are many others like him.

The chaplain is Dr. John Carlile, former president of the Baptist Union. Carlile thinks the anti-prayer order "a colossal blunder and an offense to free churches."

Dying Guard Kills Robber

TOLEDO, March 3. (AP)—William J. Malone, 40 years of age, watchman, fought to his death here last night to defend the offices of the Standard Oil Company from safe robbers armed with a machine gun.

His dying defense was successful. Malone killed one robber, wounded another and the remainder of the gang fled. The dead robber was identified as George Clark, 36, of Baltimore.

BRITISH HEIR SHAKES OFF HIS MALADY

Wales's Malaria Attack Light, Say Physicians as Royal Patient Revives

NAIROBI (Africa) March 3. (AP)—The Prince of Wales is making good recovery in his bout with subtertian malaria. He is in bed in Government House here, attended by physicians and nurses, who have specialized in this curse of Equatorial Africa. With their care and his own strong constitution and optimistic temperament it is believed that any danger of complications or a relapse is slight. It is even stated that he hopes to be able to leave his bed in a day or two.

His fever developed while the royal hunting party was in a train between Ku and Voi Friday night, and it was not until early Sunday that the party arrived at Nairobi.

The Prince's future plans are causing much speculation. He obviously will be reluctant to leave Africa without bagging an elephant—on which he had set his heart—but it is recognized he will be ruled by the opinion of his medical advisers.

Bogus Currency Floods Mexico

MEXICO CITY, March 3. (AP)—The press published warning today that great quantities of counterfeit American bills have been encountered in Mexico. The denominations are of $5, $10, $20, $50 and $100.

The workmanship is said to be so well done that it is difficult for any but experts to recognize the counterfeits.

AIR WRECK HUNT VAIN

Rancher's Report Unverified

Horsemen Continue Search After Pilots Give Up and Return

Three Planes Find No Trace of Doles Transport Near Lake Arrowhead

While three men on horseback were attempting last night to verify the report made by a San Bernardino Mountain rancher that the missing Western Air Express airplane and its crew of three has been located between Lake Arrowhead and the Mohave Desert, three company pilots returned here after searching vainly from the air the district reported to hold the wreckage of the huge monoplane.

The three pilots, Monte Shelton, Alexis Klotz and Bill Coyle flew back and forth over and between Rattlesnake Mountain and Mt. Luna, skimming ridges and canyons at 200 feet trying to find the canyon where the missing plane is believed to lie. They reported that they could find no trace of the red transport.

FIRST REPORT

J. P. Barber, a rancher in the Lake Arrowhead district, reported to Sheriff Shay of San Bernardino county, at Lake Arrowhead late Sunday night that he had located a wrecked airplane twenty miles northeast of Lake Arrowhead and that he was convinced it is the missing plane.

Pilot James E. Doles and Copilot Albert W. Bieber of Los Angeles, and Steward John W. Slaton of South Pasadena, were aboard the tri-motored Fokker transport when it took off on February 23 from Kingman, Ariz., bound for Los Angeles.

As soon as Barber reported, Shay hurried to San Bernardino and ordered Barber, Assistant Supervisor Ernest Shay of the San Bernardino National Forest, and Deputy Sheriff A. P. Mitchell to return to the spot where Barber said he located the plane.

From Barber's description to Sheriff Shay, the plane crashed in a blind canyon, heavily wooded, about ten miles from the automobile road that leads from Big Bear Lake to Victorville, and in the vicinity of Rattlesnake Mountain and Coxey's ranch in the Bald Hills.

DISCOVERY DETAILED

Sheriff Shay quoted the rancher as saying that he discovered the plane, one wing burned and the cabin of the ship crumpled up.

"'I was scanning the surrounding country with strong binoculars,'" Shay said Barber told him, "'when something red in the bottom of a canyon about a mile away caught my attention.

"'I was certain it was the missing plane. It was late Sunday afternoon, but there was still enough light for me to sit down and focus on the wreck for half an hour.

"'During that time I saw no sign of life in or around the plane. It would have taken me two hours to go down in the canyon to the wreck and get out again, so I decided to hurry back to Lake Arrowhead.'"

SEARCH STARTED

Barber was on the search alone on horseback. He had set out Sunday morning from his ranch after Sheriff Shay had asked all ranchers in the district to aid in the ground hunt.

The rancher and the two deputies set out on horseback at dawn, with orders to administer first aid to any of three men who may have survived the canyon plunge or to return their bodies to Lake Arrowhead.

There are no telephones in the immediate district and the investigating party was not expected to return to Lake Arrowhead until late last night or early today.

A heavy storm was reported breaking over the mountains where

(Continued on Page 2, Column 3)

TAFT AMAZES PHYSICIANS

He Clings to Life on Eve of Twenty-first Anniversary of His Inauguration as President

WASHINGTON, March 3. (AP)—One month from the day that he resigned as Chief Justice found William Howard Taft today clinging tenaciously to the thin thread of life which has been sustaining him since last Wednesday.

In view of his seventy-two years, the former President's reserve energy has amazed the attending physicians. They have said this will be his last illness, emphasizing that any improvement will be but temporary.

The regular morning bulletin by Drs. Francis Hagner and Thomas Claytor said Mr. Taft had spent "a good night," and added, "he continued to take some nourishment. A few days ago his condition was very critical, but he has slightly improved, and, unless some further sudden change occurs due to the arteriosclerosis, his span of life for the present is indeterminate."

Arteriosclerosis, or hardening of the arteries, with consequent impairment of the blood circulation has given the doctors more concern of late than any of the other ailments afflicting Mr. Taft.

In view of the doctors' bulletin it seemed probable that Mr. Taft will live to see the twenty-first anniversary of his inauguration as President of the United States when he was acclaimed by thousands who had gathered to watch him take the oath of the high office and to view his journey as the first citizen from the Capitol to the White House.

Robert A. Taft left tonight for his home in Cincinnati. He had been at the home of his father since Friday. Mr. Taft said he expects to remain in Cincinnati for two or three days. He said there had been a marked improvement in the condition of his father over the week-end and that unless there is an unexpected relapse the former President may live for some time.

The evening bulletin recorded that:

"The condition of the former Chief Justice is unchanged since this morning."

Dr. Francis R. Hagner, who, with Dr. Thomas A. Claytor, signed the bulletin, said after the evening visit that too optimistic an interpretation is not to be placed upon the improvement in Mr. Taft's condition. He added that the patient still is a very sick man.

Late today the police guard in front of the Taft home was removed at the suggestion of Robert Taft and other members of the family. The uniformed sentry has been on duty day and night during the critical stages of Mr. Taft's illness to maintain quiet in the vicinity.

FLYERS' BODIES LEAVE SIBERIA

Eielson and Borland Paid Tribute by Russians

Plane Carrying Remains Starts Long Flight

Now on Way to Teller With Victims of Crash

MOTORSHIP NANUK, NORTH CAPE, (Siberia) March 3. (AP)—Bearing the bodies of the American aviators, Carl Ben Eielson and Earl Borland, a cabin plane piloted by Ed Young and carrying Pilot Joe Crosson and Mechanic William MacAuley, took off from here today on a flight of about 500 miles to Teller, Alaska. The Russians, Commander Mavrick Slipenov and Mechanic Farich, followed in their Junkers plane.

With flying conditions favorable for the first time since the bodies were brought here ten days ago, the Americans started the long journey over the Arctic Ocean coast at 9:50 a.m. The soviet airmen followed at 10:12 a.m.

They were winging to Teller, last Alaskan point seen by the famous Aviator-Explorer Eielson when he started on the ill-fated flight to this ship, icebound here, November 9. He and Borland were killed ninety miles short of their goal, in a lagoon southeast of here. The bodies will be taken to the United States for burial.

The remains of the two flyers were placed in the black-draped plane Young was flying after being brought here from the scene of the wreck by Commander Slipenov February 21. At Teller the two ships will probably be joined by Capt. Pat Reid and Harold Gillan.

The flight will continue to Nome, where ceremonies are planned, and then to Fairbanks, making an air journey totaling nearly 1000 miles. From there the bodies will go on train to Seward and on boat to Seattle. Ole Eielson, father of the famous pilot, and Borland's young widow and two children are awaiting the bodies in Fairbanks. Carl Ben Eielson will be buried at Hatton, N. D., and Earl Borland at Mt. Vernon, Wash. A guard of honor representing the State of North Dakota will take Eielson's body from Seattle to its final resting place.

MURDERED FILIPINO'S IDENTITY SOUGHT

LOS BANOS, March 3. (AP)—Merced county officials today sent fingerprints and photographs of the Filipino found dead with a broken neck under a bridge on the Pacheco Pass Saturday to Filipino labor bureau branches in Los Angeles, San Francisco and Stockton in an effort to identify the man. Authorities believe the Filipino was beaten to death.

EDGE LEAVES FOR LONDON

PARIS, March 3. (AP)—Ambassador and Mrs. Walter E. Edge left this afternoon for London for an unofficial visit of a week.

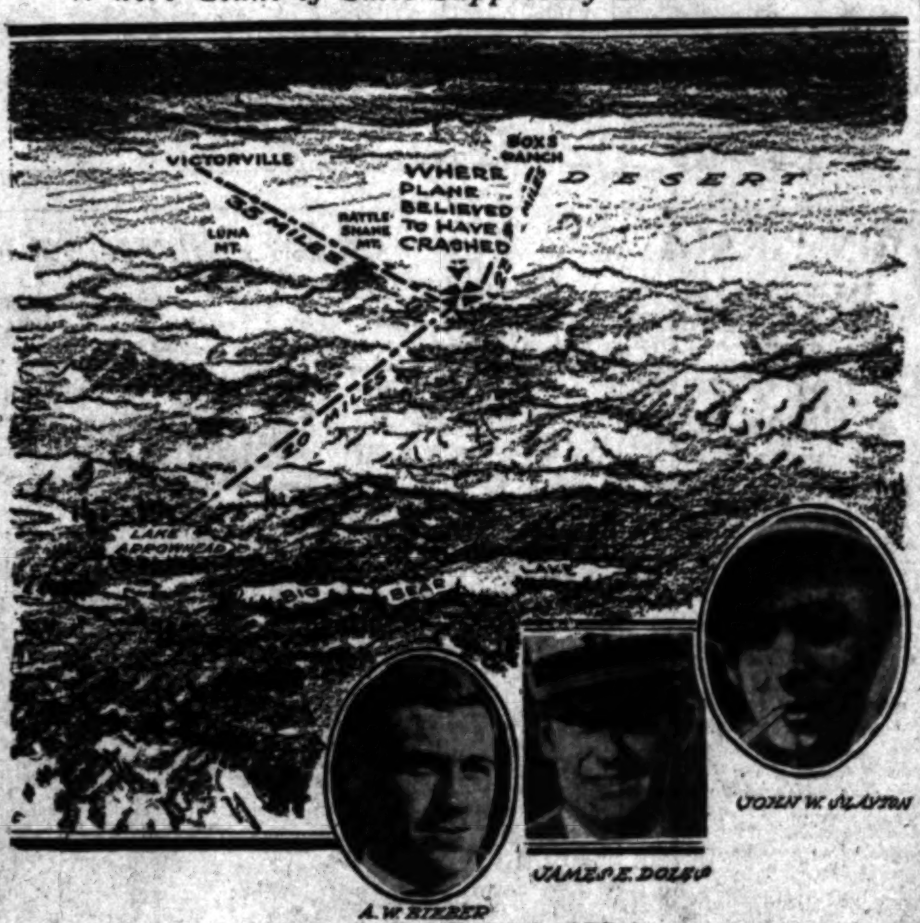
Where Giant of Skies Supposedly Fell to Earth



Wild Section Slows Up Searchers' Efforts

This drawing by Times Staff Artist A. L. Ewing shows the region where the wreckage of Western Air Express plane of Jimmy Doles is reported to have been sighted. Insets are the men who were aboard the craft.

AIR WRECK HUNT PROVES FUTILE

(Continued from First Page)

the wreck is believed to lie and was expected to hinder the searchers. Barber, however, was certain that he can relocate the plane.

LAST CLEW RECALLED

The last clew to the ship while it was in the air came from residents of the Lake Arrowhead district.

Four eyewitnesses declared that they saw the plane circling the lake about 3 p.m., three hours and fifteen minutes after it had left Kingman.

The sixteen-passenger ship was within 200 feet of the lake, Doles evidently attempting to find a way out of the snow clouds that pressed him lower and lower toward the mountain tops. It was stated by the Lake Arrowhead residents that after circling the lake the plane headed southwest toward Los Angeles and during the eight-day search from ground and air more attention has been paid to the southern slopes of the San Bernardino range than to the district where Barber said the plane crashed.

If Barber's report is correct Doles evidently turned back toward the desert in an attempt to make a landing instead of trying to keep on toward Los Angeles. He would have had approximately enough gasoline to keep the plane in the air for an hour after he was over Lake Arrowhead, but it must have been not more than ten minutes after circling the lake that he was trapped in a blinding snow flurry and crashed to the canyon bottom, according to Barber's location of the wreckage.

WARNED OF STORM

Doles, Bieber and Slaton took off from Kingman to ferry the plane back to the Alhambra terminal of Western Air Express. The ship had been chartered on an eastern flight and they were bringing it back empty. The scheduled westbound ship was grounded in Kingman the day Doles left because of hazardous flying weather. Doles started before the regular plane arrived at Kingman, and although he was advised that the storm then raging at Kingman was intense over the San Bernardino Mountains, he believed that it would not prove impenetrable.

In October, 1929, Doles was forced down on a New Mexico mesa by a snowstorm. He landed safely with two men passengers, a co-pilot and a steward, seventy-five miles southeast of Gallup, N. M., and waited twenty-four hours before taking off again.

It was this demonstration on his part that have kept spirits high among searchers that Doles and his two companions would be reported safe. Nearly a dozen planes have criss-crossed the San Bernardino Mountain district every day since the plane was reported missing, while ground posses ordered out by Sheriff Shay have scoured canyons and ridges.

Doles, 28 years of age, is a native of Shreveport, La., and has been flying since May 1, 1920, receiving training at March Field and as an Army pilot at Mather Field until 1922. He has 2800 hours in the air to his credit and joined Western Air Express in June, 1928, when the company took over Pacific Marine Airways, the organization that operated sea planes between Wilmington and Catalina Island. He is married and has a 2-year-old son at the family residence, 1926 Cordova street.

Bieber, 20, received his limited commercial pilot transport license with a co-pilot rating last January. He graduated from a local aviation school. He resides with his wife, Nora Bieber, and a sister, Josephine, at 3431½ Maceo street. His native city is St. Louis, Mo.

Slaton moved to 1061 Avoca street, South Pasadena, with his wife and 15-year-old son, Harry, from Albuquerque, N. M., a few weeks ago. He formerly was head waiter at the Franciscan Hotel in Albuquerque. He is 39 and was born in Birmingham, Ala.

SAFE ROBBERS SLAIN BY POLICE IN BATTLE

DETROIT, March 3. (AP)—Two men robbing a safe in the Harper Theater were shot and killed at 4 a.m. today by two patrolmen, during a gun battle on the second floor of the theater building.

The robbers were identified as Phillip J. Towmey, 30 years of age, and Leo Garbada, 30, both of Detroit. Police say both had long records of arrests.

Hearing of Dry Law Foes Will Conclude Today

WASHINGTON, March 3. (AP)—Chairman Graham of the House Judiciary Committee said today that it had been definitely decided to end tomorrow presentation by the wets of their case against prohibition. Those opposing the Eighteenth Amendment were to have closed their testimony last week, but an extension of time was allowed because of the number desiring to be heard.

The drys have not made public their list of witnesses, saying they preferred to announce them after the "wets had had their fling."

CARLSBAD CAVE SECRETS FOUND

(Continued from First Page)

walls were studded with precious stones. We wandered around for about an hour and then returned to the room in which we had taken the photograph. The room still was filled with smoke and we were unable to re-enter.

"On a ledge in the jewel room we found some bones, but were unable to determine what form of life they represented."

THREE TRIPS CALL

Nicholson now has three trips planned. One will be to explore a water course across from the "jumping-off place," another will be to attempt to find the bottom of the "bottomless pit," known to be more than 200 feet deep, and the other is through a tunnel over the "moosehead" a mile and a half from the entrance of the cave the other side of the "Devil's Den," where a strong air current has been located.

One explorer lowered into the "bottomless pit" at the end of a rope struck something solid at the end of 200 feet. He thought he had reached bottom, but found that he was standing on a narrow ledge. Flares tossed off the ledge spent themselves in the blackness as they hurtled downward without landing on the bottom. Ropes with weights attached have been lowered into the pit until the rope finally snapped under the strain of its weight.

Reds Will Join in Law Parley

GENEVA, March 3. (AP)—Maxim Litvinoff, acting commisar for foreign affairs of the U.S.S.R., today telegraphed the League of Nations that the soviet government will send an official observer and three assistants to the League's conference on codification of international law at The Hague. The observer will be Mitri Kourski, soviet Ambassador at Rome.

Court Protects Liquor Phones

SAN FRANCISCO, March 3. (Exclusive)—Government efforts to compel the Pacific Telephone and Telegraph Company to disclose its secret subscriber list as a basis for raids on so-called telephone bootleggers were nullified today by a decision of Federal Judge Kerrigan.

The decision voids the pre-Christmas drive of prohibition authorities on bootlegger telephones, and calls into question the "ingenuity and skill" of prohibition investigators employing such methods.

TAX REPEAL INDORSED

TOPEKA (Kan.) March 3. (AP)—The Senate today passed the administration bill to repeal the State moneys and credits intangible tax law. The vote was 22 to 15. The bill goes to the House.

SMOOT VISIONS TARIFF PASSAGE

(Continued from First Page)

on a proposal of Senator Shortridge, Republican, California, for a duty of 7 cents a pound on cotton of a staple of one and one-eighth inches and over. A roll call was demanded, however, after it had been approved earlier by a viva voce vote. It carried, 49 to 33.

All three factions in the tariff struggle split on the vote. Twenty-five Republicans and twenty-four Democrats voted for the duty, the first on cotton since the emergency Tariff Act of 1921, and twenty-three Republicans and ten Democrats opposed it.

Senator Smoot, served notice that compensatory increases on tire fabric, cotton threads and possibly other commodities in the cotton schedule will have to be made on account of the vote. It was this statement that caused Senator La Follette, Republican, Wisconsin, to demand reconsideration of the Shortridge amendment.

La Follette, who opposed the duty on the roll call, objected to the manner in which the levy was approved, saying the chairman announced it had carried, while Senators were demanding quorum calls and recorded votes.

Senator Fletcher, Democrat, Florida, proposed a duty of 10 per cent ad valorem on turpentine and resin and won without a roll call. He cited increased importations of these products as one reason for helping the southeastern naval stores producers through a tariff.

COTTON ARGUMENTS

Urging adoption of his amendment on long-staple cotton, Senator Shortridge contended Egyptian cotton is being shipped into this country at an increasing rate and displaces the Mississippi delta, Arizona, New Mexico and California long staple in domestic textile markets.

American producers, he argued cannot meet the competition from the cheap labor countries of Egypt and Peru.

Opposing the duty, Senator Herbert, Republican, Rhode Island, asserted textile manufacturers will continue to import the Egyptian types even under a tariff because the domestic staple is not suited to their needs.

A duty also means increased textile manufacturers' costs and ultimate consumers' charges, he contended.

HOUSE MUST APPROVE

Various members of minor importance to the administrative sections also were approved. Among these was one by Senator Fletcher, Democrat, Florida, to restore the present limitation on Cuban cigar importations to packages of not less than 3000. The bill had repealed this restriction in deference to Cuba's wishes. This amendment, along with all others, still must meet the approval of the House, however, before being finally enacted.

CAPPER INDICATES BILL WILL SUIT HOOVER

WASHINGTON, March 3. (AP)—Senator Capper, Kansas, today indicated his belief that, in effect, the Democratic-Republican independent coalition is writing a tariff bill which will be agreeable to President Hoover.

While the Senate began what it is hoped will be the final week's work on the measure, which has occupied it just six months next Saturday, Capper said in a radio address that "it is my belief that the Senate discussion and actions will result in tariff rates in line with President Hoover's program, this in spite of the fact that those rates, in the last analysis, will be written in great part by political enemies of the President."

PIONEER EDITOR DIES

YUBA CITY, March 3. (AP)—Charles E. McQuaid, 68 years of age, County Assessor of Sutter county for twenty-eight years, died today. He was former editor of the Marysville Democrat, and established the Sutter Independent.

FRUIT FLY DEAD, BAKER REPORTS

Florida Pest Exterminated, Expert Declares

Even Caged Insects Killed, Chairman Wood Told

Lifting of Shipment Embargo Expected in July

ORLANDO (Fla.) March 3. (AP)—Dr. A. T. Baker, entomologist for the Department of Agriculture in charge of Mediterranean fruit fly research experiments in Florida, today told a Congressional subcommittee that in his opinion, "not a single larvae, pupa or living fruit fly is in Florida today."

He said he believed the pest had been entirely eradicated, and added that even the fruit flies kept in cages at the government's experimental station here for experiment purposes have been destroyed during the past few days because they are no longer needed.

Chairman W. R. Wood, Republican, Indiana, asked Dr. Baker how soon the Department of Agriculture should raise the quarantine regulating the shipment of fruit out of the State.

Dr. Baker said he could not give the exact date, but if no flies are found by July 1, or after the time of ripening of Surinam cherries then "I would have no hesitancy in recommending to the Department of Agriculture that the regulations be lifted."

FARM BOARD GRAPE PLAN APPROVED

Sun-Maid Council Votes Unanimous Indorsement of Teague Proposal

FRESNO, March 3. (AP)—Unanimous indorsement of the Federal Farm Board plan for the grape industry was given at a special meeting of the advisory council of the Sun-Maid raisin growers of California and members of the board of directors of the association today.

Charles C. Teague, California member of the farm board, appeared before the Council and outlined his grape and raisin program, which has been in course of preparation for some time. He has been in Fresno for a week holding conferences with growers and leaders of the industry on various phases of the plan which is intended to remove the surplus from the market.

He stated that he plans to report the result of the conference in detail at the growers' mass meeting he will call here later.

ANGELENOS BENEFIT UNDER NEW YORK WILL

NEW YORK, March 3. (Exclusive) Kent K. Parrot and Miss Mary O'Hara Parrot, both of 8401 Lookout Mountain Road, Hollywood, received $2000 each under the will of their step-grandmother, Mrs. Florence Righter Alsop, who died February 9, last, disposing of an estate in excess of $10,000 in her will filed today. Miss Parrot and her brother are grandchildren of Miss Alsop's husband, the late Reese F. Alsop.

NEW HOSPITAL PROPOSED

WASHINGTON, March 3. (AP)—Erection of a 150-bed veterans' hospital at a site to be selected in Nevada, to cost $500,000, is proposed in a bill presented today by Representative Arentz, Republican, Nevada.

ARE YOU A VICTIM OF PYORRHEA?

PYORRHEA is a very common and very dangerous disease of the mouth. It has been estimated that eighty out of every one hundred adults in the United States suffer to some extent from pyorrhea.

The time to check pyorrhea is in its early stages. When the gums look bluish-red and swollen, and bleed easily, that is the time to visit the dentist.

From pyorrhea, pus forms around the teeth which causes bad breath and poisons one's food. The tonsils also may be infected, and the pus flowing into the stomach also causes ulcers and other stomach diseases. Neglect of pyorrhea is certain to cause the loss of all your teeth.

Even at late stages the dentist can help you very much. If you have any suspicious signs of pyorrhea visit a dentist using the Parker System at once. He will make no charge for examination and will tell you whether or not you have pyorrhea or some other trouble. Dentists who use the Parker System are all fully qualified to save your teeth if they can be saved. You will also find their fees for work are surprisingly low.

LIFE VITAL RAY CAUGHT IN FILM

Italian Professor Tells of Remarkable Photographs

He Says Secret of Universe Nearer Solution

Sensitive Plates Record Human Reactions

ROME, March 3. (NANA)—Great interest has been aroused in Italian scientific circles by the announcement that Prof. Guido Cremonese of the University of Rome, has succeeded in photographing vital rays, including those emanating from the human body.

Prof. Cremonese is already well-known as the discoverer of a radical treatment for malaria.

Signor Marinetti, the poet and writer, has sponsored the discovery, submitting Prof. Cremonese's studies to the newly created Academy of Italy, of which he is a member. The president has appointed Prof. Fermi, the physicist, and Prof. Bottazzi, the physiologist, to report on the discovery at a forthcoming meeting.

IMPORTANT DISCOVERY

"The photography of vital rays," Prof. Cremonese said, "which I regard as one of the most important discoveries of the present century, fully confirms the hypothesis that life is an oscillatory electro-magnetic phenomenon.

"This discovery is the missing link without which it was hitherto impossible to fully understand and explain the mystery of life.

"Its effects will be of incalculable value especially because, having once ascertained that the nature of life is purely physical, the treatment of disease will have to be conducted on different lines, starting from the idea that disease is nothing but an alteration of the oscillatory state of equilibrium of the organism, both in the physical and in the psychic field.

OTHERS HAVE TRIED

"The photograph of vital radiations had already been attempted but with unsatisfactory results. In 1922 Gurwitsch discovered that the rays emanating from the roots of onions were capable of inducing an increased cellular growth in other roots. Hence the name of 'Gurwitsch's mitogenetic radiations.'

"Numerous scientists have devoted themselves to this mysterious problem. Among the pioneers must be mentioned two Germans, Heiter and Gabor, who were able to confirm the existence of mitogenetic radiations, which are ultra-violet rays of a wave-length of 2000 to 34,000 angstroms. The angstrom is equivalent to the ten-millionth part of a millimeter.

"They discovered that malignant tumors emit mitogenetic radiations, and that benignant tumors do not. After several vain attempts they came to the conclusion that it was impossible to photograph the mysterious rays.

"My method is extremely simple. I started experimenting on yeast with a photographic plate wrapped in tinfoil and placed in a black paper envelope to ascertain the strength of penetration of the rays.

"A small coin was placed in the middle of the plate. I found that whereas all the exposed surface of the plate had been impressed by the rays of the yeast, the part covered by the coin had not been penetrated by the rays.

BEAM RAYS SPLIT

"Vital radiations, taken together, fail to impress a photographic plate, because some are antagonistic to the others. The success of my discovery is due to the fact that I adopt a special technique which enables me to split up the beam rays emanating from living beings or substances. From the photographs I have obtained it is evident that vital rays are much more complex than the German scientists believed. They occupy a much wider extension in the spectrum.

"Another important result is that by means of these photographs I have been able to ascertain that human rays have characteristics nearly antithetic to those of vegetal radiations.

"Although we are only at the initial stage of these researches, the possibility of photographing vital rays may now be considered as definitely proved. It is very probable that in the near future, with an improved technique, we shall be able to diagnose special pathological or heredity conditions by means of the photography of vital rays.

CHEST REGISTERS

"Perhaps the most interesting photograph I have is one obtained by applying to my chest a panchromatic plate for about a month. Very clear images of radiations were perceptible.

"My discovery proves in a most conclusive manner that life is a purely physical phenomenon to be placed in the field of electro-magnetism. This is of the greatest importance because it opens out new possibilities in physiology and pathology.

"If we admit that the real cause of disease is a lack of equilibrium between the internal rays of the body and the external ones, and that disease is not the result of a pathogenous agent but of the state of the individual, it is obvious that the alterations of this wonderful oscillatory circuit, namely, disease, can only be cured by opportunely modifying the oscillatory rhythm, thus restoring equilibrium, which means health.

"As science progresses," concluded Prof. Cremonese, "it is more evident that we are electro-magnetic atoms vibrating in unison with the great throb of the universe."

Negro Murders Crash Witness

CHICAGO, March 3. (AP)—Arthur Dolan was killed for being a peacemaker.

He was standing at the curb when two automobiles crashed yesterday and observed the quarrel that ensued between the two drivers, both negroes. He sought to settle things by giving his eyewitness version to the disputants.

"You were wrong," he said to one driver, conciliatingly.

An automobile jack-handle crashed down on his head and the negro who had swung it fled. Dolan never regained consciousness.

HER MORALS ADVICE DEFENDED BY COURT

[P. & A. photo]
Mrs. Mary Ware Dennett

AUTHOR OF SEX GUIDE WINS PLEA

Federal Appeals Court Frees Mrs. Mary Dennett of Obscenity Charge

NEW YORK, March 3. (AP)—The United States Circuit Court of Appeals today unanimously reversed the conviction of Mrs. Mary Ware Dennett of Brooklyn, on charges of sending asserted obscene matter through the mails to Mrs. C. A. Miles, in Grotoes, Va.

No retrial was ordered and Mrs. Dennett is freed from the charge, which grew out of the mailing of a copy of her brochure, "The Sex Side of Life," to Mrs. Miles.

The pamphlet was one Mrs. Dennett wrote fifteen years ago for the guidance of her two sons, now grown. The pamphlet has been distributed by churches and social organizations for ten years.

The decision was based on the ground that "no case was made for submission to the jury."

"The pamphlet may fairly be said to be calculated to aid parents in the instruction of their children in sex matters," the court held.

When informed of the court's decision, Mrs. Bennett said circulation of her pamphlet since her conviction had never stopped.

"I've been sending it by express," she explained.

SECRECY IN AIR CRASHES SUSTAINED

Mitchell Backs Commerce Department in Refusing to Give Wreck Details

WASHINGTON, March 3. (AP)—Atty.-Gen. Mitchell in an opinion today sustained the action of the Commerce Department in making public only general information on aircraft accidents instead of announcing details of specific crashes as has been demanded by a number of members of Congress.

Mitchell's opinion was placed before a Senate Commerce subcommittee today by Clarence M. Young, assistant Secretary of Commerce for Aeronautics. The subcommittee is considering the Bingham bill to require publication of specific data in accidents resulting in death or personal inquiry.

The Attorney-General said the Commerce Department had been acting within the law in supplying general information only.

Senator Bratton, Democrat, of New Mexico, frequently has attacked the department's position in this respect.

The department has said one reason for not giving detailed reports was to prevent such reports from being available in event of damage suits.

Alice White May or Mayn't Marry Broker

KANSAS CITY, March 3. (AP)—Alice White, film star, and Sydney Bartlett, a broker, may or may not be married soon in Chicago, Bartlett said here tonight, and Miss White let him do all the talking on that subject.

Asked to comment on rumors that wedding bells are in the offing, Bartlett, stopping here briefly on their trip to Chicago, said:

"The rumor is false. We are not going to be married—not immediately, anyhow. We're just going to visit my mother in Chicago. Of course, that makes the rumor not entirely false, doesn't it? Well, let me see. Let me put it this way: Marriage is a sort of impulse, isn't it? It's liable to happen any time. We may or may not be married in Chicago.

"How's that?"

Steel Magnate's Daughter Weds

NORWALK (Ct.) March 3. (AP)—Rosamond Marie Farrell, daughter of James A. Farrell, president of the United States Steel Corporation, was married today to Joseph Buck of New York and Bethlehem, Pa., in St. Joseph's Roman Catholic Church.

BOY AND GIRL KILLED BY TRAIN IN KANSAS

EMPORIA (Kan.) March 3. (AP)—Viola Lockard, 15 years of age, and John Nelson Sorden, 18, both of Neosho Falls, Kan., were killed at the Main-street crossing in Neosho Falls by a Santa Fe passenger train which struck their automobile.

DE RIVERA'S SON INJURED IN DUEL

Capt. Rexach, His Foe, Has Severer Hurts

Sword Wielders Desire to Meet Again Later

Attempt Made at Secrecy in Clash at Pamploma

PAMPLOMA (Spain) March 3. (AP) Meeting here secretly yesterday morning, Miguel Primo De Rivera, son of the former Spanish dictator, and Capt. Rexach of the Spanish Artillery Corps, fought a duel with swords in the course of which each was slightly wounded.

Miguel was cut once in the wrist, and Rexach was cut twice.

They separated when the seconds ruled that Rexach's cuts on the wrist were too serious to permit of his continuing the duel, but apparently they were not reconciled. It is rumored they want to fight again.

TRIP FROM PARIS

Miguel came from Paris, where he had been staying with his father and other members of his family, and slipped over the frontier by automobile through a pass in the Pyrenees. He came by appointment to meet Rexach, a challenge having passed between them in Madrid because of what Miguel considered to be insults to his father made by Rexach.

After the duel Miguel left by automobile, presumably for France, and Rexach, whose present whereabouts is unknown, went off in another.

The two duellists arrived in Pamploma before daylight and went immediately to the hall used for the jai alai games. After preliminary formalities they began to fight at about 8 a.m. In the first round Miguel was wounded in the wrist by Rexach, but insisted he could continue. In the second, Miguel twice wounded Rexach in the wrists, and the seconds said he could not go on.

SECRECY SOUGHT

The two parties then went separately to a hurried breakfast of coffee and rolls and departed in different directions. Miguel stopped long enough to send a telegram to his father in Paris, assuring him of his safety.

Every effort was made by the duelists to keep their meeting secret, and it was only discovered today when the authorities found the telegram sent by Miguel to the former dictator.

Young Primo De Rivera recently was sent out of Spain to prevent his fighting duels. He had challenged several officers, whom he accused of having insulted his father, slapping a general publicly in one of Madrid's most fashionable cafes. He was escorted to the French frontier at the time by a police guard.

SIX CITIES IN MAINE VOTE REPUBLICAN

Democratic Stronghold of State Captured by G.O.P. Candidates

PORTLAND (Me.) March 3. (AP) Marked by a sweeping victory in the city of Lewiston, long the Democratic stronghold of the State, Republicans today placed their candidates in office in six of the seven Maine cities holding municipal elections.

The lone Democratic victory is indicated by returns from Waterville which gave Mayor F. Harold Dubord a majority of 1322 votes over his Republican opponent, A. Raymond Rogers.

Lewiston, Bath, Eastport, Saco, Ellsworth and South Portland elected Republican Mayors and city governments. The tickets were uncontested in the last three cities.

RAIN FALLS ON WATER CEREMONY

San Francisco Presents $39,962,606.51 Check for Spring Valley System

SAN FRANCISCO, March 3. (Exclusive)—Undeterred by rain, several hundred citizens gathered at the City Hall today for the ceremonies at which the city and county of San Francisco formally acquired possession of the Spring Valley water system.

A check for $39,962,606.51 was handed over to Samuel Eastman, president of Spring Valley, who gave Mayor Rolph in return the deed to the company's properties. The action gives San Francisco its own water system, which will be used to distribute Hetch Hetchy water when that project has been completed.

In the meantime, the city will distribute the water hitherto gathered by the Spring Valley Company. Acquisition of the properties ends agitation which has been under way since 1875.

OAKLAND GRAFT RECITAL GROWS

Grand Jury Hears Variety of Scandal Testimony

Contractor's 'Bossing' of City Officials Described

Asserted Cash Solicitation "for Harmony" Cited

OAKLAND, March 3. (Exclusive) How Harry Lesser, San Francisco paving contractor, gave orders to Oakland city officials, which apparently were obeyed, and how Commissioner Parker, while at the head of the streets department, attempted to get the contractor on a paving job to give up $5000 more for "patent paving," solely "in the interests of harmony," were related today by witnesses before the Alameda county grand jury in its investigation into charges of graft in street work, bootlegging and gambling.

INSPECTOR TESTIFIES

Frank Phillips, city paving inspector, who has confessed being on paving company pay rolls under a fictitious name, and appears before the grand jury on a promise of immunity because he is "small fry," detailed Lesser's asserted connection with the paving interests. Phillips testified he permitted inferior work to be passed because of the payments made to him.

Maury I. Diggs, Oakland architect, told of the asserted solicitation of $5000 by Parker and he also declared he refused solicitations by Fred Smith, confessed graft collector, to put $10,000 into the Greater Oakland Construction Company.

GAMBLER HEARD

Jerry Popcia, Reno gambler, said he had paid $1000 to James G. Garbutt, former assistant superintendent of the Alameda County Detention Home, and Ernest Q. Norman, Garbutt's asserted partner in a paving company, for protection in the operation of a gambling concession.

Lesser and the president of his company, A. J. Crocker, refused to testify. A. A. Horwege, their construction superintendent, denied Phillips had been placed on their pay roll or that paving done by the company was of inferior grade.

"JUDAS" BETRAYS ROBBER

Safe Cracksman Slain in Police Trap Set After His Supper Guest Turns Informer

DENVER, Feb. 3. (AP)—A modern day "last supper" preceded the slaying of William De Marco, cracksman and father of a child 4 months of age. De Marco is dead today because a "friend," the guest at the supper, betrayed him into a police trap.

De Marco was fatally wounded early yesterday as he knelt in front of the safe in the office of the Puritan Products Company and was surprised by Patrolmen Thomas A. Lahey and A. E. Pyles, who both opened fire.

H. M. Erickson, 25 years of age, who informed police of De Marco's intention of robbing the safe, is in jail today, held for investigation. Erickson was the guest of De Marco and Mrs. De Marco at a supper in a restaurant here a few hours before the fatal shooting.

Erickson accompanied De Marco to the Puritan company office aften notifying police of the proposed safe robbery. Two patrolmen were outside the building and Lahey and Pyles within as De Marco forced his way in after breaking the lock on a door.

As De Marco prepared to work on the safe with tools which he had the patrolmen turned their flashlights on him. Lahey and Pyles said De Marco whirled and made a motion as if he were reaching for a gun in his pocket. Each officer fired one shot.

FARM AID MAY UNDERGO QUIZ

Senate Scrutiny of Board Also Urged by Nye

Resolution Likewise Would Seek Trade Inquiry

Committee Hearing Today to Consider Proposal

WASHINGTON, March 3. (AP)—Investigation into operation of the new Farm Relief Act and its administration by the Farm Board was proposed in the Senate today by Senator Nye, Republican, North Dakota. It will be considered tomorrow by the Agriculture Committee.

The resolution would direct the Senate's inquiry also into activities of the grain trade toward the Farm Relief Act and would ask for a report on whether the trade has sought to "depress the world market for American agricultural products and to reflect such depression upon the domestic market for the purpose of discrediting the Farm Board."

Chairman McNary of the Senate Agriculture Committee ordered a meeting for tomorrow when the resolution was referred to him. Senator Wheeler, Democrat, Montana, suggested that the committee might go ahead and conduct an inquiry of its own without a resolution, but Senator McNary replied that he did not favor turning the committee into a grand jury.

Senator Harrison, Democrat, Mississippi, urged that the investigation be broad enough to include an inquiry into cotton and the reasons for what he described as a failure to administer the insurance provisions of the law. Senator Brookhart, Republican, Iowa, asked that the investigation include activities in oats, corn and live-stock markets

JURISTS DECIDE ANTIWAR MOVE

Geneva Conferees Agree on Covenant Amendment

League Council Procedure in Dispute Mapped

Chance of Arms' Use Said to Have Been Ended

GENEVA, March 3. (AP)—The international committee of jurists tonight agreed on an amendment designed to eliminate the possibility of war which now exists under the terms of Article XV, Paragraph 7 of the League of Nations covenant.

The formula which the committee will recommend to the Assembly provides that where the Council cannot agree unanimously—not counting the votes of parties to the dispute—it shall seek the best appropriate procedure and at the same time the Council on its own motion, or at the request of one of the disputants, may ask the World Court for an advisory opinion on the legal points involved.

The amended form omits the phrase in the present article which permits members to take such measures as they think fit to maintain right and justice—which opens the door for war.

CHICAGO PAINTERS GET PAY INCREASE

CHICAGO, March 3. (AP)—The 18,000 painters in the Chicago district have been granted a $1-a-day wage boost, effective today. Their daily wage will be $14 and they will continue to work a five-day week.

Lack of Hair is so Unnecessary

You, too, can hav healthy head of h

Twenty or thirty years ago a man was helpless to prevent baldness. When his hair started thinning at the temples, crown, or frontal, he could do nothing but struggle futilely against the baldness-producing germ with haphazard remedies.

Today, modern science in the form of the growth-promoting **Thomas' Treatment** makes it possible for almost every man to retain his hair *throughout life*, or to re-grow hair on the thin or bald spots. Thomas' treatment has replaced fashioned hit-and-miss methods by modern scientific cision. Each case is carefully analyzed and tre administered to meet the particular needs of the vidual. For example each of the various types of d demands a specific treatment, as does alopecia (baldness in spots), and any other scalp dis Thomas' treatment meets ALL of these needs. It cates the baldness producing germ, ends dandruff, abnormal hairfall and actually re-grows hair!

The Thomas' World Famous Hair and Scalp clalists are correcting baldness and promoting growth in thousands of cases because the right sc treatment is applied to each particular case.

Scalp examination is free—no obligation—com today.

TOTAL		$58,773,404.08

This Statement reflects

5 FACTORS OF STRENGTH

1. STRONG CASH POSITION demonstrated by Cash on Hand of many times the current requirements of customers. It includes a voluntary cash reserve of 2½ million dollars in interest bearing deposits in banks throughout California. Likewise there is voluntarily maintained a secondary reserve in bonds approved by the Building and Loan Commissioner.
2. LOANS are made in accordance with provisions of the law and the even more rigid restrictions of our own. Loans are secured by thoroughly protected first liens on improved real estate in 75 California cities. Appraisal of this real estate is established by the company's conservative practice. Regular installment payments required on all loans. The lower the rate the safer the loan; therefore we have made successive reductions in loan rates wherever our increased resources have made this practicable. Our latest reduction to 7% simple interest on the unpaid balance is attracting the choicest real estate loans offered to any California building and loan association—an added element of protection for our savers' funds.
3. LIQUIDITY: Various Furniture and Fixtures and Real Estate carried on books at one dollar each.
4. BANK CREDIT FREE: Since bank loans must almost invariably be secured, and would therefore constitute an obligation coming before the obligation to our savers, it is Pacific States Savings' policy to keep its bank credit free. It has no bank indebtedness.
5. CONSERVED EARNINGS: Demonstrated by the fact that surplus, reserves and undivided profits are over 3½ times its guarantee capital stock.

"SHAPE AND FASHION— such things will remain"

[Henry Wadsworth Longfellow, 1807-1882]

LUCKY STRIKE
"IT'S TOASTED"
CIGARETTES

"Coming events cast their shadows before"

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Women who prize the modern figure with its subtle, seductive curves—men who would keep that trim, proper form, eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a Lucky instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful, modern figure.

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco —The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate! ... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

SPAIN CHECKS DISTURBANCES

Suppression Measures Have Desired Effect

Threatened General Strike Not Undertaken

Berenguer Confers With King Alfonso

MADRID, March 3. (AP)—The government's preparations to suppress disturbances apparently had the desired effect today, for Spain was quiet. Gen. Enrique Marzo, who, as Minister of the Interior, is responsible for domestic welfare, asserted that the whole country is in a state of tranquility.

The general strike threatened at Valencia in sympathy with Sagunto metal workers, was not attempted after the authorities had taken precautions to handle any situation that might develop.

STUDENTS REASSURED

Madrid students appeared composed after receiving assurance from Gen. Marzo that students were not being singled out for police action. He told them, however, that any riotous groups parading the streets with subversive cries would be arrested regardless of who they were. Schools and universities will not be reopened until Thursday because of the government's campaign against disorders.

Gen. Damaso Berenguer, head of the government, conferred at length with the King today, reporting the situation in detail. Expressions of loyalty continued to reach the King and the conservative classes are preparing acts of homage to show their devotion to the monarchy.

In an interview with a prominent Liberal politician the Premier denied his government had brought back the dictatorship to Spain.

The Premier told Senor Melquiades Alvarez, leader of the constitutional reformist branch of the Liberals, that he hopes the country will be ready within four weeks for the resumption of freedom of political speech.

ROYAL DEFENDERS

In no case, he said, does the government wish to recreate the dictatorship, and he reiterated the government's desire to re-establish constitutional government, parliamentary institutions and the constitution of 1876.

Young Spanish monarchists have formed an association to defend the crown and to break up meetings hostile to King Alfonso. They have agreed to use their fists on anyone attempting to cry "down with the King."

The young royalists have already gone into action several times. They seem to have been fairly successful.

CHILDREN'S BUREAU TO FACE FIGHT

Boston Women Pay Call on Hoover and Tell of Move to Abolish that Unit

WASHINGTON, March 3. (AP)—Mrs. William Lowell Putnam and Mrs. Frances E. Slattery of Boston said today after visiting the White House they told President Hoover they plan to organize "the silent women of America" in an effort to abolish the children's bureau.

They expressed opposition to legislation designed to "nationalize" the children of the country and said they oppose particularly re-enactment of a maternity and infancy act which would provide $1,500,000 for carrying out its provisions. The bill is awaiting action by a House committee.

"We are going to turn the spotlight on the children's bureau," Mrs. Putnam, a sister of President Lowell of Harvard, said.

Mrs. Putnam and Mrs. Slattery quoted Mr. Hoover as having said that the Children's Bureau, in his opinion, has done some very good work in the child-welfare field.

Heirs Demand Accounting on Lloyd Estate

MENOMINEE (Mich.) March 3. (AP)—Asserting that the $1,617,000 estate of Marshall Burns Lloyd, inventor and baby-carriage manufacturer who died here in 1927, has dwindled to less than $350,000, heirs today demanded an accounting from Mrs. Henrietta Pollen Lloyd Merril, Milwaukee, his widow and co-executrix, and the Detroit Trust Company, trustees of the estate.

Cyrus S. Lloyd of Los Angeles, brother of the manufacturer and representative of several of the heirs, said that beneficiaries were not consulted in matters pertaining to the estate and that they were able to obtain an accounting only by court orders. A hearing was set for the 20th inst., in probate court.

Gas Price War Slashes Deeper

PORTLAND (Or.) March 3. (AP)—Signs advertising gasoline for 16 1-2 cents a gallon appeared on many service stations and automobiles formed long waiting lines at two stations selling for 14 1-2 here today as price slashing continued.

The normal price is 22 cents a gallon.

England Guards Against Hindus

LONDON, March 3. (Exclusive) It was learned from authoritative sources tonight that owing to the Indian agitation and the fear of attack by irresponsible but fanatical Indian students in London, secret service guards on all ministers have been doubled.

200 extra miles of Lubrication

New High Compression motor oil brings you 6 specific advantages over old type oils...

Available today at Union Oil Company stations or wherever you see the MOTORITE sign

Try it! Compare it! Use it exclusively!

MOTORITE is a remarkable new motor oil, developed after 4 years of constant scientific research, to meet the lubrication demands of our modern high compression motors.

According to tests on the OILYMETER, an instrument accurate to the ½ wave length of light, MOTORITE is the *oiliest oil* known. This *super oiliness* assures an ever-present, *slippery* lubricating film in the 1/100,000 inch space between the piston rings and cylinder walls of your high compression motor when the engine is hot.

Resists Dilution

Another advantage is that MOTORITE, solves the "dilution riddle"... long a puzzle to petroleum engineers. This achievement is explained by scientists as follows:

"In all cars varying small amounts of gasoline get by the pistons into the crankcase ...especially at starting. MOTORITE has the property of 'giving up' this gasoline *quickly* in the form of vapor . . . without sacrificing the lubricating efficiency, or 'life' of the oil."

The eastern research institute that investigated this important point announces that "resistance to oil dilution" appears to be a *natural property* found in the carefully selected crudes used in the refining of MOTORITE. To you this means a *thicker*, tougher film of oil with correspondingly increased lubrication efficiency.

Variable Viscosity

And MOTORITE is *equally efficient at all temperatures.* At starting, when piston clearances are greatest, it is more viscous *or thick.* Then as the engine warms and the metal parts expand MOTORITE reduces its viscosity in just the proper ratio to assure 100% efficient lubrication.

Reduces Heat

A fourth advantage is *its great capacity* for giving up and carrying away heat. This feature assures cool bearings and is noticed particularly when traveling long distances at sustained high speeds.

No Hard Carbon

Carbon deposited by MOTORITE is soft and fluffy, much unlike the hard, gritty carbon common to most oils. Too, it deposits *less carbon* than any oil known heretofore. This means no clogged or sticky valves due to carbon . . . *less wear* on your high compression motor.

Free From Acid Forming Properties!

Through special purification processes, MOTORITE is completely freed from acid forming properties that might tend to corrode the metal of your motor. Service tests indicate that cars using MOTORITE *consistently*, require *fewer engine repairs.*

200 Miles Longer Life

These six advantages bring you more efficient lubrication, yet guarantee you *longer service* from your oil. Tests in the standard makes of automobiles prove that you can easily get 200 extra miles out of a crankcase full of MOTORITE. Now, with MOTORITE you can drain at 200 miles farther than you have been in the habit of doing.

25¢ a Quart

MOTORITE is available today at all Union Oil Company stations and at many other stations where you see the MOTORITE sign. Its cost is only 25c a quart.

Make a note on your dashboard sticker NOW to refill with MOTORITE the next time you drain your motor oil. Remember the name...MOTORITE.

Electric Control and 38 Tests Assure Uniformity

The control room at the Motorite refinery resembles the bridge of a battleship. Everything is electrically checked and operated. The human equation and chance for error has been removed.

In addition to this positive refining control, 38 specific tests and quality checks are made on the oil, starting first at the well as the crude rises from the ground and ending but a few hours before Motorite reaches your car.

You buy *quality* when you refill with MOTORITE.

The High Compression Twins

For ideal results in high compression motoring do this:

1. Lubricate with MOTORITE—the only motor oil built specifically for high compression cars.
2. Fuel with UNION ETHYL—the pioneer anti-knock gasoline.

Foremost authorities agree that this combination guarantees you maximum efficiency from your high compression car.

MOTORITE

THE UNION MOTOR OIL FOR HIGH COMPRESSION CARS

CARSON PATENT CLAIMS SETTLED FOR $1,059,584

SAN FRANCISCO, March 3. (AP)—Patent infringement claims of George Campbell Carson, former miner, against the American Smelting and Refining Company have been settled for $1,059,584, it was revealed today by his associates.

The definite figure of the settlement, long a matter of conjecture, was made public in an annual report of the Carson Investment Company formed for the purpose of backing Carson's legal battle against leading smelting and metal-refining companies.

Carson was reputed to have become a millionaire almost overnight when his basic patents on a type of ore-reduction smelter were upheld in the Federal Court. More than ten suits have been settled while a number of others are pending against smaller companies.

Carson assigned the bulk of his claims to the investment corporation and as a result will receive approximately 25 per cent of the settlement, it is understood. The balance of the money will go to Rudolph Spreckels, Robert Hayes Smith and other capitalists, who organized the corporation.

BAKING PLANT HELD UP

OAKLAND, March 3. (AP)—Dashing in with drawn guns, two men held up the Rose Baking Company at Twenty-second and Myrtle streets here at noon today, lined up the manager and nine girl employees against a wall, and escaped by automobile with $1500.

POLICE PROHIBIT FILM SHOWING IN BAVARIA

MUNICH (Bavaria) March 3. (AP) The police today prohibited showing of the newly completed film entitled, "Ludwig II, King of Bavaria," on the ground that public safety would be endangered. Royal relatives of the late King sought an injunction against the production on the ground that not only the King, but some of his living relatives are depicted.

SENATOR ASKS OIL QUIZ

WASHINGTON, March 3. (AP)—The Senate today adopted a resolution by Senator Wheeler, Democrat, Montana, calling upon the Attorney-General to investigate corporations and associations selling oil and gasoline in Montana and to determine whether they are "fixing prices" or in any way violating antitrust laws.

GRAY HAIR IS EASILY DARKENED

Tells How She Did It With a Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement:

"Anyone can darken their gray or faded hair, and look twenty years younger with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Barbo Compound and ¼ ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp, is not greasy and does not rub off. It will make a gray-haired person look twenty years younger."—[Advertisement.

PEACE COMBINE FINDING FAVOR

Some Americans See It as Strong War Preventive

Naval Confrees Could Defeat Any Other Nations

Move Effort to Define Stand of United States

(Copyright, 1930, by the New York Times)

LONDON, March 3. (Exclusive)—A majority of the statesmen gathered here for the naval conference, including some of the American delegates, believe that if the five powers represented at London agree to confer on the situation whenever peace is threatened the greatest step will have been taken toward organizing peace since President Wilson gave the world the League of Nations.

The five nations taking part in the naval negotiations together could defeat any combination of nations to be imagined. This being their position in the last analysis, it is contended that if they would combine, even in consultation, they could have an overpowering effect on any world situation. Any country on the verge of hostilities, it is argued, would be compelled to hesitate if there was certainty that America, England, France, Italy and Japan would meet to review the situation, for any country going to war in defiance of the five powers would be taking risks that no war leader would care to take.

RESPONSIBILITY HEAVY

It is held that if in the summer of 1914 the threat of trouble between Austria and Serbia had automatically brought a consultation by the other big powers, war might well have been averted. With the big nations in conference on the situation, it is figured the Kaiser would not have dared to send his troops into Belgium, nor would Russia have ordered mobilization.

Of course, it can be said that the League of Nations and Locarno Pact already exist, but, to put the matter bluntly, the United States is not involved in those agencies of security, and all other nations wish to know as clearly as possible what America would do in case of danger. This, it is held, really places America in an enviable position, but it also means a big responsibility.

It does not seem to matter on what peg such a consultation plan is hung. The big thing would be assurance to the world that when trouble is threatened the five most powerful nations would look into the matter.

FRANCE WANTS PLAN

Especially does this suggestion carry weight at the naval conference, where France, holding the key position, has asked for a plan like this and will continue to ask for it as the price of reducing her naval figures. Smaller French figures mean not only smaller Italian figures but smaller English figures and, therefore, smaller American figures and smaller Japanese figures.

The French will push their demand when they return to the conference, and naturally, all depends on the American position.

So far as personal opinions go, there is reason to believe that Secretary Stimson and at least two other members of the American delegation would favor such a plan as improving the efficacy of the Kellogg pact, while binding the United States to do no more than confer, the precedent for which Mr. Stimson himself set in the recent Russo-Chinese trouble. But the position of the American delegation as a whole, remains uncertain.

AGREEMENT PROBABLE ON JAPANESE DEMAND

LONDON, March 3. (AP)—A tentative agreement between the United States and Japan on the Japanese demand for 70 per cent ratio was said to be looming large as a possibility today.

Excellent progress was reported to have been made in conversations between Senator David A. Reed, American delegate, and Ambassador Matsudaira of the Japanese delegation.

These two old friends have been discussing the Japanese-American problems informally in private, and their talks will continue this week.

It was understood the conversations have been along lines of exploration of the whole field of possibilities, especially the possible increase of Japan's ratio in submarines as compared with capital ships under the Washington treaty. They also are trying to devise some scheme whereby the date of laying down of cruisers by one country would control the right of the other country to construct additional cruisers.

TARDIEU TALKS WITH FRENCH DELEGATE

PARIS, March 3. (AP)—Despite preoccupation with home affairs following formation of the second Cabinet, Premier Andre Tardieu today devoted many hours to preparation of the work of the French delegation to the London naval conference.

OPPOSITION VOICED TO DELEGATE RECALL

WASHINGTON, March 3. (AP)—Opposition to the McKellar proposal that the American delegation to the London naval converence be recalled was voiced in the Senate today by Senators Swanson of Virgenia and George of Georgia, both Democrats.

Swanson, the ranking minority member of the Senate Foreign Relations Committee, as well as the Georgian, expressed the hope the American delegation will continue its efforts for reduction and parity, and expressed the hope that the delegation will not be discouraged in the face of the apparent difficulties.

JOB AGREES WITH HOOVER

End of First Year Finds President in Better Health Than Start, Due to Vigorous Regimen

WASHINGTON, March 3. (AP)—As his first year in the White House comes to a close tomorrow friends of President Hoover find him in better health than when on last March 4 he assumed the burdensome responsibilities of state.

The Chief Executive's close personal associates remark the vigor with which he attacks alike the multitudinous tasks of office and the morning medicine ball exercise. The latter is held on the south lawn of the White House when the weather permits and shifts to a court prepared in a basement room when it does not.

Throughout the year President Hoover has maintained a rigorously regular working schedule. He is at his office at 9 o'clock in the morning. He takes an hour for lunch, returns to his office and remains until 6 or 6:30 p.m.

The hard pace the President set in the construction of dams for trout pools at his camp on the headwaters of the Rapidan River in Virginia during last summer and fall has been considered by his friends to be characteristic. The members of the "medicine ball cabinet" have found him as energetic there.

The medicine ball game, one the President and his friends have invented, is played with a four-pound ball, somewhat on the order of volley ball. The popularity of this form of exercise with the President probably dates from his return trip from South America, when as President-elect, after a strenuous campaign, he exercised frequently with a medicine ball aboard the battleship.

PLOT TO 'SLUG' FOX ASSERTED

Untermyer Makes Charge in Trusteeship Case

Says Stuart and Otterson Sought $10,000,000

Decision on Stock-Voting Arrangement Reserved

NEW YORK, March 3. (AP)—In arguing a motion to restrain Harry L. Stuart of Halsey, Stuart & Co. and John E. Otterson, president of Electrical Research Products, Inc., from voting the stock of William Fox Wednesday at a special meeting of Fox stockholders, Samuel Untermyer, counsel for Fox, today told Supreme Court Justice Levy that Stuart and Otterson tried "to slug Fox for $10,000,000" in their refinancing plan.

"They tried to slug him," Untermyer repeated. "If somebody tried to do it for $10 he probably would go to jail."

"They claim," Justice Levy interposed, "that the publicity given all over the country to their trusteeship with Fox over his voting rights makes it a grave duty for them to continue their trusteeship even if Mr. Fox declines to continue the trusteeship. It is idealism.

CONTRACTS SET UP

"Materially, they claim besides the mere money owed them by Fox that they have valuable contracts with Fox Films lasting until 1944 for leeases on 'talkie appartus.' I don't go to the movies, I haven't time, so I'm not sure of the term—and it would be manifestation of selfishness to neglect those 1944 contracts."

"That's too bad," Untermyer replied.

Untermyer explained that Fox had signed an agreement with Stuart and Otterson to act with him as trustees of his voting rights, which were a majority of the voting rights in Fox Films Corporation and Fox Theaters Corporation. Fox put up his stock and was also to hand in the resignations of the majority of the two boards of directors. But he refused to do this, Untermyer said, and repudiated the trust when a plan of Stuart and Otterson to refinance his companies was disclosed as seeking to displace Fox as president.

CHARGE DENIED

Under their plan, Untermyer said, they demanded 10 per cent for financing and a five-year option on 500,000 shares of Fox stock at $20 a share. He said this stock is selling for more than that now.

Richard E. Dwight, representing Stuart and Otterson, denied Untermyer's charge that they want to disrupt Fox's enterprises and said that they were ready to present a plan of refinancing at the stockholders' meeting. He said they wanted to protect the "talkie" contracts by which Electrical Research Products leases talking picture equipment to the Fox companies.

Justice Levy reserved decision on the motion.

Slot Machine Charges Mount

SCRANTON (Pa.) March 3. (AP)—The Lackawanna county grand jury investigating graft and corruption in connection with the operation of slot machines here returned thirty-seven additional indictments this afternoon, making a total of 142 indictments.

Sheriff Davis and a large number of public officials in boroughs and towns in various parts of the county are among those indicted on charges of extortion.

Austrian Archduchess Says Jewels Sacrificed

Napoleonic Treasure Brings Fraction of Value

NEW YORK, March 3. (Exclusive)—A cablegram reached New York today with the surprising statement that Col. Charles F. Townsend, late of the British army, not only sold the famous $400,000 diamond necklace of the Archduchess Maria Theresa for $60,000, but also retained $52,730 of the $60,000 to "cover expenses."

The cablegram was handed to Dist.-Atty. Crain by Laurence Steinhardt, counsel for the Archduchess. Mr. Steinhardt received it from Vienna police. The Archduchess, grandmother of the last Emperor of Austria-Hungary, is in Vienna and a dispatch from there said today that her troubles with her necklace have affected her health. She is reported to be literally impoverished.

GOES INTO HUDDLE

The District Attorney conferred at some length this afternoon with Mr. Steinhardt, Baroness Anna Eisenmenger, sent here as representative of the Archduchess, and Dr. George Schmidt, Austrian Consul.

"Mr. Steinhardt told me," Mr. Crain later told newspaper reporters, "that the Archduchess received a letter from Col. Townsend dated February 13. It was written from Chicago. This letter informed the Archduchess that the colonel had sold the necklace for $60,000 and with it the colonel sent a check for $7270, explaining he was retaining the rest of the money to cover expenses. The Vienna police are sending full details by mail."

Mr. Steinhardt said he did not intend immediately to prefer any charges against Col. Townsend. That will be done, he said "at the proper time."

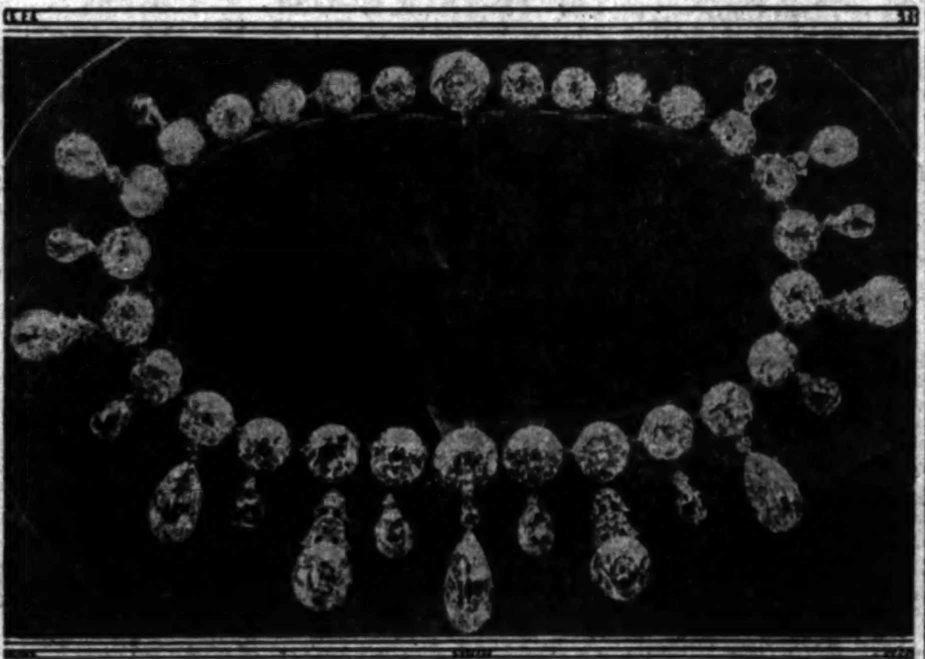
COLONEL BIDS UP

The attorney informed Mr. Crain that on January 14 Col. Townsend cabled the Archduchess saying he had an offer of $176,000 for the necklace and that she answered immediately telling him the sum was insufficient and warning him not to spoil the price by haste.

January 18, according to Mr. Steinhardt, Col. Townsend again cabled saying he thought they would be able to get $225,000 and two days later the Archduchess sent him a cablegram revoking his power of attorney.

The District Attorney was informed that on February 11 the colonel sold the jewels to M. D. Michel, Fifth-avenue jeweler. The day before the Baroness had arrived in New York to represent the Archduchess.

Here Are Jewels Which Started Controversy



[A. P. photo]

Napoleonic Gift Worth $400,000, Sold for $60,000.
This photograph shows only faintly the splendor of the necklace whose sale by a former British army officer has caused investigation looking to court proceedings in New York and Austria.

TWENTY DIE WHEN FLOOD TRAPS TOWN

French Villagers Caught on Bridge Perish as River Leaps Out of Bounds

[Copyright, 1930, by the Chicago Tribune.]

PARIS, March 3. (Exclusive)—The sudden rise of the River Agout was reported tonight to have taken a toll of twenty lives in the town of Castres near Toulouse.

At 8 o'clock tonight flood waters came down on the village with alarming suddenness, overflowed the quay and rapidly invaded the streets of the town. A number of townsfolk were taken by surprise on bridges when the water mounted three feet in less than twenty minutes and were swept to death. Others who sought refuge on the upper floors of the old houses near the river bank were lost when the ancient buildings collapsed. The rest of the town was in a panic with most of the residents decamping for the heights.

The floods of the Rivers Tarn, Aude, Herault, Orb, Correze, Aveyron, Garonne and Loire subjected Central and Southwestern France to the worst menace since 1875. Aside from the disaster at Castres there were eight dead reported and millions of francs' damage to property, live stock and vineyards, particularly in Beziers, the wine-growing region.

ATTORNEYS ACCUSED OF JURY BRIBE

Three New York Lawyers Indicted Following Trial of Utah Lead Fraud Case

NEW YORK, March 3. (AP)—The Federal grand jury today returned an indictment charging Arthur N. Sager, Joseph Shalleck and Edward Reynolds, attorneys for Charles Beadon, a defendant in the Utah Lead Corporation mail-fraud trial, with conspiracy, bribery and obstructing justice.

The indictment charges the defendants bribed John Cruz, juror No. 10 in the Utah lead trial, who is asserted to have accepted $300 to hang the jury. The true bill charges the three attorneys also bribed bailiffs on duty in the courtroom, that they conspired to bribe both Cruz and bailiffs and also conspired to defraud the United States out of the fair services of both the juror and bailiffs.

The indictment further charges they obstructed justice in connection with conspiracy and bribery.

The jury in the Utah lead case was dismissed February 19 after reporting a disagreement after several hours' deliberation.

LEAVITT WILL SEEK RETURN TO HOUSE

WASHINGTON, March 3. (AP)—Representative Scott Leavitt, Republican, Montana, who has been regarded as the possible selection of his party to oppose Senator Walsh, Democrat, for the latter's seat in the Senate, today announced his candidacy for re-election to the House.

BAY CITY ENGINEER AND RAIL MAN DEAD

SAN FRANCISCO, March 3. (Exclusive)—Alexander Leslie Black, vice-president of the Market Street Railway Company from 1916 to 1925, and vice-president of Ford, Bacon & Davis, engineers, died here today after an illness of several years. He was 60 years of age.

Willys to Get Poland Place

WASHINGTON, March 3. (AP)—John North Willys of Toledo, O., will be nominated Ambassador to Poland tomorrow.

The White House announced today that the Polish government has assured that Mr. Willys is acceptable.

Vitamin Balance Necessary to Health

The discovery of the Vitamins is said to be the most important advance of the century in medical science. An absence or shortage of vitamins in the human system is now known to cause many serious ills and disorders. Even a partial shortage of vitamin may prevent normal health.

To insure a correct balance of the important vitamins, everyone should eat certain foods regularly. Top milk and butter supply Vitamin A. Fresh fruits, particularly the citrus fruits, also tomatoes and certain other green vegetables furnish Vitamin C. Plenty of sunshine supplies the body with Vitamin D. Vegex, the new concentrated food flavoring, is the richest known food in Vitamin B.

The highest medical authorities say that all classes, even the wealthiest people, are likely to be most deficient in Vitamin B because so many prefer a diet made up largely of meat, fish, white bread, starch and sweet foods which do not contain this vitamin.

If you are not feeling your best, or if you are fortunate in having good health and wish to preserve it, stay in the sunshine as much as possible, get plenty of milk, butter, fresh fruit and vegetables and reinforce your Vitamin B diet with Vegex.

A teaspoonful of Vegex per day added as flavoring to other foods—soups, sauces, gravies, etc., improves their flavor, stimulates appetite and aids proper regulation of stomach and bowels. And Vegex is economical as well as healthful and delicious, for a little goes such a long way.

Get Vegex from your druggist or grocer today, use it regularly and see for yourself what it will do for you and your family. A trial jar costs but 15c. Ask for free cook book when you buy.

It is not an accident that Auburn enables your dollar to buy more; more power, more strength, more room, more comfort, more endurance, and more value! Auburn's 1930 program is the logical result of long-time planning. As public demand for Auburn's distinctive design and character has steadily increased, Auburn has enlarged its production capacity out of earnings. The benefits of this program are passed on to the public in the form of continually better cars for less money. Today Auburn takes undisputed front-rank position in the Straight Eight field. Prove it for yourself by comparing the Auburn cars with others, by asking owners who drive them and by driving them yourself. Since the purchase of an automobile, in the last analysis, is a business proposition, we invite you to verify our claim that Auburn gives the most value for the least cost. With more than five years accumulative experience in Straight Eight specialization, Auburn protects your investment. Your Auburn Straight Eight is a time-tested, perfected, and proven automobile.

UNEMPLOYMENT SENATE'S TOPIC

Labor Situation Blame Laid in Various Quarters

Hoover's Fault, Says Critic on Democratic Side

Johnson Asks Remediers to Submit Bills

WASHINGTON, March 3. (AP)—Promise of early consideration of labor legislation came out of a spirited debate in the Senate today over the unemployment situation.

Responding to demands by Senators Wagner, Democrat, New York, and La Follette, Republican, Wisconsin, for legislation to set up employment systems, Chairman Johnson of the Commerce Committee invited them to lay their measure before him at the committee session Thursday. He recently became chairman of this committee.

Senator Vandenberg, Republican, Michigan, replied to attacks upon the administration with a demand that the Senate "tend to business" and enact the two-months' old administration bill expanding the public buildings program by $230,000,000.

PASSING BUCK

Blame was thrown back and forth in the two-hour discussion and various cures were offered. Senator Couzens, Republican, Michigan, urged action on the bill by Senator Brookhart, Republican, Iowa, to allow World War veterans to cash their bonus insurance certificates.

Senator La Follette deplored alarms being broadcast of a Communist demonstration on Thursday and condemned cries of a "Red scare" as attempts to drag a herring across the trail of the asserted millions of men and women who, through no fault of their own, are out of work.

RED BOGEY DENOUNCED

Senator Wheeler, Democrat, Montana, also belittled the talk of a "Red scare" and denounced a letter circulated by Matthew Woll, vice-president of the American Federation of Labor, ascribing unemployment demonstrations to Communist activities. He assailed the contention of Woll that William Foster, Communist candidate for President in 1928, is on his way here from Russia with $1,250,000 for propaganda. Senator Heflin, Democrat, Alabama, suggested that the Senate Lobby Committee summon Woll before it.

Senator Couzens said he had received information from high administration officials that there are 3,100,000 unemployed and that there are likely to be more. He also suggested that Congress might repeal the $160,000,000 tax reduction authorized for this year and apply this money to relieve unemployment.

WAGNER STARTS IT

Senator Wagner opened the debate with a demand for consideration of his bills to provide more accurate information on employment and to set up a long-range employment planning program. He denounced suggestions that delay in enactment of the tariff was responsible for unemployment.

He also assailed the leadership of President Hoover in connection with tariff enactment, blaming him for any delay.

"The Republican party is incapable," said the New York Senator, "of writing a tariff bill that will meet with the approval of its own members. The Republican leadership in Congress is incapable of bringing about a redemption of the party pledge.

HOOVER CRITICISED

"When this breakdown occurred in the Republican party, the President did not come forward and exercise the leadership which was the prerogative of his office. He did not take hold of the reins of party direction and guide a united party back to the performance of its campaign pledges."

Senator Wagner recalled Mr. Hoover's own suggestions for legislation to meet unemployment difficulties and asked "what has become of that program?"

Senator Fess, Republican, Ohio, served notice that he would answer Wagner tomorrow.

Senator Robinson, Republican, Indiana, jumped into the debate to demand of the administration critics what they propose to have done. He asserted full responsibility was upon Congress, rather than the Chief Executive.

DEEDS, NOT TALK

Urging early consideration of the public buildings bill, Senator Vandenberg contended this would do more than anything else before Congress to help employment. He added. "It seems to me that the Senate can contribute more to national employment by less oratory and more legislation and by less challenge to the President and more attention to its own responsibilities."

Senator Glass, Democrat, Virginia, with a smile, suggested that another commission be appointed to examine the situation.

Senator Johnson said, "No evil exists, so far as I have been able to discern from utterances which have come from the White House."

Senator Black, Democrat, Alabama, read a letter from a Detroit citizen which said 125,000 persons had been out of work in the Michigan city for the last six months and urged favorable action on a proposal to restrict Canadian and Mexican immigration.

Black asserted if the sugar beet industry of the West cannot live without importing Mexican labor during harvest time it "should not be fostered by a tariff."

Senator Smoot, Republican, Utah, interrupted to suggest that the best thing the Senate could do would be to pass the tariff bill, consideration of which had been held up by the unemployment debate.

As the unemployment discussion continued, Senator Shortridge, Republican, California, asked, "When, if ever, are we going to get back on the tariff bill?" and the debate ended.

TARIFF-TALK SCORE STAGGERING

Senators Unleash Total of 4,300,000 Words During 550 Hours, With Democrats Far in Lead, According to Smoot's Figures

By a "Times" Staff Correspondent

WASHINGTON, March 3. (Exclusive)—In a little more than five months the Senate has talked approximately 4,300,000 words in close to 550 hours of discussion on tariff revision.

Calling the turn on who is taking up the time, Senator Smoot, Finance Committee chairman, gave statistics from September 4, 1929, the day the tariff bill was reported to the Senate, up to February 25, last. About 2638 pages of the Congressional Record have been filled with debate. There have been days of extraneous discussion.

But here are the figures:

Democrats, 1108 pages.
Republicans, 791½ pages.
Insurgents, 738½ pages.

Each page of the Congressional Record represents approximately twelve minutes of debate. Thus expressed the relative amount of time consumed by each group during the period aforementioned is as follows:

Democrats, 221 hours, or 42 per cent.
Republicans, 158 hours, or 30 per cent.
Insurgents, 148 hours, or 28 per cent.

It is estimated that the cost of printing a page of the Congressional Record is $11 to $50 if it contains only straight reading matter, and $65 if it contains tabular matter. Each page contains about 1600 words. On this basis the number of words spoken by the three groups would be:

Democrats, 1,772,800.
Republicans, 1,265,800.
Insurgents, 1,180,600.

The cost is not computed, but it is estimated about $131,000.

"PEEP-HOLE" PLAYERS DENY INDECENCY GUILT

SAN FRANCISCO, March 3. (AP) Eleven members of the cast of "Peep-hole," playing at the Green Street Theater here, pleaded not guilty in police court today to charges of appearing in an indecent play and demanded a jury trial. Trial was set for Friday.

HOOVER STRONG ON FOUNDATION

Senator Capper Sees Hand of Good Engineer

President's First Year One of Fact-Finding

Major Projects of Executive Cited in Proof

WASHINGTON, March 3. (AP)—Characterizing Herbert Hoover's first year as President as a "a year of fact-finding," Senator Capper of Kansas, in a radio address today, asserted that "the policies followed, the program laid down and initiated, the actions taken by President Hoover so far are along lines that will redound to the best interests of the entire country in the long run."

"It seems to me," he said, "this first year of President Hoover has been a year of fact-finding; a year of work on data and blue prints; a year on foundation-laying. These are the marks of the engineering mind of President Hoover."

Capper named six major national projects which he said the President had facing him on beginning his term: Farm relief, law enforcement, including prohibition; limited tariff revision, inland waterways, preparation for an approaching economic crisis and promotion of world peace.

He praised Mr. Hoover's handling of the stock-market crash as a "masterly piece of work," said that the Federal Farm Board "has helped the situation" and that the success or failure of the inland waterways program would be a later development.

Capper expressed approval of the "commission" idea and said he looked for recommendations of the law-enforcement commission to be enacted. Good will come from the London naval conference, he added, "though, perhaps, not to the extent that many of us had hoped."

Needles Sufferin

The next time a headache makes you stay at home—

Or some other ache or pain prevents your keeping an engagement—

Remember Bayer Aspirin! For there is scarcely any pain it cannot relieve, and relieve promptly.

These tablets give real relief, or millions would not continue to take them. They are quite harmless, or the medical profession would not constantly prescribe them.

Don't be a martyr to unnecessary pain. To colds that might so easily be checked; to neuritis, neuralgia; to those pains peculiar to women; or any suffering for which Bayer Aspirin is such an effective antidote.

[SERIES 6]

$1,000,000 GUARANTEED FIRST MORTGAGES

offered through the medium of

First Mortgage Assignments

Amounts: $100 to $100,000 *Periods:* 2 to 5 years

6%
Remitted semi-annually

A LEGAL INVESTMENT FOR SAVINGS BANKS, TRUST COMPANIES, INSURANCE COMPANIES, AND ALL TRUST FUNDS

Not taxable under the laws of California

SECURITY: This Group or Series is composed of 139 First Mortgage loans on income-producing properties in Los Angeles County. These loans are carefully selected and well diversified. No loan exceeds 50% of the appraised value of the land with improvements covered by it. Average amount of each loan is $7,272.30. Total Appraised Value of the properties mortgaged is $2,477,046, the loans therefore averaging less than 41% of the appraised value.

APPRAISALS: All appraisals are made by men of sound experience who are approved as appraisers under the Mortgage Insurance Law by the Insurance Commissioner and Superintendent of Banks of the State of California.

EARNINGS: The actual rental income from the properties covered by the loans in this Series is in excess of $225,000 per annum, or 3¾ times the annual interest charges.

GUARANTY: The payment of the principal and interest of every loan now, or at any time hereafter, in this Series is unqualifiedly guaranteed by Pacific Mortgage Guaranty Company.

The Company has a paid-up capital of $1,000,000 with resources of over $10,000,000, and is an *insurance* company authorized by law to insure the payment of first liens on real property.

TRUSTEE: All the loans in this Group or Series have been assigned to California Trust Company and are held by it as a Court Trust subject to the supervision of the Superintendent of Banks and for the benefit of the holders of First Mortgage Assignments executed from time to time by Pacific Mortgage Guaranty Company, conveying and evidencing the ownership of undivided (fractional) parts or shares of said group. The Trust Agreement, in accordance with which said loans are so held, together with the written guaranty insuring the payment of each loan, conforms to the requirements of the Mortgage Insurance Law and of the Bank Act of California.

Price 100: to yield 6%

All legal proceedings in connection with the preparation and execution of the Trust Agreement, the written Guaranty, and First Mortgage Assignments referred to, have been had under the direction and with the approval of our Attorneys, Messrs. Bauer, Wright & MacDonald of Los Angeles.

therefore advise, as
dependable protection, the daily use of Bottled Sunshine—good cod-liver oil.

In urging cod-liver oil as a way to avoid future trouble, thousands of physicians advise, "Use Squibb's Cod-Liver Oil."

They specify Squibb's because it is very rich in two essential vitamins—Vitamin D, the "sunshine vitamin" which helps to build good bones and teeth, and in Vitamin A which increases resistance to many infections.

Your physician knows that Squibb's Cod-Liver Oil is vitamin-tested and vitamin-protected and that it will help build teeth and bones for your baby. You can get both Squibb's Plain and Mint-flavored Cod-Liver Oil at all good drug stores.

EAGLE TO GLIDE NEAR MONTEREY

Lindbergh to Resume Tests of Motorless Plane

HILLSBOROUGH, March 3. (Exclusive)—Before his departure by automobile for Monterey tonight, Col. Charles Lindbergh said he will continue at Monterey a series of test glider flights begun some time ago near Lebec in Southern California. How long the tests will continue he does not know.

The glider to be used is the Anne Lindbergh, brought from Los Angeles Harbor this afternoon on the Lassco liner Harvard by Jack Barstow, assistant to Harry Bowlus, American glider pilot champion.

Ex-Gov. Shoup on Honeymoon

COLORADO SPRINGS (Colo.) March 3. (AP)—Oliver H. Shoup, twice Governor of Colorado, and Miss Mary Alice Hackett of Colorado Springs were married today.

The wedding ceremony was performed by Mgr. Godfrey Raber of St. Mary's Catholic Church. The couple left for the Pacific Coast to spend their honeymoon.

Mr. Shoup's first wife died in 1927.

SUICIDE BLAMES LOSSES

LOGANSPORT (Ind.) March 3. (Exclusive)—Leaving a note indicating that loss of money in a bank failure and accusation of fraud had caused despondency, William J. Scott, 69 years of age, retired hardware dealer, shot himself through the head with a small revolver today. He died half an hour later.

LAMONT SIGHTS END OF SLUMP

Normal Business Within Two Months Predicted

WASHINGTON, March 3. (AP)—A prediction that American business activity will speed up to a normal rate within two months was made today by Secretary of Commerce Lamont.

"My own opinion is that during the forepart of this year American industrial enterprise has had inevitably to slow down," he asserted.

"That slowing down seems to be passing over and with the usual increase of out-of-door work in the Northern States as weather conditions moderate we are likely to find the country as a whole enjoying its wonted state of prosperity."

Young Outlaws' Victim Expires

ALBUQUERQUE (N. M.) March 3. (AP)—Charles Cunningham, deputy Sheriff, who was one of three men wounded by Bonifiaco Torres, 19 years of age, in a gun fight at Jarales, Saturday, died here today.

The condition of Sheriff Aragon is critical. Daniel Sanchez is recovering.

Torres was slain by a posse.

BILLY SUNDAY TO BE EDITOR

WICHITA (Kan.) March 3. (AP)—Billy Sunday will edit the Wichita Beacon next Monday, that newspaper announced today. The evangelist, here for a two weeks' crusade, will write an editorial and direct the display of news.

FLOOD-SWEEP HITS ICELAND

Disaster Grips Wide Areas After Seven Days' Rain

REYKJAVIK (Iceland) March 3. (Exclusive)—Iceland is suffering the greatest flood catastrophe in sixty-four years, after seven days of continuous heavy rains in the south and southwest.

Many roads have been swept away. One river bridge is completely under water, and only one telegraph station is still operating, local communication being restricted to the use of boats, which collect passengers from the upper windows.

Many farms are flooded with water and farmers are in dire distress.

PEASANTS TOLD OF FARM PLAN

Soviet Executive Takes Them Into Confidence

Power of Collective Growing Cited by "Uncle Mike"

Good of Masses Must Crush Individual, He Says

MOSCOW (U. S. S. R.) March 3. (AP)—"Uncle Mike," better known to the outside world as Michael Ivanovitch Kalinin, president of the central executive committee of soviet Russia, took the peasants of Voronesh familiarly into his confidence today and told them all about the government's decision to convert Russia into a vast area of State-controlled farms.

His speech was a remarkable one. President of the highest official body in the soviet union and himself a sturdy son of the soil, he straightforwardly declared to his peasant hearers "we have begun to remake man."

FARMERS MOBILIZED

In doing this, he declared, the government can no longer allow the peasants to labor unproductively on their farms or to waste their time in useless pursuits.

Therefore, the Communist authorities had decided to mobilize the bulk of the country's 100,000,000 farmers on more productive collective farms, where labor and its fruits would be alloted equally to all toilers.

"If we succeed in attaining our goal of collectivization, no power on earth will be able to undermine or destroy us," he asserted.

KNOWN AS UNCLE MIKE

Kalinin, known affectionately to the peasants as "Uncle Mike," is the intimate medium of contact between the peasantry and the government, and his address, following upon the warning Joseph Stalin made yesterday against too hasty progress toward collectivism shows with what earnestness the Communists are direccting their agrarian campaign.

"In this process of collectivization of our farms and suppressing the Kulaks (peasant proprietors,) we should be considered to have no human feelings if we said such a drastic transformation carried with it no individual sufferings and misfortunes.

"But we know that this move toward socialization is best for the masses. Therefore we cannot allow individual sufferings to influence us."

D. H. Lawrence

CALIFORNIA LEADS EAST IN BUSINESS

January Building Gains as Other States Decline; Exports Grow 8.6 Per Cent

SAN FRANCISCO, March 3. (Exclusive)—Economic conditions throughout California, although slightly below normal since the first of the year, continued better than other sections of the country, according to a report to the State Chamber of Commerce today.

Building during January showed marked progress in California. The total value of building permits issued during the month in fifty-two California cities amounted to $16,874,969, 45.2 per cent above the December value. The average in the United States during January showed a loss of 46 per cent as compared to January, 1929, and 17 per cent from December of last year, the report shows.

California exports during 1929 showed a large increase over previous years. A gain of 8.6 per cent over 1928 was reported for last year.

Couple Indicted in Officer Killing

NEWCASTLE (Pa.) March 3. (AP)—Indictments charging murder, manslaughter, felonious assault and battery with intent to kill and highway robbery were returned late today by a Lawrence county grand jury against Mrs. Irene Schroeder and W. Glenn Dague, who are charged with slaying Brady Paul, State highway patrolman, near here, December 29, last.

Trial of the pair, who were captured in Arizona following a gun battle with officers early in January, is set to start a week from today.

Artillery Starts for San Pedro

SAN FRANCISCO, March 3. (AP) With strains of band music playing them out of the post a train of trucks two miles long carrying the men and equipment of the Sixty-third Coast Artillery left Fort Winfield Scott today for their new station at Fort MacArthur, San Pedro. The regiment had been stationed at Fort Scott since its organization in 1921.

Eleven days will be used for the trip.

French Cabinet Maps Program

PARIS, March 3. (AP)—Andre Tardieu and members of his second Cabinet, officially constituted yesterday, went to work today on the ministerial declaration on which they will seek a vote of confidence in the Chamber Wednesday.

Ukiah Boy Shows No Improvement

UKIAH, March 3. (Exclusive)—Little change was noted by attending physicians today in the condition of John B. (Jack) Harvey, 14-year-old school boy who completed his twenty-seventh day of unconsciousness at 10 a.m.

Except for occasional stirring on his bed, the boy has not been conscious since February 4, last, when struck by an automobile while riding a bicycle. Forced feeding continues.

FORMER U.C. CHEMIST DIES IN AUSTRALIA

BERKELEY, March 3. (Exclusive) Dr. T. Brailsford Robertson, biochemist, associated with the University of California thirteen years, died January 18, last, at Adelaide, Australia, according to word received at the university today. Death was attributed to his attempt to continue research work while suffering from influenza.

D. H. LAWRENCE DIES IN FRANCE

British Novelist Succumbs After Long Illness

Attacks on "The Rainbow" Checked Fertility

Paintings and Books Seized in English Raid

NICE (France,) March 3. (AP)—David Herbert Lawrence, British novelist, died here today after a lengthy illness. He was regarded as one of the most powerful of the novelists who came into prominence shortly before the World War.

Although police prosecution of his novel, "The Rainbow," in 1915, seemed for a time to have checked his fertility, he subsequently became known as a painter, published other novels and poems, plays and essays, many of them treating of sex.

LATER WORKS SEIZED

Some of these later works also were prosecuted. In the summer of 1929 some of his paintings and books were seized in a raid at a public exhibition in England, and the exhibitors were forced to promise to discontinue the exhibition of the seized pictures and to destroy four of the seized books.

Subsequently Lawrence received considerable publicity in a controversy with John Ford, Supreme Court Justice in New York City. Justice Ford called Lawrence's "Women in Love," objectionable after seeing a copy of the book which his daughter had obtained at a circulating library.

NO MEASURE DRAWN

The justice conferred with John S. Sumner, secretary of the Society for the Suppression of Vice, with a view to drafting a new law forbidding the circulation of such books, but no measure was drawn.

Besides "The Rainbow" and "Women in Love," Lawrence was also well known for "Sons and Lovers," "The Prussian Officer," "The Ladybird," "Essays in American Literature," and "Lady Chatterley's Lover," the last-named being privately printed.

Lawrence was born September 11, 1885, at Eastwood, Nottingham, England, where he attended high school and Nottingham University. He married Frieda Von Richtofen in 1914. They had no children.

RADIO ASKED TO KICK OUT PHONOGRAPH

Musicians Want Canned Music Canned So That Art May Progress

WASHINGTON, March 3. (NANA)—The American Federation of Musicians is trying to persuade the Federal Radio Commission to curb the use of phonograph records by broadcasting stations.

A petition against the playing of records has been submitted to the commission by Brig.-Gen. Samuel T. Ansell, former judge advocate-general of the United States Army, and now counsel for the musicians' union.

"Your petitioner avers," runs the petition, "that such broadcasting of such recorded music is a detriment to the development among our people of proper and natural appreciations of music as a fine art, and is preventive of the personal enjoyment, general helpfulness and popular betterment that result from the proper and natural appreciation of such art.

"Your petitioner avers that such broadcasting of such recorded music results in direct injury to the development of music as an art in the United States in that it deprives musicians not only of the necessary incentive which is sustained by a sense of public appreciation, but of the more material necessity—the means of sustenance."

The petition adds that thousands of musicians already have been thrown out of work because of recorded music on the radio.

Gen. Ansell maintains that the commission has jurisdiction because the Radio Act prescribes the classification of stations according to services. He is asking for a hearing on the matter.

Davis Silent on 'Candidacy'

WASHINGTON, March 3. (AP)—Secretary of Labor Davis, declined today on his return from Florida to discuss reports that he will be a candidate for Governor or Senator in the Republican Pennsylvania primaries.

When Mr. Davis accepted a place in the Hoover Cabinet it was announced he would serve a year, but in some circles it is believed he will continue to hold his present post.

Mr. Davis said he saw William S. Vare, Pennsylvania political leader, in Florida.

Senate Defers Thacher Vote

WASHINGTON, March 3. (AP)—A vote on the nomination of Judge Thomas D. Thacher of the New York to be Solicitor-General of the United States was deferred today until next week by the Senate Judiciary Committee after considerable discussion.

KEROSENE EXPLOSION KILLS TWO CHILDREN

WICHITA (Kan.) March 3. (AP)—Amos Case, 8 years of age, and Betty Case, 3, died today, and their father, W. Case, is in a critical condition from burns received in a fire at their North Wichita home, caused by the explosion of a can of kerosene left near a stove. The mother and on older daughter escaped without injury.

Back to Investment Fundamentals

AFTER several years of reckless disregard of investment values, the investing public is again giving heed to the factors which insure protection of principal and certainty of income. These factors include:

1. Sound Security—This can mean only one thing, namely, real property of sufficient basic value to protect the investment under any and all conditions. Under no circumstances should theoretical values, potential earnings or future prospects be considered in determining sound security. Only that which exists today and which will continue to exist throughout the life of the loan, in tangible, measurable form, can be regarded as dependable protection.

2. Unfailing Income—This can be provided only through a multiplicity of sources in each of which the ratio of earning capacity to capital outlay has been found to be ample and dependable.

3. Sponsorship of Known Responsibility—This factor is of equal importance with security and earning power. Any organization which participates in promotional ventures, or which is not definitely committed to conservative business practice, cannot be regarded as a safe sponsor of sound investments.

In order to qualify as such, an institution should possess:

(a) Ample financial strength to carry it safely through any emergency.

(b) Sound and successful, time-tested business policies; and

(c) Management of such standing and integrity as to insure the constancy of those policies.

Significant Comparison

In complete accord with the foregoing fundamentals of sound investment, we submit to the consideration of interested institutions and individuals our Insured First Mortgage Certificates and our record of sponsorship.

First liens on real estate constitute the oldest and most dependable form of security. They have been undergoing a process of improvement for over four thousand years. Among the country's large institutions they are conceded to be the soundest and most satisfactory form of investment.

Five elements of strength protect the principal of the holders of Insured First Mortgage Certificates of this Company.

1. First liens on carefully-selected, improved, widely diversified, California real estate.

2. Policies of title insurance guaranteeing that the liens are valid and that the titles to property are sound.

3. Ample insurance to cover any possible losses by fire or other hazards.

4. Policies of mortgage insurance issued under the binding Mortgage Insurance Act of California, to provide against any losses of either principal or interest.

5. The supervision of this widely experienced organization, which insures the prompt execution of all legal and technical details, thus relieving Certificate holders of all care and responsibility.

Certificate holders are even relieved of the risks incident to the custody of bearer instruments. If a Certificate is lost the investment is still safe, as a duplicate Certificate will be issued upon proper identification, with a minimum of technicality.

Issued in maturities of two, three, four and five years, and in denominations of $100 and multiples, these Certificates are equally convenient for private and institutional investors and for trustees.

Interest at the rate of 6% is payable either quarterly or semi-annually, at the option of the investor.

The important advantages of this form of investment are evidenced by the fact that Certificates amounting to many millions of dollars a year are purchased by

State and Savings Banks,
Insurance Companies,
Charitable Institutions,
Trustees, Executors, Administrators,
Trust Companies,
Experienced Individual Investors,

not only in California, but in many parts of the United States and in foreign countries.

Our sponsorship of these Insured First Mortgage Certificates has extended over a period of seventeen years with ever-increasing success. Each year has shown a substantial increase in earnings and resources, and it is a matter of pride with the management that this institution today ranks as one of the largest and strongest of its kind in the United States.

An inquiry entails no obligation and will bring you by mail a copy of the descriptive booklet. Personal visits, telephone calls or inquiries by mail are equally welcome. A coupon is provided for your convenience.

NEWS OF SOUTHERN COUNTIES

VENTURA PLANS GREAT FESTIVAL

Committees Appointed for Sequicentennial Event

Chamber President Tells of Appointments at Meeting

Angeleno Speaker Declares Project Wise Move

VENTURA, March 3.—Steps looking to the staging of a sesquicentennial celebration in 1932 of Ventura's founding were taken at a meeting of the Chamber of Commerce this noon. President D. J. Reese announced the appointment of two large general committees authorized at a previous meeting, to begin work on the project. These are as follows:

On general plan: Roy Pinkerton, chairman; E. M. Mercer, J. Burch Mead, Mrs. Robert Sheridan, Mrs. H. V. Cowger, Mrs. F. J. Sifford, Miss Elizabeth Topping, Mrs. Blanche T. Reynolds, Mrs. P. P. Cook, J. E. Hirschfelder, Harold Serene, Charles Huffman, K. J. Rogers, D. C. McMillan, Mayor G. A. Randall, C. S. Pool and Dr. G. C. Coffey.

Finance and budget: Dr. J. A. Deserpa, chairman; James S. Blackstock, Fred W. Smith, John A. Lagomarsino, Joseph M. Argabrite, Harle Walker, Jr.; A. C. Gates, Dr. B. K. Kerr and W. V. Scott.

Warm approval of the plan was expressed by Lawrence Hill, research director of the Security-First National Bank of Los Angeles, who was the speaker of the day.

"Such a celebration," said he, "in my opinion is one of the smartest things you can do. The average American business man, when he is away from home, at least, is full of sentiment. This project, based on the rich historical background of this region, is brimming over with interest and romance."

Bread and Jam Feasting Costly

UPLAND, March 3.—The price of bread and jam comes high, according to Paul Kaiser, Claremont, who was arrested in the local mountains some time ago on a charge of burglarizing a cabin owned by Charles Hobart of Los Angeles.

"Kaiser is out on one year's probation, during which time he must leave other persons' jam strictly alone or he will face a jail term. Kaiser went through the local police court and through Superior Court on his menu of bread and jam.

He entered a plea of guilty to the charge, declaring he was on the verge of starvation when he came upon the cabin in Icehouse Canyon and entered it. He was filling up on bread and jam when a forest ranger nabbed him.

While Kaiser was pondering over his probation for one year, he heard William B. Shollman of Ontario sentenced to from one to fourteen years in San Quentin prison for passing fictitious checks.

AGED MAN HAS VERY FEW BIRTHDAY DATES

SANTA PAULA, March 3.—Today is not A. V. Galyean's eighty-second birthday but he celebrated it recently at the home of his daughter, Mrs. R. Mathews, just the same. The aged man is one of those fortunate or unfortunate persons, whichever the case may be, who has a birthday really just once in every four years. That would make him 21 today, he believes. His birthday falls on February 29.

ELECTIONS TO BE HOT IN ONTARIO

Opposition to Taxpayers' League Will be Organized at Meeting Tomorrow

ONTARIO, March 3.—Forecasting a lively school election here on the 28th inst. and municipal election in April, was announcement today by H. A. Cramer and C. Burton Thrall that an organization of citizens who are boosters for the development of the community, is to be formed at a mass meeting at Hotpoint clubhouse Wednesday evening.

It was indicated today the new organization will take the field to oppose the Taxpayers' League, which is credited largely with causing defeat of Chaffey's $450,000 school bond election Friday. The league, it is understood, is grooming candidates for the school election and for the municipal election as well. Two places on Chaffey Union High School board, one on Ontario City School Board, and three on City Council are to be filled at elections this month and in April.

Qualifications of all candidates for political offices here will be carefully analyzed by the organization at its meeting Wednesday evening.

"The time is ripe for the public to step in and see that no individuals or groups shall retard the city in its progress," Thrall said today.

Opponents of the Chaffey bond issue declared that "A house cleaning is necessary at Chaffey." This declaration will also be analyzed at the organization meeting, according to Thrall.

FORMER POLICE CHIEF CANDIDATE IN RECALL

HAWTHORNE, March 3.—Three candidates, one a woman, have announced themselves in the recall election of Councilman W. P. Reese, to be decided on the 28th inst., they are Mrs. Emma J. Rains, Leroy Trilling and I. V. Thorpe. The latter is a former Police Chief.

Amusement Men to Make Plans

VENICE, March 3.—Plans for attractions and special events to amuse the thousands of Los Angeles residents and visitors who will throng the city's beach here during the coming spring and summer months, together with discussions of an advertising campaign designed to make 1930 the most active season in local history, will feature the annual luncheon and election of officers of the Venice Amusement and Business Men's Association, to be held at noon next Tuesday at the Volga Boat Cafe, on the Venice pier.

Mayor Porter, Police Chief Steckel, Hugh McGuire and Raymond C. Hoyt are among those who have accepted invitations. As usual, the amusement men will put on a program of headline vaudeville and variety acts.

BOY SCOUT TROOPS TO SET OUT TREES

SAUGUS, March 3.—Several troops of the San Fernando Council of Boy Scouts this week-end will participate in the work of reforestation around the Scout camp in Elizabeth Canyon north of here. A large number of native trees and shrubs have been obtained through the Los Angeles public school nurseries and these will be set out within a prescribed area. The Boy Scout camp in this canyon near Elizabeth Lake represents an investment of about $10,000, and is one of the best equipped in the State.

BRIDGEPORT MAYOR HERE

Edward Taylor Buckingham, Connecticut Political Leader, Here to Study Traffic Regulation

PASADENA, March 3.—Edward Taylor Buckingham, Mayor of Bridgeport, Ct., who is being boomed as Democratic candidate for Governor of his State and for the Vice-Presidency in the event that a westerner is selected as the Democratic Presidential candidate in 1932, arrived here today on the Santa Fe's Grand Canyon Limited. He and Mrs. Buckingham will visit his brother-in-law, Dr. John H. D. Budau of Flintridge, for three weeks.

Mayor Buckingham is reported to be the only chief municipal executive in the United States to succeed himself as Mayor after a twenty-year interval.

"Once in twenty years is often enough to run for Mayor because it gives your enemies time to forget," he chuckled, after collecting his baggage. His first term as Bridgeport's Mayor was from 1909 to 1911. He was re-elected last November. During the twenty-year interval, only one other Democrat was elected to the same office, in 1921.

"I should choose to run if nominated for Vice-President in 1932, but am in Southern California to study traffic regulations and municipal government, not to confer with politicians," he asserted.

"Business is very fair in Bridgeport except for slackness in structural lines," the New Englander continued.

"Banks loaned money to stock buyers, and when the crash came they found themselves with large stock holdings. They now are trying to dispose of these. There is some distress affecting the working groups, and to improve conditions we have launched a program of public works involving construction of parks. I'm a Democrat, but have fallen in line with President Hoover's policy of continued business expansion."

During his first California visit Mayor Buckingham will confer with mayors of major cities and with chambers of commerce officials.

"You certainly know how to make a man feel at home out here," he laughed, displaying an official parchment welcoming him to California, covered with gold seals and blue ribbons, and signed by Secretary of State Frank C. Jordan.

The visitor was graduated from Yale University law school in 1897. He is a former newspaper man, having served at one time as correspondent for the Bidgeport Evening Journal. Mayor Buckingham's grandfather, William A. Buckingham, was Governor of Connecticut during the Civil War.

Edward T. Buckingham

REDLANDS MEN IN CITRUS STUDY

Course This Week Directed by Warren Schoonover

Dr. Bachelor, Experiment Station Head, to Speak

Prof. Hodgson of College of Agriculture on Program

REDLANDS, March 3.—Orange growers of the Redlands district are going to school again, for hundreds of them will gather at the Y.M.C.A. this week for the citrus school to be conducted by Warren Schoonover of the State University.

The relation of moisture content in the soil, and the effect of fluctuation from the very moist condition immediately following irrigation to approaching dryness preceding the next irrigation, will be taken up in detail.

Prof. J. S. Brown, extension specialist in irrigation at the College of Agriculture, will discuss the mechanical distribution of water, the furrowing system, water penetration and irrigation planning.

The effect of type of soil management, irrigation practice and fertilization on the tree itself, will this year be discussed by a botanist, Prof. W. W. Robbins, who talks more interestingly on plant relationships.

Dr. L. D. Batchelor, the new director of the citrus experiment station at Riverside, will discuss cover crops. Dr. Batchelor for many years has been in charge of the walnut work at the Riverside station, with the exception of one year recently spent with the California Walnut Growers' Association. He is the recognized investigator in the walnut industry and has always been particularly interested in the field products. This will be an excellent opportunity for growers in the Redlands district to become acquainted with Dr. Batchelor.

On Thursday the subject of fertilization will be discussed by Prof. Robert W. Hodgson of the College of Agriculture. In the afternoon A. E. Wilder will tell something of his observations on citrus production in the Mediterranean countries during the six months spent there last summer and fall. The program will close with a summary of the course by Prof. Schoonover.

Investigation of Torrey Pines' Status Begins

SAN DIEGO, March 3.—Investigation of the status of Torrey Pines as a public park is being conducted by the City Attorney's office, it developed today when it became known that the question raised is whether the gift of Torrey Pines to the city for park purposes has been ratified by the State Legislature.

Deputy City Attorney L. C. Byers is looking into this phase of the issue of whether or not a new highway shall traverse the park. Byers so far has been unable to find records that such action has been taken by the State. Whether this would have any bearing on the authority of the Park Board to prohibit highway construction is to be reported to the Council when Byers is ready to make such a report.

Should the attorneys find that the jurisdiction of the Park Board is barred by reason of a cloud in the title to Torrey Pines Park, attention of the Council will be called to action by that body ordering the city engineering department to proceed with the Cliff-route construction so that the next move would be for the Park Board.

Such action of the Council, however, is likely, as a canvass of the Councilmen this morning disclosed a disposition to renew conferences with the Park Board with a view of compromising on some route through Torrey Pines.

One Killed, Girl Critically Hurt and Six Slightly

VENTURA, March 3.—One man was killed, a girl is in a critical condition and six others suffered injuries in automobile accidents in and near here over the week-end.

Frederick Hicks, 25 years of age, son of Dr. William S. Hicks of Santa Barbara, was fatally injured on Saturday afternoon in a crash just east of Montalvo on the State highway. A car piloted by Victor Langner, 33, also of Santa Barbara, attempted to pass a team and wagon and in the act crashed head-on into the coupe driven by Hicks, according to officers.

Hicks was rushed to the Big Sisters Hospital in an ambulance, but died just before being removed from the vehicle of hemorrhages resulting from a crushed chest and fractured ribs. Langner, who was unhurt, was lodged in the County Jail, but later was released on his own recognizance.

The injured girl is Madeline Bejar of this city, injured in another crash. Other persons hurt were Augustine Saruso, Elmer Pallard and Frank Anderson of this city; Panfilo Delgardo of Oxnard and Albert Galban of Saticoy.

TWO CENTS CAUSE OF FIFTY-DOLLAR LOSS

SANTA PAULA, March 3.—Two little pennies cost the city of Santa Paula $50 this morning. It resulted from a Mexican woman in the citrus camp on Saticoy street placing a penny each under two burned-out fuses. Today these fuses blew out, the attendant flash and fire resulting in the city fire department being called out, a cost to the city of $50. Following the blaze, Fire Chief Warren L. King inspected other homes in the neighborhood and found nearly a score of pennies.

GIRLS ON ICE AT VENICE, BUT NO SKATES

"Three Girls on a Cake of Ice" replaced the legendary "Three Men in a Boat" at Venice when three of the beach's fairest citizens took a little ride through town on a cake of ice, towed by an automobile. They did it just to demonstrate to the world that twixt-and-between seasons you will find both winter and summer sports at Venice. They admitted the weather was quite cold, sitting down.

FAMOUS FLYERS IN AIRPORT

Two Exhibits Returning from Aircraft Exposition at St. Louis Land at Palm Springs; New Ship In

PALM SPRINGS, March 3.—Two of the most interesting exhibits at the aircraft exposition recently held in St. Louis, dropped in at the local airport today. Lieut. Herbert Fahy and his wife arrived this morning, flying westward to their headquarters in Burbank via the San Gorgonio Pass. Lieut. Fahy was returning with a new Lockheed-Sirius low-winged plane of exactly the same pattern as Col. Lindbergh's new open-cockpit two-seater.

Flying up to Coachella Valley, Lieut. Fahy sighted the storm raging in San Gorgonio Pass and westward. He said it looked like an impenetrable wall of thunder clouds, and with his brand-new open plane he did not relish going through the wind and rain, so winged down to the desert airport, which, he says, is a veritable haven of peace for aviators.

Within ten minutes Capt. Eric Nelson, one of the around-the-world navy flyers, landed with the latest model Boeing biplane, in which he also was returning from the St. Louis Exposition. Capt. Nelson reported having flown through excellent weather from El Paso, but felt most disinclined to buck against the storm ahead, and seeing Palm Springs bathed in sunshine he thought discretion the better part of valor and promptly landed alongside Lieut. Fahy's ship. Only yesterday Lieut. H. H. Ogden, with his wife and friends, flew into Palm Springs with the first three-engined monoplane invented by the lieutenant and known as the "Ogden-Osprey." Capt. Nelson and Lieut. Ogden are two of the survivors of the around-the-world flight made by the Navy some four years ago.

DE MOLAY BOYS AND MOTHERS TO BANQUET

VAN NUYS, March 3.—The De Molay Mother and Son banquet will take place at the Hollywood Country Club Thursday with Bruce Findley of the Los Angeles Board of Education as principal speaker. William Ford and Edwin Sutton, youthful officers of the organization, have charge of the program.

Daily Paper at Santa Maria in New Hands Now

SANTA MARIA, March 3.—O. M. Cannon, publisher of the Santa Maria Daily Times, announced the sale of his newspaper to Ernest L. Peterson, formerly a publisher in North Dakota. The consideration amounted to more than $100,000, it was reported.

Peterson, who arrived here Thursday, took active charge of the paper yesterday. Cannon purchased the paper about ten years ago when he sold the San Bernardino News. He will retire, he told friends.

Peterson has operated papers in Minnesota, Washington, Nebraska and North Dakota over a period of twenty-five years. He came to California a short time ago with the intention of retiring, but instead has embarked in business again.

TWO MOTORCYCLES HIT ONE AUTO IN UPLAND

UPLAND, March 3.—Two motorcycles had the same idea during the Sunday afternoon traffic flow at a street intersection here. Coming from opposite directions, the motorbikes crashed into the same automobile driven by Paul Gage, 506 East Tenth street, this city. After hurtling through the air and landing on the pavement, the motorcycle riders decided they were not hurt enough for hospital care. They were Andrea Rapatoni, Ontario, and Bert Persons, Bellflower.

UNUSUAL PROPOSAL MADE

Riverside Supervisors to Ask Los Angeles County Aid for Desert Road; Palm Canyon Route Approved

RIVERSIDE, March 3.—The Riverside County Board of Supervisors today voted to propose to Los Angeles county the formation of a joint highway district to finance, aided by the State of California under provisions of the California Joint Highway District Act, a $500,000 scenic roadway down the east slope of the San Jacinto Mountains, terminating in Palm Canyon, world-famous national monument.

Action by the board came after reading of a communication from George P. Clements, head of the agricultural department of the Los Angeles Chamber of Commerce, in which he protested, on behalf of the interests backing the San Jacinto State Mountain Park Association and the proposed expansion of the Highland playground through aid from Los Angeles, routing of the proposed highway by any other way than through Palm Canyon.

The joint highway proposal is considered unique in Southern California road-building history, since both terminals of the road would be within Riverside county, but the Riverside county Supervisors obtained a ruling from Dist.-Atty. Ford that the joint highway district act so provided. Los Angeles would be asked to co-operate, inasmuch as thousands of her residents yearly visit both the San Jacinto Mountains and Palm Canyon and that the scenic highway will benefit them equally with Riverside county citizens.

It is believed the State could provide at least a third of the total cost, the remainder being shared equally by the two counties. The State's aid could even be stretched to nearly one-half of the total, since the highway is to be purely scenic in purpose, the Supervisors here believe.

DR. CLEMENTS'S LETTER READ

Dr. Clements's letter to the board brought pointedly to the Supervisors' attention the drastic need of relief from congestion of traffic in the dead-end road to the famous Palm Canyon and conveyed to the Riverside county board the information that Los Angeles county Supervisors and others have held no other idea than that the highway, skirting the virgin area to be included in the State Park would follow Palm Canyon. Should it go by the other proposed route, via Pinon Flats, it would diverge from the wilderness area and follow through a comparatively bleak desert region with no beauty any way comparable with the famous Palm Canyon scenery.

"The several canyons within the Palm Springs district have been nationalized," said an excerpt from Dr. Clements's letter, "yet the general public who have come from all portions of the United States of America have not been able to partake in full enjoyment in the highly advertised beauties of these wonderful natural phenomena, due to the fact that they are on the dead end of the road and that one visit to them and the experience which one naturally has after hours of awaiting relief due to traffic congestion is the last experience."

That the new road will offer one of the most awe-inspiring entrances to Southern California for eastern travel appeared in the consideration of the Riverside County Board of Supervisors. Travel over the Sunkist Trail, the shortest transcontinental route, would be sent via Palm Springs, over the high-gear highway, through some of the Southland's virgin wilderness and into the great chain of valleys direct to Los Angeles.

GROWERS IN EUROPE USE 'JUNE DROP'

Nothing Wasted by Citrus Men There, Redlands Man Avers on Return Home

REDLANDS, March 3.—Sherman B. Marshall of the sales department of the Mutual Orange Distributors, has just been making a study of the use of oranges in Europe and he has discovered that not only is the fruit used, but the leaves are also, and even the "June drop," which California growers view with such alarm.

"Orange leaves are freely used in Europe," he said recently. "They contain a fragrant, volatile oil which is distilled by a certain process and this produces for the drug trade an "essence de petit grans." Orange flowers are distilled and yield oil of neroli, which is used in making perfumes.

"In Southern Europe, great quantities of orange blossoms are gathered each year and kept in barrels, packed with salt. These are shipped to the districts where they are considered obligatory in connection with weddings, to be worn by the bride.

"The so-called 'June drop,' is not wasted in these other countries. The small green oranges, from the size of a pea to that of a large cherry, are gathered from the ground, dried, and then sold as 'orange berries,' to be used in connection with the making of Curacao, a cordial.

"The small fruit also yields a fragrant oil which is the essence of "petit grans," and the orange peel for flavor is a very well-developed industry. The rind of the orange goes into fine cordial as flavor, and orange wood, because of its fine, close grain, is used for inlay work."

Two Banks at Blythe Merged

BLYTHE, March 3—Palo Verde Valley's two banks consolidated today following negotiations over a period of about two months. The Farmers' and Merchants' National Bank, with a capital of $50,000, today moved into the same building with the First National Bank, an institution with a capital of $25,000. The new bank will be known as the First National Bank of Blythe, and will have a capital of $50,000, but will have an increased surplus, it is understood. The institution occupies the new $15,000 home of the First National Bank.

The First National is a pioneer institution, having been organized in 1911 under the name of the Palo Verde Valley Bank. The Farmers' and Merchants' National Bank was organized in 1921. The consolidation here follows the trend of mergers, there having been three banks here a few years ago.

The selection of personnel has not been completed, although many officers in both institutions will be members of the new institution. William Monypeny is former president of the First National Bank, and R. H. Ehler was head of the Farmers' and Merchants' bank.

NIGHT PHONE CHIEF HOLDS LONG RECORD

RIVERSIDE, March 3.—Mrs. Anna Warthan, night chief telephone operator here, has probably the longest record of night operating in Southern California. At the beginning of her employment, early in 1907, Mrs. Warthan was the mother of two small children for whom she was solely responsible. Feeling that she could not care for them adequately if away all day, she accepted night hours, returning in the morning in time to send the children to school. After sleeping all day, she prepared their dinner, spent the evening with them, put them to bed, and then went to work at the local telephone central office. Both children completed their schooling, married, and now have families; and Mrs. Warthan continues her work as night chief operator and has no thought of giving up her position.

COUNTY IN DOUBT ON PRISON SITE

Unless Another Location Found, Ventura Will Lose Proposed State Institution

OXNARD, March 3.—Unless another location is found and the people of Ventura county generally express a desire to welcome the development, the county will lose its opportunity to bid for the new State prison for first-timers, to be established somewhere in Southern California.

Opinion is split on whether or not the institution would be an asset to the county should this section be considered. In the Simi Valley section, some thirty miles east of here, feeling against advent of such an institution is strong. The fact that a Ventura-county site had been submitted to the prison site purchasing committee in Sacramento, was not known until recently when J. L. Milligan of the city asked the support of the local Chamber of Commerce to have the new prison located in the county. Milligan had submitted to the State a site comprising the former McCoy estate ranch, in Simi Valley. The desired acreage was in the site as well as sufficient agricultural land. Water would have to be developed and it was on this angle that the prison board hesitated, it was stated.

When the chamber was informed that business men in Simi Valley would welcome the institution and that those in Santa Susana were indifferent, the local chamber gave its indorsement to the project. In addition to this indorsement, approval been obtained from the County Board of Supervisors, as well as two large organizations in Los Angeles county. Indorsement was then given by the Ventura County Chamber of Commerce and the Santa Paula chamber.

VALLEY RANCHERS WRATHY

But this action incurred the wrath of Simi Valley ranchers and property owners with the result that they filed a formal protest with the State and appealed to the county chamber to rescind its former action. They were successful. Now that the Ventura county chamber has reversed its action the matter will probably be submitted to the Oxnard and Santa Paula chambers.

At a meeting of the chamber here on Thursday, the subject of rescinding will be brought up as well as the consideration of a second Ventura county site to the prison committee.

At the time the Oxnard chamber gave its indorsement to J. L. Milligan and the Simi site, it was stated that the Ventura county location was one out of five favorably considered by the committee after the elimination of about 160 others. If the Oxnard chamber indorses a new site this week, Ventura county will still stand a chance of getting the prison, but it is believed that opposition from large property owners will probably prevent further efforts to have the new State penitentiary established within many miles of this city.

New Political Body Organized

HUNTINGTON PARK, March 3. A new political organization to be known as the Huntington Park Co-operative League is being formed here to take part in the coming city campaign, this organization originating in the Florence-avenue Assessment District Association. It purpose will be to select three candidates for City Council, as the terms of Councilmen Jerome V. Scofield, John C. Flick and John A. Mosher expire in April.

Councilman Scofield, who has served in the Council for ten years, will not be a candidate for re-election, as he has announced that he is a candidate for County Supervisor from the local district. Councilman Flick announced recently that he is a candidate for re-election.

The city election will be held on April 14.

FINAL NET SHOWN BY RICHFIELD

Income from Universal Holdings Adds $842,365 to Total for Year

Including its 51 per cent interest in Universal Consolidated Oil Company, Richfield Oil Company of California for the twelve months ended December 31, last, showed final net earnings of $9,396,859.45, according to the complete 1929 report issued yesterday. The company had previously reported net earnings of $8,554,494.29, exclusive of the Universal Consolidated profits.

Allowing for additional common shares issued in the acquisition of 51 per cent interest in Universal, the final net earnings of $9,393,859.45 represent $4.60 per share on the 2,040,122 Richfield shares outstanding after the acquisition. After deducting preferred dividends, the net earnings were equal to $4.26 a share. Exclusive of the Universal earnings, the 1929 net was equivalent to $4.04 per share on 1,947,241 shares outstanding at the end of the year, as previously reported. In 1928 the common stock earned $3.60 a share.

The 1929 earnings do not include earnings of Richfield Oil Corporation of New York, amounting to approximately $400,000, and covering the period from August 15, 1929, to December 31, last. The basis of stock to be exchanged for several of the larger eastern acquisitions has not yet been determined, but they will be worked out on a basis that will yield a highly satisfactory return to the California company, the report stated.

Production of crude oil and casinghead gasoline during the year totaled 14,515,000 barrels, an increase of 33 per cent over the production for 1928. This does not include 3,555,000 barrels produced by Universal Consolidated Oil Company during the year. Sales of gasoline increased 41 per cent over sales for 1928, excluding over 145,000,000 gallons sold by Richfield Oil Corporation of New York. Sales totaled $83,431,000, an increase of 60 per cent over 1928.

Common stockholders on January 20, last, numbered 14,075, an increase of 67 per cent over the 8450 on October 19, last.

PAST MONTH CHEERS BULLS

Absence of Difficulties in February Prompts Optimists to Predict March Rise; Others More Cautious

BY EARLE E. CROWE

Having come through February with only a minor set-back the so-called experts are now touting the stock market for higher prices this month. This opinion, originating from the "new bull market" school, holds that danger from severe liquidation is definitely out of the way, and nothing but technical corrections should interrupt the upward advance.

Equally astute observers on the other side of the fence still look for a thorough shake-out before stocks, in their opinion, are capable of maintaining a sustained advance. This group doubts, furthermore, if there is sufficient bullish data available to justify rising prices. On the contrary it is contended the outlook for corporation profits is not particularly healthy.

CONFIDENCE RECOVERED

Undoubtedly the fact that the market passed through February without running into serious difficulty has bolstered the courage of many timid traders. There is more talk now of following pool operations, more comment on the price-earnings ratios, and less disposition to injure too carefully into the current financial status of companies.

Right or wrong, the attitude of looking more to the future and less to the present is apparent among followers of the market. Investors and traders are told that stocks will never be so cheap again as they are today. In three years or five years, the seasoned issues, it is prophesied, will be selling at double or triple current prices.

Stock buyers only have to look back a few months to recall that the same kind of reasoning was popular; and then came the rude jolt. There is no question but that this analysis is true over the long pull. But the difficulty is that speculators on margin and investors for the pull somehow manage to confuse their identities.

OBJECTIVES CONFUSED

It is one thing for an investor to buy sound stocks on the theory that values should double in five years or ten years. It is a proposition of a different color to think the speculator on margin can look to the same objective and still hold on through the ups and down to stocks indiscriminately bought. The true investor ignores and can afford to ignore the intermediate fluctuations. Margin traders who hope to collect quick speculative profits on prices five years distant generally run into trouble somewhere along the line.

Just as true is the axiom that good stocks never should be sold. The trouble is that investors frequently acquire speculative ideas and sell good stocks with the idea of picking them up again cheaper. Usually they find a few years later the idea was rather stupid.

Traders on margin necessarily are more interested in current business prospects, earnings, sales, etc. What a stock should be worth some time in the future is not nearly so important as what is likely to happen this week or next month. At the moment the outlook is not clearly defined, which probably explains the vague tips in circulation and the emphasis in brokerage house comment on distant prices and values.

NET INCOME OFF

NEW YORK, March 3. (Exclusive)—White Sewing Machine Corporation for the year ended December 31, last, today reported consolidated net income of $778,739 equal after preferred dividends to $2.89 a share on 200,000 common shares, as against $1,071,083, or $3.36 a share, on the same share basis in 1928.

Member Loans Sharply Up on New York Mart

NEW YORK, March 3. (AP)—The New York Stock Exchange reported today that total member borrowings against security collateral on February 28 totaled $4,167,568,352, an increase of $182,820,287 during the month.

This compares with a total at the end of February, 1929, of $6,678,545,947, with a high record reached at the end of last September of $8,549,383,979, and a low since compilation of these statistics of $2,767,400,514, reported for May 31, 1926.

Northrop Plant Working on New Model Airships

With its factory at the United Airport at Burbank running double shifts, Northrop Aircraft Corporation, subsidiary of United Aircraft & Transport Corporation, is completing two new model ships, it was learned yesterday. The new model is not the one-wing ship but follows the more conventional aircraft construction with the incorporation of a number of improvements.

The new model is an all-metal, six passenger cabin plane. It will be powered with a Pratt & Whitney 425 horsepower engine. The metal surface will be smooth instead of corrugated.

On completion of the new models this month, it is expected that plans will be made for placing the ships on a production basis. It is understood that officials are considering the construction of additions to the plant to enlarge the capacity before entering the production stage.

Experimental and development work is still being carried on in connection with the one-wing plane but it has not reached the point where it is ready for production on a quantity basis.

The administration building at the United Airport is expected to be completed within thirty days and formal dedication of the port will take place this spring.

Drop Reported in Net Profits of Studebaker

Consolidated net profits in 1929 of the Studebaker Corporation and subsidiaries, including the Pierce-Arrow Motor Car Company, amounted to $11,928,261, after charges, as against $12,654,156 in 1928, a decrease of 5.7 per cent, according to a statement issued yesterday by the company. Sales declined 18 per cent, to $145,303,834.

Net profits after preferred dividends and Pierce-Arrow minority interest, amounted to $10,846,578, or $5.53 a share on 1,961,358 common shares outstanding December 31, last, or $5.69 a share on the average number of shares outstanding during the year. The corporation's net profits in 1928, excluding Pierce-Arrow, totaled $13,947,181, or $7.16 a share on 1,875,000 common shares.

During the year Studebaker acquired 129,014 shares of Pierce-Arrow class A stock by purchasing 103,700 shares in the open market at a cost of $3,335,575, and by exchanging Studebaker common for 25,314 shares. This ownership, plus class B stock purchased in 1928 for $2,000,000, gives Studebaker an interest of 89.62 per cent in Pierce-Arrow net profits, after providing for dividends on the 6 per cent preferred stock.

BUSINESS SKIES CLEARING

Gradual Recovery from Shock of Market Collapse Noted in National Magazine Survey

WASHINGTON, March 3. (Exclusive)—The greater part of the first shock to business suffered from last fall's stock market collapse has definitely passed, and sentiment generally has considerably improved since the beginning of February, says Frank Greene in his March 1 review of business conditions in Nation's Business, published by the Chamber of Commerce of the United States. His article follows:

Credit for the improved business tone must be given, he says, to a psychological experiment—the rally of business leaders at Washington—which took up the first strain, and after that to the easing of money and credit reflected in the creeping advance in the stock market in January and early February.

It seems possible to say, therefore that the trade ship is now forging ahead on its voyage and, all things considered, is making fair progress in view of the severity of the storm that it successfully weathered two months or so ago.

In some quarters a fair amount of surprise has been expressed that past troubles did not do the injury and that newer problems do not appear to hold the threats against business that seemed possible some few weeks ago. In fact, the level-headed attention now being given to some new problems gives promise that these will be met and solved when, if and as they present themselves.

NEW FACTORS

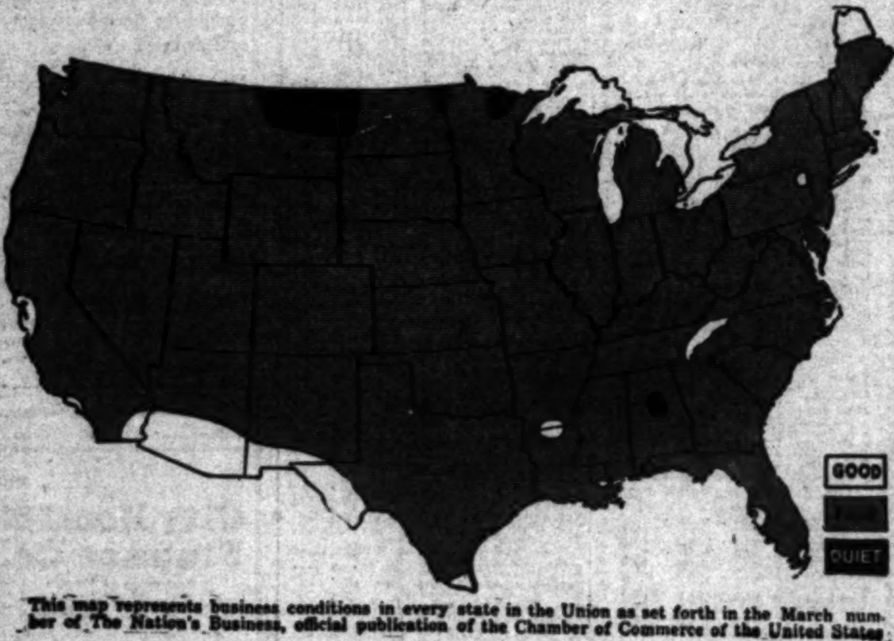
Two comparatively new factors forced themselves upon trade attention during January. One was the execrable weather in the western two-thirds of the country, the other the coming to wide public notice of the deflation in a variety of foods or raw materials, visible some months ago in the price compilations, but obscured or ignored by the attention bestowed on more exciting things.

As to the character of the weather in the last half of December and a good part of January, it need only be said that in the larger part of the country it has been such as to have offered a check to business in the best of times. Only those who happened to pass through wide areas of country stretched from the Alleghenies to the Pacific Slope are able to give a clear idea of the combination of unseasonable warmth, heavy rains, overflowing rivers and, finally, the subzero weather that afflicted a large area of the trade territory of the United States from before Christmas to the fourth week of January.

STEEL PICKS UP

In the general feeling of pleased surprise at the market rally shown in the steel industry, by which mill output was pushed up from 40 to 50 per cent in December to 75 to 85 per cent in January and comparing with 85 to 90 per cent in February

(Continued on Page 19, Column 3)



This map represents business conditions in every state in the Union as set forth in the March number of The Nation's Business, official publication of the Chamber of Commerce of the United States.

AMERICAN BELL INCOME HIGHER

Telephone Company Reports on 1929 Operations

Total Net at $166,189,758 Up $23,019,491 Over 1928

Expansion of Service in Year Sets New Record High

NEW YORK, March 3. (AP)—The American Telephone and Telegraph Company today reported net income for 1929 of $166,189,758, compared with $143,170,491 in 1928.

Earnings of the stock last year were equal to $12.57 a share on the 13,223,396 shares outstanding on December 31, or $12.67 on the average number of shares outstanding in 1929.

In 1928 the company earned $11.10 a share on the December 31 stock total, or $12.11 a share on the average amount.

Total income for 1929 was $275,695,907, against $233,781,978. Dividends received aggregated $140,911,590 last year and telephone revenues were $111,890,242. These figures compare with $119,176,197 and $100,583,827, the respective totals for the same items in 1928.

EXPANSION SHOWN

The report revealed that the number of telephones reached by the Bell system is 29,500,000, or 85 per cent of the world's total. Trans-Atlantic calls made last year numbered 18,800. About 900,000 telephones were added to the system last year, the largest annual increase on record.

Expenditures for construction aggregated $633,000,000 a new annual record. Estimated gross plant construction for 1930 is still larger at $700,000,000.

Two additional short-wave trans-Atlantic radio telephone channels were added during the year, and work is being pushed on a trans-Atlantic cable, which, the report said, will "not be subject to the inherent uncertainties of radio."

TALKIES DEVELOP

Regarding the subsidiary company, Electric Research Products, Inc., formed in 1928 for making commercially available the developments and inventions of the Bell telephone laboratories outside of the telephone field, the report explained that the most noteworthy of these developments had been the talking motion picture, and that the company's recording system was being used in the production of about 90 per cent of the talking pictures being made today. It is pointed out, however, that American Telephone, neither directly nor indirectly, owns any stock in any motion-picture enterprise. The number of American Telephone stockholders during the year reached the total of 469,801, an increase of 13,205. Women stockholders outnumber men by about 84,000. No single stockholder owns as much as 1 per cent of the total shares outstanding.

The report showed that total assets of the Bell system increased more than $400,000,000 during 1929, creating the first $4,000,000,000 commercial enterprise in the United States.

The balance sheet of the Bell system as of December 31 showed total assets of $4,228,430,088, inter-company duplication excluded. This compares with $3,826,683,584 at the end of the previous year.

COTTON MARKET

NEW YORK, March 3. (AP)—Cotton was lower today, owing to the renewed weakness in wheat, the further decline reported in silver and liquidation or reselling by buyers of late last week. Active months sold about 10 to 17 points net lower and the market was very quiet within 2 or 3 points of the lowest around 2 o'clock.

GEORGIA CAPITAL THRIVING

Atlanta Banker Discusses Results of Campaign of Three Years for New Industries

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

ATLANTA, March 3.—"It was the Florida boom that forced Atlanta to wake up! In 1925 our people were leaving to invest in Florida real estate. Our banks were feeling it. So were our business men. Out of it was born the Forward Atlanta Commission," said an Atlanta banker to me.

Atlanta has spent better than $700,000 in the last three years—raised through voluntary subscriptions—to tell the world three things:

(1.) The South is America's fastest growing market and warrants careful development.

(2.) Industry can no longer serve the entire United States from any one point, however centrally located.

(3.) Because of transportation facilities Atlanta is the logical distribution center of the South.

This commission surveyed Atlanta to learn which enterprises, by locating here, could make a success and which ones could not. Probably no city in the United States has made a more complete survey of its industrial possibilities.

The survey has brought surprising results. The four-year campaign has resulted in bringing to this city 679 establishments which have added 17,425 employees with an estimated annual pay roll of $30,000,000. During this time, however, eighty-five firms employing 510 people with an estimated pay roll of $822,000 have retired, quit, or failed.

So Atlanta's net tangible results show an increase of 594 establishments, employing 16,911 people and adding $29,191,000 to the annual pay roll.

"Many people do not realize that Georgia developed very rapidly from 1850 to 1860. During that time her property assessed value increased considerably more than the assessed value of Massachusetts property, a State then with twice the population of Georgia. It was then increasing faster in wealth than Pennsylvania or Rhode Island and Connecticut combined," said P. S. Arkwright, president of the Georgia Power Company, and only recently retired as president of the National Electric Light Association.

Then the Civil War.

"Sixty years later Georgia is again expanding its industries to a degree comparable with that of the fifties. And why? It can't be the soil, or climate, or natural resources or waterways, or even water power. Other nations have all of them in abundance," continued Mr. Arkwright. "Then what is it?

"The dominant factor in America's prosperity and in our southern country is the availability and use of power. In America we multiply a man's productivity thirty-five times by the use of power. Our nearest competitor is England, where they multiply it twenty-four times, and prosperity in the two countries is almost a direct ratio of thirty-five to twenty-four.

"Next to the Niagara section, the South is as favored by natural watersheds, so helpful in the water-power development, as any part of the nation. Power availability is no longer a problem in Georgia or other southern States. We have come to regard the gleam of the transmission line in the sky as a symbol of hope of the eventual restoration of this area to the comparative position it occupied before the war between the States impoverished it."

Speaking of electrical power development, Mr. Arkwright related that Henry Ford used to take 2200 man-hours to make an automobile. He kept increasing his power until he reduced it to 134 man-hours for an automobile. Naturally such a terrific reduction showed itself in a lower cost—so low in fact, that foreign manufacturers found it hard to compete with Henry in their own countries. So a group of Germans decided to come to America and study Ford methods.

They went to Detroit, were given every opportunity to examine the great Ford plant, then went back and built a plant in Germany along similar lines. But they had only one and a half horsepower per worker where Ford had twenty-five, and it took them 2500 or 4500 man-hours per car against Ford's 134. They tried it again in France with less horsepower per worker, and it took them 5000 hours per car against his 134 with the use of power.

So the South, realizing what cheap power for factory and farm means in industrial development, has concentrated on its power development. The States of North and South Carolina, Alabama and Georgia together represent 20 per cent of the total developed water-power by public utilities of the United States.

New Security Offerings Due on Mart Today

New financing which will be placed on the market today includes bond offerings of realty, utility and industrial enterprises, according to announcements yesterday. S. W. Straus & Co. will offer a $750,000 first mortgage leasehold 6 1-2 per cent sinking fund gold bond issue on the newly erected Garfield Building in Los Angeles.

American and Foreign Power Company, Inc., gold debentures, 5 per cent series, due 2030, in the amount of $50,000,000 will be tendered by Dillon, Read & Co., and associates at 90 and interest to yield 5.50 per cent.

Lane, Piper & Jaffray, Inc., Foreman-State Corporation, Northern National Corporation and Anglo London Paris Company are marketing $4,000,000 three-year 6 per cent collateral trust gold notes of the Greyhound Corporation, due March 1, 1933, at 99 and accrued interest to yield 6 3-8 per cent. Each $1000 principal amount of notes carries a nondetachable stock purchase warrant.

An issue of $6,000,000 Arkansas Power and Light Company first and refunding mortgage 5 per cent gold bonds is being offered by the Harris Trust and Savings Bank, W. C. Langley & Co., Bonbright & Co., the First National Old Colony Corporation, Tucker, Anthony & Co., and John Nickerson & Co. The bonds are due October 1, 1956, and are priced at 94 3-4 and interest to yield 5 3-8 per cent.

ULEN PROFITS GAIN

NEW YORK, March 3. (Exclusive)—Ulen & Co., reported today consolidated net earnings for 1929 of $1,227,426 equal after preferred dividends to $3.81 a share on 244,576 average common shares against $1,124,311 or $5.71 a share on 117,887 common shares in 1928.

REACTION HITS STOCK MARKET

General Price Level Shade Off at Closing

Industry and Utility Lists Heaviest Losers

Rails Fairly Firm; Oils in Better Demand

NEW YORK, March 3. (AP)—The stock market turned distinctly reactionary under the pressure of heavy selling at times during today's trading session, but professional operators for the advance made vigorous efforts to stem the tide, and were partially successful. Losses were in the majority at the close, however, a score of important industrials and utilities ending the day 1 to 5 points lower.

Rails held fairly steady, the oils gave a better account of themselves than they have of late, and the tobaccos and several low-priced specialties were bid substantially higher. Steel shares, however, were conspicuously heavy. The bullish enthusiasm for the amusement stocks appeared to have waned for the moment, at least, and several utilities gave up part of their recent advances. Trading was in the largest volume since the last abrupt break in the market, which occurred February 20, and was particularly heavy when the market was declining. Transactions aggregated 3,634,260 shares. The index of ninety leading stocks, however, declined only 8-10 of 1 point, compared to 3 4-10 February 20.

NEWS BEARISH

Business news and analysis appearing over the week-end were not of a character to clarify the rather murky outlook for the near future. The market appeared to reflect speculative uncertainty with the beginning of the new month. The statement by Secretary of Commerce Lamont that he expected business would return to normal within two months was somewhat reassuring.

Trade reports indicating the steel business had lost a little of the vigor of recent weeks tended to inspire caution.

United States Steel lost more than 4 points and Gulf States was depressed more than 5 by abandonment of the merger negotiations with American Rolling Mill. Bethlehem Steel lost 2 points.

PHONE ADVANCES

American Telephone sold up more than a point to a new peak price for 1930 at 243 1-4, in response to publication of its annual report, showing the Bell system the first $4,000,000,000 commercial enterprise in the world, and earnings on American Telephone stock of $12.57 a share on the capitalization of December 31. The stock closed with a net loss of a couple of points. American Water Works lost 2 and Standard Gas 3 points. Electric Power and Light, and Columbia Gas reached a new high for the year and closed with small net gains, while American Power and Light sold up 8 points to a new peak and closed up 4.

Among the industrials American Can, Eastman Kodak and Westinghouse Electric lost more than 2 points each, and Johns Manville nearly 4. Auburn Auto lost nearly 5, and Radio, Radio Keith, Paramount and Warner Brothers a point or so.

NEW HIGHS SET

Montgomery Ward rallied a couple of points. Commercial Solvents and the Curtiss Wright issues reached

SAN FRANCISCO

SAN FRANCISCO, March 3. (AP)—Buying for investment accounts was slightly outweighed by traders' sales today on the stock exchange. Share volume at 28,235 was low, but 139,851 rights provided sufficient business to keep the tape moving. Share sales brought $1,153,330, and rights added $64,936. There were $5000 in bond sales. The averages of Sutro & Co. were off a shade for the day.

Oil stocks made some advance, as some buying followed announcement that California crude production had been estimated to have declined 78,000 barrels daily last week, bringing it more in line with consumption. Standard's gain of ⅜ of a point was the largest, although Union equaled it, and all net changes on the day were up.

Utility stocks slipped back slightly after making early gains, including a new high by Pacific Lighting at 94. Great Western 6s gained 1½ to a new peak at 101; but otherwise changes on the session were nominal. Speculative interest appeared to have subsided for the moment.

Industrials also appeared forsaken after recent popularity. Western Pipe and Steel dipped 1⅛, and Rainier Pulp and Paper touched a low at 26. Gains and losses of minor character were distributed throughout this group.

Finance company stocks were mixed. Transamerica losing ⅛, on lack of news, and Fireman's Fund sliding down a point. Transamerica rights turned in great volume at 1 cent each. The largest block of the day was 34,500, and several of nearly that size were sold. At Transamerica headquarters no comment was obtainable on the trading in rights, which go off the board Wednesday noon. Wells Fargo Bank climbed 4⅛ points, setting a new peak at 330.

Conflicting theories as to the market's position served to reduce operations by professionals, who looked to Wall street for indications of the next move.

Diversification
In Investments
Makes for Security

●

Los Angeles Morris Plan Certificates
represent the ultimate in diversification

THEIR security does not rest on land values which are sometimes very flat: nor on stocks and bonds which are subject to market fluctuations of value.

Their certainty rest upon the payrolls of the Government, Federal, State, City and County and of banks, commercial houses and factories; a considerable number of which cannot fail at once.

Diversification is the very soul of Morris Plan success. For each $1,000,000.00 that it loans it holds the notes of 10,000 persons of ascertained good character who are steadily employed in DIVERSE OCCUPATIONS.

Money invested with us for six months or more earns 6% per annum interest—5% for shorter terms—and is always available on 30 days demand with interest to date of withdrawal.

LOS ANGELES EXCHANGE

Stock Prices Move Within Narrow Limits as Trading Activity Holds to Quiet Levels

Irregular fluctuations marked the resumption of the week's trading on the Los Angeles Stock Exchange yesterday. Influenced by an uneven tenor of prices on the New York markets, traders adopted a waiting attitude as was indicated by the small volume of the day's dealings. Practically all price changes were narrowed to small fractions.

Petroleum issues, however, attracted a larger following and accounted for a greater part of the activity. Richfield headed the turnover with sales of 2500 shares and advanced a point to 25. Final sales were at 24 7-8. Rio Grande added ½ to end at 19 3-8, and Union, after reaching 43 1-8, closed at 42 7-8 for a net gain of 3-8. Union Associates was also active, but closed unchanged at 42. Standard of California on the transfer of a board lot eased 1-8 to 58 7-8. Pacific Western advanced 1-4 to 14 and MacMillan a like amount to 22 1-4.

Utilities were relatively quiet and unchanged. Edison original preferred transferred at 63, off 3½ from previous sales, which included the rights. The rights yielded 10 cents to 3.50 while Pacific Lighting rights advanced 10 cents to a new high at 3.90.

Pacific Mutual Life sold off ½ to 81 and Pacific Mutual rights, 10 cents to 2.90. Pacific Finance held firm to 38½ and International Re-Insurance maintained 47⅛. Transamerica Corporation eased 1-4 to 44 3-4 and Security-First National Bank, 1 point to 116 3-4.

Sales totaled 36,337 shares, valued at $560,990; previous day, 12,150 shares valued at $164,527.

LOS ANGELES CURB

Universal Consolidated Oil and Cities Service Company featured trading on the Los Angeles Curb Exchange yesterday and accounted largely for the total turnover of the session. Kinner Airplane, among the smaller-priced issues, continued active with sales approximating 20,000 shares.

Universal Oil aroused interest with a sudden active demand and an advance of 1 3-8 to 16 1-8. Nearly 4000 shares of the issue changed hands while rumors were circulated to the effect that Richfield, which now owns 51 per cent of the stock, would make an exchange offer for the balance. Cities Service advanced 1 3-4 to 35 on a turnover of 1300 shares.

Kinner, Exeter Oil and United American featured trading among the "penny" stock and improved fractionally on particularly active sales. Wellington Oil traded for the first time without the extra dividend of $2.25 a share. The stock crossed the board at 2.30.

Sales totaled 64,837 shares valued at $212,440; previous day, 35,550 shares valued at $88,580.

DEPENDABILITY

of income, combined with security of principal and high yield are obtained by you when you invest your funds in

Certified

FIRST LIEN TRUST DEEDS

Interest quarterly by coupon, payable at the offices of the Ralph G. Wolff Co. or at your bank. Legal investments for Savings Banks and Trust Funds. Exempt from personal property Tax in California. Protected by our Certificate of Protection.

A DEPENDABLE 7% INVESTMENT

We make loans only after a most thorough appraisal of the value of property. Proper consideration is given to location, type of improvement and present and future value. Loans are made only to responsible borrowers, whom we find to be first class moral risks.

ONE CLIENT WRITES

Ralph G. Wolff Company,
Roosevelt Building,
Los Angeles, California.

Four years of continued business with you has proven your system of taking care of all annoying features in connection with income investments. Prompt interest payments, handling of maturities, etc. have been most satisfactory and dependable.

The extra yield of your Certified Mortgages over securities of like merit is one of the important reasons for my liking to do business with you.

Last but not least is the unfailing courtesy and helpfulness of all your staff of employees.

Past Performance

DURING the past ten years, the average growth of the companies which are represented in the portfolio of *Insuranshares Corporation of Delaware* has resulted in an average gain to an investor in their stocks of 35 per cent. annually on the average amount of money invested.

This figure includes cash dividends, rights, stock dividends, and appreciation in market value of the various stocks. The period used extends from December 1919, to December 1929.

The portfolio of *Insuranshares Corporation of Delaware*, an investment company, consists almost wholly of the securities of selected bank and insurance companies.

Hope vs. Facts

However nourishing to the soul it may be, *hope* is a perilous basis for doing business. Astute executives do not rely on hope. They look instead for those elemental facts of business which may serve as trustworthy guides. American Appraisal Service provides such facts regarding property, its value, its depreciation, and its effect upon earnings.

NEW YORK BOND PRICES

NEW YORK, March 3. (AP)—Dullness characterized the trading in all groups of bonds today. The general undertone was firm, but inquiry was light. Rails averaged a trifle higher.

Transactions in government bonds were inconsequential, suggesting a quiet Saturday rather than a full five hour session. Gains matched losses in the net changes, running close to one sixteenth of a point in either direction. Although the terms of the midmonth Treasury financing have not been announced, it is believed in some quarters that the government will finance entirely with a low-coupon certificate, postponing an additional offering of the discount bills. The maturing Treasuries bear 5¼ per cent interest.

French Republic 7s finished with a flourish, rising to 116¾, a new high for the year. The 7½s were more active, but failed to move appreciably. Belgium 6s advanced a point. British 5½s moved within the unusually wide range of 1⅛, but closed at the bottom, 102⅝, for a small net loss.

Two of last week's favorites again led the convertible group. American Telephone 4½s touched 163¼, a high for the year, at the peak of the stock's strength and then steadily declined for a 1¾ point net loss. The other active issue was the Parmelee Transportation 6s which also made a 1930 record price of 86⅝.

Investment rails gave a rather dull performance. Nickel Plate "A" 5½s, Missouri, Kansas and Texas prior lien 5s, Northern Pacific prior lien 4s and Great Northern 7s were firm. Pennsylvania 6½s touched 109 and then slipped back for a decline of ⅝. Canadian National 5s lost ⅛.

Armour Real Estate 4½s sagged to a minimum for the year. Goodrich 6½s and Goodyear 5s were firm.

Specialties were featured by a rise of nearly 3 points in the Pathe 7s without warrant.

The American and Foreign Power Company's $50,000,000 bond issue is being offered tomorrow. The securities are debenture 5s with a 100-year maturity and will be sold at 90.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

[illegible]

New Issue

We Offer, When, As and If Issued and Received By Us

$750,000
GARFIELD BUILDING
Los Angeles, California

First Mortgage Leasehold 6½% Sinking Fund Gold Bonds
(General Obligation of Sun Realty Co.)

Dated: March 1, 1930 Due: March 1, 1946

Interest payable March 1 and September 1. 2% Federal Income Tax paid by borrowing corporation as to United States residents; 5% as to non-residents.

TRUSTEE: Union Bank & Trust Co. of Los Angeles
DEPOSITARY: Straus National Bank and Trust Company of New York

The following summarizes a letter signed on behalf of Sun Realty Co., the borrowing corporation, by I. Eisner, President:

SECURITY: This bond issue will be secured by a direct closed first mortgage on the leasehold estate in the land and the completed building erected thereon, known as the Garfield Building. This building is situated at the northwest corner of Eighth and Hill Streets, Los Angeles, Calif., the land having a frontage of approximately 57.19 feet on Hill Street and 159.85 feet on Eighth Street. The land is held by the borrowing corporation under a ground lease, dated July 1, 1929 and extending 84½ years from that date.

Garfield Building, completed in September 1929, is a twelve story office and store building, of reinforced concrete, fireproof construction. In addition to the ten stores located on the ground floor, this building contains approximately 53,447 square feet of office space and is in every respect an adequately equipped modern office building. It will be adequately protected by fire and earthquake insurance.

VALUATION: The value of the building and leasehold estate has been appraised by independent appraisers as follows:

METCALF & RYAN, of Los Angeles, California..............$1,400,000
ROBERT BAKER, of Los Angeles, California..............$1,450,000

Based on the lower of these appraisals, this bond issue represents less than 54% of the appraised value of the mortgaged property.

ESTIMATED EARNINGS: Based on rentals obtained from leases now in effect, it is estimated this property will yield a net annual income of not less than $135,174, which is more than 2.75 times the greatest annual interest charge.

LOCATION AND DEMAND: Garfield Building is located at one of the most important business corners in downtown Los Angeles. There is a strong and dependable demand for office and store space in this vicinity.

BORROWING CORPORATION: These bonds will be the direct obligation of Sun Realty Co., one of the largest owners of business property in the City of Los Angeles. Its officers and directors are: President, Mr. I. Eisner, Director of Union Bank & Trust Co. of Los Angeles; Vice-president, Mr. Victor H. Rossetti, Vice-president of the Farmers & Merchants National Bank of Los Angeles; Vice-president, Mr. Ben R. Meyer, President of the Union Bank & Trust Co. of Los Angeles; Director, Mr. Marco H. Hellman, Vice-president of the Bank of America of California; Treasurer, Mr. Leo Jacoby, President of Jacoby Bros.; Secretary, Mr. Louis M. Lissner, Attorney. The consolidated balance sheet of Sun Realty Co. as of January 31, 1930, before giving effect to this bond issue, reflects the following conditions: Total assets $31,529,667.55, total outstanding capital stock $2,400,000, being $1,000,000 7% cumulative preferred and $1,400,000 common. Surplus account $14,071,193.23.

SINKING FUND: Through the operation of a sinking fund, bonds will be retired annually in amounts increasing from $18,500 in 1933 to $40,000 in 1945, leaving a balance of $384,500 maturing March 1, 1946.

Price: Par and accrued interest to yield 6.50%.

For full particulars on bonds secured by Garfield Building, call or telephone today for Circular No. 1000-I

THIS 50-YEAR-OLD BUSINESS
has $117,000,000 in assets

AS THE outgrowth of a business founded over a half century ago, Crown Zellerbach Corporation with its subsidiaries, is the second largest producer of paper products in the world, with total assets of over $117,000,000.

Net profits for the past five years have averaged over $4,100,000 annually, or more than 6.9 times annual interest charges on corporation's 6% debentures. Likewise, net assets applicable to these debentures ($10,000,000 to be presently outstanding) are in excess of $60,000,000.

The corporation or its predecessors has paid dividends without interruption for over 20 years. Valuable warrants entitle holders of each $1,000 debenture to purchase 20 shares of corporation's common stock at $20 per share up to September 1, 1931, and at higher prices thereafter.

The 1928-1929 price range for this stock on the New York and San Francisco Stock Exchanges was 16 low, 29¾ high ... evidence of the attractiveness of this privilege. We offer

CROWN ZELLERBACH CORPORATION
6% Gold Debentures, due 1940
(Application will be made to list on New York Stock Exchange)
Price 98 and Interest, to yield about 6.25%

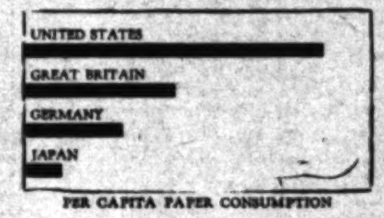
The World's Largest Consumer of Paper



PER CAPITA PAPER CONSUMPTION

THE United States is the world's largest consumer of paper. Recent statistics show that the annual per capita consumption in this country amounts to twice that of Great Britain, three times that of Germany and seven times that of Japan.

The Crown Zellerbach Corporation occupies a dominant position among the paper companies supplying this enormous market. Together with its subsidiaries it ranks second in the world in the production of paper products. Its assets are approximately $117,000,000.

The success of its operations under the guidance of unusually capable management is strikingly indicated by its record of earnings. For the past five years net profits of the corporation and its subsidiaries averaged $4,157,378 annually which is equivalent to over 6.9 times annual interest requirements on the corporation's 6% debentures. We offer

REACTION HITS STOCK MARKET

(Continued from Twelfth Page)

new high levels for the movement. Oils were firmer in response to more favorable California production figures.

A further break in wheat futures was not unexpected in view of the smart rally from the recent lows, but contributed to the unsettlement on the stock market. Closing prices were 2 5-8 to 4 3-8 cents lower.

Corn lost about a cent, and cotton futures declined 55 to 85 cents a bale.

Credit conditions were easy, with call loans at 4 per cent at the loan post, and available at 3½ per cent outside. Foreign exchanges generally sagged. Sterling cables reached $4.85 7-8, a new low for 1930. The Spanish peseta was further depressed, reaching a new low level at 11.96 cents. Some of the far eastern exchanges were buoyed by the Chinese plan to impose an import duty on silver.

RUBBER MARKET

NEW YORK, March 3. (Exclusive)—Futures on the local rubber exchange today were again under pressure as the operator for a large downtown brokerage firm continued his relentless hammering of prices. Sales, 232 lots, or 730 long tons.

Crude rubber stocks in Liverpool at the close of last week amounted to 20,693 tons and showed an increase of 989 tons over the 19,704 total in the preceding week. At London rubber stocks increased 1658 tons to 64,483, against 62,725 at the end of the previous period. London spot closed at 7 13-16d, off 1-16d. Outside spot here fell ⅛c to 13⅝c.

WOOL MARKET

BOSTON, March 3. (AP)—Demand for wool shows a gradually broadening tendency as the medium grade becomes more active. Trend is strongest on 58s, 60s or finer domestic wools, but recently demand spread out to include 48s, 50s and some 56s in sizable quantities. The receipts of domestic wool at Boston during the week ending the 1st inst. amounted to 741,400 as compared with 380,500 pounds the previous week.

NEW YORK CURB STOCKS

NEW YORK, March 3. (AP)—Strong selling resistance developed in today's curb market when efforts were made to extend the recent recovery in prices, with the result that the general list displayed considerable irregularity at the close. Strong buying support was apparent for several of the public utility, natural gas and oil issues, but several points of weakness also developed in these groups, as well as in a scattered assortment of other issues.

Electric Bond and Share was marked up to a new high at 104¾ and then eased to 102¾ for a net loss of ¾. Cities Service moved up 1¼ to a new high at 35, and maintained its gain. Cleveland Electric Illuminating moved up to a new high at 84½. American Light and Traction jumped 3½ points, but American and Foreign Power warrants, American Gas and Electric, American Superpower, Middle West Utilities and Northern State Power "A" lost ground, the recessions ranging from fractions to nearly 2 points.

A sudden revival of activity in the oil shares probably was influenced by the reported reduction of 75,000 barrels in the daily average of crude production in California last week. Gulf Oil ran up more than 5 points and retained all but 2 points of its gain. Humble, Illinois Pipe Line and Indian Territory advanced 1 to 2¼ points, the last named mounting to a new high for the year. Plymouth Oil dropped 2 points to a new 1930 low at 24 and then recovered half its loss.

Glen Alden Coal dropped 2 points to a new 1930 low at 110. Mangel Stores, Metropolitan Chain Stores, Paramount Cab and Safeway Stores second warrants sold at new low prices.

The brisk demand for the natural gas stocks was prompted by merger reports involving several of the leading companies. United Gas and Memphis Natural Gas were pushed up to new high levels.

The closing price is omitted when same as the low and both low and close when same as the high.

WEEKLY BANK CLEARINGS

Weekly bank clearings as reported to the California State Chamber of Commerce by the several clearinghouse cities for the five-day week ending Thursday, February 27, showing increases and decreases as compared with the corresponding week last year.

BARNSDALL CORPORATION

1929 — Eleventh Annual Report — 1929

To the Stockholders:

The Eleventh Annual Report of Barnsdall Corporation and its Subsidiary Companies covering the year ending December 31, 1929 is submitted herewith.

CAPITAL STRUCTURE: There have been no material changes in the capital structure of the Corporation since the last annual report. All of the bonds of Barnsdall Corporation have been retired.

OPERATIONS: Overproduction of petroleum in the industry continued and stocks increased at a rapid rate throughout the year. Conservation efforts encountered serious resistance during the early part of the year. Toward the end of the year, however, production of crude petroleum was approximately balanced with consumption. The Refining Division of the oil industry is in an unsatisfactory condition, prices for refined products at the refineries being generally unfavorable. Because of the conditions existing in the refined oil markets, the Corporation's Refineries were operated during the past year at only about 50% of their capacity.

As a result of unstable conditions, operations of the Corporation have been carried on in harmony with "proration" programs in effect in various fields. As an instance of the Corporation's co-operation in this movement, the Barnsdall-Rio Grande properties at Elwood Terrace, Santa Barbara, California, have an actual flow of 48,000 barrels per day, but under the proration agreement only 20,667 barrels are being produced. Operations in other fields were also reduced to a great extent.

Competent engineers report the proven oil reserves under the properties of the Corporation to be greatly in excess of any heretofore reported.

Realizing the growing importance of retail and wholesale marketing outlets for the refined products of the Corporation, the distributing division facilities have been increased through purchase of an 85% interest in The Brownell Corporation, with headquarters at Sioux Falls, South Dakota. This unit operates twenty-nine bulk stations and thirty-six retail service stations in Iowa and South Dakota and is gradually extending its operations in line with the general policy of the Corporation. The Corporation has also added six bulk stations and twenty-eight service stations to its distributing system in the States in which it has heretofore operated, the total facilities in this department being as follows:

State	Bulk Stations	Service Stations— Owned	Leased	Total Stations
Arkansas	22	12	23	57
Illinois	9	5	5	19
Kansas	32	17	102	151
Missouri	40	11	120	171
Oklahoma	50	49	31	130
Total (Barnsdall) Stations	153	94	281	528
Brownell Corporation	29	28	8	65
Grand Total	182	122	289	593

The Land and Geological Department has been active in protecting future operations of the Company. Due to expiration of leases, or as a result of drilling having indicated that the area would be unproductive, a total of 56,000 acres was surrendered. Carefully selected leases were purchased through the various prospective fields, aggregating 140,000 acres, with a net increase in unoperated acreage of over 80,000 acres as compared with that at the end of 1928.

During the year, subsidiary companies completed 111 wells, of which 70 were oil wells, 3 were gas wells and 38, unproductive. The daily average net production during the year 1929 was 27,581 barrels, compared with 25,919 barrels in 1928. Of the 1929 production, less than 1% was in the heavy oil class.

A summary of acreage and wells in which the Corporation and its subsidiaries owned interests on December 31, 1929, follows:

	Oil & Gas Wells	Acreage— Operated	Unoperated
Arkansas			1,020.00
California	124	1,301.26	4,330.49
Indiana	13	172.00	
Illinois	22	120.00	80.00
Kansas	136	2,492.00	150,326.37
Louisiana			215.00
New Mexico			29,775.00
Oklahoma	1,790	36,880.10	50,848.22
Ohio	184	3,301.04	826.00
Pennsylvania	291	4,355.50	139.25
Texas	177	4,519.08	91,583.84
West Virginia	316	22,327.93	4,030.24
	3,053	75,868.91	333,174.41

The several subsidiary companies produced the following products during the year:

Natural Gas (M Cu. Ft.)	8,831,810
Crude Oil—Net Barrels	10,067,105
Casinghead Gasoline—Gallons	22,736,632
Refined Petroleum Products—Gallons	122,324,704
Refined Petroleum Products (Coke—Tons)	7,726
Tripoli Sales (Tons)	17,123

Gross sales of all products for the year amounted to $31,285,004.14, an increase of $2,200,172.95. Net Income for the year after all expenses, including interest and taxes, amounted to $14,327,501.91, as compared with $10,717,092.47 in the preceding year. After deducting depreciation, depletion and development charges of $7,123,177.73 and adjusting losses applicable to minority interests, the balance applicable to the outstanding stock of the Corporation was $7,205,161.56, as compared with $4,039,861.00 for the preceding year. The net earnings for 1929 were equivalent to $3.20 per share on 2,247,602 shares (including 31,100 shares purchased by the Corporation during the latter part of the year), as compared with $3.13 per share on an average number of shares outstanding during the preceding year of 1,288,592 shares. All drilling and intangible development costs incurred during the year, amounting to $2,686,704.50, were charged against earnings.

Attention is called to the fact that reserves set aside out of earnings for the year for depletion and depreciation have been more than sufficient to cover all additions to property account during the year. The ratio of net current assets to net current liabilities on December 31, 1929, was 4.36 to 1.

The average price received by the Corporation for its crude production in 1929 was $1.42 per barrel, compared to $1.38 in 1928 and 1927.

Other statistical data on the operations of Barnsdall which may be of interest follow:

Number of Employees	2,421
Number of Tank Cars Owned or on Purchase Contract	1,081
Autos, Trucks and Tractors Owned	432
Miles of Pipeline	468
Number of Pump Stations	19
Crude Storage Capacity (Barrels)	2,352,000
Refined Oil Storage Capacity (Barrels)	1,039,755

Stockholders of the Corporation increased during the last quarter of 1929 from 8,433 to 11,618—a gain of 38%.

Consolidated Balance Sheet and Statement of Income of Barnsdall Corporation, including all of its subsidiary companies fully owned or controlled, are appended.

E. B. REESER, *President.*

By order of the Board of Directors,
M. C. BRUSH, *Chairman.*

Transportation

has always brought wealth

Think back over the ages—the ship owners of early England, the railroad magnates of the 90's, the automobile manufacturers of the last decade—all have amassed great wealth through furnishing transportation to the public.

The motor stage is the transportation of today and the Pickwick Nitecoach is the last word in motor transportation. Its success is already established with the demand for its service growing steadily.

Let us tell you more about them. Simply send name and address below.

Tone on Wheat Market Weaker; Prices Slump

CHICAGO, March 3. (AP)—Suffering a maximum fall of 3 cents a bushel today, wheat future delivery contracts recovered but little of the loss and the market closed shaky. The chief unsettling influence appeared to be action of the Federal Farm Board's allies in putting an end to payment of a fixed price for purchases of country run wheat at terminal markets. Unyielding dearth of export demand for wheat from North America counted also as a weight on the market, with visible and invisible domestic supplies estimated today to be fully as large as a year ago.

Wheat closed unsettled, 2⅝@4¼ cents a bushel lower than Saturday's finish. Corn closed 1@1½ cents down; oats ⅛@⅝ cent off, and provisions unchanged to a rise of 3 cents.

For at least the time being modification of buying plans of the government sponsored trade bodies was generally construed as a bearish market influence, although in some quarters the modification was referred to as merely withdrawal from a weak salient. Friends of higher prices were handicapped because the Farm Board loan basis does not at present apply to the 1930 domestic crop, and so gives little if any support to July and September wheat contracts as distinguished from March and May. A noticeable development was that the severest break in prices today was on July wheat.

Contributing to the general weakness was the fact that Liverpool quotations went downgrade regardless of price advances Saturday on this side of the Atlantic, and notwithstanding a decrease in the amount of wheat on ocean passage to Europe. A decrease of 1,894,000 bushels for the week in the United States wheat visible supply was virtually ignored and so likewise was an estimated falling off of about 30,000,000 bushels in farm reserve stocks of domestic wheat compared with a year ago.

Corn and oats gave way with wheat despite estimates that, with the exception of 1925, the present stocks of corn on farms are the smallest since 1910.

In provisions the hog market strength more than offset the influence of grain weakness.

LOS ANGELES MARKET

CATTLE—The moderate supply of cattle for the week's opening session ran largely to steers. Trade was moderately active under a fair demand and bulk of desirable offerings had changed hands by the noon hour. Steers were mainly steady but the light supply of she stock moved on a steady to strong basis with spots showing some upturn. Bulls were generally unchanged. Bulk of receipts were intermountain stock, with a few loads from California and Arizona.

A load of 703-pound steers on the baby beef order brought 11.75. Four loads of around 900 to 1291-pound steers brought 11.60 and 11.70, with numerous loads of steers mostly around 1000 pounds at 11.35@11.50. Odd packages of plainer steers brought 10.25@10.75, with low grades down to 9.65 and below.

Heifers were scarce with a few small lots of medium quality selling at 10.00@10.25 and a part load at 9.35. Odd head of common kind went down to 8.00. A few 1063-pound cows brought 9.35, with odd head at 9.00. Odd lots of top medium cows made 8.75, with bulk of common to medium quality going at 7.25@8.50. Low cutters and cutters ranged from 4.00@7.00, with bulk at 4.25@6.75. Odd bulls scored 6.75@8.75.

CALVES—An increased supply of vealers met with a strong demand and prices. Practical top on light vealers stood at 16.50, with odd head up to 17.00. A load of 260-pound averages brought 16.00, with other loads, including some heavier calves at 14.00@15.00. Plainer and heavier weights were fairly numerous at 10.00@13.50, with very few culls under 9.00.

HOGS—The moderate supply of hogs were slow to move. Sales made were considered steady to 40c lower, with several loads in first hands held for steady prices. Two loads of desirable weight eastern butchers with freight benefit brought 12.00 but practical top stood at 11.75, paid for around eight loads of 166 to 195-pound Colorado, Nebraska and Utah hogs. A few loads were held at around 12.00. A load of light Utahs brought 11.65, with a load around 205 pounds at 11.60. A short load of 163-pound Arizonas made 11.25 and odd packing sows scored 9.00@9.25.

SHEEP—Early offerings consisted of four decks of ewes which sold 25@50c lower. Eight decks of lambs arrived about noon and two decks were sold at about steady prices with bids lower on others. A package of 75-pound milk lambs brought 12.00. Four decks of medium 110-pound ewes made 6.00, sorted 100 head at 4.00. Two decks of 95-pound lambs scored 10.50, with considerably less money bid on the others.

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 11.00@12.25; 950 to 1100 pounds, good, 11.00@12.10; 800 pounds up, medium, 10.00@11.00; common, 8.00@10.00. Heifers, 850 pounds down, good, 9.50@10.50; common and medium, 7.00@9.50. Cows, good, 8.85@9.50; common and medium, 6.85@8.85; low cutters and cutters, 3.75@6.85. Bulls, yearlings excluded, good beef, 8.00@9.00; cutter to medium, 6.00@8.00. Calves, 500 pounds down, medium to choice, 11.50@14.50; cull and common, 8.50@11.50. Vealers, milk fed, good and choice, 14.00@16.50; medium, 12.50@14.00; cull and common, 9.00@12.50.

Hogs, Medium weight, 200 to 250 pounds, medium to choice, 10.75@11.65; light weights, 160 to 200 pounds, medium to choice, 11.00@11.75; light lights, 130 to 160 pounds, medium to choice, 10.75@11.75. Packing sows, rough and smooth, 8.00@9.50. Slaughter pigs, 90 to 130 pounds, medium to choice, 9.15@11.15. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Lambs, 84 pounds down, good and choice, 10.50@11.50; 92 pounds down, medium, 9.50@10.50; all weights, common, 8.50@9.50. Ewes, 120 pounds down, medium to choice, 5.00@6.50; all weights, cull and common, 2.25@5.00.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, March 3. (AP)—Hogs, 300; around 25@40c higher than Friday; uneven, 160 to 200-pound Californias, 12.00@12.10; load 190-pound Wyomings, 12.10.

Cattle, 375; steers steady; good lights absent; two cars fed 1150-pound Utahs, 11.50; two loads Californias, 11.40; two cars medium 950 to 1025 pounds, 10.50@10.75; good heifers absent; she stock 25c higher; three cars weighty cows, 9.25; medium absent; few common, 7.50; cutters, 6.50; bulls quoted up to 8.50.

Calves, none; choice vealers quoted 14.00@14.50.

Sheep, 2000; about steady; six decks medium to good 73-pound Oregon lambs, 11.60 straight; deck 74-pound Californias, 11.75; two decks wooled 104-pound Idahos, 9.50.

CHICAGO, March 3.—Hogs, 45,000; 15@25c higher; 230 to 300 pounds, 9.85@10.70; 130 to 160 pounds, 10.00@11.25; packing sows, 8.50@9.65; pigs, 9.00@10.75.

Cattle, 12,000; calves, 2500; steady to 25c higher; steers, 1300 to 1500 pounds, 13.00@15.00; 950 to 1100 pounds, 12.00@15.75; fed yearlings, 12.75@15.75; heifers, 11.75@14.25; cows, 7.50@10.25; cutters, 4.25@5.50; bulls, 7.75@9.00; vealers, 9.75@14.00; stocker and feeder steers, 10.75@11.75.

Sheep, 21,000; slow, steady to strong; light lambs, 10.25@10.75; fat ewes, 5.75 down; feeding lambs slow; lambs, 92 pounds down, 10.00@11.25; 92 to 100 pounds, 8.75@10.75; ewes, 92 to 100 pounds, 8.75@10.75; ewes, 150 pounds down, 4.50@5.75; feeder lambs, 9.25@10.25.

SOUTH ST. PAUL, March 3.—Cattle, 2300; slow, strong; steers, 10.00@11.50; beef cows, 6.00@7.50; heifers, 7.50@8.75; cutters, 4.50@5.25; bulls, 7.50 down; stockers and feeders steady; stockers, 8.75@10.00; calves, 1500; steady, 10.50@11.00.

Hogs, 9000; strong to 20c higher; 160 to 220 pounds, 10.50@10.70; packing sows, 8.50@9.00.

Sheep, 3000; steady; bidding 9.50@9.75 for lambs; bidding 5.00 down on ewes.

OMAHA, March 3.—Hogs, 10,000; butchers, bulk weight, 10.50@10.75; packing sows, 9.15@9.35.

Cattle, 8000; fed steers and yearlings mostly 11.00@13.00; heifers, 10.00@12.10; bulk beef cows, 6.50@8.00; choice lots, 9.00; practical top vealers, 13.50; stocker and feeder steers, 10.75@11.75.

Sheep, 16,000; best light lambs held around 10.25; best wooled ewes, 5.00; shorn ewes, 4.50; 82-pound shearing lambs, 8.50.

KANSAS CITY, March 3.—Hogs, 13,000; direct, 500; fairly active on offerings scaling 240 pounds down; 15@25c higher than Saturday's average; no action on weighty kinds, big packers going slow; top, 10.90 on sorted 180 to 210 pounds; bulk desirable 160 to 240 pounds, 10.65@10.85; packing sows mostly 8.25@9.10.

Cattle, 16,000; fed steers and light yearlings in light to moderate supply, opening fully steady; light yearlings and fed heifers scarce, steady to strong; cows slow, bulls steady, vealers tending lower; choice steers averaging around 1300 pounds, 14.00; bulk fed steers eligible to sell around 11.00@12.50; fed heifers, 9.50@12.00; medium bulls, 6.75@7.50; talking 12.00 down on most vealers; bulk stocker and feeder steers, 10.25@12.00.

Sheep, 11,000; opening sales lambs steady; no choice light weight kinds sold early; 93 to 98-pound woolskins, 9.00@9.25; shorn lambs, 8.50@8.75.

DENVER, March 3.—Hogs, 2800; nineteen loads direct, three to California; slow; no butchers sold, bidding around 10@15c higher or up to 10.50 on light weights; packing sows, 8.50.

Sheep, 10,500; no early sales; asking around 25c higher on fed lambs; prospects steady on sheep.

Cattle, 3500; fat she stock opening steady to strong; other killing classes generally steady; beef steers, 11.00@11.75; few loads cows to packers, 8.00; several loads to California, 7.50@8.10; load horned cows to Arizona, 7.40; top heifers around 675 pounds, 11.65; bulls, 7.50 down; choice vealers, 13.00; stockers and feeders mostly steady to strong; steers around 700 pounds, 12.15.

ST. JOSEPH, March 3.—Hogs, 7000; fairly active, 20@25c higher; 170 to 220 pounds, 10.75@10.85; sows, 9.00@9.25.

Cattle, 3200; fairly active, strong to 25c higher; steers and yearlings, 11.50@13.75; heifers, 9.50@11.50; cows, 6.50@7.75; bulls, 6.00@7.00; vealers, 14.00; stockers and feeders, 10.75@11.50.

Sheep, 11,000; no early action; fat lambs indications steady to strong.

PORTLAND, March 3.—Cattle and calves steady; receipts, cattle 2325, calves 275; steers, 1100 to 1300 pounds, 11.50@12.00; heifers, 10.15@10.75; cows, 9.25@9.75; bulls, 8.00@8.50; calves, 9.50@11.00; vealers, 11.00@13.50.

Hogs, 15c higher; receipts 2500; heavy weight, 10.25@11.50; medium weight, 10.75@12.00; light weight, 11.85@12.00; light lights, 10.75@12.00; packing sows, 9.25@10.25.

Slaughter sheep and lambs talking steady; receipts 500; lambs, 9.75@10.50; yearling wethers, 6.50@8.50; ewes, 5.00@6.50.

HONEY MARKET

The Southern California local market for honey was fairly firm today, but the export demand was dull. Prices on clover honey and on beeswax were slightly lower. Prices per pound f.o.b. shipping point to beekeeper:

Intermountain mixed white clover and alfalfa, 6¾@7c.

Intermountain white to water white clover, 6¾@7c.

California light amber alfalfa, 6½@6¾c.

California light amber eucalyptus, 6@6½c.

California star thistle extra light amber, 8¾@9½c.

California star thistle white, 8½c.

California white orange, 11½@12c.

California white sage, 11c.

California water white sage, 12½c.

California light amber sage, 8½@9c.

California light amber sage buckwheat, 10c.

Beeswax, 24@28c.

THOMPSON NET GAINS

CHICAGO, March 3. (Exclusive) John R. Thompson Company reported today net profits for 1929 of $1,584,836, equal to $5.28 a share on 300,000 capital shares against $1,152,207 or $4.80 a share on 240,000 shares in 1928.

PRODUCE MARKET

(United States Bureau of Markets)

Movement of fruit and produce was better on yesterday's market, with lighter receipts in some lines and prices generally steady to firmer. Apples about steady. Artichokes stronger. Asparagus stronger. Avocados firm. Brussels sprouts and broccoli steady. Bananas firm, with light supplies. Cabbage and cauliflower stronger. Bunched vegetables in lighter supply. Celery slow. Cucumbers steady. Eggplant weaker. Lettuce steady. Peas steady. New potatoes stronger. Tomatoes weaker.

APPLES—Pound, Watsonville, Newtowns, 3@5½; Idaho, Rome Beauty, Jonathans, 3@5½; White Winter Pearmains, 5½@6; Delicious, 6½@7; bushel baskets, Idaho, Rome Beauty, 2.25@2.50; Winesaps and White Winter Pearmains, 2.00@2.25; Jonathans, 2.50@2.60; smaller, 1.25@1.50; Washington, packed boxes, Delicious, extra fancy, medium to large, 3.70@3.90; Rome Beauty, medium, fancy, 2.35@2.50; extra fancy, 2.60@2.85; C grade, 2.00@2.25; Winesaps, extra fancy, 2.65@2.75; Jumbles, small, 1.35@1.50.

ARTICHOKES — Salinas, 4½-5 dozen, 4.25@4.50; smaller, 3.75@4.00; San Luis Obispo, 5s, 3.35; 6s, 3.00; Davenport, 5s, 4.00; smaller, 3.50@3.75.

ASPARAGUS—Imperial Valley, crates, unclassified, 4.50; choice, 5.50; extra choice, 6.50@6.75; fancy, 7.50@8.00; Coachella, best, 9.00; fair, 8.00; Sacramento, Delta, pound, 18@20; best, 24@26; local, best, 35@40; Oceanside, shorts, 20@22.

AVOCADOS—Local, loose, pound, Fuerte, 60@65; some 55; Challenge Spinks, 35@40; Duttons, 40; fancy packed, flats, 20s-24s, first grade, 8.25@9.00; second grade, 7.25@8.25.

BANANAS—Per pound, 6@6½; some 7.

BROCCOLI — Local, northern, 5@7; mostly 6.

BRUSSELS SPROUTS—Pound, northern, 9@10; best, 12@13.

BUNCHED VEGETABLES — Local, per dozen bunches: Carrots, 30@35; beets, 20@25; turnips, 30@35; mustard greens, 15@20; parsley, 17½@20; daikon, 30@35; radishes, small red, 12½@15; oyster plant, 30@35; spinach, 15@20; Kohlrabi, 25@30.

BEANS—Mexico, pound, Kentucky Wonders, extra fancy high as 30.

CABBAGE — Local, Cannonball, crates, 1.50@1.75; best, 2.00; ordinary, 1.00@1.25.

CAULIFLOWER—Local, field crates, 75@85; best, 1.00@1.75; some 1.25.

CELERY—Crates, 3½-4½ dozen, Venice, 1.50@2.00; mostly 1.75; Chula Vista, 3.00@3.25; Lomita, 4s, 2.25; Long Beach, 2.50.

CHICORY—Local, field crates, 75@85.

CUCUMBERS—San Diego, hothouse, per dozen, 1.75@2.25; ordinary, 75@1.00.

EGGPLANT — Pound, Coachella, 6@7; ordinary, 3@5; Mexico, 7@8; poorer, 5@6.

GRAPEFRUIT—Per box, Imperial, fancy, 64s, 4.50; 80s-100s, 4.75@5.00; choice, 64s, 3.75@4.00; 80s, 3.50; market pack, 80s-100s, 3.25; 130s, 3.00; Coachella, fancy, 48s-64s, 6.00; 80s-100s, 5.25@5.50; choice, 64s, 4.00; 80s-100s, 4.75; Arizona, fancy, 48s-80s, 5.00; 100s, 4.75.

LETTUCE — Crates, Iceberg, Imperial Valley, iced, 4-5 dozen, 1.50@1.60; dry packed, 4s, 1.00@1.25; 5s, 75@1.00; 3s, 85@90; Romaine, local, 75@80.

NAPA—Per crate, 75@85.

ONIONS — Street sales, local, sacked cwt., Spanish, 1.25@1.35; Lake View, Spanish, 1.35@1.50; Utah, U. S. No. 1, medium, Spanish, 1.65.

ORANGES—Local, boxes, navels, fancy, 80s, 3.50; 100s, 3.75; 126s, 4.25; 150s, 5.00; 176s, 5.25@5.50; 200s, 5.75; 216s-252s, 6.25; local, loose, standards, medium, 2.00@2.25; large, 1.40@1.50; small, 1.75.

PEAS — Imperial Valley, pound, Telephone, 8@9; ordinary, 6@7; 40-pound crates, 4.00; Coachella, Admirals, 8@9; Orange county, 6@7½; few 8; San Diego county, Telephone, fair, 5@6; Mexico, 45-pound crates, 4.50@5.00.

PARSNIPS—Local, lugs, 85@90; ordinary, 75.

RHUBARB—Local, per apple box, Winter Crimson, 90@1.10; cherry, 1.40@1.50; 20-pound boxes, packed, cherry, 80@85; San Leandro, 40-pound boxes, strawberry, extra choice, 4.75; fancy, 5.00.

PEPPERS — Pound, Mexico, California Wonders, 18@20; Ruby Kings, 17; Floral Gems, 20@22.

RUTABAGAS — Local, lugs, 80@90; sacked cwt., 2.50.

SQUASH — Imperial Valley, Hallar. crates, 2.50@2.75; some, 3.00; lugs, 3.50@3.75; White Summer, 3.00@3.50; mostly 3.25; San Diego, Italian, lugs, 3.00@3.25; ordinary, 2.75; Mexico, Italian, lugs, 2.25; White Summer, 3.75.

STRAWBERRIES — Local, 30-basket crates, 7.50@9.00; Imperial, 12-basket trays, 3.00@3.75; extra fancy, 4.00@4.25.

SWEET POTATOES—Merced, Jersey, per pound, 6@7; local, Jerseys, lugs, 1.35@1.50; bushel baskets, Nancy Halls, Arkansas, 2.35@2.50; Tennessee, 2.40@2.50; New Mexico, 2.50@2.60; Arkansas, Porto Ricans, 50-pound crates, good quality, 2.75.

TANGERINES—Local, pound, 6@7; ordinary, 5½.

TOMATOES — Mexico, pound, fancy stripped, 11@12; mostly 11; Circles, 9@10; Gems, 7@8; Originals, fancy, 2.75; choice, 2.25; Circles, 2.00.

POTATOES—San Diego, new stock, 8@9; No. 2s, 5½@6; brokers' sales, Stockton, sacked cwt., Burbanks, best special marks, 3.00; Idaho, sacked cwt., Russets, U. S. No. 1, 2.60@2.85; few, 3.00; U. S. No. 2, no sales reported.

NEW ISSUE

$4,000,000

The Greyhound Corporation

Three-Year 6% Collateral Trust Gold Notes

(With Warrants)

Each $1,000 principal amount of Notes carries a non-detachable warrant entitling the holder to purchase 10 shares of Common Stock of the Corporation at $15.00 per share on or before March 1, 1931; or thereafter at $17.50 per share on or before March 1, 1932; or thereafter at $20.00 per share on or before March 1, 1933.

Dated March 1, 1930 Due March 1, 1933

Authorized $4,500,000; presently to be issued $4,000,000. Principal and semi-annual interest March 1 and September 1, payable at the office of the Trustee. Coupon Notes in denomination of $1,000, registerable as to principal only. Redeemable at the option of the Corporation, in whole or in part, upon thirty days' notice at the principal amount and accrued interest plus a premium of ¼% for each six months or fraction thereof between the date of redemption and maturity.

Interest payable without deduction for normal Federal income tax not in excess of 2% per annum. Refund of certain Minnesota, Pennsylvania, Connecticut, Kansas and California taxes not to exceed 4 mills, Maryland tax not to exceed 4½ mills, Kentucky, Virginia, West Virginia and District of Columbia taxes not to exceed 5 mills, Michigan exemption tax not to exceed 5 mills, and Massachusetts tax measured by income not to exceed 6%, to resident holders upon written application within sixty days after payment, all as provided in the Trust Agreement.

FOREMAN-STATE TRUST AND SAVINGS BANK, Chicago, Illinois, Trustee

Mr. O. S. Caesar, President of The Greyhound Corporation, has summarized his letter to us as follows:

BUSINESS: The Greyhound Corporation (formerly Motor Transit Corporation) was organized under the laws of Delaware in 1926 to act as a holding company in the field of motor bus transportation. The Corporation's subsidiaries operate practically all of the important long distance bus lines in the territory between Chicago and New York.

In 1929 the Corporation acquired substantial minority interests in bus companies operating in other sections of the United States, with which companies it has advantageous operating arrangements regarding the interchange of passengers at connecting points, the co-ordination of schedules, group purchasing of equipment and supplies, and the use of the common designation, *Greyhound Lines.* The *Greyhound Lines* form the largest bus transportation system in the United States, serving most of the important cities in the country on daily schedules.

EARNINGS: Consolidated net income of the Corporation and its present subsidiaries available for interest and Federal income tax, after deducting depreciation of $700,669 and eliminating profit from sale of bus lines or interests therein, for the year ended December 31, 1929, as certified by public accountants, was $1,549,964, equal to more than 4 times the combined charges for interest on subsidiaries' debt, minority stock interests in subsidiaries, and annual interest on this issue of Notes. After deducting subsidiary interest and charges for minority stock interests, such net income was over 5.8 times the annual interest requirement of this issue of Notes.

SECURITY: These Notes, in the opinion of counsel, are the direct obligation of the Corporation and are secured by pledge with the Trustee of stocks in affiliated bus companies. The cost of the collateral to The Greyhound Corporation was $6,576,140. The annual dividend income from the pledged securities, based on dividends declared in 1929, is $433,727.

CAPITALIZATION: Upon the completion of present financing, this issue of Notes will be the only funded debt of the Corporation. The total amount of subsidiaries' funded debt, preferred stock and common stock in the hands of the public as at December 31, 1929, was $1,590,368. Based upon the quotations of February 27, 1930, the preferred and common stocks of The Greyhound Corporation, presently to be outstanding, had a market value in excess of $16,500,000. The Corporation's Common Stock is listed on the Chicago Stock Exchange.

OWNERSHIP AND MANAGEMENT: Stock of The Greyhound Corporation, representing control of the Corporation, is owned by the following: Automotive Investments, Inc., Pennsylvania Railroad Company, Southern Pacific Company, Insull interests, Goldman Sachs Trading Corporation and the officers and directors of The Greyhound Corporation. The management of the Corporation is in the hands of men who have operated bus lines successfully since 1915.

PURPOSE: The proceeds of this financing will be used to refund maturing indebtedness, to reimburse the treasury of the Corporation for capital expenditures in the acquisition of new properties, and to provide additional working capital.

We offer these securities when, as and if issued and received by us, subject to the approval of all legal proceedings in connection therewith by Messrs. Junell, Oakley, Driscoll & Fletcher. It is expected that notes in definitive form will be ready for delivery on or about March 11, 1930.

Price 99 and accrued interest to yield 6⅜%

OIL NEWS

BY PORTER FLINT

Entering the Fruitvale field for the first time, the General Petroleum Corporation is constructing derrick for its Shearer No. 4 on a sixty-acre lease northwest of Bakersfield, an offset to the Standard Oil Company's K.C.L. No. 5-2, a producer yielding about 100 barrels of oil a day from a depth below 3500 feet.

General will try for the same shallow production found by Standard. Standard's K.C.L. No. 5-1 went to 4777 feet and discovered considerable production, but at the same time had a great deal of trouble with sand and water. The company's K.C.L. No. 5-3 on Oak street northwest of Bakersfield, is drilling below 4411 feet.

General's new venture is located on the southeast corner of Sec. 23, 29-27, while Standard's shallow production has been found on Sec. 24, 29-27.

Going Deeper

The Texas Company's Newman No. 1 in the Edison district northwest of Bakersfield, continues to drill ahead and is below 6100 feet. Shallow showings were encountered in this project at about 3300 feet, but it failed to show up promising during a production test. It may be drilled considerably deeper to give that area thorough test.

About five miles southeast of Texaco's Newman No. 1, the Shell Oil Company's Edison No. 2-1 is drilling below 2300 feet. Oil sand showings have not been encountered.

Inspection Tour

R. D. Sperry, chairman of the Kern Front and Poso Creek oil fields, has just completed a tour of inspection to determine to what extent the various operators are curtailing production. Chairmen of the fields under the supervision of Umpire Paul Grimm will make reports as to observance of the new program which calls for State-wide curtailment to reach the 609,000-barrel quota set by the fact-finding and general committees.

Watching Results

Umpires Paul Grimm and Neil H. Anderson, upon whose shoulders much of the responsibility has fallen in connection with the State-wide curtailment program, are expecting first returns early this week as to observance of the plan. No figures are anticipated for several days, and those that are received will probably be received from the fields where production is not so great as in the flush fields.

No really large producing wells are expected at Santa Fe Springs as it now is generally believed that the lower Clarke sand is in a slow decline based on the many small completions brought in during the last three weeks. More interest is expected to be shown in the O'Connell sand since it is not so deep and presents fewer difficulties.

The General Petroleum Corporation has just brought in Santa Fe No. 137-E at Santa Fe Springs for 400 barrels of 34.5-deg. gravity oil a day from a depth of 6900 feet in the O'Connell sand. General also is swabbing several other projects that may be on production in a day or two.

Nearing Completion

The Plymouth Oil Company's No. 9 at the corner of Ohio and Twentieth streets in the southeasterly portion of the Signal Hill field, yesterday was preparing to swab with bottom of the hole at 6889 feet. With oil sand penetrated at about 5516 feet, that formation has been practically continuous to present depth and Plymouth anticipates a new producer for the southeast end of the field.

Plymouth's No. 9 is in the same general vicinity where a number of new deep producers have been brought in since the State Company's Sievers No. 1 found production near the corner of State and Freeman streets and extended the bounds of the Signal Hill field. The Petroleum Securities Company's Graham No. 1, the latest completion in that part of the field is a steady producer. As a result of that success Petroleum Securities is planning to deepen the old Universal Consolidated's Graham No. 1 to the same producing formation from about 4550 feet.

Bixby & McAdams No. 1, also in the southeasterly portion of the Signal Hill field is running perforated liner with bottom at 6795 feet and will be ready for a production test this week. Near the corner of Esther and Lowe streets, the Vedetta Oil Company is building derrick for a new test within a short distance of the Colonial Oil Company's No. 7 drilling below 2825 feet. Otis Hoyt's No. 8 near the intersection of Freeman and State streets, is running seven-inch water string with bottom at 6580 feet.

On Production

The General Petroleum Corporation's More No. 1 near Goleta, suspended with bottom at 4553 feet four months ago, has been placed on production and is yielding approximately thirty-five barrels of 41-deg. gravity oil per day along with 15,000,000 cubic feet of gas.

General's More No. 1 originally was out of control six months ago and put out 60,000,000 cubic feet of gas a day and after flowing wild several weeks was placed under control and suspended with intentions of going back into it to straighten the hole. It is within a short distance of General's More No. 2 which also has presented considerable gas trouble. It now is preparing to resume drilling with bottom at 4337 feet.

Cutting Back

The Signal Hill oil field operators are endeavoring to reach the desired quota of 89,000 barrels of oil a day, the amount set by the general committee in order to observe the State-wide curtailment program that went into effect the 1st inst. Yesterday's total production was slightly in excess of 110,000 barrels of oil.

Umpire Neil Anderson now has supervision over Signal Hill, Seal Beach, Richfield, Rosecrans, Dominguez and Huntington Beach. Quite a number of operators in the smaller producing fields have not yet signed the new agreement and considerable effort is being made to line up the stragglers.

About 87 per cent of the Huntington Beach production has signed the new curtailment agreement and 38 per cent of the production has signed at Richfield. A meeting of the Dominguez operators will be held this morning at Umpire Anderson's offices at Long Beach.

MARKET FLASHES

NEW YORK, March 3. (AP)—Stocks irregular; many utilities at year's high.

Bonds steady; rails firm in quiet market.

Curb mixed; Cities Service at new 1930 high.

Foreign exchanges easy; sterling at year's low; Canadian dollar at 1930 high.

Cotton lower; weakness wheat and silver.

Sugar easy; increased spot offerings.

Coffee higher; Brazilian support.

CHICAGO, March 3. (AP)—Wheat weak; withdrawal of Farm Board support.

Corn lower; favorable weather for farm work.

Cattle steady to higher.

Hogs higher.

BUSINESS SKIES HELD CLEARING

(Continued from Thirteenth Page)

a year ago, sight apparently has been lost of the fact that a good deal of the business booked in January was the result of the banking up of potential demand in the last two months of 1929, its release being facilitated by the making of slight concessions in price which thawed out a good many otherwise frozen orders.

The automobile trade, which despite some talk to the contrary seems to have imbibed some consolidation from the well-attended shows, has bought quite freely of the lighter forms of semifinished steel. The backbone of the tonnage output in January, however, seems to have been past heavy orders for rails and cars. Buying of structural steel for heavy construction, the active purchasing by implement manufacturers — whose combined takings, added to the volume of small purchases to provide for the myriad of lighter operations which use this product—made up a good-sized general aggregate.

In the lighter lines of industry the chief activity has seemed to be in shoe manufacturing, the output of silk and rayon and mixtures thereof, with wool and cotton, which have gone into dresses, hosiery, bathing suits and a variety of other manufactures.

BUILDING TRADES LAG

Building and its kindred trades, lumber, cement, brick and plumbing and sanitary ware, have been repressed even below the normal seasonal volume by the combination of past overbuilding, bad weather and the rather slow thawing out of the money and credit situation as it affects this important group of industries. The coal trade has been benefited by the weather but there has been apparently plenty to spare for domestic needs and for use by industries.

The combination of large stocks of copper and slackness of foreign demand has forced curtailment of production in leading western mining centers. It is becoming evident, however, that with the passage of winter and the recent appearance of good orders for electrical materials for spring work, buyers and sellers may agree on an attractive basis for business in this product which is one of the conspicuous exceptions to the down turn in commodity prices now the subject of much remarks.

COTTON BUYING SLOW

In wholesale and retail trade the pace set suffers by comparison with that shown in the steel and some other industries. The textile trades, of course, bulk large in these branches of distribution. While broad silks have done fairly well, the weakness in cotton prices, which like those of wheat, seem to have become entangled in the Farm Board's operations, was a bar to business, January seeing a very general shading of cotton-goods prices which seemed to check buying. Foreign and domestic buying of cotton for the season is now well below the like period a year ago despite the fact that it sells 3 cents a pound below that date. Cotton-mill curtailment over the year-end was very pronounced and is expected to continue for a time at least.

The weather also was a physical drawback to general wholesale trade, buying in which is said to be very conservative. Retail trade was affected by the weather, especially in the West, but the early reports of chain and mail-order stores sales, while showing smaller gains than in the months of 1929, still mark moderate advances over a year ago in January. Examples of this are the gain of 9.5 per cent over January a year ago in chain and mail-order stores reporting to date of writing, as against a gain of 10.9 per cent in December and a gain in January, 1929, of 25 per cent over 1928. Department-store sales in January lost 2 per cent from a year ago, when a gain of 6 per cent was shown over January, 1928.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press.)

Carlot shipments of California citrus, compiled from railroad passing reports for the California Fruit Growers' Exchange, were announced as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
February 28	141	24
March 1-2	208	35
Season to date	10,079	1,807
Last season to date	13,965	2,327
CENTRAL CALIFORNIA		
February 28	1	0
March 1-2	1	0
Season to date	4,247	129
Last season to date	5,342	234
NORTHERN CALIFORNIA		
February 28	0	0
March 1-2	0	0
Season to date	370	12
Last season to date	480	47

California oranges were higher in spots and lemons were generally a little easier at eastern and middle western auction centers yesterday. Sales totaled 103 cars of oranges and twenty-two cars of lemons.

Analysis of trading gave the following price range per box:

METAL MARKET

CLEVELAND, March 3. (Exclusive)—Daily Metal Trade today says: Further curtailment in steel buying by the automotive industry is being reflected in a reduction in steel mill operations.

Auto makers are holding down output in line with sales and until the spring trend in demand is established, it is unlikely that automotive steel buying will pick up to any great extent. Slightly better inquiry and specifications for tubular products is reported, but this has failed to offset the decline in automotive demand.

METAL PRICES

NEW YORK, March 3. (AP)—Copper quiet; electrolytic spot and future, 18.

YOUR INCOME TAX

NO. 25

Deductions for depreciation form an important item in the returns of many taxpayers, and are the subject of frequent inquiries. "Depreciation" is defined as "a reasonable allowance for the exhaustion, wear and tear of property used in the trade or business, including a reasonable allowance for obsolescence."

In claiming a deduction for depreciation, several fundamental principles must be observed. The deduction must be confined to property actually used in trade, business, profession or vocation. In general, it applies to the taxpayer's capital assets—buildings, machinery, etc.—the cost of which can not be deducted as a business expense.

Depreciation may be claimed on all business property, which includes not only buildings and machinery of a permanent character, but automobiles, farm tractors, mine and mill equipment, office furniture and books. A lawyer, doctor, or other professional man may not charge off as a current expense the cost of a library used wholly in his profession, this being a capital expenditure and the library a capital asset. But he may deduct an allowance for depreciation, based upon the useful life of the library.

TINTIC STANDARD TO PAY EXTRA DIVIDEND

SALT LAKE CITY, March 3. (Exclusive)—Directors of the Tintic Standard Mining Company have voted the regular quarterly dividend of 20 cents and an added dividend of 10 cents. They are payable the 29th inst. to stockholders of record the 18th inst. It will mean the distribution of $345,995.50 to Tintic Standard stockholders and will bring the total paid out in dividends to $13,133,243, it was announced.

PROFITS OF REALTY TRUSTS DISBURSED

Distribution of profits from private trust No. 50 of $3 a unit, and of the same amount from private trust No. 27 was announced yesterday by Clayton Luckey, vice-president of the Harold G. Ferguson Corporation. Trust No. 50, according to the announcement, has paid nine distributions in the last twenty-seven months, totaling 29 per cent, and trust No. 27 has paid 27 per cent in the same period. Both are managed by the Ferguson Corporation.

SERVEL LOSS SHOWN

NEW YORK, March 3. (Exclusive) Servel, Inc., reported today consolidated net loss in 1929 of $599,887 after charges and extraordinary deductions in the compressor division of $1,391,117, against net income of $236,398 in 1928.

TRANSPORT NET REPORTED

NEW YORK, March 3. (Exclusive) Parmelee Transportation Company reported today net profits for 1929 of $1,305,409, equal after preferred dividends to $4.20 a share on 283,018 common shares.

Investment Counselors for over a Quarter Century

Should stocks be bought *now* ?

... an all-important question answered

It is usual for common stocks to start upward *before* business definitely turns the corner to improvement. The question investors must now decide is whether present rallies are the beginning of a *major movement which reflects a turning point*, or whether they are simply minor movements.

Brookmire answers this in its current bulletin, *because it is the most vital question before investors today.*

The answer is based on a thorough survey of the business situation; the conclusions embody definite recommendations for immediate action.

A complimentary copy of this bulletin will be mailed to interested investors. Use the coupon below.

Our business complacency!

IT IS OUR SMALL-TOWN SMUGNESS . . it has been sharply remarked . . that makes us take such pride . . in the admitted fact . . that the MUTUAL Building and Loan Association OF POMONA . . IS thoroughly old-fashioned . . and correspondingly "small-town."

It is the same sort of provincialism known in England, where hundreds of manufacturers of Great Britain deliberately set themselves production limits beyond which they cannot be coaxed, but who, year in and year out, find their factories booked to the limit.

WE HAVE WON THREE STATE RECORDS . . in the same manner . . by refusing to accept new six per cent accounts . . at any time when we have not sufficient safe loans on hand . . and we've won . . low-loss records the same way.

Correspondingly, in service to our borrowers, we have refused to add the 36 methods of getting side-profits from our loans. SATISFIED BORROWERS have always given us safe loans. We want safe loans or none.

SIX PER CENT AND SAFETY, assured by $14,000,000 resources, and $3,200,000 paid-in capital, surplus and reserve, carrying unlimited liability as your measure of service and safety. WE INTEND TO STAY OLD-FASHIONED as for 37 years of service to 6% thrift clients.

State Societies

Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut State societies meeting, Veterans' Hall, 346 South Hill street, evening.

"TIMES" THEATER GUIDE

MOTION PICTURES

Boulevard, Wash. at Verm't.—"Woman Racket." A timid disclosure of night life evils. Not the setting Blanche Sweet deserved for her first talkie.

Carthay Circle, Carthay Center—"Happy Days." Fox Grandeur film amazes the public and shows the great possibilities of the future. The subject matter is a minstrel show by the stars.

Criterion, 642 South Grand—"Anna Christie." Greta Garbo speaks the lines of Eugene O'Neill's heroine in fine style. Clarence Brown has done some of his best directing.

Figueroa, Fig. at Santa Barbara—"Navy Blues." William Haines finds funny things in port and does his best to show them all.

Filmarte, 1228 Vine—"The Yellow Pass." Sacrifice and sorrow go hand in hand with some Russian scenery which is very beautiful.

Grauman's Chinese, 6925 Hollywood Blvd.—"Rogue Song." Lawrence Tibbett makes a powerful impression on screen fans in a vagabond romance of nearly great quality.

Grauman's Egyptian, 6706 Hollywood Blvd.—"Seven Days' Leave." Barrie war whimsy makes rather a nice movie. Interpreted by Gary Cooper and Beryl Mercer.

Loew's State, Bdwy. at 7th—"The Lone Star Ranger." The old "horse-opera" in new trappings. Good for its kind, with some beautiful photography and George O'Brien.

Million Dollar, Broadway at 3rd—"Party Girl." An alleged exposé of a phase of New York life, weak as a "shocker."

Palace, Bdwy. bet. 6th & 7th—"Taming of the Shrew." Mr. and Mrs. Douglas Fairbanks bring Shakespeare down to the moment and a good laugh is had by both parties.

Paramount, Hill at 6th—"Road House Nights." Cabaret confessions again, but Helen Morgan sings and Clayton, Jackson and Durante are very funny.

Ritz, 5600 Wilshire—"South Sea Rose." Lenore Ulric goes native and Charles Bickford goes straight, but it's no use.

R.K.O., Hill at 8th—"The Grand Parade." Back stage opens wide its doors, but rather better than usual. Helen Twelvetrees is featured.

R.K.O. Orpheum, Broadway at 9th—"Seven Keys to Baldpate." An old time stage success revived as a talkie with Richard Dix, suffering no ill effects in the transition.

Uptown, Western at 10th—"They Had to See Paris." Will Rogers finds Fifi Dorsay the most amusing thing in Paris. One of the most popular comedies of the year.

United Artists, Bdwy. nr. 9th—"Condemned." Ronald Colman somehow finds romance on Devil's Island; but when you see Ann Harding you won't wonder.

Warners' Downtown, Hill at 7th—"She Couldn't Say No." The title, not the play, is transposed to the screen. Gangsters mix with music which is rendered loud and lustily by Winnie Lightner.

Warner's Hollywood, Hollywood Blvd. at Wilcox—"The Green Goddess." Intelligent as might be expected from George Arliss, who adds to his laurels in this.

Westlake, 638 Alvarado—"They Had to See Paris." See above.

STAGE

Belasco, Hill at 11th—"Journey's End." R. C. Sherriff's fine war play is produced splendidly by an English company.

Biltmore, 5th, nr. Grand—"Gone Hollywood." Pert Kelton is as eccentric as this fairly entertaining revue.

El Capitan, Holly'd Blvd. nr. Highland—"Let Us Be Gay." A sophisticated bit of entertainment, presenting Violet Heming, the New York star.

Hollywood Playhouse, 1735 Vine—"Salt Water." A well staged and nicely enacted comedy of the sea, starring Frank Craven.

Majestic, Bdwy. at 9th—"New Moon." The popular operetta is well put on, featuring the song hit, "Lover Come Back to Me." Perry Askam and Josephine Houston.

Mission Play, San Gabriel—The beautiful annual pageant of the settling of California, up to its usual standard. With R. D. MacLean.

Music Box, 6126 Hollywood Blvd.—"Bill of Divorcement." This is Clemence Dane's dramatization of one of England's problems. Ian Maclaren is featured.

President, Bdwy. at 8th—"Give and Take." Big business in a canning factory, with Kolb and Dill arguing a lot and the audience laughing just as much.

Vine-street, 1615 Vine—"The Nut Farm." Hollywood is pictured as something it hardly is, which in this case can't matter at all. With Emerson Treacy.

VARIETIES

Burbank, 6th and Main—Burlesque.

Follies, 4th and Main—Burlesque.

COMPLAINT AMENDED IN JUNKET TRIP CASE

SAN FRANCISCO, March 3. (Exclusive)—Adolph Uhl today filed an amended complaint in the Superior Court in his fight as a citizen for an injunction to prevent Auditor Boyle from issuing warrants of $3150 to pay claims of the San Francisco "junketeering supervisors" for their trip to the Tournament of Roses at Pasadena last New Year's day.

THRONGS GATHER FOR FETE

MEXICO CITY, March 3.—Almost 250,000 visitors have arrived to witness the festivities of carnival week. Tomorrow there will be a grand flower battle in Chapultepec. All business will be suspended.

NOTICIAS MUNDIALES DE ULTIMA HORA

NOTAS TELEGRAFICAS

El Hijo del General de Rivera se Bate a Sable

PARIS, Marzo 3.—Mensajes de la agencia Havas, procedentes de Pamplona, cerca de la frontera franco-española, dicen que Miguel Primo de Rivera, hijo del que fue dictador de España, tuvo un duelo con el capitán Rexach, del ejército español, a consecuencia de un violento altercado. Los dos salieron heridos levemente, y se separaron sin previa reconciliación.

Fallece el Novelista Inglés David Herbert Lawrence

NIZA (Francia) Marzo 3.—Ha sucumbido hoy aquí tras larga enfermedad, David Herbert Lawrence, novelista británico. Se le consideraba uno de los más pujantes entre los novelistas llegados a primera fila poco antes de la guerra mundial.

Algunas de estas últimas obras fueron denunciadas, y en el verano de 1929, algunos de sus cuadros y libros fueron confiscados en un "raid" contra una exposicion pública en Inglaterra. Se arrancó a los expositores la promesa de no seguir exhibiendo los cuadros confiscados y de destruir cuatro de los vitandos libros.

Méjico Inundado de Moneda Falsa

CIUDAD DE MEJICO, Marzo 3.—La prensa previene hoy al público de que se han encontrado en el país grandes cantidades de billetes yanquis contrahechos. Los hay de 5, de 10, de 20, de 50 y de 100 dólares.

Gana una Acción Judicial la Autora de una Guía Sexual

NUEVA YORK, Marzo 3.—El Tribunal de Apelación de Circuito de los Estados Unidos ha revocado hoy por unanimidad la sentencia de la señora Mary Ware Dennett, de Brooklyn, que había sido convicta del cargo de haber despachado por correo escritos obscenos a la señora C. A. Miles, de Crotoes (Virginia).

No se proveyó nuevo juicio, y la señora Bennett queda enteramente exonerada del citado cargo, que le fue hecho por haberle dirigido por correo a la señora Miles un ejemplar de su folleto "El Lado Sexual de la Vida".

Ese folleto lo escribió hace quince años la señora Dennett para que sirviera de guía a dos hijos suyos, hoy ya hombres. Durante diez años fue distribuido ese folleto por las iglesias y por muchas entidades sociales.

Negro que Asesina al Testigo de una Colisión

CHICAGO, Marzo 3.—Arthur Dolan ha sido asesinado por meterse a poner paz.

Estaba ayer de pie en el bordillo, cuando chocaron dos autos, y se puso a escuchar la consiguiente disputa entre los choferes, negros los dos. Trató de calmarlos, dándoles la versión del choque, según su opinión de testigo ocular, y comenzó por decirle, en tono conciliador, a uno de los choferes: "Usted no tiene razón".

No bien pronunció esas palabras, cuando recibió en la cabeza tre-

BOARD BATTLES OVER HOSPITAL

Decision Finally Reached to Retain Architects

Supervisors Will Keep Close Watch on All Work

New Policy Means Keeping Within $11,000,000

A threatened split in the Board of Supervisors over a proposal to [illegible] the Allied Architects' Association from further supervision of the construction of the new acute unit of the General Hospital was averted yesterday when the board, after a heated session, voted to retain the architects with certain modifications.

The climax to the threatened split over the rising estimates of the cost of the hospital unit was precipitated when Chairman McClellan brought to the board's attention a communication from contractors on the work asking for a conference. The contractors said they were advised of rumored dismissal of the architects and wished to ascertain their positions as to their contracts in event of such [illegible]

The hospital situation first came to public attention two weeks ago when Supervisor Graves, chairman of the Building Committee, pointed out that under the then-existing conditions the estimate for the hospital building had risen from the original $11,000,000 to $16,- [illegible]

DEBATE STARTS

Determined to keep within the original estimate the Supervisors rejected practically all bids for work remaining to be done and took steps to have the specifications for the work rewritten so as to [illegible] within the original estimates. The letter of the contractors asking a conference brought matters finally to a climax yesterday. Chairman McClellan announced he could not act on the contractors' request until the board expressed an opinion on retaining or dismissing them.

Heated debate followed, with [illegible] finally voting to retain the architects with the stipulations [illegible] that County Architect [illegible] and Supervisor Graves be [illegible] their confidence at all [illegible] that the board be furnished copies of all recommendations [illegible] the new specifications. It was provided that no additional fee[illegible] to be paid the architects for rewriting specifications.

OPPOSITION VOICED

Supervisor Wright presented the [illegible] retain the architects, asking that they be requested to revise specifications and furnish [illegible] at the earliest possible [illegible]

Supervisor Graves was quick to [illegible] opposition to this motion. "The architects have been working a long time for the county," [illegible] "and they have prepared specifications that have run [illegible] of dollars over the estimate. I am in favor of seeing what we can do toward saving ourselves."

He recommended that a consulting architect be appointed to assist the county architect in taking [illegible] supervision of affairs. "With this arrangement in effect [illegible] that we then advise the [illegible] architect that the costs of [illegible] be kept within the estimate," said Graves.

Supervisor Shaw then suggested the alternative of retaining the Allied architects, with the county [illegible] and Supervisor Graves "sitting in" on their business meetings and conferences.

MUCH ALREADY PAID

"We have already paid the architects more than $600,000," said [illegible] who added that if the unit [illegible] built according to present specifications it would be "the finest hospital in the United States." He pointed out, however, that economy [illegible] more to be desired than the finest hospital in the United States, and declared that the ultimate cost cannot be brought within the original estimate except by entirely rewriting the specifications for the work remaining to be done. Supervisors Beaty, Wright and McClellan agreed with Shaw that the architects should be kept under their present contract with the county.

"We need the architectural brains represented by these men," said Beaty. "With our county architect and Mr. Graves sitting in, I believe we should still retain them to safeguard the county's interests."

[illegible] "LOST FAITH"

The first personality of the debate came with the statement of Supervisor Wright that "never until

(Continued on Page 2, Column 5)

COUPLE WED IN HOSPITAL AS CRASH INJURES BRIDE

Injured in a motor collision while being driven to her wedding yesterday, Miss Bertha Carqueville, 53 years of age, of 1430 Magnolia avenue, hurried on and was married to Frederick Albert Getze, 73, in Physicians and Surgeons Hospital, Glendale. Showered by glass instead of rice and with bandages for her bridal veil, the bride-elect resisted efforts of surgeons at Georgia-street Receiving Hospital to keep her from her important engagement.

Miss Carqueville was being taken by her brother, Eugene Carqueville, 61, in his car en route to the Glendale Hospital where her prospective bridegroom was convalescing. Their car collided at Third and Orange streets with another automobile driven by C. V. Richardson of 141 North Norton avenue, police report. Both Miss Carqueville and her brother received concussion of the brain and severe head lacerations.

After the receiving hospital surgeons had taken twenty-six stitches in Miss Carqueville's head and chin, they urged her to go to bed in the accident ward. She refused heartily and lost no time in completing her ride to the other hospital, where her betrothed had been a patient for two weeks. There they were married by Rev. J. M. Schaefle, pastor of the Pico Heights Congregational Church, with nurses as witnesses.

Yvonne d'Arcy Fights Against Deportation

Yvonne d'Arcy, as she is known in motion pictures, and otherwise as Mrs. Akerman, wife of a British naval officer, appeared yesterday before United States immigration inspectors to decide the question of whether she should be deported to France, her native country. She was accompanied by Mrs. Armande Dimpault, her mother and wife of a well-known editor of a French newspaper in New York, who also was questioned regarding her residence in the United States.

YVONNE D'ARCY AKERMAN

Miss d'Arcy first attracted attention here when she filed a suit, December 13, 1923, for $200,000 against Granville Sully, son of Daniel J. Sully, at one time rated as the cotton king. She was given a verdict in 1925 of $50,000 damages against young Sully for an asserted attack upon her in her Beachwood Drive home. At that time she was 19 years of age. Sully later was granted a new trial.

It is charged by the immigration officials that the young woman went back to France in 1926, returning here in December, 1928, on a leave of six months. From time to time this leave was continued, it was stated, until she was given notice, as was her mother, to leave this country, January 20, last. Because of her failure to leave the young woman was placed under bond of $500. She and her mother are charged with overstaying their leave in this country. As the result of a hearing conducted under the direction of Immigration Inspector Garrity, a report will be submitted to the Secretary of Labor, who will decide whether the two women will be deported.

Action Taken by Council on Improvements

The City Council yesterday confirmed the assessments for the improvement of Brunswick avenue from Chevy Chase Drive to Rigali avenue, abandoned proceedings for the widening of Fifty-fourth street between Normandie avenue and Western avenue, and denied protests against the lighting of Echo Park avenue from Sunset Boulevard to Temple street, the lighting of Stanley avenue from San Vicente Boulevard to Pico Boulevard, and against the establishment of set-back lines in Third avenue from Jefferson Boulevard to Rodeo Road.

HANSEN DAM CEMENT BID REJECTED

Reported Break in Market Causes County to Seek More Favorable Price

Owing to reported recent breaks in the cement market, the Board of Supervisors yesterday voted to reject a low bid of $1.96 a barrel for 102,000 barrels of cement to be used in the construction of the Hansen Dam in Big Tujunga Canyon.

The price was for cement laid down at roscoe, nearest shipping-point. Although it was said the bid was the lowest for cement the county has received in several years, Supervisor Wright expressed the opinion that a still more favorable price could be obtained.

The board set the 17th inst. for receiving new bids.

Edwards, Wildey & Dixon hold the contract for construction of the dam. It is estimated the dam will cost $1,000,000, and it will be one of four in the canyon in conformity with the county flood-control plans.

Asserted Reds' Attorney Gains Hearing Delay

A hearing on a writ of habeas corpus in behalf of a number of asserted rioters arrested at the Plaza disorder last week, was continued yesterday by Superior Judge Wood until 10 a.m. today.

Attorney Leo Gallagher, representing the petitioners, told the court he wished more time to ascertain how many of his clients have posted the $2000 bail set on them Friday.

Presbyterian Group to Meet

Presbyterian Missionary Society members will convene for the forty-seventh meeting of the Presbyterial in the Glendale Presbyterian church on the 12th, 13th and 14th inst., it was announced yesterday. Hundreds of delegates are expected from all over the district, which extends as far south as San Diego. Sessions begin at 9:30 a.m. daily.

Speakers announced include Dr. Robert Speer of New York, Dr. D. C. Salsbury of Granada, Ariz.; Rev. and Mrs. Ralph C. Hutchison of Persia, Miss Ann Elizabeth Taylor of the Board of National Missions, and Mrs. Austin, State synodical president. Reservations are in charge of Mrs. Ada Lynn, 635 North Jackson street, Glendale.

WRITERS' CLASSES OPEN

People who are entering the field of writing are offered assistance through the courses given by the extension division of the University of California. Classes opening in the Hillstreet Building include advanced verse writing, short-story writing and news and publicity writing.

SAFETY GROUPS MAY JOIN HANDS

Consolidation of Agencies Talked at Meeting

Former Police Chief Davis Mentioned as Head

Growing Traffic Toll Cause of Plan for Drive

Consolidation of the public safety agencies of the City Council, Police Department and Building and Safety Commission in the interest of greater efficiency in an attack upon the traffic accident problem was proposed yesterday at a meeting of the Los Angeles Traffic Commission by Robert S. Breyer, president.

Breyer declared that the organization wishes to see Deputy Chief of Police Davis, in charge of traffic, placed at the head of the suggested department, under the Police Commission, with authority and sufficient personnel to undertake a new campaign for the safeguarding of life and limb—the greatest task confronting the city, he said.

Deputy Chief Davis reported the results of a study of the Los Angeles traffic situation, pointing to a great increase in the automobile death rate, describing the causes of the motor crashes and outlining leading features of a proposed campaign to compel obedience to the Motor Vehicle Act and city ordinances relating to traffic.

KIND TREATMENT FAILS

The traffic chief declared that educational programs fail to touch some persons, who, he declared, may be controlled only by the knowledge that they will be punished. Attempts to obtain obedience by warnings fail in the vast majority of cases, the chief declared further, telling of instances in which often two and three and, in many cases, five warnings were given to traffic offenders without result.

"The only practical way to deal with that class of motorist," said the traffic chief, "is through the certainty of punishment."

Present laws and ordinances, Davis related, contain all of the safety essentials.

Properly to carry out the program, it was explained, an addition of about fifty motorcycle policemen will be required, with approximately thirty others needed for a department of traffic investigation.

COST OF CAMPAIGN

Davis also related that it is planned to have a special deputy district attorney assigned to prosecute all cases of drunk driving.

Reduction of at least 10 per cent in the number of automobile deaths and injuries was forecast by the traffic chief if the program is carried out. Mentioning that the cost of increasing the motorcycle unit will be about $30,000, the chief declared that the program should not be thought of in terms of expense.

"Thirty thousand dollars," said the chief, "should not be measured against human life."

FIGURES CITED

Davis directed attention to Coroner's figures giving the number of automobile fatalities last year as 432 in the city and 366 in the county and of cases of injuries in the city as approximately 15,000. He said that the loss due to automobile accidents was $6,367,485, and that the loss due to crime was $1,927,401 last year; yet, he continued, only 13.7 per cent of the police personnel are assigned to traffic and speed work.

He said that it costs the city $350,000 annually to keep policemen at school crossings. Two hundred and sixty-eight officers are assigned to school-crossing duty and requests have been received for policemen at eighty additional school crossings. It is impossible to meet the requests because of lack of personnel, he said.

Tour of Europe Made in Plane

Chet Loomis, a Los Angeles boy, arrived home yesterday from a year spent in circling Europe in a pleasure plane. He was received by the King of Belgium, who, Loomis said, expressed a wish to visit Los Angeles. Loomis completed his 8000-mile trip without a single accident. He was accompanied by Ross Hadley.

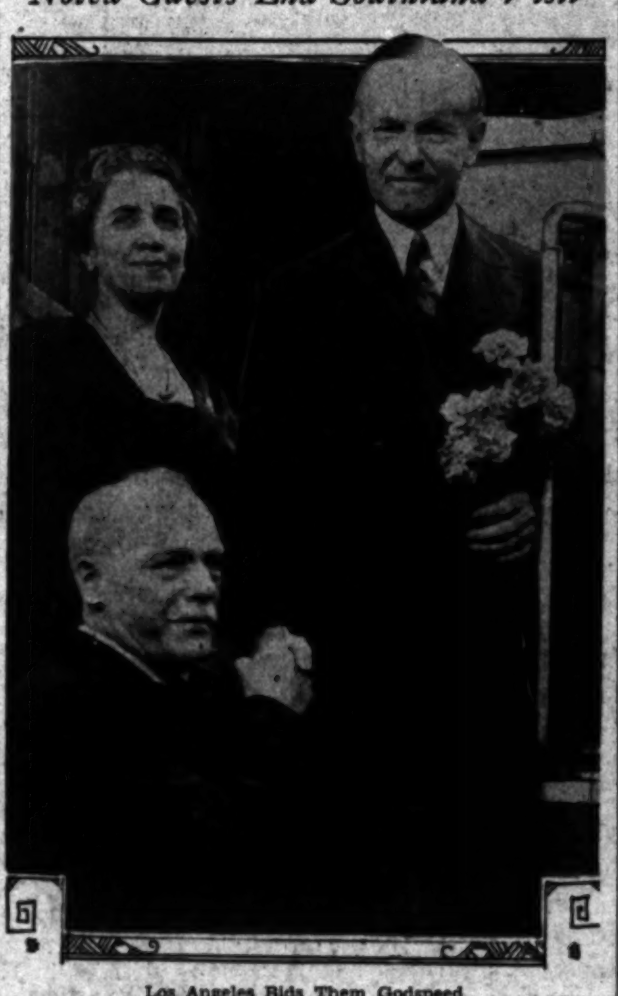
"Europe is ahead of us in her airports," he said. "They are well-ordered grass fields, equipped with passenger and freight depots and have first-class eating accommodations."

Loomis will stay in the Southland, where his father, Maj. Chester B. Loomis, and family have long been residents.

HEARING CONTINUED

The hearing of protest against the lighting of the East Boulevard and North Park avenue district was continued by the City Council yesterday, until the 19th inst.

Noted Guests End Southland Visit



Los Angeles Bids Them Godspeed
Postmaster P. P. O'Brien saying good-by to Mr. and Mrs. Coolidge at their train yesterday morning.

COOLIDGE TO TRY FILM PEN?

Former President on Way to Dam Dedication Fails to Lift Veil on Studio Writing Plans

BY CHESTER G. HANSON
"Times" Staff Representative

PHOENIX, March 3. (With Coolidge Party)—Former President Coolidge may do some writing about the films when he gets back to his home at Northampton, Mass., and then again he may not, but whether he will or not he declined to go any further than to say "the matter has been taken up" when he was asked about it today on the train en route to the Coolidge Dam dedication in Arizona tomorrow.

Reports have been current in Hollywood that Mr. Coolidge came to Los Angeles with the idea of getting a "close-up" of Hollywood as a result of being approached on doing some writing about the motion pictures and their making.

"Oh, that's very nebulous," was what Mr. Coolidge replied to the question asked if he is going to write about the films.

"You have been approached on the matter, then?" he was asked.

"Some time ago it was suggested to me, but there is nothing to say on it now. No, nothing," was all he cared to say. He stood at the door to his stateroom on the train, his glasses in one hand and a magazine in the other. He had come to the door to answer the door buzzer rung by newspaper men on the train who wanted a word from him.

They got the word. It was "No, I have nothing to say." He had done his talking at the Los Angeles Chamber of Commerce banquet a week ago, he said.

THRONGS AT STATIONS

The people are manifesting an unusual interest in the comings and goings of Mr. and Mrs. Coolidge. As the Sunset Limited rolls through towns there are groups of people gathered to catch even a fleeting glimpse of the distinguished visitors. At Colton, for instance, there was quite a crowd, augmented by students of the high school, who appeared to be at the station in a body. Just before the train pulled out Mr. Coolidge stepped to the vestibule and nodded to them. He got a big hand and a cheer. A woman handed up a large bouquet of flowers to Mrs. Coolidge. There was a big crowd at Yuma.

The Coolidges had luncheon as guests of Mr. and Mrs. Walter Douglas on the Douglas private car which is just ahead of the Coolidge special car. Mr. Douglas is president of the Phelps Dodge Corporation and a director of the Southern Pacific Railroad. He is a great friend of Arizona, takes an active interest in her development, and is going to be at the dam dedication tomorrow. Mr. Coolidge appears to be making some intent observations on this part of the country as the train rolls on and on across desert stretches. He was particularly interested in the Salton Sea. He had a number of visitors from the California party who are on the two special cars of this train going to the dam celebration, but from all the reports, the visitors do most of the talking.

There is a story going about the party now to the effect that one of the callers, a well-known Califor-

SON SEEKS AID IN QUEST

Lonesome for a father he has not seen in eight years, Martin Fleischer, Jr., of 2665 Hart avenue, Detroit, has appealed for aid in locating Martin W. Fleischer, carpenter and contractor, reported living in Los Angeles. The boy asks that his father go to him or get in touch with him without delay.

SHOP CONTRACT AWARDED

Contracts for the construction of a shop building at Venice High School for $24,673 were awarded by the Board of Education last night.

LIGHT SHOWERS WILL CONTINUE

Weather Bureau Forecasts Drizzles Today

Fair Tomorrow Augured by Official Observer

Ventura County Profits by Yesterday's Rain

Intermittent showers which fell yesterday over a widely scattered area will continue today with fair weather arriving tomorrow, according to the official Weather Bureau forecast last night.

The storm, which has centered off the Oregon coast, will not bring heavy rains to Southern California, the prediction of Col. H. B. Hersey, official forecaster, indicated, and the areas touched yesterday were on the fringe of the disturbance.

The heaviest showers were reported from Ventura county points. Oxnard received a fall of .36 of an inch; Santa Paula, .20 of an inch, and Ojai, a like precipitation.

SKIES CLEAR EARLY

In Los Angeles only .02 of an inch fell from around 1 a.m. until skies cleared at 6 p.m. This brought the total fall for the season to 6.36 inches, as against 8.01 inches last year, and a normal to date of 11.20 inches.

The full forecast says: "Unsettled today with showers in west portion. Tomorrow fair, moderate temperature, with moderate southerly winds on coast."

Showers were reported from practically all points along the coast; also a slight fall in San Fernando Valley, where Van Nuys registered .05 of an inch, but no rain came from the clouds that hovered over the foothill and citrus districts.

Two earth tremors were reported felt in Anaheim and Pasadena at 3:54 p.m., but they were very light. The movement was believed traveling along the old Puente fault.

Points in Owens Valley reported no rain, but overcast skies promised a downfall during the night or today. At Independence a very high wind blew most of yesterday. Crooked Creek had an inch fall of snow by mid-day, but the fall during the remainder of the day was very light.

SNOW IN SIERRAS

Snow fell in the high Sierras, according to reports to the Southern California Edison offices from points along their power systems. Florence Lake reported a 29-inch snow on the ground and Huntington Lake, 34½ inches. The snow ceased about 3 p.m. Shaver Lake had a snowfall of 6 inches, and rain was falling at this point late last night.

The midafternoon reports from the power houses gave .58 of an inch of rain at Big Creek No. 1 and .32 of an inch at Big Creek No. 8.

In Tulare county in the Kaweah district, No. 3 reported a rain of .54 of an inch and No. 2 a fall of .26 of an inch.

Various sections of San Diego county were visited by the light showers, but the precipitation was in most instances less than .05 of an inch.

GALE-DRIVEN RAINSTORM KILLS TWO IN NORTH

SAN FRANCISCO, March 3. (Exclusive)—Driven in from the Pacific by an onshore wind of high velocity, rain squalls lashed down on the bay region last night and early today with terrific force, turned the bay to a churning caldron, marooned a yacht off San Mateo which resulted in two drownings, felled a high-tension line on the Berkeley pier of the Southern Pacific Golden Gate Ferries, striped small branches from trees, delayed transbay ferry traffic and threatened telephone, telegraph and electric-light wires.

The two men drowned were members of a yacht party of seven which put off from Hunter's Point yesterday afternoon and ran out of gasoline off Pacific City, adjoining Burlingame and San Mateo. They left the yacht in a small skiff to get gasoline, but the unusually high swells of the lower bay overturned their frail craft.

The tragedy of their vain effort to save their companions was intensified when, only a few hours

(Continued on Page 2, Column 6)

The Lancer

by Harry Carr

THE case of Asa Keyes is one of the most tragic I have known in a long newspaper experience. I used to go to school with Keyes.

Then, as afterward, he had a good mind but no real ambition. He was content to get by. He developed into one of the best prosecuting attorneys this State has ever had. He had an appearance of fairness and a lack of venom that had had a great effect on juries.

He slipped into crime and graft out of indolence. It was the easiest way.

GOING DESERT

Hollywood has gone desert with a vengeance; but the desert hasn't gone Hollywood.

Out at Palm Springs the Indians act as servants for the grand Hollywood villas. They wear the correct kind of clothes and know which fork to shove where. Apparently they are as sophisticated as a studio gateman.

Nevertheless, once a year or so they yank off their tony clothes; put on the old garb of the tribe and indulge in heathen dances for the repose of the souls of their dead.

LADDERS FOR SOULS

I know of an Indian boy out there who came from Palm Springs and finished a high school education in Los Angeles with high honors.

Yet when his baby died not long ago one of the features of the funeral was to place a little ladder into the grave so the baby's soul might have a way to climb out.

The white man's civilization is just as deep in that boy's heart as a lipstick on a flapper's face.

WE ARE NOT SO MUCH

I have never known Indians who did not secretly despise white people. There is considerable philosophy behind their feelings.

The religion of all Indian tribes has one central point of belief. They consider the whole scheme of creation to be a divine harmony. Each animal, each plant, each man has a certain note to play. Only to the extent that he blends himself in with the whole does man fulfill the divine plan.

When they see white people changing the desert all around; making artificial cities, forgetting the lore of nature, regarding the whole animal kingdom as "put here for the use of man," they dismiss our so-called progress as being just a squeak out of tune.

YANK THE TEETH

A dentist having discovered that cancers come from the teeth (or so he says,) it follows that the tooth yanking will begin again.

In the circumstances, I am amazed that the whole human race was not entirely destroyed about twenty centuries ago when there were plenty of teeth but no dentists.

No doubt "parrot fever" is in reality traceable to the fact that the parrots do not brush their teeth.

MISSING PERSONS SOUGHT

Aid in locating a long-missing man and a boy, both believed to be in Los Angeles, is sought in two letters received by The Times yesterday. The missing man is Erenrich Molique, who disappeared from Cincinnati in 1907. He is requested to communicate with James C. Adams, 4614 Main avenue, Norwood, O. The missing boy is George Pantuza of Frostburg, Md. His parents state they heard from him last on December 6, 1929. At that time he gave his address as 541 Crocker street.

MRS. M'PHERSON SUED

Realty Man and Scenarist Ask $148,380 in Asserted Mountain Camp and Talkie Deals

Two suits, in which damages totaling $148,380 are asked, were filed in Superior Court yesterday against Aimee Semple McPherson and some associates. The larger of the actions, which is for $143,380, is brought against the Angelus Temple pastor, the Echo Park Evangelistic Corporation and Ralph B. Jordan, once the evangelist's business agent, and is based upon a real-estate project.

The other suit, for $5000, is against Mrs. McPherson alone, and it is brought by Harold M. Simpson, a scenario writer, who asserts she had him prepare material for a talking picture in which she was to appear. He complains that he expended nearly $5000 in making the picture and that he was never reimbursed.

CONTRACT INVOLVED

The suit for $143,380 was instituted by Carl Brunner, a real-estate man, through J. M. Stevens of the law firm of Wilson, Haas and Stevens. In the complaint, which charges breach of contract, Brunner asserts that in November, 1927, Mrs. McPherson employed him to obtain for herself and the Echo Park Evangelistic Association an 160-acre tract of land in the San Bernardino Mountains on which it was planned to establish a Four Square Gospel Camp. The tract was in Running Springs Park, on the Rim of the World Drive halfway between Lake Arrowhead and Big Bear.

It is asserted in the complaint that Mrs. McPherson authorized Jordan to enter into a contract with Brunner on behalf of herself and the association and that such a contract was signed December 3, 1927. In the contract, as recited in the complaint, Brunner asserts he has the disposal of the tract in question and various terms are set forth by which part of the tract is to be donated to the association for the building on it of a Four Square Gospel Church and a clubhouse and the rest is to be subdivided into lots to be sold to members of Angelus Temple.

PROJECT ABANDONED

The complaint asserts that the defendants agreed to use all the publicity machinery of Angelus Temple, including its radio, to assist in the sales of the lots and that in return they were to receive

(Continued on Page 2, Column 4)

INCOME TAX FINES LEVIED AGAINST FILM NOTABLES

Four motion-picture folk were fined yesterday in two departments of the United States District Court for failure to pay the proper amount of income tax.

Eleanor Boardman Vidor, wife of King Vidor, who pleaded guilty, was fined $1000 on each of two counts by Judge Killits. She admitted to the court that she was in error in her income tax returns for 1926 and 1927. In addition to the fine of $2000, she paid additional taxes and penalties amounting to more than $12,000.

Raymond McKee, film director, pleaded guilty to failure to pay the full amount of his income tax for 1927. It was pointed out by U. S. Atty. McNabb that there was a difference of $1647 between what the government claimed and what he paid, and that he has paid that amount and penalties, amounting in all to about $2500. He was fined $500 and given until April 1 to pay the fine.

Malcolm McGregor, an actor, was fined $500, as was Hallan C. Burr, an actor, by Judge James on similar charges of failure to pay the full income tax.

It is expected that Tom Mix, screen cowboy, and King Vidor, screen director, will appear in court today to plead regarding similar charges against them.

FOLLOW THRU EQUINE HERO

Colt Owned by Mrs. Roth Thrills 5000 While Winning Saddle Horse Futurity

Follow Thru, chestnut colt sired by Chief of Longview, the champion five-gaited stallion who reaped honors and praise in the ninth Los Angeles National Horse Show Sunday, last night doubled the acclaim to his breed by winning first prize in the American Saddle Horse Breeders' Futurity event.

The spirited young colt captured the first prize of $218 and thrilled a fashionable crowd of 5000, the largest attendance in the history of the show, which this year is being held in the Sports Auditorium at Wilshire Boulevard and Fairfax avenue. Both Follow Thru and Chief of Longview, reputed the world's highest-priced show horse, are owned and entered by Mrs. W. P. Roth of San Francisco.

Second prize in the event went to Gold Coast, entered by the Adohr Stock Farms; third, Royal Success, owned by Mrs. E. W. Scripps; fourth, Beau Brummel, owned by Irving H. Hellman, and fifth to Hackley's Peavine, owned by Charles M. Hackley.

THREE-GAITERS

Winners in the $500 stakes for three-gaited saddle horses and junior five-gaited saddle horses went to Spirit of St. Louis and Flamme Rouge, respectively. Mrs. Roth is the owner of Spirit of St. Louis and Mrs. E. W. Scripps owns Flamme Rouge.

Last night's exhibitions practically wrote new horse-show history for Los Angeles with the excellent breeds of stock that pranced in the tanbark arena, enthusiastically accepted by experts to be of the finest equine aristocracy of the nation.

With a total of eleven events scheduled for tonight, the program includes a wide variety of classes including three for heavy horses. The showing of heavy harness tandems will bring out the two big blacks from the Carnation Farm Stable, Duke of Rutland and Duck of Richmond, who gathered the blue ribbon for their appearance in last night's heavy harness doubles. There will be another showing of the larger horses in double harness tonight with representatives from the stables of John Hubly, Mrs. A. C. Thompson, Mrs. W. P. Roth, Carnation Farm Stable and George J. Peak & Sons.

The attendance at last night's show, which formed the largest crowd ever to attend a local horse show, and its appreciation of the

FOUR AUTOISTS HELD FOR TRIAL

Three Assertedly Drunk While Driving

Another Faces Hit-and-Run Accusation

Latter Said to Have Struck News Vendor

Three automobilists were ordered held for trial on drunk-driving charges and another for hit-and-run driving, following their preliminary hearings yesterday in Municipal Court.

Municipal Judge Turney held Howard Beauchamp, 1681 Beverly Boulevard, and Isaac Watson, 1509 East Fifty-fourth street, for Superior Court trial for drunk driving. Beauchamp, driving on the wrong side of the street, hit a truck at Santa Fe avenue and Eighth street, witnesses declared. Watson, 52-year-old negro, was driving his machine in an erratic manner when struck by a street car at McKinley avenue and Thirty-seventh street, street-car company employees and other witnesses testified. Bail was fixed at $500 on Beauchamp and at $250 on Watson.

Municipal Judge Ballard held Jack Peterson, 301 Orange avenue, Whittier, for trial on a drunk-driving accusation after Police Officer Selbo testified that he saw Peterson driving without lights along West Seventh street. He signaled Peterson to turn on his lights, he said, and the latter stopped to do so, but fell from his automobile in the effort. Judge Ballard set bail at $500. In all three cases police surgeons testified the men were drunk when examined a short time after their arrests.

Municipal Judge Russill ordered Leonard A. Eaton, 12311 Willowbrook avenue, held under $2000 bail to await trial on hit-and-run driving charges. Three witnesses declared they pursued Eaton's car for two blocks after it had struck down Frank Bess, 51-year-old news vendor, in a safety zone at Venice Boulevard and Figueroa street on February 22, last.

Two more motorists yesterday fell into the net thrown out by police for intoxicated automobile drivers. They are Charles Shirwin, 32 years of age, of 4462 South San Pedro street, and Joseph F. Grophe, 36, of 3684 Beverly Boulevard. Both were booked at the City Jail on suspicion of driving while intoxicated.

Shirwin was taken into custody at Santa Barbara avenue and Figueroa street, where, according to police, he had driven his automobile into another car. No one was reported injured.

Grophe, police stated, was chased from Vermont avenue and Santa Monica Boulevard to Vermont and Melrose avenues by Paul D'Orr of 962 Stock Exchange Building and Leo Bagnall, 2048 Cambridge street. D'Orr said Grophe's machine struck his a glancing blow, nearly causing a wreck. Grophe was taken to Dickey & Cass Emergency Hospital, but was found not intoxicated at the time of examination.

Mrs. Livona King, 50 years of age, of Norwalk was probably fatally injured yesterday when the automobile in which she was riding with her husband, Clarence S. King, 56, collided with a Los Angeles Railway street car at Ninth street and Maple avenue. She was taken to the Georgia-street Receiving Hospital with possible internal injuries. Mr. King was reported not seriously hurt.

Three persons were injured last night when an auto ran amuck in the Third-street tunnel. Richard Burgess, 28, 452 West Vernon avenue, was driving through the tunnel when he lost control of his machine, police report. The car struck a pedestrian, Roni Impalato, 28, 290 South Beaudry street, and then veered, hitting another car driven by Mrs. Catherine Jones, 38, 1252 North Edgemont street. All three persons were treated for injuries at Georgia-street Receiving Hospital.

PAVING FUND REQUESTED

The Board of Public Works yesterday asked the City Council to appropriate $1040 for the completion of the pavement at the intersection of Marmion Way, Dayton avenue and Pasadena avenue. The matter was referred to the Finance Committee.

LOBBYISTS RAKED OVER BY SPEAKER

City Club Lecturer Says Congress Has Its Good Points, Despite Critics

"The locusts of the Far East never were so destructive of the welfare of the peoples of those lands as are the crooked lobbyists at our national capital to the morale of our country," declared John F. Schindler, yesterday in an address to his fellow-members of the City Club.

While admitting that United States Senators are not all paragons of perfection, Mr. Schindler, who recently sat in at sessions of the national Congress, assured his audience that the majority of Senators are at least honest and sincere.

"I take no stock in the disparagement of the United States Senate as a body and I am weary of this loose talk about abolishing the Senate," said the speaker. "Abolition of that great body of men would be silly if not tragic. The Senate performs a useful and necessary service in preserving the balance and liberty of the American people."

Discussing tariff questions, Mr. Schindler voiced the opinion that tariff regulations should not be a matter for debate in Congress, but should be investigated and administered by a competent body of men who know the science of economics and who would not be influenced by "interference from outside interests."

Loaded Plane Altitude Mark Sought Today

An attempt to break the world's altitude record of 30,200 feet for planes carrying 1100 pounds pay load—passengers or freight—will be made this noon by Marshall Headle, test pilot for the Lockheed Aircraft Company.

Headle plans to take off from the United Airport in Burbank in a Lockheed Air Express monoplane. He will be equipped with oxygen-breathing apparatus and will carry 1100 pounds of shot in the cabin.

The present record is held by a German. Headle believes he can break it because, last week, he carried aloft a total of 2130 pounds dead weight to an altitude of 25,200.

Today's record attempt will be supervised by Joe Nikrent, official representative of the National Aeronautic Association.

Boys' Bullets Peril Children

When bullets crashed through a window last night, narrowly missing two sleeping children, their mother, Mrs. Rita Patterson of 1210 Winfield street, called police. Detective Lieutenants Van Aken and Hallaway traced the course of the shots to a near-by roof, and arrested two boys.

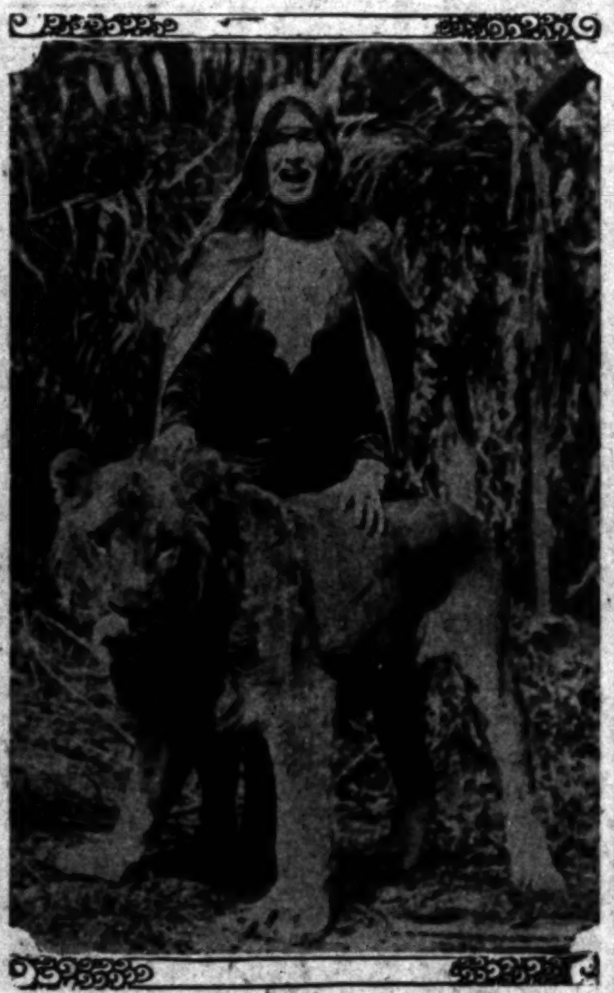
The officers said the youths admitted having fired a 22-caliber rifle for sport, not intending to hit anything. They are Donald Gardner, 15 years of age, 1008 West Eleventh street, and Thomas Godbout, 14, 1320 South Bonnie Brae street. Both were booked for firing firearms inside the city limits, and for delinquency.

RUMANIAN PROFESSOR PAYS VISIT TO CITY

After lecturing yesterday afternoon at Pomona College on "The Influence of France in Eastern Europe," Dr. Nicholas Iorga, professor at the University of Bucharest, arrived in this city last night accompanied by his wife and by Georges Bonesco, financial counselor to the Rumanian Embassy in Washington. The Rumanian professor, an internationally known authority on Near Eastern history, is making a tour of the country in response to an invitation by American citizens of Rumanian origin. Dr. Iorga will lecture again this afternoon at Pomona College, his topic today being "Eastern and Western Churches."

TEMPLE DRAMA USES BEASTS

Pastor Stages Garden of Eden Scene



[Herbert Photos, Inc.]

Lion and Lady

Aimee Semple McPherson and Jackie, star lion actor at Luna Park Zoo.

THE beasts of the field, or, rather, the jungle, have been honored with the four-square benediction of Aimee Semple McPherson, it was learned yesterday. The jungle was the synthetic one at Luna Park Zoo and the beasts were the well-behaved inmates of that zoo, and all the action was faithfully recorded by a talking-motion-picture newsreel, but if the cameraman hadn't been present it might have seemed very impressive.

For it was evident that the pastor of Angelus Temple had converted the animals at that zoo to friendship and the ease with which she persuaded several of them to go through stunts with her bore out her theory that the true lover of animals need have no fear of wild beasts; that is, assuming that these beasts are wild.

Mrs. McPherson not only posed before the camera with a lion, a leopard and an elephant, but she rode the elephant and she enacted a little scene with the lion which might prove that lions are responsive to healing powers if the lion had not been previously rehearsed in his portion of it.

The lion, Jackie by name, made his entrance on the jungle set, upstage so to speak, in a dejected manner, indicating that he was suffering all the ills a beast of the jungle can accumulate. Downstage, front and center, he was awaited by the evangelist, but he never got so far. He slumped over and lay inert until Mrs. McPherson approached him and in a few well-chosen words told him that he was better and adjured him to rise and demonstrate the fact. He arose and capered to show he had been healed and the scene closed with a tableau showing the two actors in an attitude of friendship.

In addition to posing with the jungle beasts, Mrs. McPherson mounted one of the zoo's trained horses and demonstrated the fact that she is an accomplished horsewoman by putting the animal through an elementary circus act. She stables her own horses at the zoo and that is the reason for her frequent visits there and her consequent friendship with the animals.

COOLIDGE TRAIN DRAWS THRONGS

(Continued from First Page)

nian, when the conversation lagged on all sides—meaning the callers ran out of talk—suddenly piped up, "Well, Mr. Coolidge, what do you think the arms conference at London will do?" Mr. Coolidge was not a bit feezed, but replied without a show of emotion, "I'm sure I have no idea."

The Coolidges are en route to their home, having left Los Angeles this morning at 10 o'clock. During the two-hour stop their train made in the city they did not get off. The schedule tonight calls for arriving in Globe about 8 o'clock in the morning and taking automobiles to the dam site, twenty-six miles away. The dedication ceremonies are set for 2:30 p.m. Gov. Phillips of Arizona and party met the train here at Yuma to welcome Mr. and Mrs. Coolidge.

TOUCHING SCENE

There was a touching scene at Phoenix where the train was greeted by a crowd of easily 2000 people at 10 o'clock tonight. From the crowd that surged around the Coolidge platform where Mr. and Mrs. Coolidge were smiling, there came a woman's cry.

"Oh, Mrs. Coolidge."

The former first lady of the land knew the call, for she paused and cried, "Why—"

She bent over the bronzed railing, stooped down and took the woman by her hand—and drawing her up on the steps, kissed her. It was Mrs. Thomas Marshall, widow of the former Vice-President.

As Mrs. Coolidge held her in one arm she turned to Mr. Coolidge and called him over from the other side of the platform.

"It's Mrs. Marshall." Mr. Coolidge came over and took her hand. Mrs. Marshall is living here and it was here that Mr. Marshall spent many of his winters and where he lived just before he died.

STATE HIGH COURT WILL MEET TODAY

Appeal in Cooley Murder Among Cases Listed for Los Angeles Session

The California Supreme Court this morning begins a three-day session here, sitting in its offices in the Associated Realty Building, with seventy-one matters on its calendar. These include an appeal of John Lee Howard, Pasadena garageman, who was convicted of slaying his employer, Victor Cooley, by striking him with a hammer on April 6, 1929.

Thirty-two lawyers from other States are to be admitted to practice in California. On the Supreme Court's calendar are four criminal cases, two State Bar matters, and thirty-five appeals. While sitting here, the Supreme Court will consider the petition of the Ventura Harbor District for a writ of mandate to compel the Ventura Board of Supervisors to call a special election on a $2,000,000 harbor bond issue.

TWO MEN SUE EVANGELIST

(Continued from First Page)

a commission of 20 per cent on the net profits of all sales. The 20 per cent was first to be applied to payment for the lots set aside for the church and clubhouse, but after the commissions exceeded the value of these sites they were to be paid in cash to Mrs. McPherson or her order.

Brunner asserts that after he had expended $10,000 in the work of subdivision, the defendants abandoned the project "without any act or reason and on account of no fault of the plaintiff." Therefore he is suing for the payment of the $10,000 he says he expended and for the profits which he asserts would have accrued to him if the contract had been carried out. He estimates these profits at $133,380.

HEALTH WORKERS WILL CONFER WITH LEADER

The leading figures in the county and city public health and tuberculosis work will be present this evening at the dinner being tendered Dr. William Charles White of Washington, D. C., chairman of the research committee of the National Tuberculosis Association, by the Los Angeles Tuberculosis Association. The dinner is being held at the Women's Athletic Club at 6:30 p.m. Dr. White is touring the West in the interest of the research committee, and while here will confer with leaders in public health work.

LOS ANGELES WINERY MAY BE LIBELED

Baumgarteker Plant and Supplies Worth $500,000 Sought by Government

In a suit filed yesterday by Asst. U. S. Dist.-Atty. Balter on behalf of the United States, the government seeks to libel the winery, all distillery apparatus and liquors and wines on the premises of the Western Grape Products Company, 270 North Avenue 19, of which Frank Baumgarteker, mysteriously missing, is the president. The property sought to be libeled is said to be valued at more than $500,000.

It is charged by the government that the winery illegally manufactured and diverted brandy. The action comes as a sequel to the recent raid on the winery and the arrest of five men said to have been associated with it. Among the things sought to be libeled are 500,000 gallons of wine, about 1000 gallons of brandy and apparatus used in making the same.

BOARD BATTLES OVER HOSPITAL

(Continued from First Page)

this time have we known that Mr. Graves has not been sitting in with the architects."

Graves, who as chairman of the building committee, is the Supervisors' official representative in the construction of the hospital unit, replied that he had "lost faith in the Allied Architects."

"Six months ago they started rewriting specifications," Graves continued. "I objected and since then I have not been invited to their meetings, nor have I been advised when they were meeting."

The board's action apparently settles, at least for the present, the rift that has threatened to delay finishing work on the hospital unit. There may be some delay, it was admitted yesterday, by reason of the vote to reject bids and rewrite specifications, but the hope was generally voiced that completion of the structure can proceed without interruption after the new specifications and bids are received.

ARCHITECTS' ALIBIS

Before the Supervisors met in formal session the minutes of the meeting of the medical board of the General Hospital and the architects, held February 20, were filed with Shaw. They disclosed a statement from the architects "that they had not been told until recently by the Board of Supervisors that the original estimate was a maximum limit and that since this was not done their plan of procedure has been the usual one under such circumstances, of making their plans include all necessary features."

"Until recently," the minutes said, "the Board of Supervisors apparently regarded the figure of $10,844,089 as an estimate and not as a limit; for after accepting the estimate on April 16, 1928, they have since let certain contracts and ordered the architects to prepare plans and specifications for parts and accessories of the hospital building project above the amounts included in the above estimate totaling $943,973."

ECONOMIES OFFERED

The minutes also disclosed that the medical board approved the architects' suggestions for reducing expenses by using cement in many places instead of alberene, a preferable but high-priced soapstone; enameled steel for stainless steel and probably wooden doors for steel doors; cheaper lockers and cabinets, kitchen equipment, doctors' paging system and omitting soundproof partitions; substitution of painted metal finish for enamel; substitution of enameled steel refrigerator fronts for vitrolite, iron drinking fountains for marble and exchange from monel-metal to galvanized railing on stair hand rails.

Dr. N. N. Wood, superintendent of General Hospital, in a letter to Shaw said the architects had suggested further possible economies in elimination of doctors' paging system, linoleum for floors and wainscot and rat-proofing; specification of enameled iron instead of porcelain refrigerators; specification generally of chromium plate or nickel plate instead of monel-steel; reduction of initial installations of refrigeration to the bare necessities required during the first five years of capacity use; elimination of marble trim and tile in entrance lobby and vestibule and substitution of painted steel toilet partitions for marble.

Secret Wedding Causes Troubles

After the marriage of Charles Collier at Santa Ana January 5, 1925, he asked his bride Frances to keep their wedding a secret and when she objected he refused to live with her, she told Superior Judge Price yesterday when asking for a divorce.

"Why did he want to keep your marriage a secret," the wife was asked.

"He refused to say," she replied. A decree was granted.

LIGHT SHOWERS WILL CONTINUE

(Continued from First Page)

after the two men had gone to their deaths, the storm ceased and the sun appeared. Their bodies were found about 800 yards offshore by a police boat.

The victims were Louis Broman, San Francisco pressman who recently purchased the yacht Decoy, and moved to San Mateo to be closer to a mooring place, and Elmer McMullen, night foreman for an automobile company, whose home was in San Francisco.

A Coast Guard cutter rescued their companions, Miss Rose Haffey, nurse of San Francisco; Bruce Tilton of San Mateo, and three brothers of the drowned Broman, Jean, Bruce and Edward.

STORM UNEXPECTED

In other respects, the precipitation was more than welcome. The slight damage and delay caused by the storm was negligible in contrast to the agricultural benefit and the promise of a normal supply of water for consumption and electric-power development.

In San Francisco, the rainfall brought the seasonal total to a fraction of an inch less than last year at this time.

The fall still is more than four inches below normal, however. City Engineer O'Shaughnessy said another five inches is necessary to eliminate any possible chance of a water shortage next summer.

The storm, unexpected, swept in from a point off Cape Mendocino and grought rain generally to nothern points and snow to the high mountain levels.

SNOW AT NORDEN

Six inches of snow fell at Norden, the Sierra summit, making seventy-five inches there at 3 p.m. today. The Southern Pacific and Pacific Gas and Electric Company reported snow falling tonight at the summits of the Cascade, Siskiyou and Sierra ranges, with seven feet at Red Mountain, near Cisco.

Red Bluff, Sacramento, Santa Rosa and Stockton received sufficient rain to pass last year's seasonal marks, and at San Jose last year's mark was equaled.

Precipitation in inches reported by official northern stations at 5 p.m. was:

	Last 24 hrs.	Seasonal to date	Seasonal last year
Eureka	.32	18.81	21.95
Red Bluff	.68	12.14	12.44
Sacramento	.20	9.70	8.11
Santa Rosa	.40	22.21	13.22
San Francisco	.82	11.85	11.86
San Jose	.26	6.35	6.35
Stockton	.81	7.92	7.90
Fresno	.04	4.29	4.92

Screen Divorce Suit Continued

Because Al Santell, film director, is absent on location in Utah, his divorce suit yesterday was postponed until April 1, next. Attorneys agreed to the continuance in Superior Judge Sproul's court.

Mrs. Santell asserted in her complaint that her husband beat her until she was badly bruised. In his cross-complaint Santell said his wife dealt him some painful blows, one of her efforts having broken his nose. She also threatened him with a revolver, he said.

PROF. S. H. ADAMS'S LAST RITES TODAY

Last rites for Prof. Sumner Herbert Adams, pioneer concert musician, will be conducted at 10 a.m. today at the White funeral parlors, Tujunga. Cremation will follow in Forest Lawn Memorial Park. Prof. Adams died last Saturday at his home, 165 Summit avenue, Tujunga. He was 72 years of age. A graduate of the New England Conservatory of Music, he made his first appearance as a violinist when 20, and continued his concert career until ten years ago when he came to California. He leaves his widow, Mrs. Genevieve Adams.

SISTER GETS MESSAGE ON PUBLISHER'S DEATH

Mrs. J. G. Forshner of Brentwood Heights yesterday received word of the death of her brother, John H. Harrison, for more than twenty years publisher of the Danville Commercial News, in Danville, Ill., who died Sunday at Miami Beach, Fla. Mr. Harrison was well known in Southern California, where he had been a visitor for many years. He also was interested in considerable property in the city. According to the information received by Mrs. Forshner the body will be returned to Danville for interment.

KEYES TO MEET ATTORNEYS

Conference on Next Move Set for Today at Jail; Trip Made to Dentist's Office With Deputy

Asa Keyes, former District Attorney, now in the County Jail under a penitentiary sentence of one to fourteen years for bribery, today is scheduled to confer with his attorneys regarding further steps in his behalf. He stated yesterday that as yet he has made no plans in connection with an immediate trip to the penitentiary.

In accordance with a recent order signed by Superior Judge Wood permitting Keyes to leave the jail for dental attention, the convicted ex-official yesterday morning was taken to the office of Dr. R. A. Speicher in the Wilshire Professional Building. He was accompanied by Deputy Sheriff Bent and returned to the jail at 2 p.m.

Dr. Speicher stated he is treating Keyes for a gum trouble and performing other necessary dental work. The work should be completed this week, he said.

Keyes has announced his intention of remaining in the County Jail until he is compelled to go to prison. No special consideration will be shown him in respect to the prison trip, Sheriff Traeger says. In all probability Keyes will be taken to San Quentin Friday night.

Harry C. Lillie, clerk of the District Court of Appeal, yesterday issued a remittitur in the case. The remittitur returns the case to the Superior Court and clears the road of technicalities in connection with transportation of the prisoner to San Quentin.

BERMAN GIVEN TIME TO REPLY

Habeas Corpus Writ Argued Before Appellate Court

Answering Affidavit Must be Ready in Three Days

Proceedings Result of His Contempt Case Fight

An extension of three days in which to file an answering affidavit was granted to Jacob Berman by the Appellate Court yesterday, in the matter of contempt proceedings growing out of his refusal to testify in the $15,000,000 Julian stockholders' suit against the Los Angeles Stock Exchange and others in former Judge Tappaan's court. Berman was held in contempt by Judge Tappaan several weeks ago, when he declined to answer certain questions put to him during the taking of a deposition. At the time he served two days in the County Jail on one count of the contempt charge and was then released on a writ of habeas corpus. It was this writ which was argued in the Appellate Court yesterday.

[illegible] L. Lewinson, one of the attorneys for the Julian stockholders, appeared before the higher court yesterday and argued against [illegible] Christensen, counsel for Berman. Oral argument was followed by the filing of a brief by Lewinson, and then Christensen was given [illegible] days in which to answer. The entire matter is expected to be settled some time late this week.

In the meantime, no official action was taken yesterday in connection with the opinion of the Appellate Court of last Saturday, which [illegible] put to an end all future [illegible] action against Ben Getzoff and Berman growing out of the [illegible] bribery case. Just what [illegible] step to remove the charges [illegible] dockets of the Superior Court [illegible] he had not been determined yesterday.

SHRINERS TO HAVE VAUDEVILLE AFFAIR

A ten-act vaudeville show, free to Shriners and members of their families, will be given Saturday night at Al Malaikah Temple, Illustrious Potentate Fred J. Waddell announced yesterday. The show will be preceded by motion pictures and followed by a dance on the stage. Doors will open at 7 p.m.

HER GIFT OF POOL FUND STARTS DRIVE

Miss Mary Barbara Taylor

DAM BOND DRAW BACK DEMANDED

County Seeks Refund of $250,000 Premium Paid on San Gabriel Contract

Seeking to settle without litigation claims of the county on surety companies that provided the $11,000,000 bond to insure execution of the contract for the construction of the recently abandoned San Gabriel high dam, the Board of Supervisors yesterday agreed to confer with representatives of the bonding companies.

In a letter to the board, G. L. Stervick, official of one of the surety companies, expressed the opinion that a compromise could be reached on the $250,000 premium paid by the county to the companies that supplied the bond.

Stervick stated he believed the companies should make a refund inasmuch as abandonment of the dam relieved the bonding companies from full responsibility under their contract with the county. He suggested that in an effort to reach a compromise work done on the dam any risks taken by the insuring companies prior to abandonment should be taken into consideration in arriving at a proper settlement.

OCCIDENTAL SEEKS FUND FOR PLUNGE

Students Pledge to Raise $15,000 to Match Gift of Mary Barbara Taylor

Students of Occidental College at a meeting called by Leonard Janofsky, president of the Associated Students, yesterday launched a campaign to raise $15,000 to assure the building of a swimming pool on the campus.

DUDLEY DORMAN

Stimulated by a pledge of $15,000 from Miss Mary Barbara Taylor, graduate student and alumnus of Occidental, conditional on the raising of an amount sufficient to complete the pool with adequate accessory units, the student body voted to undertake to raise $15,000 of this remaining sum. The college administration itself will obtain $15,000.

The campaign committee includes Dudley Dorman, chairman; Janofsky, Mary Crawford, Arthur Brady, Richard Booth, John Woollett, Morey Smith, Robert Ryan and J. Philip Ellsworth. President Bird, Prof. Ann Craig, Prof. Edgar Klenholz and Dr. Arthur G. Coons of the faculty were asked to serve on the committee.

TESTIMONY NEAR END IN RAIL DAMAGE SUIT

Taking testimony probably will end today in Superior Judge Keetch's court in the second trial of the suit of Moody B. Roberts, former conductor for the Southern Pacific Railway Company, for $76,000 damages for asserted personal injuries received while switching cars at Oxnard.

Roberts once was given a judgment for $50,000 after which Attorney W. I. Gilbert, representing the railway company, asked for a new trial on the grounds of newly discovered evidence.

RIVER PROJECT TO BE DELAYED

Funds Not Available for San Gabriel Diversion

Cost of Land Necessary Put at $61,605 by Eaton

Total Expense Estimated at Approximately $700,000

Cost of acquiring 33.64 acres of land necessary to the proposed diversion of the San Gabriel River outlet in the Alamitos Bay district yesterday was estimated at $61,605 by County Flood Control Engineer Eaton.

The entire project, if carried through, will cost a total of approximately $700,000, it was said. Residents of Long Beach have asked for the improvement on several grounds, principally because sections of the bay are now being filled with sediment deposited by the river at its present outlet.

WOULD MOVE CHANNEL

Under the proposed diversion, the river channel would be moved southeastward a distance of several hundred yards, giving the river a more direct outlet into the ocean.

Inasmuch as County Counsel Mattoon has ruled that money for the proposed improvement cannot be taken from the San Gabriel Dam funds, it was said at the Board of Supervisors office that the project cannot possibly get under way this year, as there are no funds available for the work.

WANTED FOR SPORTS

Long Beach is desirous of having the project completed in time to permit the bay to be used for the water sports incident to the Olympic Games in 1932.

Almost half the land that would have to be acquired for the diversion channel lies in Orange county, according to Engineer Eaton's report.

AMES ALUMNI WILL MEET

Alumni and former students of Ames College will hold their monthly luncheon at noon tomorrow at the Engineers' Club, 833 South Spring street. Sheriff Traeger will be the guest-speaker, his subject being "Early California History."

BULLOCK'S BASEMENT STORE INAUGURATION MONTH

TWENTY-THREE YEARS AGO today, on March 4, 1907, a new store was opened in Los Angeles on Broadway at Seventh Street. On March 4, 1908, Bullock's FIRST INAUGURATION MONTH voiced appreciation of the encouragement that had high-lighted the experience of that first year.

Each succeeding March for Twenty-Three Years, Bullock's has welcomed the opportunity to thank all those who have been so generous, not only with friendship and support, but also with that criticism, suggestion and advice which will never cease to be valuable assets of this business.

Today, March 4, 1930, BULLOCK'S INAUGURATION MONTH will open Bullock's Twenty-Fourth year—a New Year's Day and a New Year's Month approached through reflection upon years that have passed—filled with contacts and accomplishments, permeated with devotion to and intensification of ideals — stepping stones to years that are to come.

Bullock's Inauguration Month—time-honored and traditional—a Bullock institution, does not begin or end with a sale of this or that. But it will include many important events in an ensemble of offerings of new Merchandise and of Values, and an intensification of Endeavor throughout the entire store, in every section, on every floor.

Today's Bible Text

There came many to Paul into his lodging; to whom he expounded and testified the kingdom of God, persuading them concerning Jesus, both out of the law of Moses, and out of the prophets, from morning till evening.—Acts xxviii, 23.

QUESTION AND ANSWER

"What becomes of all the cracked and scratched phonograph records?" asks an inquisitive paragrapher. The radio uses them and the results are supposed to be static.

PREDICTION IS FAIR

The chamber of the House Judiciary Committee has been wringing wet for the past two weeks, but predictions are that the storm is about over and that for some time the atmosphere of the hearing room will be as dry as that over the desert of Sahara.

PAGE JULES VERNE!

In New York, where the watering of stock has reached a fine art, a trust company is building a vault surrounded by water to protect its securities and cash from burglars. Recent experiments in saving the crews of submarines may set the leaders of the underworld to thinking.

ADVERTISING ITALY

Mussolini has made another master stroke to attract the tourist trade to Italy. Bathers at famous seashore resorts are wearing American sun-back, one-piece suits. And this in spite of the fact that the Italian manufacturers of bathing suits will have large stocks left on their hands.

PERILS OF PEDESTRIANS

Two Australians who crossed Africa afoot describe how they were chased by a mad elephant, charged by a rhinoceros, attacked by a monstrous snake and entirely surrounded by roaring lions. If they really want adventure, they should come to Los Angeles and try to cross almost any street in the city.

HAVE RIGHT IDEA

Arrest of the leaders in a radical demonstration is the best method of subduing a riot, because the others follow like sheep. During the war, I. W. W. heads in the State of Washington threatened a strike just when a bumper wheat crop was ready for reaping. Army officers quietly gathered in twenty-seven leaders and the others went to work.

RABBIT DRIVES

In Wichita, Kan., they are bragging because 1000 rabbits were killed in two days of the annual hunt for the pests who destroy crops. In Western Australia 50,000 of the little animals have been slaughtered in one drive. The rabbits did so much damage to the crops that the State of Western Australia built a fence 1300 miles long to keep out the pests.

AND NOW HIAWATHA

Having shown that it was not the Hesperus that was wrecked on Norman's Woe, the delvers into history say that Longfellow was all wrong on Hiawatha. A lecturer at a meeting commemorating Longfellow's birthday declared that Hiawatha was not an Ojibway chief but a Mohawk leader. One by one our popular heroes of life and fiction are being tomahawked.

CHICAGO EDUCATION

Ability to perform well in a song-and-dance act is a mark of intelligence, according to the ruling of a Chicago judge. A father, separated from their mother, sought the custody of two children, alleging that their education was being neglected. To prove that they were up to Chicago standards the boys performed a vaudeville stunt in court. His honor applauded the turn and ordered that the children remain with their mother.

RESTORING A TOWN

News of particular interest to the world's film capital is that John D. Rockefeller, Jr., is restoring the historic town of Williamsburg, Va., to its aspect in the time of George Washington. The city still has many of its colonial buildings standing and where they have been replaced property is being purchased so that the restoration work can be made as complete as possible. What a wonderful place it will be for motion-picture "locations."

HOOVER'S FIRST YEAR

One year ago today Herbert Hoover was inaugurated President of the United States. Customarily a President's first year is one of slight accomplishment, due to his need for learning the job, and most of our Presidents, except Lincoln, have had the good fortune to have a breathing space at the start of their administrations during which they were enabled to get a sure grasp of affairs. Not so Hoover. He elected to put a major legislative program under way at the outset and to undertake in addition an intricate negotiation in foreign affairs which, while not yet crowned with success, has certainly made progress.

That he was able to step at once into full possession of the Presidential office and keep things humming there without fumbling about for the proper things to do, he owes, of course, to the superb training he received in the cabinets of Presidents Harding and Coolidge. His recommendations to the special session of Congress, which produced a farm-relief measure and, though no fault of the President's, failed to produce a tariff, were no doubt planned long in advance. But he had to deal also with a situation for which he had little time to plan, the stock-market debacle, which, but for his expert handling, might have been followed by widespreading business depression. The occasion found him ready; and it is likely enough that his salvaging of prosperity during the closing weeks of 1929 will be rated by historians of the nation as one of the most outstanding accomplishments of any President.

Nothing like it was ever attempted before by any Chief Executive, in part because few of any of his predecessors had the intimate knowledge of business technique and of economics needed for the task, and were fearful that their interference in a business crisis would do more harm than good. President Hoover not only knew what to do, but did it, bringing about, with the aid of business and industrial leaders, restoration of a confidence that had been badly shaken. Due to his prompt action, the panic had a minimum repercussion, and the most recent figures of employment prove beyond a doubt that industry is on the upgrade again and prosperity rapidly returing.

Getting a reasonable farm-relief bill through Congress was in itself of major importance, since President Coolidge, with all his political skill, was unable to accomplish it in six years. The Federal Farm Board has not transformed agriculture, but in the short time it has been functioning it has done more than could be expected, and its beneficial effect is likely to be cumulative.

Obtaining a naval agreement with Great Britain and bringing about the present London naval conference were two steps in statecraft of first importance, taken in a surprisingly short time. That both were aided by the result of the British elections does not minimize the fact that President Hoover was ready to take full advantage of the opportunity afforded him and to act quickly.

On the administrative side the President has made appointments the merit of which are universally recognized. His diplomatic appointments have brought to that service men specially qualified. Ambassador Dawes at London, Ambassador Edge at Paris and Ambassador Sackett at Berlin could hardly be improved upon. In South America, the importance of which is recognized more fully by President Hoover than by any other President, ambassadors have been placed who are making diplomacy a career and they are making excellent records. The Cabinet is unusually able and the assistant secretaryships have been filled with men able to step at once into higher posts—as when Secretary of War Hurley succeeded to the portfolio on the death of his chief.

Prohibition administration, one of the most difficult problems of the Presidency, has been greatly improved, and still more improvement may be looked for when legislation concentrating responsibility in the Department of Justice becomes effective.

The revolt in the Senate has been pointed to by critics of the President as indicating a possible weak spot in his administration. That President Hoover could have postponed this difficulty by declining to call a special session is true enough, but postponement is not avoidance. The outburst of Borah and his assistant trouble-makers could not have been prevented, no matter who might have been President, and since it was not preventable, it was better tactics to let it get under way so that the voters may have an opportunity to deal with it before the Hoover administration closes.

After the Congressional and Senatorial elections of next fall are over a different judgment of the President's wisdom may well be registered. The country will be made to understand where the trouble is and will, unless all signs fail, put an end to it.

President Hoover's popularity with the country has grown steadily during the past twelve months, and deservedly so. If it continues to grow at the same rate during the next two years, his re-election in 1932 will be virtually unanimous.

"MY KINGDOM FOR A HORSE!"

Following the triumphs won by the seventeenth Los Angeles Automobile Show, the ninth annual Los Angeles National Horse Show this week occupies the center of the stage of sport and fashion. It takes up the story of man's love of speed and turns back two chapters from the airplane and the motor car, to find in the pages devoted to man's first Pegasus much that is interesting and attractive and still modern in flavor.

Those who have talked fatuously of the relegation of the horse to a museum for fossils, after a visit to the brilliant exhibition at Wilshire and Fairfax, will have to confess that they are nearer such a museum themselves than is man's faithful four-footed friend. The buggy and stage coach may be gone. The old plow and farm wagon may be going before the tractor and the motor truck. Airplanes and tanks may have relegated the cavalry to a minor position in planning military movements. But that the horse himself is here to stay the Los Angeles National Horse Show provides incontestable proof.

Indeed, the vogue of the horse increases with the passing of time and this ninth Los Angeles show displays more and better-bred animals, a greater money outlay spent on the horse, a more glittering array of fashion interested in saddle champions and thoroughbreds, a larger number of persons devoted to the health-giving exercise and spectacular races to be found only in saddle and stirrup. Polo grounds are multiplying as golf courses did in the first decade of the century, bridle trails are no longer negligible in the planning of national parks and city playgrounds.

In the lists of utility the horse can do nothing against wheels and gasoline. But in the realms of health and pleasure the motor driver and air pilot have still to compete with the man on horseback. In Los Angeles this week the old battle cry of King Richard III again is heard in the land. And many of the horses on view at the Sports Auditorium are worth more than enough to ransom the kingdom of the last of the Plantagenets.

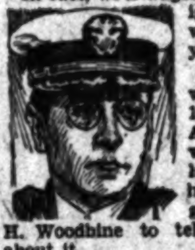
The LEE SIDE o' L.A.
BY Lee Shippey

The LEE SIDE o' L.A.

BY Lee Shippey

WE'LL bet that you, Mr. Average Reader, don't know what or why is the United States Naval Reserve.

In fact, we'll wager that you are as ignorant as we were day before yesterday.

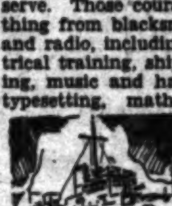


But yesterday we went down to 1965 South Los Angeles street, where our dry-land navy has its headquarters, and got Capt. Alonzo H. Woodbine to tell us something about it.

Join This Navy and See the Coast

If one of our boys thought he wanted to enlist in the Navy, we would advise him to enlist in the Naval Reserve first, to see how he liked it. For though the Naval Reserve has the same discipline the Navy has, it doesn't force a boy to do anything. Though he enlists for four years, he can resign after a few days if he finds he doesn't fit in, or it isn't what he expected.

And if our twenty-mule-team quartet of boys were old enough we'd urge them to enlist in it, anyhow, for we'd like to have them have the training and the fun they'd get out of it. First of all they would learn discipline, orderly habits. Then all of the Navy training courses would be open to them, under instruction of many of the ablest officers in the Navy as well as teachers of equally high standing in the Reserve. Those courses embrace everything from blacksmithing to aviation and radio, including navigation, electrical training, shipfitting, carpentering, music and harmony, shorthand, typesetting, mathematics, English, foreign languages and numerous others. Their uniforms would be supplied by the government, they would be paid according to their rating for the time they gave to thus improving themselves, they could enjoy a week-end cruise to Santa Cruz Island, San Clemente or some other near-by island every three weeks and once a year they, with their comrades, could man a destroyer from the fleet and take a fifteen-day vacation to Hawaii or Vancouver or down the coast of Lower California, with pay according to their rating, ranging from $36 to $126 a month.



All the time they would be men of peace, with plenty of time to engage in other business because they would be required to give only an hour and one-half a week to training. They would be in peaceful occupations and would not have to look to war for advancement and success. Yet if there were a war, they would be fitted to enter the United States Navy as officers, if they had made good use of the training offered them.

Only Ten Years Old

An act of Congress in 1915 created the Naval Reserve, but no units of it were established in Southern California till 1920. Now there are six divisions in the district over which Capt. Woodbine has supervision, the first and second divisions at San Diego, the third, fourth and fifth at Los Angeles and the sixth at Santa Barbara. If there were a war this entirely peaceful organization, which cannot even be called out for riot duty, as it has no connection with the State government, could supply 300 officers and 2000 trained seamen, most of them competent to take the duties and pay of petty officers, there being 350 men and forty-five officers in what is called the fleet—those with time and desire for most active participation, who draw pay for each day they drill or are otherwise on duty, and 2000 men and 250 officers in the volunteer reserve, made up largely of those too busy with other occupations to drill regularly and study for advancement. There also is an aviation squadron, with headquarters at Long Beach, and a merchant marine section, which includes officers of the Yale and Harvard, the tankers of the Union Oil Company and the ships of the Los Angeles Steamship Company.

Prepares Men to Keep Peace

"There is nothing about this organization to which any advocate of world peace could object," Capt. Woodbine said, "yet the more we go in for naval limitation the more need we have for a strong naval reserve; so that if our country were attacked we could immediately supply competent men to defend it on the sea. Enlistment is open to men between the ages of 18 and 28 and they must meet all the requirements for enlistment in the Navy. The training is the kind young men enjoy, yet it offers them great advantages. For instance, E. H. Hansen, sound expert with the Fox studios, commands our volunteer communications division and teaches radio and communications and W. F. Grimes, expert with General Electric, is in the same division. Leo P. Delsasso of U.C.L.A., originator of the depth sound recording device the Navy now is using, is another of our instructors. Two of our boys now are at Annapolis. At U.S.C. we have a ground school for aviation, and the Navy supplies us with splendid instructors for our classes here at the Armory."

Needs a Home

That armory, incidentally, is sadly inadequate. Every Tuesday night, which is drill night, it is so crowded with men that they almost trample each other; yet it is so shipshape and every foot of space is so efficiently utilized that they don't, and when national officers were here recently to inspect them they made an impressive showing. But when one considers the importance of the Naval Reserve one feels that the community really ought to build it a home more in keeping with its needs and possibilities.

NEW RIDGE ROUTE

With the letting of the $500,000 contract for the first seven-mile unit of the new Ridge Route in Los Angeles county to a Berkeley contracting concern a definite move has been made for the construction of a roadway which, in the opinion of many motorists, will be a vast improvement upon the old, long, tortuous and in spots dangerous route.

This section of the road, with the succeeding units, will constitute one of the most important projects ever undertaken in the State. The new route will shorten the inland highway between Los Angeles and San Francisco about seven miles. It will have a maximum grade of 7 per cent and only one-fifth of the curvature of the present Ridge Route. It will involve the largest single contract ever advertised by the State Highway Department and will require three years for its completion.

The road will run west of the old Ridge Route and will follow the canyon through the eastern extension of the San Rafael Range in the wild country between Castaic School and Canton Creek. It will not afford such expansive views as those enjoyed by travelers along the old route, as it will eliminate two of the three highest elevations known as "the summits," but by cutting out so many sharp bends and steep grades it will be far safer for autoists.

It is well to build "skyline highways" in picturesque places for the enjoyment of rare views, but such a road is not adapted to the heavy traffic now found on the Ridge Route, traversed by all manner of drivers in all manner of machines.

THE BOOSTER SPIRIT

San Clemente is scarcely five years old and yet a newspaper correspondent in sending out an obituary following the death of a business man in Ole Hanson's Spanish village referred to him as "an early resident." That's Southern California for you.

"EASIN' HER FEELIN'S"

The divorcee who walloped her husband in the eye, following the granting of the decree in court, would have a hard time convincing almost any male that the last word is harder to take than the last punch.

SIC TRANSIT GLORIA MUNDI

By James J. Montague

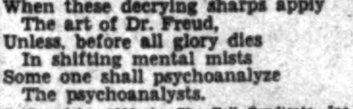
It is said that because of psychoanalysis by modern historians the rising generation has lost all its heroes

We fancied that George Washington
Was just about all right;
The bitter battles that he won
In many a sturdy fight,
The scorn for any sort of fuss
Or swagger that he had
While President, persuaded us
That George was quite a lad.
But now, too late, alas, we see
That we were ill-advised;
His reputation blew when he
Was psychoanalyzed.

Bright stars of history, unhid,
We worshiped in our youth,
As not so long ago we did
The marvelous Babe Ruth,
But now we fear that we've been wrong;
They may have little claim
To shine in history and song
Or make the roll of fame.
The glory they have been assigned
Will vanish at a touch
If psychoanalysts shall find
They don't amount to much.

So, one by one, our heroes fade,
And few remain at par
When every passing year they're made
To seem just what they are.
John Milton, Shakespeare, you and I
Will swiftly be destroyed
When these decrying sharps apply
The art of Dr. Freud,
Unless, before all glory dies
In shifting mental mists
Some one shall psychoanalyze
The psychoanalysts.

(Copyright, 1930, by The Bell Syndicate, Inc.)



CONSERVING FORESTS AND WATERSHEDS

BY W. S. ROSECRANS

President of the Los Angeles County Conservation Association

The country-wide acceptance of the Los Angeles basin ground, water resource survey project of the Los Angeles County Conservation Association and its indorsement by the State Chamber of Commerce and the Los Angeles Chamber of Commerce have won the attention of conservation leaders throughout the State. This project, however, is only one of the many efforts of the organization; it has led in the consolidation of conservation activity in Southern California for several years.

The Los Angeles County Conservation Association was organized in 1924 by chambers of commerce and civic and commercial groups, together with public-spirited citizens interested in the prevention of forest fires and the conservation of water. The association, since its inception, has at all times endeavored to correlate the efforts of all groups and persons interested in the conservation problem so as to avoid duplication, and direct activities to a definite program.

Realizing that adequate protection from fire was the only means of preserving the mountain watersheds, which are the foundation of Southern California's water supply, the earliest efforts of the association were directed toward bringing about closer co-operation between various public agencies charged with fire prevention and watershed health.

A national legislative campaign was instituted by the association a few years ago, assisted by other agencies, and as a result Southern California has during the past three years received a special appropriation from Congress of $325,000, above the regular forestry budget, for additional work in fire prevention in national forests of this area. This appropriation was matched by local funds, and the total expended in constructing fire-prevention facilities. State and county funds secured for watershed protection have greatly augmented this work until at this time the fire-prevention problem is well on its way toward solution.

Early last year the association joined the Los Angeles Chamber of Commerce in engaging George H. Cecil, at that time supervisor of the Angeles National Forest, to direct the forestry and water conservation activities of both organizations. Mr. Cecil thereupon became the executive secretary of the association and manager of the forestry, fire prevention and safety department of the Los Angeles Chamber of Commerce. Officials of both organizations are very much gratified with this arrangement and it has already brought very splendid results. Mr. Cecil is recognized as one of the outstanding foresters of the United States; is thoroughly familiar with the problems of Southern California, and is recognized as an authority in the Western States.

To provide for the successful solution of the intricate problems of forestry and water conservation in Southern California, a great deal of educational effort is needed. During the past year officers and directors of the association appeared before a great many local groups and were called upon by organizations in all parts of California. Radio was also utilized in educational effort.

In co-operation with the Richfield Oil Company a booklet entitled "Federal Fire Laws and Camping Regulations" was prepared and published. The first printing of 5000 was soon exhausted and a second printing of 100,000 was made. These booklets have been distributed in the national forests and to service clubs, chambers of commerce and like organizations in Southern California. A third printing will be brought out, probably this spring.

The Los Angeles County Conservation Association is also conducting an investigation in co-operation with the State of California, through the State Board of Forestry, into the causes of fires in Southern California with a view of recommending methods for their prevention and control.

In national legislation, the association was instrumental in securing an appropriation of $125,000 from the Federal government for increases in fire protection in Southern California national forests. This appropriation has been matched by local funds and the total of $250,000 is being expended in constructing firebreaks, trails, telephone lines and other forms of constructive improvements to check the spread of fires and aid in their detection and control.

An increase of $50,000 for the California Forest Experiment Station at Berkeley was supported by the association. The experiment station was established by the McSweeney-McNary Act in 1925 and had a national appropriation of $30,000, its scope being the entire field of forestry experimentation in California. It was hoped that the $50,000 appropriation could be secured to permit the broadening and developing of this work. However, the results were practically negligible, the increase being limited to a few minor adjustments because of changes in salary, the total increase amounting to only $5000. In the present session of Congress the increase of $50,000 has been again requested and is being actively supported by this and other interested organizations.

The Englebright bill, authorizing appropriations for fire prevention in the national forests, will shortly come before the Agricultural Committee of the House of Representatives for consideration. The policy of Congress in the past has been to spend large sums in the control of fires rather than to provide funds for their prevention. The passage of this legislation will reverse this policy and make available funds for the construction of roads, trails, firebreaks and other forms of improvements which will make quick action on fires possible and will limit them in extent. The Englebright bill has been actively supported by the Los Angeles County Conservation Association in co-operation with the State Chamber of Commerce and other interested organizations.

The Los Angeles County Conservation Association is co-operating with the California Forest Experiment Station in providing funds for the purchase of instruments for work at the station's experimental plots in San Dimas Canyon, where experiments in run-off and erosion will be made.

Early in December, last year, after a number of months' study, the Los Angeles County Conservation Association adopted what is known as a ground-water project. This project calls for a comprehensive and co-ordinated investigation into the ground-water resources and conditions of the Los Angeles basin and also includes studies for their increased natural and artificial replenishment. A conference was held on January 27, attended by 150 representatives of various water interests, municipalities and public agencies concerned with this problem. It was attended by Gov. Young, Mayor Porter and the mayors and other representatives of many of our Southern California cities. Committees have been organized and are now developing the work decided on at this conference.

NEW CLUB DEPARTMENT

For the first time in the history of California there is a Bible department in a woman's club. This department is in the Los Angeles District of California Federated Women's Clubs, and prizes are being offered for the best essays on "Why I should own a Bible and know its contents."

In this age when the seeds of atheism are being sown insidiously in clubs, schools and colleges it seems a notable and commendable thing that such a department should be established. And, although only those who belong to the federation of clubs are eligible to compete for the prize, it is a question which anyone might well ask himself and gain much from getting a definite, crystallized idea of just what benefits might accrue from a knowledge of that book of books.

In the first place the Bible is a history of a people whose civilization and evolution touch the history of many other races and nations and no student can have a thorough historical basis without a knowledge of its contents. For beauty and variety of style there is scarcely another book in the world which can equal it for literary value. Even atheists have read it systematically for its inspirational effect. Shelley carried a copy of the Bible in his pocket, although an avowed infidel, and traces of the sublimity of biblical poetry can be seen in the lyric beauty of Shelley's poems.

Stylists like Washington Irving, Macauley and Burke were great Bible students, and many noted orators have had their gifts of eloquent expression freed through an absorption of the Bible's impassioned passages.

Above and beyond all religious controversy is the solace which comes in maturity, middle life and old age from the memory of some psalm, proverb or text learned in childhood. How many thousands of people each day gain comfort for repeating the Twenty-third Psalm!

And just as we are finding that an environment of material beauty has a very decided effect on youth in its formative period, so we might trace a certain poise, dignity and balance in the manner of those whose daily lives contacted the Bible in their early childhood.

WE TWO

We two were born the self-same
day,
And look—we might had wed,
The gods, however, said us nay.
We walked apart instead.

Congenial? Well—just that
alone
However that may be
Before a wedding year is gone
May strike a reef at sea.

Beethoven—Verdi were your
choice,
Great souls of song and fame.
I listened to the ocean's voice,
Our tastes were not the same.

The banquet hall—the banners
bright
You could not help but love—
I walked into the silent night
To see the stars above.

You dazzled at the Shriners'
ball
And waltzed the whole night
through
And I who could not dance at all
Could only look at you.

Time and again the hills have
greened,
Let's thank our fortune's star,
And all the gods that intervened
And left us as we are.

S. H. M. BYERS.

Flying fish have helped make Catalina famous, but there are also more than 5000 feathered attractions on the island now, in the rapidly growing Bird Park originated by William Wrigley.

Agreement on Port Belt Line Link Reached

In a brief session yesterday the board of control of the Belt Line Railway at the harbor came to an agreement on the proposed crossover between the Southern Pacific Railway's main line, back of Pier A, and the city-owned tracks near the Catalina Terminal, and referred the drawing up of a contract to the board of operations.

The Southern Pacific has agreed to the proposal by which the harbor department will spend $9000 and the Southern Pacific $2000 for the construction of the crossover on their respective properties, most of it to be on city land.

The city is to get 6 per cent rental from its share of the crossover from the Belt Line Railway, and both the city and the railway will be reimbursed for their outlay from money which will be saved in operation over the short cut. It is expected that the saving in eighteen months will complete the repayments.

Rin-Tin-Tin's Boss to Wed

Lee Duncan, well known in Hollywood as the owner of Rin-Tin-Tin, famous dog hero of the screen, and Miss Eva Linden, of Los Angeles, are going to be married in June, according to dispatches received yesterday from Kansas City, Mo.

At the present time Miss Linden is visiting Duncan in Kansas City, where he is appearing for a week at a theater with the dog.

"We are to be married in June and have a honeymoon abroad," Duncan declared when seen at his hotel.

Duncan is making a tour of the country with Rin-Tin-Tin.

SOUTHLAND IRISH WILL PAY EMMET TRIBUTE

On March 4 each year, the Irish of Southern California endeavor to keep green the memory of Robert Emmet, one of Ireland's foremost patriots. This year they will gather at the Catholic Women's Club, 927 Menlo avenue, to pay homage to him. A diversified program has been arranged. Lewis Meehan, Irish tenor, accompanied by Miss Catherine Nason, will sing Irish songs. Frank J. Barney, attorney, will speak. The Cosmopolitan Players will present the three-act comedy, "Kempy."

GAS LEASE REFERRED

The City Council yesterday referred to the Finance Committee a report from Director of Airports Barnitz recommending that a lease be drafted between the city and the Associated Oil Company for the sale of gasoline and petroleum products at the Municipal Airport.

PRINTS LINK SUSPECT TO OLD CRIME

Police Gain Confession on Robbery and Assault Committed in 1917

A 13-year-old charge of robbery and assault to murder was lodged against Frank K. Arnaiz, 32 years of age, 1461 West Twenty-second street, following his arrest yesterday on a battery complaint filed by Leo C. Alvarado of 5217 Craner street, North Hollywood. The identification was made by Officer White of the police fingerprint bureau, who recognized the name and made a comparison of the prisoner's impressions. Arnaiz admitted his guilt, police said. His accomplice, he said, was Douglas Griffin, with whom he had been engaged in stealing automobiles and holding up motorists on the highway.

The victim was Lloyd Inghren, a wealthy tourist from New York who was visiting in Los Angeles in 1917. Police records show that Griffin was convicted and received a term of ten years in Folsom prison, but Arnaiz disappeared and no trace of him had been found until his arrest yesterday.

A further check-up revealed that the officer who handled the investigation has since died and the present whereabouts of the victim are unknown to police here.

The officer was Detective Sergeant John Fitzgerald, who was shot and killed by "Little Phil" Alguin more than ten years ago.

New York police will be asked to search for Inghren as the prosecuting witness against Arnaiz.

FREE HAND IN CONCRETE CURE VOTED

Use of Several Approved Methods Now Allowed Paving Contractors

By a vote of ten to four, the City Council yesterday declared in favor of wide-open specifications in the use of methods for curing concrete. The action was taken in supporting a majority report of the Public Works Committee, offered by Councilmen Randall and McAllister, and voting down a minority report by Councilman Martin.

Those voting with Martin against open competition were Councilman Davis, Henning and Lewis. Martin said he had made a trip to San Diego to inspect the curing done by a certain company and presented affidavits to the effect that the pavement was ruined. Randall answered, saying that the specifications of the city were sufficiently rigid to keep out "bootleg" concerns.

As it will be, contractors will have the choice of using any of several approved methods, or the old system of covering the concrete with dirt and water for several weeks.

Bible-in-Schools Appeal Refused

The request of the Bible in the School Committee of Torrance that a portion of the Bible be read without comment to the pupils of the local public schools at the beginning of each school day was tabled by the Board of Education last night on recommendation of its teachers and schools committee. A letter from Mrs. W. H. Sinclair, chairman of the Torrance group, said an overwhelming majority of citizens it interviewed expressed the belief that since the United States is a Christian nation, it is essential for the future security that the school children be given an opportunity to hear a portion of scripture every day.

The report on which the board based its refusal pointed out, however, that the State constitution contains a section which debars the board from ordering the reading of the Bible in the schools. It quotes this section, which says in part, "nor shall any sectarian or denominational doctrine be taught, or instruction thereon be permitted, directly or indirectly, in any of the common schools of this State."

COMMUNISTS WON OVER

Score or More Heed Social Worker's Counsel and Join Russian-Ukrainian League Here

Reason, good will and information are the best weapons with which to fight the dragon of Communism, according to Mrs. Valentine Kachmarsky, dramatist and social worker, who demonstrated the efficacy of her ideas yesterday when she went to the center of Little Russia in the Hollenbeck Heights district and organized the Russian-Ukrainian Civic Center League. More than a score of avowed Communists joined the organization.

The league was formed at a meeting at the Young Women's Christian Association, 435 South Boyle avenue, and the officers elected are: President, Mrs. Kachmarsky; vice-president, Mrs. T. I. Nickolenko; treasurer, Mrs. M. Lankovsky; secretary, I. Wavrick. A meeting to elect other officers and committees will be held in the near future.

Asked by Mrs. Kachmarsky why they had joined Bolshevistic organizations, several men and women confessed that "it was because they had no place to go where they would be understood" and that at the meetings of the Communists they could hear their own language spoken and their own songs sung in their native tongue."

"I want you to give your agitated minds a rest," said Mrs. Kachmarsky. "This is not Russia but free America and the American people stand ready to help you in every way. You will never succeed here by making yourselves enemies of your adopted land."

Mrs. Kachmarsky, who lives at 2283 Glendale Boulevard, is seeking the co-operation of all civic organizations in her efforts to instruct and otherwise help the members of the newly formed organization, as well as all Slavs of East Los Angeles.

...ARBUTT WILL BE HONORED

... Angeles Athletic Club to Hang Portrait in Recognition of Labors and Devotion

... for his years of service and devotion to the interests of ... Angeles Athletic Club will be forthcoming to Frank A. Garbutt, ... when the board of directors presents a recently completed ... of him to the club at a dinner to be given there on the 14th inst.

... has been the mov... of that club," said Halde... "He has built up an institu... I believe, has greater ... any other institution of ... country, and he has ... of his time and ener... many years to carry out ... that the board of direc... some recognition of his ... and expression of apprecia... was due him. After a great deal of consideration, we decided upon a portrait of him to hang in the club as the most appropriate indication of this regard."

The portrait, which has been under way for several months, finally was finished about three weeks ago and by the 14th inst. will be framed and ready to hang. It was done by Arthur Cahill, nationally known portrait artist. It is a life-sized picture of Mr. Garbutt and said by those who have previewed it, an exceptionally good and characteristic likeness of him.

At the presentation dinner, William May Garland, president of the club, will act as master of ceremonies. Arrangements for the affair are under the direction of Mr. Haldeman, Bernal Dyas and G. E. Bergstrom.

COURT HEARS HER LOVE NOTES READ

Grayce Allen

Love notes that Earl Parsons Crane left in his bureau drawer won a divorce for his wife, Mrs. Alice N. Crane, in Superior Judge Guerin's court yesterday.

Mrs. Crane brought to court a picture of a girl she said was Grayce Allen, the writer of the letters. One of them said: "Sweetheart, I realize more and more every day how much you mean to me. I love you sweetheart, and I will always love you. —" etc., etc.

Bird to Begin Death Charge Fight Today

Arguments on a motion to set aside the murder charge filed recently against Maj. Owen R. Bird will be heard by Superior Judge Wood this morning. Maj. Bird is charged with killing his best friend, Percival Watson, while the latter was visiting at the Bird home.

Following the original investigation, a manslaughter charge was filed against Bird. The defendant maintained that he believed the revolver was loaded with blank shells and that he fired only to frighten Watson. Later, however, a new complaint charging murder was filed.

Judge Wood deferred hearing the argument until today.

Chef Wyman to Bake Today

In the usual order of housekeeping Saturday is baking day but today will be baking day at the Los Angeles Times Cooking School—and Chef Wyman is going to show the women attending the class at 2 o'clock today how to bake some especially delicious dishes.

She will make a baked orange plain how to make raisin sauce for baked ham. The Times invites everyone souffle, a chocolate roll with cream filling, cottage cheese cake and an upside-down cake. She will also explain to attend these free classes which are held every Tuesday and Friday in the Southwest Building, 130 South Broadway.

Two Held as Dope Peddlers

Accused as dope peddlers, John W. Shubin, 22 years of age, of the Jefferson Hotel, and M. Medina, 121 Gage street, were arrested last night on charge of violating the State Poison Act.

Shubin was arrested at Main and Eleventh streets by Detective Lieutenants Yoakum, Haines and Howell, and State Narcotic Inspector Thibadeaux. They charge he tried to sell them fifty grains of morphine for $30. Medina was arrested on Broadway near Lincoln Park by Detective Lieutenants Boshart, Matthews and Brown, and Inspector De Spain, who report he had six morphine tablets.

FUNERAL AT RIVERSIDE

Funeral services will be conducted in Riverside at 2 p.m. tomorrow for Mrs. Mildred A. Robertson, who died at the White Memorial Hospital here last Saturday, following an illness of several weeks. She leaves three brothers, C. C. and Elmer A. Allen of Los Angeles, Henry A. Allen of Denver, and one sister, Mrs. Julia Allen Clark of Minneapolis.

FOLLOW THRU WINS HONORS

3. Judith, b.m., Roy D. Bayly.
4. Waterford, ch.g., Nancy Belle Bayly.

Applicant to Hospital Dies While Waiting

While awaiting permission to enter the county's General Hospital for treatment of an acute illness, Charles McCarthy, 62 years of age, wandered about the city until he fell dead in the rear of 116 West First street last night, according to police.

Acting Detective Captain Revis and Detective Lieutenant Shammo investigated the case and reported that McCarthy had been cared for by the Salvation Army until yesterday when the Catholic Welfare Society sent him to the General Hospital.

When he presented himself at the hospital, the officers said, he was given a card to fill out and told to return today after an investigation of his case was completed to ascertain if he was eligible for treatment.

The body was taken to the County Morgue and the Coroner's office announced an inquest will be conducted.

Attorney Feels Complimented

Asst. U. S. Atty. Doherty has discovered that he is rated high in Bradstreet's. Yesterday he received a letter, signed Miss Edith Moran, Argyle, Wis., asking him for $500 or $1000.

"You will not miss it," the letter said. Mr. Doherty did not send the money.

CANADIAN PILGRIMS WILL ARRIVE TODAY

Approximately 140 business and civic leaders of ten Canadian cities of the Windsor district are scheduled to arrive here today via Southern Pacific Railway. They come on their annual excursion, and will make their headquarters at the Alexandria. They will remain in Los Angeles until Saturday, when they leave for San Diego.

CLUB'S MEETING CLOSED

Tomorrow morning's meeting of the Breakfast Club will be an executive session, open to members only, it was announced yesterday. A short musical program, headlined by Dan Gridley, tenor, will be the only entertainment. A fried chicken breakfast will be another attraction, taking the place of the usual ham and eggs.

WARE DIVORCE FIGHT WILL BRING PERJURY HEARING

Two witnesses are being sought to testify at the investigation now being conducted by Superior Judge Engs to determine if perjury was committed at the hearing on the petition of Mrs. Carolyn Ware against Harry L. Ware, for separate maintenance.

The much-wanted witnesses are Louis Krause, a private investigator, who was in the employ of Ware before he filed his complaint for a divorce to offset his wife's suit, and Theodore Von Jannings, a motion-picture actor, who Ware asserts was the associate of his wife.

At the hearing yesterday Mrs. Louise Krause, wife of the private detective, took the witness stand and testified that her husband left the city last Friday. She declared she did not know where he is.

Von Jannings, according to a deputy sheriff, who has a subpoena for him, is at present working on a location out of the city and will not be back until Wednesday.

The hearing on the complaint for separate maintenance and the one for divorce, which has been going for several weeks, yesterday developed into an investigation by Judge Engs and the trial lawyers, Attorneys Clyde F. Murphy and Isidore Dockweiler, as officers of the court, to determine if perjury has been committed.

The investigation follows charges made by Mr. and Mrs. Paul V. Bogart that Krause had been given money to pay Von Jannings to get acquainted with Mrs. Ware and then compromise her.

On cross-examination of Mrs. Bogart yesterday, it developed that she and her husband had had trouble with the Krauses over the payment of rent for an apartment they rented from Krause. Attorney Dockweiler for Ware, attempted to show that the accusations made by the man and wife are for spite.

Ware took the witness stand during the afternoon and emphatically denied he had paid any one to compromise Mrs. Ware. He declared Krause came to him and told him he had information concerning Mrs. Ware associating with Von Jannings.

"I sent him to my attorney with the information, but I have never paid out $1 to him or any one else to compromise Mrs. Ware as asserted," he declared.

Of Interest to Women

Society

by JUANA NEAL LEVY

The American Conservatory of Music in Fontainebleau is making grand gestures these days over the pupils who recently have received instruction in its classic rooms in the old chateau. The instructors and officials of this Franco-American enterprise believe they have no reason to be ashamed of their work. A fair percentage of pupils are back in the United States with groundings which are now beginning to show, for some of them are doing things a bit better than the ordinary.

Some, also, are doing them in Europe. The recital last week of Walter Edelstein is an example. Edelstein took the summer course at the conservatory and before he left Paris he built himself a promising reputation, appearing several times before student audiences. His violin recital, which marked his debut as far as the general public is concerned, received excellent criticism, and his Left Bank friends have been saluting him with reverence ever since.

These beginners live or die by the benevolent or vitriolic pens of the critics and after a debut it takes a long time for the nerves to settle down. Edelstein, however, had nothing to bother him during the week which succeeded his recital, for the pens of the critics who heard him were dipped in the right pot.

The United States has entertained the rest of the world—the Club de Vingt-Cinq of the Sorbonne, an organization of twenty-five nations, was the guest of the United States members last week at the Students' Atelier. The affair was a tea-dance. The hosts offered a program of interpretation of things American, which was highly amusing to the guests. An address was given on the subject of the United States, and several popular songs were sung with explanations in French as to what they meant in the national life.

Harper Kelley, anthropologist, whose discoveries in Africa have caused considerable comment, has returned to his apartment in the Rue de l'Universite in Paris after a visit in the United States.

One of the most satisfying programs of the current season was given last week at the Students' Atelier, when Ruth Metcalfe and Christine Saulnier appeared. Miss Metcalfe is a soprano, whose voice has a wide range with a considerable amount of feeling.

Stuart Gilbert's book on the interpretation of James Joyce is progressing. The proofs are in Mr. Gilbert's hands and soon will be forwarded to the publisher in London. Mr. Gilbert's book will contain many entirely new ideas on the reading of Joyce and a detailed analysis of Ulysses.

Gordon MacCormick has left Paris for the south of France and his Left Bank friends hear by the usual postcard that he is enjoying himself.

Miss Laura Ashby, who has been traveling in Italy, was a recent visitor to Genoa, where she registered at the Hotel Columbia. Mrs. Anna Van Dyke has been stopping at the same hotel.

Mr. and Mrs. Metton B. Adler are passing the season in Nice, France, as guests of the Grand Hotel O'Connor.

Russel Holton, who has been traveling in Austria, recently spent several days at the Grand Hotel in Vienna. Mrs. Elizabeth Rhodes has been staying at the same hotel.

Mrs. Alfred Milliard is passing some time in Paris at the Hotel La Tremoille.

Mrs. Sippy Norton is at the Hotel Elysees Palace in Paris, where she recently gave a dinner for Mrs. Hiram Leagh of Hollywood, who arrived here a short time ago. Mrs. Norton is en route to Cannes, France, for the remainder of the winter.

Mrs. Jessie Chaffee and Miss Chaffee of Hollywood have been stopping at the Hotel Regina in Paris.

Mr. and Mrs. O. C. Kingsley, who have been traveling in Southern Italy, were recent guests of the Hotel Continental in Naples. Mrs. Stella M. Thompson of Los Angeles has been stopping at the same hotel.

Col. John H. Poole of Pasadena, who has been in Ostend for a vacation, now is in Paris and is staying at the Hotel de Crillon.

Mr. and Mrs. J. B. Lince have been in St. Moritz, Switzerland, for the winter sports, stopping at the Grand Hotel.

George L. Burdick, traveling in Germany, was a recent arrival in Berlin, where he registered at the Hotel Adlon.

Mrs. Katherine Iten and Mrs. Jessie M. Crooks, who have been traveling in Europe for the past year, have returned to Paris from Villars, France, and are occupying an apartment at the Hotel George V for the moment.

Cassiuse Culberson and Mrs. Patience V. Culberson have crossed to Europe aboard the Hamburg-American liner St. Louis.

Mrs. L. B. Posterfield and Miss Posterfield of San Diego have been visiting in Paris as guests of the Hotel Regina.

Mr. and Mrs. J. F. Logel are passing the winter in Cannes, France.

F. H. Freman has been passing several days in Naples, Italy, as a guest of the Hotel Excelsior, after crossing from New York aboard the liner Augustus.

Mrs. A. M. Cleveland of Hollywood, who has been traveling in Egypt during the past month, was a recent guest of Shepheard's Hotel in Cairo.

Mrs. Florence Key Fuller of Kansas City, Mo., and Mrs. W. L. Morrison of Los Angeles intend to pass the next two months on the Riviera, returning to the United States in April. They passed December in London and have been staying at the Hotel Continental in Paris during the past month.

Mr. and Mrs. Clifford F. Ahlers are aboard the White Star liner Laurentic, which has been making a cruise of the Mediterranean this winter.

Uncanceled Stamps

When you wish to remove an uncanceled stamp from an envelope, cut a piece of blotter the size of the stamp, wet it, and lay it on the stamp for a few minutes. You will find the stamp will come off easily when the blotter is removed.

FINALS OF POLO GAME WATCHED

Many Go to Del Monte For Turf Event

[Photo by J. P. Graham, Del Monte]

Among Interested Spectators

Miss Josephine Grant of San Francisco, Mrs. Elmer Boeseke of Santa Barbara and Mrs. C. B. Wrightsman of Santa Monica

THE all-American polo finals on the fields of Del Monte recently were largely attended by Californians of the north and south. Among those who were much interested in watching the games were Miss Josephine Grant of San Francisco, Mrs. Elmer Boeseke of Santa Barbara and Mrs. C. B. Wrightsman of Santa Monica. In the finals the San Carlos team defeated the Midwick team. Mr. Boeseke and Mr. Wrightsman played for Midwick.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

BRAN ORANGE PUFFS

One cup of flour, one cupful of bran, four teaspoonfuls of baking powder, one-third of a cupful of butter, one cupful of brown sugar, two eggs, the grated rind of one orange, one tablespoonful of lemon juice, one-half a cupful of orange juice, three-fourths of a cupful of nut meats. Cream the butter and sugar, and add the well-beaten egg yolks. Sift the flour and baking powder together, add the bran, grated orange rind and nuts. Then add to the creamed butter and sugar, fold in the stiffly beaten whites of the two eggs; it may be necessary to add a little more orange juice, enough to make a batter that will drop from the spoon. Bake in oiled muffin tins, in a hot oven, and serve with an orange sauce.

ORANGE SAUCE

The yolks of two eggs, one-half cupful of sugar, two tablespoonfuls of butter, one cupful of orange juice, one tablespoonful of grated orange rind, two tablespoonfuls of cornstarch, one and one-half cupfuls of hot water, beat the yolks of the eggs until thick, then add the sugar, butter, orange rind and juice, dissolve the cornstarch in a little of the water, gradually pour the boiling water over this. Cook in a double boiler, stirring constantly until thick and smooth.

HAMBURGER CROQUETTES

One pound of ground steak, one medium-sized tart apple, one-third of a cupful of bread crumbs, one-third of a cupful of hot milk, two eggs, one tablespoonful of onion juice, a seasoning of salt and paprika and a few grains of mace. Soak the crumbs in the milk for five minutes, combine with the steak, chop the apple fine and mix it with the egg yolks and seasoning. Form the mixture into balls about the size of a lime, roll the mixture in dry bread crumbs, then into egg whites, that have been slightly beaten and mix with a third of a cupful of cold water. Again into crumbs and fry in deep hot shortening. Drain well and serve with a Spanish sauce.

QUICK PARKER HOUSE ROLLS

Four cupfuls of flour, six teaspoonfuls of baking powder, four tablespoonfuls of butter, one teaspoonful of salt, one and one-half cupfuls of milk, sift the flour, baking powder and salt together, chop in the butter, add the milk slowly and mix to a smooth dough. Turn out on a well-floured bread board, and knead the same as you would bread, until smooth and elastic, cut with a round biscuit cutter; brush over the top with melted butter and crease each circle with the back of a knife and turn over. Place about an inch apart in a baking pan and set in a warm place to raise for fifteen minutes. Then bake in a hot oven.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

Your Baby and Mine

by MYRTLE MEYER ELDRED

> Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office will bring a personal reply.
>
> This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

LET YOUR GOOD JUDGMENT TEMPER INSTRUCTIONS OF BABY BOOKS

Some mothers who were rearing their third or fourth child once got together and laughed about the seriousness with which they reared their first infants. If the book said, "Never pick up the baby," they carried out the decree to the letter. If it instructed, "Give the baby several drinks of water a day," they opened the little beaks and poured down water whether or not the babies spluttered and roared and spit it out.

Many of us have gone through that stage. Personally, I think it far better than the careless one in which a mother pooh-poohs all good rules, usually because she is too lazy to carry them out. But we do need more than a grain of humor, and most of us discover with our third or fourth baby that we can follow the book and yet deviate according to the dictates of each individual baby without going wrong.

Evidently Mrs. A. C. has discovered this also, for she writes: "There is so much said about water. Certainly a baby can't be thirsty if he won't accept water. I took all these rules seriously when Ruth was small and tried to force water down her throat. I finally stopped. I figured she got a lot of water in her formula, and when I thought she might be thirsty, I offered it; if she refused it, I took it away. She got along fine.

"So many mothers ask you about night feedings. Is this necessary after three months of age? Our children at that age were put to bed at 6 and slept until 6. For a few nights they fussed, each night a little less, and aside from seeing that they were dry and their feet warm I paid no attention to them. The oldest woke up for changing, the youngest doesn't waken at all.

"And why, Mrs. Eldred, do mothers of children under three months bother with dresses and petticoats. Why not just a wrapper?

"Another abomination is the rubber diaper. There should be a low against them. Every time I even tried one on the children they fretted. I found that thick squares of old underwear inside the ordinary diaper, or a woolen square folded and put under the baby in the carriage, are a real protection and most comfortable at all times."

Mrs. A. C., I wish all your ideas could be outlined in red or marked in some startling manner, for they are so good, and they do work if the baby is well fed and healthy. There need be no night feedings, certainly, after 10 o'clock, when baby is past two months. The simplest clothes are best for baby and I, too, dislike rubber diapers. If the diapering is soft and thick and changed often, the rubber ones are entirely unnecessary, despite the fact that most babies wear them constantly.

Damp Matches

When matches are damp and refuse to strike, you can always successfully dry them by rubbing them back and forth in the bristles of a clothes brush.

Health and Diet ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

HAND SURGERY FOR ADHESION

When the adhesions have become tightly formed, the most satisfactory way to loosen them is by means of deep manipulations with the skilled fingers of someone who had learned the technique of this particular work. If you have been told that you have a serious case of adhesions, I am sure that you will appreciate the knowledge that most adhesions can be separated bloodlessly by stretching them loose with the special manipulations that have been developed in the last few years.

As the well-trained fingers of your treating doctor work to separate these organs that have joined together, you can notice the improvement as the connecting tissues are gently severed, and the beauty of this treatment is that it can be done without the need of cutting into the walls of the abdomen and without the danger of serious surgical adhesions forming. The bloodless treatments for adhesions are practically painless and even in severe cases the connective tissues can be severed, although sometimes it takes several months of treatment. As these adhesions disappear, it is interesting to watch the progress under the fluoroscope of the X-ray. And as these kinks and adhesions are banished, constipation and digestive disorders often disappear with them.

Once the adhesions have been removed, you will have to keep your normal muscular tone by taking various abdominal exercises. Those taken while standing are not of much value. Take either the exercises on the slanting board or those while lying on the back with a pillow under the hips. You can develop your abdominal muscles so that you need not fear a future return of prolapsed organs and adhesive tissue.

In cases where the internal muscles surrounding the intestines have become weakened from years of prolapsus or adhesions, they often do not respond to any exercise which you can give yourself, but fortunately there is an electrical machine invented which will cause these sleeping muscles to wake up and move with vigorous contractions. There are a number of forms of this machine put out by various companies, but they all use the slow sinusoidal wave current. The best method is to use a slow alternation of relaxation and contraction so that the muscles have a chance to work and then rest.

Even though one is old it is often possible to develop the abdominal muscles until they are as firm and flat as in youth.

The protruding abdomen is usually a sign of prolapsus within and should serve as a warning indication.

Although the effects of adhesions are quite serious and far-reaching if not attended to, it is a satisfaction to know that they can be readily overcome through the use of the right methods.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

PETER CANNOT FORGET

Your memory may be poor and yet
Some things there are you can't forget.
—Peter Rabbit.

Curiosity is a most provoking thing. It will not let you forget when you want to forget. Peter Rabbit never went over the Green Forest that he didn't remember what Whitefoot the Wood Mouse had told him about his winter home. Just the sight of the edge of the Green Forest would remind Peter of Whitefoot's secret and immediately arouse Peter's curiosity. He wasted a lot of time hunting for that home of Whitefoot's. Sometimes he saw Whitefoot, but more often he didn't. When he did see Whitefoot it was always near the place where he had met Whitefoot when the latter had told him about that home.

Now, many pairs of eyes are better than just one pair. At least, that is what Peter Rabbit thought. "If I can't find Whitefoot's home myself, perhaps some one else can," said he. "The thing to do is to ask questions."

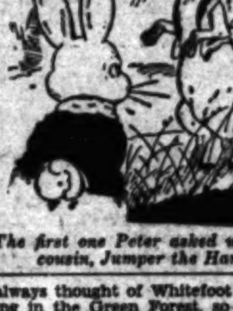
The first one Peter asked was his cousin, Jumper the Hare, who lives in the Green Forest. "Cousin Jumper," said Peter "do you happen to know where Whitefoot the Wood Mouse is living this winter?"

Jumper scratched a long ear with a long hindfoot. "No, I don't Peter," said he. "Now you mention the matter, it occurs to me that I haven't seen Whitefoot all winter. I do hope nothing has happened to him. I am rather fond of the little fellow."

"I can set your mind at rest on that score," said Peter. "Nothing has happened to him. Anyway, nothing had happened to him up to a few nights ago, for I saw him then. He was over on the very edge of the Green Forest."

"That explains it," said Jumper. "I seldom go over to the edge of the Green Forest. It must be that he has moved over there."

"Do you think so?" cried Peter. "I hadn't thought of that. I have always thought of Whitefoot as living in the Green Forest, so I supposed he had simply wandered a long way from home."



The first one Peter asked was his cousin, Jumper the Hare

"You may be certain he hasn't done that," replied Jumper. "Whitefoot never wanders very far from his home. You may be sure that his home is not a great way from where you saw him. I am glad to know that he is alive and all right."

"Oh, he was very much alive and quite all right when I last saw him," said Peter. "He was looking unusually well. And he told me that he has one of the best homes he has ever had."

"Didn't he tell you where it is? Or didn't you ask him?" inquired Jumper.

"Oh, I asked him all right," replied Peter, "but he wouldn't give me so much as a hint. I suppose it must be in a stump, or under a stump, or in a hollow log, or in some old home of Drummer the Woodpecker. I shall have a good look over there now."

"It may be under ground, you know," said Jumper. "Sometimes Whitefoot makes his home underground."

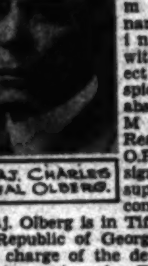
DESIGNER OF STRUCTURE IN FAR LAND

Maj. Olberg Now Busy on Soviet Water Project in Republic of Georgia

When Calvin Coolidge and officials of California and Arizona walk out on the parapet of the Coolidge Dam today to participate in the dedication ceremonies of the $4,500,000 structure, a man whose name is linked inseperably with the project will be conspicuous by his absence. He is Maj. Charles Real Olberg, O.R.C., who designed it and supervised its construction.



MAJ. CHARLES REAL OLBERG.

Maj. Olberg is in Tiflis, capital of the Republic of Georgia, where he is in charge of the development of a water system for Transcaucasia, under contract to the soviet government. Accompanied by his wife, the former Mary Maude Bell of San Gabriel, he left Los Angeles September 16, 1929, after resigning his position as reclamation engineer with the United States Indian Service. His work in Transcaucasia is expected to keep him there several years.

Mrs. Olberg is the daughter of John A. Bell, widely known civil engineer.

More Attractive Globes

If the glass globes in the new home are heavy-looking and white, get out the paint brush and touch them up with water colors to blend with the rooms they are in. In rented houses we do not like to go to the expense of new globes and this will frequently solve the trouble.

SCOLDING CHILDREN CHARGED TO WIFE

Armando Martinez was grieved when his wife, Carlotta, corrected and scolded his children by a former wife, he told Superior Judge Bowron yesterday when asking for a divorce. Once, he said Mrs. Martinez struck his daughter Consuela, 8 years of age. Martinez declared that when he upbraided his wife she told him he should be glad she didn't put a scar on his head like she did on her first husband's. A decree was granted.

crackle pop snap

the crackling CEREAL

KELLOGG'S RICE KRISPIES are so delightfully crisp they actually crackle in milk or cream.

Good for all the family. So easy to digest and nourishing. Wonderful with fresh or canned fruits or sweetened with honey. Use in macaroons, candies. At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

Kellogg's RICE KRISPIES

Household Suggestions

All Alike

If you are thinking of buying new curtains for the house and intend using the same pattern throughout, it is a good idea to make an extra pair at the same time. Then, when necessary, the extra pair can be hung and a soiled pair taken down and laundered. It would mean very little work and one would always have clean curtains.

Practical Thoughts

Shoes should not be kept in boxes after they have been worn, as they require air to preserve them.

White lace that is strong and whole, but an ugly color, can be made to look like new by steeping in tea and ironing while still damp.

If you are interested in keeping your kitchen attractive and up to the minute your servant is more likely to be satisfied and take pride in her work.

Egg Stains

Stains on dishes from eggs are one of the hardest to remove. One housewife suggests the dishes be put directly in cold water when removed from the table and allowed to stand in it while the dishes are being stacked preparatory to washing. By the time all

Rubber Toys

Rubber toys are the only sensible playthings for baby, as they can be sterilized frequently and can do no harm if he should put them in his mouth.

A Good Habit

Try to get in the habit of turning off lights when leaving a room and thus save on the electric light bill. Another economy is to use bulbs of different size in the same lamp. Then when you want reading light, use the larger lamps. If the light is just for effect, use the smaller globes.

the other details are attended to the egg has become quite loosened from the plates.

Rubber Gloves

Rubber gloves can be slipped on easily if the hands are first dusted with talcum powder. After using, the gloves should be washed and dried thoroughly and then placed in a box containing cornstarch. When ready to use, shake the gloves into the box as the same cornstarch can be used again and again. This will prolong the life of rubber gloves wonderfully.

Better Service

The gas range will give better service if once a week the burners are removed, turned upside down and tapped gently, to remove particles of food or dust.

Some Identification

Before starting on a journey it is wise if you have some sort of identification fastened on your clothing. A visiting card in your handbag is not enough as in an accident the bag may be separated from you. Have your name and address right on you.

NATURAL 100% BRAN IS BEST, SAY DOCTORS

Over 90% of Physicians' Group Favor This Bran for Constipation

Not long ago the following question was asked of ten thousand doctors:

"Do you believe that raw natural 100% bran is the best form of bran for the relief of constipation?"

93% of the answers were "Yes."

Nothing could be more valuable than such advice as this to those who are constantly troubled by atonic constipation, a wide-spread disease—bowel irregularity resulting from intestinal sluggishness. These doctors say "natural 100% bran." Your grocer has it—Pillsbury's Bran, natural 100% bran, nothing added, nothing taken away. Pillsbury's Bran is roughage in a most valuable form—it goes to the root of the trouble, and relieves it naturally.

Modern soft diet causes irregular bowel movements—or movements that are regular, but not complete. Decayed material remains in the system—causing headaches, lassitude, sleeplessness, loss of appetite, lowered vitality, and increased susceptibility to more serious disease.

Eat Pillsbury's Bran in some way every day. You can use it to prepare many delicious foods—muffins, teacakes, apple cake, macaroons, doughnuts, etc.—the recipes are on the Pillsbury package. You can sprinkle it over salads, or mix it with cereals. You can eat it as it comes from the package, with cream and sugar. No matter how you eat Pillsbury's Bran, you may be sure you're getting the right kind—natural 100% bran, overwhelmingly preferred by doctors. Your grocer has it—start tomorrow.

Pillsbury's Wheat Bran
the 100% bran

FORGET ALL ABOUT HARD WATER!

IT TAKES more than hard water to stop White King. For this pure granulated soap will lather—and lather freely—in any sort of water. So long as the water's wet, White King will do the job.

That's because White King is absolutely pure—made from vegetable oils good enough to eat. It won't hurt anything water won't hurt. You can use it for anything—fine lingerie, woolens, glass, silver, cotton prints, even shampooing. It cleanses thoroughly—*but gently.*

White King Granulated is a condensed soap. A teaspoonful in a basin of water; a cupful in the washing machine. A little goes a long, long way! All grocers have it. Try it today.

Use P-B Beauty Cream Have Smooth, White Skin

Parker-Belmont Beauty Cream is a gentle, bleaching, cleansing cream that quickly liquefies, penetrating deep down into the pores so that grime and dust, imbedded powder and rouge cannot escape it. All trace of freckles, sallowness, roughness and redness fade away with the first application. You soon have a clear, transparent skin. Parker-Belmont Beauty Cream keeps the skin young. To strengthen muscles, tissues and restore facial contour, use powdered tarkroot, the home face-lifter. At all drug stores—[Advertisement.

of Today and Yes will be the topic of Mrs. Burnham, lecturer, and dramatic teacher, at conference of the Los Federation of Wom which will be held in the Hollywood Music Box Theater tomorrow at 10 a.m. The Ramona Club of Monterey Park will present the play, "Rehearsal" by Christopher Morley. Mrs. George Frederick Allen, chairman, announces that the afternoon feature will be an attendance party at 2:15 o'clock in the theater, where the play "A Bill of Divorcement" is being shown. All club women are welcome at the conference and attendance party.

"Woman's Economic Problems" will be the subject of an address by Miss Sue Brobst, past State president of the Business and Professional Women's Club, who will speak at the legislation conference tomorrow at 10 a.m., Chamber of Commerce Building, eighth floor. Senator Chamberlin will speak on "Congressional Reapportionment." Mrs. A. J. Lawton, chairman, states that these conferences are open to all club women.

Woman's City Club

The Woman's City Club devoted its meeting yesterday afternoon in the Figueroa Playhouse to a presentation of the movement in favor of birth control, having as speakers Mrs. Margaret Spring-Rice of England, and Mrs. Margaret Sanger of New York.

Aims of the movement, according to the speaker, are to save the lives of mothers, to prevent the lowering of social standards because of too-large families; to discourage those with transmissible diseases or insanity from carrying on the race; and to reduce infant mortality.

Woman's Press Club

Dr. George E. Jorgenson will speak on "The Medical Criminal—His Role in Real Life and Mystery Novels," at 2 p.m. today before the Southern California Woman's Press Club, meeting in the Friday Morning clubhouse at 940 South Figueroa street. Guests of honor are to be Mrs. Jorgenson, I. J. McKeever and H. B. McWilliams. A half-hour of music will be given by Henry Rodgers, tenor, accompanied by Pauline Allyn Cordary. At 4 p.m. tea will be served by Ella W. Duffield, hostess, assisted by Jennie I. Page and Julia Norton McCorkle.

Soroptimist Club Program

Today has been designated as "French-Canadian Day" in the Los Angeles Soroptimist Club, which meets at noon for luncheon in the Music Room of the Biltmore. Kate M. Myers, donor of the program, will present Mrs. Alice Parrish, soloist, and Mrs. George Mitchell, interpretive reader.

Hostesses will be Nettie Taff, Matilda Olson, Bertha Pearce, Margaret Quinn, Monette Todd, Jane Paupel and Helen Fiske.

Girls' Corner Club

"The Charm of Good Speech," an address by Mrs. Alice W. Mills, professor of speech at the University of Southern California, will be given this evening before members of the Girls' Corner Club, in the auditorium building.

GLIDER CLUB TO MEET

Mrs. Elizabeth Crosson of San Diego, mother of Marvel Crosson, aviatrix, who was killed in a fall last year, will be guest of honor tonight at a meeting of the Marvel Crosson Glider Club in the Chamber of Commerce Building. She will officiate at formal dedication ceremonies. The club, comprising thirty members, was organized last week. Miss A. Jean Stapf is president.

DIAL TWIRLERS MAKE MISTAKE

Much of Best in Radio Bills Missed by Them

Care in Station Selection Brings Reward

Talk by Pershing Among Features Today

The Times Forum, KHJ, at 1:30 p.m., presents Dr. Frank McCoy health expert, and Miss Jennie Durkee, instrumentalist.

BY JOHN S. DAGGETT

"No, dear, I don't care if forty trains are leaving in ten minutes, I will not budge from this house until I hear what happened to Andy's taxicab tonight."

The real radio fan or fanette, whether housewife, clerk or shut-in, follows his or her artist friends in just such fashion.

With the tremendous strides of radio laboratories, with the improved technique and presentation of better programs will come the discriminating listener-in. To those who do not look on their radio merely as a piece of furniture, or something to have because the Browns have one, it is a pleasure to just as scientifically study what is on the air as any new departure in a laboratory.

CHANGING TREND

To the man who merely "turns the thing on" while his wife is searching for a collar button, radio can mean little. A tremendous number of radio owners "played it to death" when they bought it in years past — then abandoned it. These people do not realize that slowly but surely much of the best in the arts is being found in radio. That, since their day, radio characters are becoming household bywords. Radio is fast becoming something else besides an ether market place for the hawking of everything from plowshares to painkillers.

The set owner should take his study of radio's possibilities as seriously as do the engineers "at the other end of the line." In a little while he will be able to sift the chaff from the wheat. The proof of the pudding is in the eating, and a visit to a real radio fan's home will bring out what is really behind the dial.

One wouldn't buy a violin and roughly draw a bow across its strings. And so in radio there are hours of pleasure if one will turn—not twirl—the dial.

DIAL LOG HIGHLIGHTS

KHJ at 11:30 a.m. today, on the American School of the Air, will present the life of La Salle, the great French explorer of the Mississippi country. These are highlights of history that should not be missed. At 4 p.m. today the Don Lee concert orchestra and singers promise to put on a matinee program of unusual merit. At 7 o'clock tonight Joe and Vi are scheduled to encounter trouble. Joe is confronted with the situation "Love me, love my dog." It's up to him to rid himself of the intruder and he does.

At 9 tonight "Down," a real "mellerdrama" with war aces, lost battalions and a love theme, will hold the dial.

KFI at 2:15 o'clock this afternoon will present Gen. Pershing as speaker on the NBC flag talk program from New York. At 6 p.m. Helen Kane will be on the Eveready hour with an extra special line of crooning. At 7 tonight Arthur Lang will be heard as guest artist of a concert ensemble.

NOVELTIES PROMISED

KECA at 6:30 tonight, in a chain broadcast, promises a number of novelties, orchestral fantasies, trios and solos. At 7 p.m. the Westinghouse Salute will present Will H. Hays as the principal speaker in a national broadcast from New York City.

KMTR at 9 tonight will broadcast by remote control the Los Angeles Horse Show.

KNX will have as its feature at 7:30 p.m. a program presented in honor of the Canadian Border Chambers of Commerce. It is their first visit here and they bring with them the Essex Scottish Bagpipe Band.

On The Times Forum at 1:30 p.m. yesterday, Glenn Hood, "Songbird of the Yosemite," brought as guests Brooks's Banjo Boys. The boys, Jack Brooks, Joe Chapelle and Earl Boward, put on a program of music and song that evoked much comment. Glenn Hood and his steel guitar awoke memories of El Capitan and the "Firefall." Mr. Hood is a regular feature of the Monday Times Forum.

SHE ALSO TAKES SHORTER NAME

Sister Follows Brother in Legal Steps to Make Change

Because her brother Oscar changed his name from Johanasson to Linne, Hanna Gunhild Johansson asked the courts to change her name to Gunhild Linne yesterday. Superior Judge Gates approved the change.

Marion Terry Baker Gurnee, a local school-teacher, also had her name shortened to Marion Terry by Superior Judge McComb. Miss Terry said Gurnee "sounds French" and caused confusion in her work.

World Champion Amateur Typist Arrives on Tour

Chester Soucek, world amateur champion typist, is a guest at the Biltmore. He holds the record of 118 errorless words per minute for a full half-hour. He is in Los Angeles to demonstrate his ability and to inspire typists of various schools and colleges with the ambition to break the speed record which he has established. His tour of America is made possible by the Underwood Typewriter Company.

Soucek, who is 18 years of age, won the amateur championship at the recent international typewriting contest at Toronto, Ont., Can.

TRIAL IN FATAL AUTO ACCIDENT POSTPONED

Trial of Henry R. Valenzuela, 32 years of age, charged with manslaughter following the death of Samuel Broudy in an automobile accident, was put over until today by Superior Judge Aggeler yesterday because of the crowded calendar in his court. Valenzuela recently pleaded guilty to a charge of failure to stop and give aid following an accident and filed an application for probation. He still faces trial on the manslaughter charge, however.

TRAFFIC LINK COST SOUGHT

The City Council yesterday adopted a resolution instructing the City Engineer to make an estimate of the cost of acquiring a small strip of ground which will afford a traffic connection between Avenue 43 and Mt. Washington Drive.

This Afternoon at 2:00

Here's The Way To Judge Bread...

This test-by-toasting quickly reveals true bread quality

Make It With Your Own Toaster

All-round quality and goodness proved by the evenly browned, smooth-textured toast your loaf makes

THE test suggested here will quickly give you a sound way to judge true bread quality right in your own home.

You are the only judge of the winning bread. You alone see and taste it.

"Yes, Ma'am, white or whole-wheat as you prefer."

How You Make Test

Place a slice of Wonder Bread in your toaster and toast until it's the even golden brown you prefer. Until it's as crisp as you like it. Check carefully the actual toasting time. Then toast a slice of any other bread the same length of time.

Compare Them

Now compare the rich, golden-brown Wonder toast with the other. Note the evenly browned surface and the lack of scorched edges. And note, too, how much more quickly Wonder Bread toasted!

Then break the Wonder toast. Notice the delicate bread fragrance. Now try the other slice. Taste a bit of each.

In a few minutes you will have proved—that slo-baked bread is best. Not only for toast, but for every purpose.

There is no secret to Wonder Bread success in these tests. It makes better toast, is better to eat, because it is beyond question the finest bread baked today.

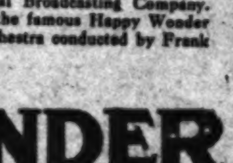
This superiority you find in Wonder Bread is in no small part due to its ingredients. Every year we spend $2,000,000 extra for super quality ingredients. A specially milled "short patent" flour is used—made from the very heart of the nutritious wheat berry. Also double the usual quantity of milk, twice pasteurized. And the purest sugar.

Every Loaf Slo-Baked

Then Wonder Bread is slo-baked. By means of this special process the natural flavor of the rich, wholesome ingredients is sealed in, and the freshness prolonged.

In order to fully appreciate what Wonder Bread offers to you, try it yourself for one week. Note how much better it is for all your housekeeping needs. And remember, it costs no more than you're now paying.

(Continental Baking Company



Yo Ho! Yo Ho! Yo Ho! for the Happy Wonder Bakers every Tuesday evening at 6:30 in their entertaining radio Wonder Bread Period over KECA and associated stations of the National Broadcasting Company. Tune in and hear the famous Happy Wonder Bakers and their orchestra conducted by Frank Black.

STREET TUNNEL MAY GET RAILS

Car Line for Third-street Bore Proposed

Project Urged by Downtown Business Group

Utilities Board Told Plan Would Aid Traffic

The laying of tracks and the operation of street cars through the Third-street tunnel to create a new cross-town artery and consolidate parts of the "C" and "F" car lines is advocated in a communication filed yesterday by the Central Business District Association with the Board of Public Utilities.

In the petition the business organization points out that such a new line will bring about a relief of urban street traffic by the elimination of seven curves in the retail trading area.

DOWNTOWN CURVES

Specifically the proposition calls for the rerouting and operation of "C" line cars east from Third and Flower streets through the tunnel to a point on East Third street approximately 200 feet east of Main street, through the street being created by the removal of the offset at Third and Main streets."

Among the reasons advanced for the street traffic change are the elimination of six downtown curves of "C" cars; establishing convenient transfer points at Hill, Broadway, Spring and Main streets; saving approximately seventeen minutes running time on each one-way trip; providing rapid-transit facilities for improved Third street west; providing by connection with "F" line, a direct entry to the business district for the people of Hollenbeck Heights when the new Fourth-street viaduct shall be completed.

FAVORED BY ENGINEERS

"Most annoying of the curves to be eliminated," says the petition of the property owners, "will be at Fifth and Hill streets. At this point "C" cars impede the movement of motor busses, Pacific Electric cars, automobiles and pedestrians.

"The incoming line," says the request, which is understood to be met with favor by the engineers of the Board of Public Utilities, "through the tunnel, which is amply wide enough for cars and sidewalk, will deliver passengers at transfer points on all the principal north and south lines — Hill, Broadway, Spring and Main streets."

Scottish Bishop Lauds Southland as He Departs

RT REV FREDERIC L. DEANE

Praising industry, churches, motion pictures, studios, scenery and climate, Rev. Frederic L. Deane, Lord Bishop of Aberdeen and Orkney, Scotland, departed last night aboard the Union Pacific Los Angeles Limited en route to his home.

Dr. Deane has spent several weeks in Southern California as the guest of Bishop L. B. Stevens. He came here in the interest of the Bishop Seabury memorial which is soon to be erected in his home town. The first American Episcopal bishop was consecrated in Aberdeen November 14, 1784.

The Lord Bishop declared that he was much impressed with many of the customs here and that he was going to endeavor to introduce some of them in Scotland.

SQUARE DEAL CLUB WILL HEAR DORAN

Presiding Superior Judge Doran will be the principal speaker tomorrow at the weekly luncheon of the Square Deal Republican League at the Alexandria, it was announced yesterday. The program will be in charge of Councilman Ingram.

NORMA TO PLAY "LET US BE GAY"

George M. Cohan's Daughter May Be With Universal; Comics Assigned to Fox-Movietone Follies; Leroy Signs New Contract

BY GRACE KINGSLEY

After all, Norma Shearer is not to go on vacation as soon as she expected.

NORMA SHEARER

Before Miss Shearer goes to Europe with her husband, Irving G. Thalberg, she will star for Metro-Goldwyn-Mayer in a film talking version of John Golden's "Let Us Be Gay," a stage presentation of which is now current at El Capitan Theater.

Robert Z. Leonard, who directed Miss Shearer in her latest picture, "The Divorcee," will direct "Let Us Be Gay." The picture is to be a special, and will have Technicolor scenes. It may, in fact, be done entirely in color.

So far no leading man has been assigned to the picture, but we understand that Niles Welch may be a candidate for the honor, in which case we can imagine no one better in the role. Welch, you know, is playing the role in the stage production at El Capitan, opposite Violet Heming and Virginia Valli.

GEORGETTE COHAN MAY BE STARRED

While there is nothing settled in the matter, we learn that it is possible that Georgette Cohan, daughter of George M. Cohan, famous Broadway producer-actor-writer, may star in a Universal picture.

It is known that she has taken a screen test at Universal and that it has turned out nicely. I understand that so far she has appeared in no pictures.

Miss Cohan has a notable stage career, although she is still very young. She has appeared in London in "Peter Pan" and in various plays in New York.

Four For Fox Follies

Four additional notable players have been added to the cast of the Fox-Movietone Follies of 1930, we learned yesterday.

MARJORIE WHITE

Marjorie White, the little blond comedienne of "Sunny Side Up," and the lead in "Happy Days," has been assigned to the principal juvenile comedienne role in the Follies.

El Brendel whose work in "The Cock-Eyed World," "Hot for Paris," "Sunny Side Up" and "The Golden Calf" has made him a near star, will have an outstanding comedy role in the picture.

The other two players are Frank Richardson, who made "Walking With Susie" and "Mona" nationwide song hits, and Noel Francis, who appeared lately on the New York stage.

Benjamin Stoloff will direct the picture, based on the story by William K. Wells, with the music supplied by Con Conrad, Jack Meskill, Joseph McCarthay and James Hanley.

The ingenue lead is in the hands of Miriam Seegar and Frank Easton will be the juvenile.

Ken Maynard's Next Universal

Ken Maynard's next starring vehicle for Universal, on which work started this week, is "Songs of the Saddle," which Harry Joe Brown is directing.

KEN MAYNARD

Doris Hill, who appeared to great advantage with the star in his last picture, "The Man from Monterey," will play opposite Maynard.

Carroll Nye will have the juvenile lead, while other important members of the cast will be Joe Girard, Francis Ford and Harry Todd.

"Songs of the Saddle" will be the last picture of the current Universal production program of 1929-1930 in which Maynard appears, and completes his schedule for the year. During the past year he has appeared in eight starring roles, all under direction of Brown.

Grace Moore Among Us

Grace Moore, Metropolitan opera soprano recently signed by Metro-Goldwyn-Mayer, who will take her place with Lawrence Tibbett among operatic celebrities signed for talking pictures at the studios, will arrive in California on the 16th inst. to commence her screen work, according to word received yesterday.

Mervyn Leroy Signs Again

That clever young director, Mervyn Leroy, has just signed a new contract with First National, we learned yesterday.

As already announced, his first picture will be "Top Speed," with Joe E. Brown and Bernice Claire in the leading roles.

Leroy recently went to New York for a twenty-four-hour stay, in order to see the stage production of "Top Speed." He stayed for two shows.

Universal Buys Play

Everyone who remembers "East Is West" will be glad to know that it is to be made into a talking picture. With its opportunity for gorgeous oriental settings, with its drama and comedy, it should prove a splendid screen vehicle.

Universal, it is rumored, has bought the play, which, as you remember, served Fay Bainter as a starring vehicle.

Who will play it for Universal isn't certain, but it is quite likely that either Jeannette Loff or Laura La Plante will have the lead.

Carthay Circle Records Broken by 'Happy Days'

All Carthay Circle Theater records are being broken these days.

Both the Will Rogers and "What Price Glory" high water marks have been washed out by the flood of "Happy Days" patronage. Both records were surpassed by the first four days of the first Grandeur film.

Also attracting an unusual amount of attention at the Carthay Circle is the historical review of motion pictures from the earliest days. In this film is shown Edison's first motion picture, made in "The Black Maria" studio in 1895. It shows Flo Irwin and Rice in "The First Kiss." Then come pictures of President McKinley and Grover Cleveland taken in 1896; the first film drama, made in 1903, and entitled "The Great Train Robbery," and shots from scores of other pictures made in the early period of film history.

These are followed by the first pictures of the great stars of today, the outstanding news events and personalities since 1900, concluding with a resume of the epochal events in motion picture history and high lights of noteworthy pictures.

NATION MALIGNED BY WETS

Methodist Ministers Told Proliquor Press and Congress Make America Laughing Stock

Declaring that the United States is being maligned in foreign countries by the "liquor-leaning press of America," Dr. William A. Brown, pastor of the American Church at Buenos Aires, in an address before Methodist ministers at First Methodist Church yesterday, told his audience that neither is the experiment in prohibition being aided by the "near-wits in Congress who are making the United States a laughing stock in South America."

"Recently I visited forty cities in twenty States of the Union in forty-three days and in all my travels I saw no intoxicated men nor any drinking, nor did I hear any vile language," said Dr. Brown.

"COWARDLY CHURCHES"

Another speaker was Rev. Carl C. Seitter, pastor of Grace Methodist Episcopal Church, who criticised those "backward, cowardly churches whose programs are based on expediency instead of service to humanity."

"Hundreds of Protestant churches of America have turned themselves into private clubs for official boards," said Mr. Seitter. "Unlike the Catholics, who remain in the communities in which they establish themselves, many of our Protestant churches are so anxious to occupy choice locations on prominent boulevards that they take the first opportunity offered to obtain such quarters, deserting the communities in which they could be of greatest service."

GOODWILL PROGRESS

Discussing the progress of the Goodwill Industries, F. H. Blair, superintendent, said that last year this "church in overalls" paid out nearly $300,000 in wages to 400 employees, the majority of whom are old, blind or crippled.

Another speaker was Rev. Charles F. Seitter, who announced that the new First Methodist Church of Hollywood will be opened on the 16th inst. and the church, built at a cost of $800,000, will be dedicated next June.

MIDNIGHT SHOW EVERY SATURDAY

Whispers in the Wings

BY MURIEL BABCOCK

DOROTHY LEE, Jack White, Evelyn Nair and the three girl friends will be in the cast of "Rah Rah Daze," Fred Waring's collegiate musical show arriving at the Mason on the 22nd inst.

Miss Lee is the ingenue seen by movie fans in "Syncopation," R.-K.-O.'s first sound musical production. She did some parts, so the story goes, in revues and musical comedies in the East, although she is a Hollywood girl. She will introduce two brand new dances, "the campus strut" and the "sugar bowl" in the revue.

The three girl friends comprise a trio of smart-stepping, lyric-voiced young women who have scored quite a hit in the East and have been brought west by Waring especially for the show.

Including principals, chorus and orchestra, the new show will have a personnel of sixty. Those who have been listening to the first rehearsals, say it sounds very promising.

"East of Suez" Doing Well

San Francisco is taking to "East of Suez," the Lenore Ulric vehicle, with such zest that the opening at the Belasco here may be postponed from the 17th to the 24th inst., according to reports.

John Ivancovitch has replaced Philip Sleeman in the role of the Chinese character.

Edmunds in "Salt Water"

William Edmunds who plays Nick, the Italian in "Salt Water," in support of Frank Craven at the Hollywood Playhouse, used to be a vaudevillian when the two-a-day was in its prime. He wrote, staged and starred in "Not Yet Marie," which variety fans will probably remember. Edmunds who created his present role in the New York production of "Salt Water" was brought on from New York by Duffy.

Opening Postponed

"A Roman Gentleman," the Hal Skelly-Mary Duncan play which was to have started at the Sam H. Harris Theater in New York yesterday, has been taken off the boards for rewriting after a tryout in Philadelphia.

The Suave Mr. Benny

According to a story told yesterday, Jack Benny, who used to bob in and out of the Orpheum almost every other week, has received an offer from Edmund Sayag, wealthy French impresario, to act as master of ceremonies at Ciro's, Monte Carlo, starting June 1, next. The engagement will be followed by six weeks at the Cafe Ambassadeurs, Paris.

Benny will probably stay right in Hollywood in pictures.

Stage Manager Turns to Pen

John Mackenzie, stage manager at Duffy's Hollywood Playhouse, has just sold his first piece of writing, although his mother, Fanny Hatton, and her husband, Frederic, have done well as writers.

Mackenzie's first effort happens to be a skit, entitled, "Collins's Night Off." It will be used as a short on this year's program of the Fowler studios.

"Rogue Song" Establishes Wide Appeal

The one hundredth performance of Lawrence Tibbett in the M.-G.-M. technicolor picture, "Rogue Song," will be appropriately celebrated today at Grauman's Chinese Theater. Many stars and members of the cast will attend the matinee and evening performances and help to make this a memorable occasion.

The picture had its world premiere at Grauman's Chinese Theater on January 17 last, and became an instant hit. No picture in recent years has so attracted film fans, it is said. It has been noted that hundreds of people have seen the picture several times.

In the cast supporting Tibbett are Catherine Dale Owen, Judith Vosselli, Laurel and Hardy, Lionel Belmore and Wallace MacDonald. The picture was directed by Lionel Barrymore, with music by Franz Lehar and Clifford Grey.

New Universal Picture Turns Day Into Night

Daytime was night time for the company filming "Embarrassing Moments," Universal's comedy starring Reginald Denny, which starts at the Million Dollar Theater tomorrow.

For several days Otis Harlan, Virginia Sale, William Austin and Greta Granstedt wore night garments all the time they were on the set. Those of Harlan and Miss Sale were of the old-fashioned flannel variety and came down to the ankles.

"My part in 'Embarrassing Moments' recalled the old days when I was a barefoot boy," related Harlan. "It was the first time in many years that I had been called upon to face the camera in my bare feet."

Fast Burlesque Show Pleasing

"Midnight Babies," the current attraction at the Burbank Theater, is a fast-moving burlesque, with pretty girls, bright comedy and specialties. Evelyn Myers in a dancing novelty offering surpasses anything she has done at this theater. Grace Carlos also pleases with her specialty. Neil Ryder wins numbers of encores, while Beatrice Franklin sings a number of clever ballads.

Starting Monday, the Burbank will be closed for five days to complete the installation of its talking-film equipment and will reopen on the 15th inst. with a new policy of talking pictures in conjunction with vaudeville on the stage.

Troubles of Collegian Depicted

Leila Hyams

Is the girl with the negative answer for William Haines in the film titled "The Girl Said No," which starts an engagement Thursday at Loew's State Theater. The picture is a sequel to "Brown of Harvard."

FILM FEATURES REALISM

Freedom of speech and action, which is said to mark the newer talking pictures, is a feature of "Men Without Women," the John Ford movietone drama of the submarine service which opens at the Criterion Theater Thursday.

"What Price Glory?" inaugurated the style on the stage, and the motion-picture production of the war story brought to the screen the jargon of men of adventure and action.

"The Front Page" introduced realistic talk of reporters and associates in the newspaper world; "The Cock-Eyed World" presented the lively talk of marines in various parts of the world, and "Men Without Women" brings the terms and expletives of those who go down to sea in the submarine service.

The virile dialogue coupled with a story of power, is said to place the picture among the front rank of new productions.

BUHLIG DISCOURSES ON MUSIC AND BACH

Pianist Places Polyphonist at Head of Great Exemplars of Sound Art

BY ISABEL MORSE JONES

Richard Buhlig, exponent of significant piano literature and philosopher of music, gave the first of three talks and recitals at the Beaux Arts Auditorium last night before an audience of pianists, teachers and students. His subject was Bach.

Buhlig takes hold of music with a large grasp. He is a thinker and he has long been a student of the creative masters of the several related arts. Last night he quoted effectively from Schopenhauer, whom he declared to be the most musical of philosophers and his playing from Bach, the most philosophical of musicians, was quotation also—sympathetically and brilliantly pointed quotation.

The selections from Bach were: Fantasy in C minor, Toccata in D minor, Partita in C minor and Toccata in D major. It was, comprehensive Bach played with an understanding reverence of the master that few have the background to give.

On the 17th inst. Mr. Buhlig will talk on and play the masterpieces of Beethoven, whom he calls the great romanticist. The last night of the month will be devoted to contemporary music and its growth from the past.

Miss Flora Hollingsworth, a charming and talented daughter of the Southern California family of that name, made her musical debut in her own concert last evening at the Biltmore before a distinguished audience of society folk. Mrs. Genevieve Gray capably managed the affair. Her harp selections from the writings of Debussy, Corelli, Hasselmans, Zabel, Pierne and Salzedo, were well chosen and warmly appreciated. Her unassuming manner, straightforward interpretations and intelligent, musicianly phrasing and shading of tone, promise larger attainments.

Mr. Sergei Barsukoff, a young pianist who has not been heard here in concert before, I believe, gave a long and rather pretentious program. The playing I heard was not unusual, one way or the other.

'Journey's End' in Closing Days

Robert Cedric Sherriff's tense play, "Journey's End," is near the closing days of its engagement at the Belasco Theater. Two or three countries have been added to the list of lands in which this drama of the war is being enacted. Recently it was produced in Hungary and another production is to be made at once in Holland. It is already running in the United States, England, France, Germany, Austria, Sweden, Denmark and Australia.

Its success is all the greater when it is considered that there are no women in the cast, which is made up of soldiers in a front-line trench in France, 100 yards from the German lines. An offensive is expected from the Boche, and the action takes place in the dugout occupied by a group of British officers headed by Capt. Dennis Stanhope.

HOTEL WILL FETE COUNTESS LUGURE

Countess Rina De Lugure, European concert pianist recently signed by Cecile B. De Mille for a leading role in "Madame Satan," will be guest of honor in the Cocoanut Grove at the Hotel Ambassador tonight.

'SKY HAWK' COMING TO BOULEVARD

Air Film Costars Helen Chandler, John Garrick With Versatile Cast

"The Sky Hawk," the air film special of the year, costarring Helen Chandler and John Garrick, starts at the Boulevard Theater Thursday.

This picture was almost a year in the making and is said to contain some of the most realistic scenes of the World War ever filmed. The story deals with a young officer of the Royal Flying Squadron, who is branded a coward and condemned, only to rise to the supreme heights of a national hero. The bombing scenes of the Zeppelin raiding party over London are extremely realistic. Lieut. Peter Ginter, former member of the German imperial air forces and commander of two Zeppelin air raids over London, acted as technical supervisor. Others in the cast are Gilbert Emery, Joyce Compton, Billy Bevan and Daphne Pollard. John Blystone directed.

An added attraction for the week is an Our Gang comedy, "Lazy Days." On the stage Lyn Cowan is preparing a series of specialties.

Novel Provides Plot for Next Orpheum Film

"The Case of Sergeant Grischa" is scheduled to have its premiere at the Orpheum Theater tomorrow morning. The final showing of "Seven Keys to Baldpate" will be tonight.

Wide interest in "The Case of Sergeant Grischa" has been aroused by the book of Arnold Zweig, which has proved to be one of the best sellers of the year both here and in Europe, and, according to those who have seen the picture, the story has been transferred to the screen intact. The plot concerns a young Russian peasant-soldier, Grischa, prisoner of war in Germany in 1918. It tells the story of his escape, his love for a Russian refugee girl, his recapture and sentence to death on charges of being a spy, and the battle which is waged by two generals over his fate.

A strong cast was selected by Herbert Brenon for this piece, including Chester Morris, Betty Compson, Jean Hersholt, Alex B. Francis, Gustav von Seyffertitz, Leyland Hodgson and Paul McAllister.

Theaters—Amusements—Entertainments

We have it

...a talkie...the women will love—the men so nutty over it...it is called "MEN WITHOUT WOMEN"!

They...these men without women ...are the officers and crew of U. S. submarine...the S-13...two-fisted...iron-hearted...rowdies...seeing the world...taking their fun where they find it!

The story opens with these men whooping it up on the lurid Shanghai "bund"—with the riff-raff of waterfront women from every clime...singing salty sea chanties...the seduction of the exotic east at its worst ...and best...then...

The orders for sea duty...the storm...struck by a freighter...slowly sinking to the bottom of the sea...

Locked in the bowels of the submarine...helpless—deserted...they have come to the journey's end! Men's soul's are tried in hours such as these...yet they dare to laugh...to joke...to talk of—women! Girls they have loved...and left! Wives...mothers...sweethearts...women...always women...with Death—just ahead...

Then hope...their S.O.S. is answered...the rescue...all but Burke —the strange one...he stays behind ...why?

John Ford won the Gold Medal with "Four Sons"—here is his new bid for fame...a Fox Movietone triumph ...with the perfect cast...the one thrill drama worthy of your cheers...

SLAIN SUSPECT'S NAME REVEALED

Roy J. Eudaley Killed by Officer as He Flees

Effort First Had Been Made to "Shoot It Out"

Victim Later Identified by Former Employer

The burglary suspect shot and killed early yesterday morning by Officer J. Reed of the Newton-street division was identified later as Roy J. Eudaley, whose last known address was Lennox. The identification was made at the County Morgue by J. W. Campbell, employee of a local automobile association, for whom, it is stated, Eudaley once worked.

The slaying was the aftermath, according to police, of his attempt to shoot it out with the officer when the latter surprised him attempting to break into a gasoline service station operated by Art Encinas at 810 East Twelfth street.

SUSPECT CHASED

Reed stated that he was patrolling his beat at Twelfth and Stanford streets when he observed the suspect prowling about the gas station. When he approached, the man ran. Reed drew his revolver and followed. The suspect climbed into a touring car parked a short distance away just as Reed caught up with him. As the officer stepped on the running board the suspect made an attempt to draw a revolver concealed under his belt, Reed stated.

"Hold it," ordered the officer, leveling his own weapon at the suspect. The latter surrendered his revolver.

SUDDEN DASH MADE

Reed said he then took the man across the street to the Golden State Creamery, where he called the Newton-street station for a car and asked the night man at the creamery, William Brodus, to take his handcuffs from his hip pocket and place them on the suspect's wrists.

As Brodus was about to do so the suspect broke away and ran. Officer Reed said he fired five shots. At the third shot the suspect staggered, recovered himself, and went on.

A few minutes later Reed and officers from the station found the man lying on his back, dead, in a vacant lot at Pico street and Stanford avenue.

NO WOMAN CAN EAT FURNITURE

Judge So Rules in Alimony Action Despite Plea of Defendant

Superior Judge Guerin is determined that no parties to suits in his court shall incur dietary disorders as a result of the court's ruling.

"She has $3000 worth of furniture, judge," declared Alexander Hartley, as he objected to paying Mrs. Mary E. Hartley alimony pending trial of their divorce.

"But she isn't a termite; she can't eat furniture," replied the court, as he directed Hartley to pay his wife $75 a month.

Three Men and Two Girls Held in Auto Theft

An asserted joyride in an automobile belonging to Dr. C. A. McDonald of the Dickey Cass Emergency Hospital in Hollywood landed three men and two girls in jail yesterday on charges of grand theft of an automobile. The quintet was taken into custody by Hollywood division officers at Vermont and Prospect avenues.

The suspects gave the following names: Miss Ruth Harkins, 23 years of age, of 1611 West Hudson street; Miss Moline Tedford, 20, of 14140 Sylvan street, Van Nuys; Paul McArdle, 28, of 1249½ South Citrus street; Thomas A. Lane, 21, of 14142 East Archwood avenue, and Lyman A. Wendt, 22, of 14607 Gilmore street, Van Nuys.

McArdle, police said, stated the machine had been loaned to him by a friend.

Garden Sponsor to be Honored

Mrs. Martha Nelson McCan, one of the founders of Memory Garden in the park at San Fernando Mission, is to be honored by the dedication to her of a concrete bench that the Friday Morning Club will unveil there Thursday at 2 p.m. Mrs. McCan is expected to be present. There will be a program. Mrs. McCan was ninth president of the club.

NICOTINE UNDER SCRUTINY

Effect on Growth of Rats Observed

Tests Made in Trojan Laboratories

Left to right—Allen Behrendt, medical student associated with Dr. C. H. Thienes in research work, and Miss Ruby Moede, assistant, observing reaction of rat which has had nicotine treatment. The rat at left has been treated and the one at right has not.

UNDER auspices of the department of physiology and pharmacology of the University of Southern California, Dr. Clinton H. Thienes is conducting experiments to determine the effect of nicotine on the growth of white rats, obtained from the Wistar Institution in Philadelphia. This strain of rats has been carried through hundreds of generations to obtain animals of uniform characteristics for experimental purposes.

In 1927 in the pharmacology department at the University of Oregon Dr. Thienes made a similar study of the effect of nicotine on the growth of white mice.

Allen Behrendt, who captained the varsity football squad of U.S.C. in 1923 and who is enrolled in the school of medicine, is assisting Dr. Thienes in the present investigation.

Dr. Thienes came to U.S.C. last September. He was at Stanford University in 1925.

Beacon to Start Flashing April 1

The 50,000,000-candlepower beacon being installed atop the new Bendix Building at Twelfth street and Maple avenue will be placed in operation April 1, next, it was announced yesterday by Herbert E. Linden, manager of the Bendix interests in the West. Official approval of the light has just been received from the airways division, Bureau of Lighthouses, United States Department of Commerce.

Standing 510 feet above sea level, the light will revolve twice each minute from sunset to sunrise, while an 8,000,000-candle-power directional beacon, operating in conjunction with it, will light the way to Municipal Airport. As a further aid to aerial navigation, an illuminated roof marker, forty feet in diameter, will be placed on the roof directly below the beacon tower. The beacon tower will be Neon-lighted on all three sides with the word Bendix.

Culture Center Gets Away to Flying Start

That the idea for a downtown cultural center was not a mistaken one was demonstrated at the May Company store yesterday when its new exposition hall on the fifth floor opened for the first time to a capacity crowd.

Gerry Fitzgerald, exposition director, explained the aims and ideals of the center during the three days each week when it is to be turned over exclusively to things of definite cultural and educational value.

Some definite plans already have been completed, which will include Shakespearean lectures, a series of lectures on George Eliot, geography dramatizations, authors who will give reviews of their own books, and a safety-first campaign.

The Russian Balalaika Orchestra gave a program during the opening exercises, after which there was practical demonstrations of the culinary art. Tomorrow Capt. Edward A. Salisbury, adventurer and explorer, will tell of his experiences among the cannibals and head hunters of the south seas.

NEW CLASS FOR WRITERS

A class for writers will begin Thursday at Junior College, 855 North Vermont avenue, Room 104. There is no charge, no textbooks are used, and people of all ages are welcome. Other free writers' classes meet every school day, 9 a.m. to 5 p.m. in the same room. Students may enter or leave these classes at any hours that are most convenient.

SUPPLY MEN PLAN SALES PROMOTION

Makers and Distributors of Oil-Well Materials Hold Conference

Manufacturers and distributors of oil-well supplies met yesterday at the Alexandria and voted unanimously to organize a group of their own to work in co-operation with the California Oil and Gas Association for the purpose of reaching a better understanding with various companies that buy their equipment and supplies.

More than 100 companies were represented at the meeting, which was called by Edwin Higgins, managing director of the association, who explained the reason for the session. H. R. MacMillan, president of the association; R. A. Broomfield, former president, and a number of prominent oil-well supply house representatives strongly favored the move to bring closer relationship between the manufacturers and their clients.

To further the organization of the new group, the manufacturers and distributors voted to appoint a committee of five to meet with a committee of the California Oil and Gas Association. The association's committee includes R. A. Broomfield, William Reinhardt, Lester Keim, A. A. McDonald and Edwin Higgins. It was suggested that the new group, when fully organized, may meet in the offices of the association as it expects to have new and larger quarters where such gatherings may be held conveniently.

Amend Ordered to Face Trial in Graft Case

Trial of Harry Amend, Inglewood constable, by Superior Court on a charge of embezzling public funds was ordered by Municipal Judge Wood yesterday at the conclusion of his preliminary hearing. Bail was fixed at $3000.

Albert Johnson of Downey testified that he paid Amend $150. "Amend arrested my brother for reckless driving," he said. "He told me I could get my brother out of jail by paying him $150. I did, and that was the last we heard of the case."

William C. Johnson of 311 West Second street, Downey, testified that Amend arrested him and that he was released from jail and never prosecuted. A second embezzlement charge against Amend was dismissed at the request of Lester Hardy, defense counsel, on the ground of insufficient evidence.

Maj. Edwards's Rites Tomorrow

Funeral services will be conducted at the Smith mortuary, 731 West Washington street, at 2 p.m. tomorrow for Maj. Thomas H. Edwards, Three Hundred and Sixteenth Regiment, Officers' Reserve Corps, who died Sunday at the Soldiers' Home Hospital, Sawtelle, after a lingering illness. Interment will be in Mountain View Cemetery, Pasadena.

Maj. Edwards was 49 years of age, and saw service in the Philippine Insurrection and in the World War. He left the Army in 1922, coming to California and entering the employ of the Los Angeles Health Department as an inspector. He lived at 657 South Catalina street, Pasadena. He leaves his widow, Mrs. Bessie Ina Edwards, and two sons, Manley Edwards of Pasadena, and Earle Edwards of Los Angeles.

HEARING OPENS ON APPRAISALS

Valuation of Tenth-Street Property Disputed

Thirty-five of 600 Cases Now Before Court

Litigation Develops Out of Widening Project

A hearing in the condemnation proceedings in thirty-five court cases in connection with the opening and widening of Tenth street from Indiana avenue to Lucerne Boulevard, was begun yesterday before Superior Judge Burnell. Six hundred parcels of property are involved in the improvement.

The plans of the project call for widening Tenth street to a width of 100 feet. The average width at present is sixty feet. The distance to be improved is about eight miles, which, when finished, will make a great arterial street running parallel with Wilshire Boulevard, relieving much of the present congested traffic on that highway.

The proceedings were begun in the City Council in 1926. Of the 600 pieces of property affected, cases involving sixty of them have been heard before a condemnation jury. Excluding the thirty-five now being heard in court there are 505 to go before a referee.

Testimony taken in court yesterday reveals there is a difference of about 25 per cent in the appraisement values of appraisers for the city and those of the property owners.

The hearing begun yesterday is expected to last fully four weeks.

NINE MORE CAR DRIVERS HELD DRUNK

District Attorney Hot on Trail of Motorists Who Drink Liquor

Continuing its campaign against drunken automobile drivers in Los Angeles county, the District Attorney's office yesterday issued complaints against nine motorists, charging them with driving their machines while intoxicated.

Those listed in complaints, issued by Dep. Dist.-Attys. McIsaac and Richardson, follow:

Donald L. Walker, arrested while driving in an erratic manner on Whittier Boulevard.

Glenwood Burke, taken into custody on Vermont avenue following an automobile accident.

John M. Mannan, arrested at San Fernando Road and Pepper street after a collision.

Dominick Cerruti, accused of colliding head-on near the Pom-Pom Cafe.

John M. Adair, arrested on Pico street after an accident.

Ben E. McCracken, collision at Blackwelder street and Hauser Boulevard.

Earl J. Powell, arrested following a collision at Jefferson and Cochran streets.

Robert Chamberlain, charged with striking a parked car on North Rampart Boulevard.

Otis Partain, arrested while driving erratically on Camp Baldy road.

DOPE CHARGE ADMITTED

Arrested while smoking a marihuana cigarette in his automobile, Tony Lopez, 24 years of age, yesterday waived preliminary hearing on narcotic charges and declared he will plead guilty in Superior Court. Municipal Judge Ballard ordered him held under $1000 bail to await trial.

HIGHWAY STAYS HIGHWAY IN SPITE OF BEING CLOSED

Highways may be closed, but they still remain public highways.

This was established yesterday in a District Court of Appeal decision handed down in the case of State Treasurer Johnson and State Controller Riley, against George H. Oswald and John P. Oswald, partners, operating under the name of the Oswald Brothers Paving Company.

The Oswalds asked reimbursement of gas taxes paid on fuel used in the operation of certain rollers and tractors, contending the machines were operated only on highways under construction or repair and closed to the public.

Justice Burnell, writing the decision, said highways do not lose their public character by being closed. It was decided that the Oswalds failed to state a cause for a refund and that a demurrer over-ruled in Superior Court should have been sustained.

Justices Craig and Thompson concurred.

PUBLICITY MEN HAVE INNING

J. T. Delacorte, Magazine Publisher, Entertains Them and Discloses Shop Secrets

BY ALMA WHITAKER

Reversing the usual order of things, J. T. Delacorte, president of the Dell Publishing Company of New York, entertained the motion-picture publicity directors at the Roosevelt yesterday. And since the gentleman publishes fifteen magazines, including Film Fun, Talking Screen and Screen Romance and promises to start another in August, all of which help to make a publicity director's life more profitable, they all turned up.

Mr. Delacorte was sole speaker. He is 35 years of age, ran away to get married at 18 and has a 16-year-old son. He has an ebullient, unsquashable manner, and freely told trade secrets.

READERS IMPROVE

"The talkies have doubled the circulation of fan magazines," he said. "Mental status of readers is improving. Formerly they were the kind that read with their thumbs and mumbled. Fan letters, of which 50,000 used to be from lunatic asylums, now become better educated. So I am starting a new fan magazine."

Mr. Delacorte then told how expensive the subscription method of selling it. One national weekly, he said, costs 23 cents a copy to produce. It made $21,000,000 last year, but chiefly out of advertising. Out of a $2 subscription, the salesman gets $1. Out of the other $1 the wholesaler gets 50 cents, 30 cents goes for shipping, stencils, etc.

A rival weekly, said Mr. Delacorte, is $14,000,000 in the hole. "They figure that it pays them to keep up the $840,000 interest for maybe the next ten years till they can get their money back out of the advertising. Another weekly lost $1,500,000 for ten years but is picking up now," he added.

REGULATION PLOTS

Then he proceeded to give us the regulation plot on which stories in his magazines are based . . . with slight variations. War stories must have a hero who is never an officer, and who lived on the wrong side of the tracks in his home town. "We usually have him win the war," grinned Mr. Delacorte. That story has appeared in four magazines five times a month for years, he said. In marriage stories, the husband doesn't understand his wife. She blows up, speaks her mind, and he apologizes meekly in the end. In Screen Art it's a homely girl with a heart of gold who wins the publicity director away from the blonde haughty star, who is secretly in love with a truck driver. (Wild guffaws from the assembled publicity directors at this one.) In the average fan magazine, Betty Lorraine, whose father is a chauffeur and whose mother washes dishes, and who never had any schooling, sings over the radio and becomes a movie star.

"And it's all right. We give 'em hope. All they have to do is to be born in the good old U.S.A. and work hard and glory awaits them. Yes, and the Saturday Evening Post and the Woman's Home Companion give us exactly the same stuff, only with higher-class conversation," he grinned. "Our heroes and heroines barely made one year of high school, theirs often go to college."

"Well, that's all right for now . . . but the children of these children who buy our magazines now will be better educated, more sophisticated. We'll have to raise our standards then."

BEASTLY ERROR, OLD CHAPPIE

Gunmen Phone Victim They Had Mistaken Him for Another Man

Two Chicago gunmen who last Saturday night robbed Lee Don Fullmer, automobile man, and then telephoned him that the articles stolen from him would be returned by mail, were being sought yesterday by deputy sheriffs.

Fullmer reported the men came to his automobile sales place at Florence and Central avenues and requested a demonstration of an automobile, during which they robbed him of cash and jewelry valued at more than $100. A short time later they informed him by telephone that the things taken from him would be returned, as they had mistaken him for another man from Chicago in business near by.

LIMBERING UP THE BODY FOR THE 1930 SEASON

Manager Jack Lelivelt's band of Angel outfielders and infielders began the spring training grind out at Wrigley Field and here are a couple of shots Paul Strite, the Times photographer, snapped during their initial workout. Top photo shows Fred Haney, league-leading base stealer last season, trying out his famous hook slide. Frank Sigafoos, newly obtained second-sacker, who was with Portland last year, is the gent tagging the elusive Haney. The gent wielding the war club below is none other than "Johnny-on-the-Spot" Moore, secured from the Chicago Cubs, trying out his swing in an Angel uniform.

MARION HOLLINS LEADS

High Winds Bother Fair Golfers in Qualifying Round of Tourney at Pebble Beach

DEL MONTE, March 3. (AP)—Today's ill wind at Pebble Beach was the kind that blew nobody any good and medal scores for the qualifying round of the annual Pebble Beach women's golf championship tournament went higher than two score kites as a result.

MARION HOLLINS

Miss Marion Hollins of Carmel, Cal., and New York, former national champion and six times winner of the women's Pebble Beach title, was medalist with a card of 93, one stroke ahead of Mrs. Gregg Lifur of Los Angeles, former Southern California women's champion.

Both the stars are capable of breaking 80 with great regularity, but the gale that chased away the rain clouds here today also swept many a well-intended drive into the ocean. Consequently most of the women were a full twenty strokes above their usual scores.

Forty-four women golfers, including many prominent players, made up what observers declared the finest field of starters in the history of this feminine golf event.

Miss Hollins and Mrs. Lifur, however, were the only century breakers. Mrs. Brent Potter of San Jose stroked an even 100. Other leading scorers included:

Miss Barbara Lee, Oakland, former San Francisco city champion, 101.
Miss Anzie Parkhurst, Crystal Springs, 101.
Miss Helen Lawson, Hollywood, former Del Monte champion, 106.
Mrs. Joe Mayo, Monterey Peninsula Country Club, 108.

Three Men Are Selected on Board of Directors

Complete recognition of the right of Southern California to a voice in the activities of the California Tennis Association has been won after a two-year battle which reached its climax in the annual meeting of the State tennis body at the Bohemian Club, San Francisco, Saturday night. President Simpson M. Sinsabaugh of the Southern California Association returned yesterday morning with the news that every point for which the local conceded by the northerners at the annual meeting.

Complete reorganization of California tennis will be in the hands of a committee composed of William M. Johnston, Roscoe Maples and Reginald Jenkins of San Francisco and Simpson M. Sinsabaugh, William M. Henry and Alfred Wright of Los Angeles. These six men will form the new directorate of the California Tennis Association and will meet within the next few days to elect officers for the year.

In addition to the new California State association, a new district body to be known as the Northern California Tennis Association does for the south. act for the northern part of the State in the same capacity as the Southern California Tennis

DINK TEMPLETON MOONSTRUCK

Petting Parties Feared as Stanford Track Coach Orders Workouts 'Neath the Shining Moon; Evening's Program Lacks Only Music

SAN FRANCISCO, March 2. (Exclusive)—From his own private collection of newfangled ideas, Dink Templeton, Stanford track coach, is ready to pull another "original" out of the bag. This time it is going to be moonlight workouts for his cinderpath stars.

It is Templeton's plan to introduce his latest fantasy to the cinderpath squad the next time old man Luna shines its brightest. He figures that such a unique way of holding practice will do something to throw drudgery by the wayside.

One of the reasons for the outstanding success of the Stanford track coach has been his ability to turn his daily workouts into frolic. He will stage relays and some trick events under the clear rays of the moon. Some of the Stanford tracksters, hearing of the new Templeton plan, thought it "great stuff," but the suggestion of music to act as a serenade was immediately turned down.

RELAYS NEXT SATURDAY

Second Half of A.A.U. Meet to be Staged at Long Beach With Mercuries and Trojans in Limelight

Local officials of the A.A.U. were casting anxious eyes at the sky last night, vainly attempting to determine whether the expected rain would last through Saturday. The second act of their thrilling drama, "The Relay Carnival," is scheduled for Long Beach that afternoon, and they don't care to stretch it out into a three-scene affair.

A week ago Saturday the event opened with the staging of the high school relays, wherein several hundred youngsters scurried round and round the Long Beach High School track, until a downpour halted operations with only one of the open events being put on. The officials hope to wind it up this week-end.

Five Southern Conference teams have meets scheduled for Saturday, which rather erases their events from schedule. Occidental faces Caltech, San Diego tackles Redlands and Pomona meets U.C.L.A. The latter meet also withdraws the Bruin competitors from the field of competition, including Capt. Johnny Hill and Smith, who

(Continued on Page 13, Column 5)

PURDUE CAGERS CLINCH TITLE

ANN ARBOR (Mich.) March 3. (Exclusive)—Purdue's brilliant basketball team clinched the Western Conference title tonight when Michigan failed utterly to stem the tide from the Wabash. A crowd of 10,000 watched Co-captains "Stretch" Murphy and Glen Harmeson run roughshod over the Wolverines, 44 to 28. The victory tonight gave Purdue its second straight major championship.

SERAPH REGULARS, STARS START SPRING TRAINING

Vittmen Sent Through Paces at San Diego

SAN DIEGO, March 3.—Getting ready for what is hoped will be another successful campaign for the Pacific Coast League baseball pennant, the Hollywood Stars opened spring training camp this morning at Navy Field.

OSCAR VITT

Twenty-four players were on hand when Owner William "Bill" Lane and Oscar Vitt, manager, called for practice shortly after 10 o'clock and two more checked in later in the morning to make the roll twenty-six. The rest of the band of thirty-six now included in the roster, with one or two exceptions, are expected to be on hand tomorrow.

Two hours of light drill, a plentiful assignment for a start, was the spring tonic handed out by Vitt. Calisthenics proved the major part of the work as far as loosening up the muscles and uncovering possible sore spots were concerned. Vitt is a staunch believer in that type of exercise for his baseball athletes and has been spreading the gospel to other teams with the result that the practice is fast being adopted by other clubs. To prove the value of the drill Vitt points out but one "Charley horse" has been developed by a player on the Hollywood squad since calisthenics have been used in spring training, a period of four years.

Starting off practice, Lane made a short talk to the assembled players and then Vitt took them over. Light throwing to loosen up the arm muscles and pepper hitting followed. Vitt gave some of the outfielders a chance to chase fly balls with Wally Rehg, Cleo Carlyle, Frank Jacoby, Albert McNeely and Frank Wetzel coming in for the drill. All showed plenty of fire for an opening workout. The morning was cloudy, but warm.

McNeely, a San Diego boy who was farmed out to the Tucson club in the Arizona State League last season, is due to come in for considerable attention. He took the eye of Lane and Vitt when performing with San Diego High School here a

(Continued on Page 13, Column 5)

Forty Players in Workout at Wrigley Field

BY BOB RAY

Some forty Angel athletes, with the outfielders and infielders making their first attempt at spring training this season, turned out for yesterday's prolonged workout at Wrigley Field but the feature of the day was the fact that George Harper, the hammering holdout, made his appearance at the local ball yard.

GEORGE HARPER

Harper has not yet signed his contract, but Seraph officials remark that inasmuch as the slugging outfielder secured from the Boston Braves is on the scene of action his holdout days are apparently numbered. When a holdout starts hanging around the training camp the baseball urge soon gets under his skin and his name is on the dotted line before he knows it.

Harper looks in fine shape and claims that it won't take him long to get in trim for the coming campaign. George is due to have a chat with President Joe Patrick tomorrow or Thursday and everything will probably be ironed out then.

The arrival of Harper leaves Bill Skiff, the catcher purchased from Jersey City, as the only real Angel holdout. Nothing more has been heard from Skiff since he again turned down the Angel contract last week, but Seraph officials expect him to be showing up in the near future.

LELIVELT VISITS CUBS

Skipper Jack Lelivelt split the Angel forces up into two groups yesterday, working the youngsters in the morning and leaving the field to the regulars in the afternoon. Despite the cloudy weather the boys managed to get up a good sweat and figure to round into pretty good shape for the exhibition games with the Cubs Saturday and Sunday.

After looking over the youngsters in the morning workout, Lelivelt, accompanied by Business Manager Oscar Reichow, departed for Catalina Island to pay the Cub officials a visit and try to talk Joe McCarthy out of some athletes, Truck Hannah and Capt. Fred

Officials Announce 1930 Football Schedule for New Twelve-High-School Circ

PREPS FINALLY ADOPT SYSTEM

Each Team Has Three Home Grid Contests

Tiny Leonard Suggests Bill for Season

Five Dual Track Meets on Tap for Friday

BY IRVING ECKHOFF

After some four hours of debating the principals and vice-principals of the old Major and Minor city leagues came out of a prolonged huddle yesterday afternoon at Belmont High and announced the football schedule for the new twelve-school City League. The new schedule will run for two years.

In the neighborhood of eight systems were discussed, ranging from three-league plans to arranging the schools alphabetically.

Then after a final spurt of voting, the following plan was passed. The twelve schools are divided into six sections of two each, with the paired schools always meeting each other in every sport each year.

1	2	3
L.A.	Manual	Linc.
Poly	Holly.	Frank.
4	5	6
Fair.	Gar.	Fre.
Bel.	Roos.	Jeff.

According to this plan, Los Angeles High will always play Poly, Manual will always meet Hollywood, Lincoln always tackles Franklin, etc.

Next year besides the Los Angeles High game, Poly will play Hollywood, Franklin, Belmont, Roosevelt and Jefferson, while the Romans will tackle Manual Arts, Lincoln, Fairfax, Garfield and Fremont.

The following year the system is reversed and Poly will play the schools on the top line, while Los Angeles High takes the ones on the bottom.

Each school has three home games and three battles away from home. The best part of the schedule is that each team meets every member of the league at least once every two years.

To Tiny Leonard goes the honor of being the one to suggest the adopted plan. The Roosevelt teacher must have burned plenty of midnight oil to think up this one.

Los Angeles—Los Angeles at Manual Arts, Lincoln at Los Angeles, Los Angeles at Fairfax, Garfield at Los Angeles, Los Angeles at Fremont, Polytechnic at Los Angeles.

Lincoln—Fairfax at Lincoln, Lincoln at Los Angeles, Garfield at Lincoln, Fremont at Lincoln, Lincoln at Manual Arts, Lincoln at Franklin.

Garfield—Fremont at Garfield, Garfield at Manual Arts, Garfield at Lincoln, Garfield at Los Angeles, Fairfax at Garfield, Roosevelt at Garfield.

Polytechnic—Hollywood at Polytechnic, Polytechnic at Franklin, Belmont at Polytechnic, Polytechnic at Roosevelt, Jefferson at Polytechnic, Polytechnic at Los Angeles.

Franklin—Franklin at Belmont, Polytechnic at Franklin, Franklin at Roosevelt, Franklin at Jefferson, Hollywood at Franklin, Lincoln at Franklin.

Roosevelt—Roosevelt at Jefferson, Hollywood at Roosevelt, Franklin at Roosevelt, Polytechnic at Roosevelt, Roosevelt at Belmont, Roosevelt at Garfield.

Manual Arts—Los Angeles at Manual Arts, Garfield at Manual Arts, Manual Arts at Fremont, Manual Arts at Fairfax, Lincoln at Manual Arts, Manual Arts at Hollywood.

Fairfax—Fairfax at Lincoln, Fremont at Fairfax, Los Angeles at Fairfax, Manual Arts at Fairfax, Fairfax at Garfield, Fairfax at Belmont.

Fremont—Fremont at Garfield, Fremont at Fairfax, Manual Arts at Fremont, Fremont at Lincoln, Los Angeles at Fremont, Jefferson at Fremont.

Hollywood—Hollywood at Polytechnic, Hollywood at Roosevelt, Jefferson at Hollywood, Belmont at Hollywood, Hollywood at Franklin, Manual Arts at Hollywood.

Belmont—Franklin at Belmont, Belmont at Jefferson, Belmont at Polytechnic, Belmont at Hollywood, Roosevelt at Belmont, Fairfax at Belmont.

Jefferson—Roosevelt at Jefferson, Belmont at Jefferson, Jefferson at Hollywood, Franklin at Jefferson, Jefferson at Polytechnic, Jefferson at Fremont.

DUAL TRACK SEASON TO START FRIDAY

With the major portion of the City League records threatened to be broken before the end of the year, the dual meet season starts this Friday afternoon, with two contests listed for the Major League and three scheduled for the Minor City loop.

Both affairs in the senior league, the Poly-Manual Arts contest and the three-cornered meet at Jefferson featuring Lincoln and Franklin, are attracting loads of interest and prep dopesters are starting the year out right by ruining reams of copy paper and pencil sharpeners with their dope sheets.

The headline meet in the Minor League finds Fremont at Roosevelt, with the Pathfinders favored to win by a slight margin. The other two battles will find Fairfax at Belmont and Garfield at University. Both Fairfax and Garfield should win without much trouble.

Coach Clarence Ebers's Hilltoppers, minus the services of Capt. Frank Irving, the best hurdler in the league, looks like a weak dual meet team, and unless Irving's ankle gets stronger, the Belmont team will not cop many points this season.

The Toiler-Mechanic battle should produce several very good races, with the quarter-mile, provided George Warriner, Toiler ace, has recovered from his recent illness, being the feature event of the day. Coach Eddie Leahy of Poly has two fast one-lap runners in La Valle and Leit, and both of them will give Warriner a battle.

The three-way struggle between Lincoln, Jefferson and Lincoln looks like a toss-up at present, all three squads cutting into the others, points in practically every race.

VAN PATTEN ANNOUNCES PLAY-OFF SCHEDULE

Seth Van Patten, director of athletics for the C.I.F., announced the schedule for the Southern California prep basketball play-off last night. Two double-headers are listed for Saturday night, which will bring the cagers into the semifinals.

The two games listed for the Glendale High gym will find Santa Monica tackling Ventura at 7 o'clock, while the Covina Colts meet the Glendale Dynamiters at 8 o'clock.

The pair of battles at the Whittier gym features Fullerton and Tustin at 8 o'clock, while Escondido tackles the winner of the Chaffey-Riverside game.

The semifinals will in all probability be played at the Huntington Park gym a week from Friday. The finals are scheduled for the 18th inst. with the place still undecided.

Dempsey Will Fight if Max Tips Sharkey

CLEVELAND, March 3. (AP) Jack Dempsey, former world's heavyweight champion, announced definitely here today he would fight again for the championship in the event that Max Schmeling should defeat Jack Sharkey in June and provided Dempsey can reach fighting condition again.

The former "Tiger of the Ring" was here to act as master of ceremonies at the Ohio sportsmen's show.

Dempsey said he believed Schmeling is overrated and that Sharkey can defeat the German. If this belief proves true, Dempsey said his "comeback" plans would be abandoned.

Miller Wins Three Sprints

NEW YORK, March 3. (AP)—Leigh Miller of the Hamilton Athletic Club recent conqueror of Jack Elder and George Simpson, won the Marshall sprint series, feature of the Manhattan College games, here tonight.

Miller won the fifty, sixty and seventy-yard sprints of the series, with Chet Bowman of the Newark A.C. second in each distance. Miller was timed in 5 4-5s. for fifty yards, 6 4-5s. for sixty yards and 7 2-5s. for seventy yards.

Frank Hussey of New York was third in the fifty-yard event; B. H. Hand of Princeton third in the sixty and Abner Kurten of Columbia third in the seventy.

The sixty-yard Marshall sprint was won by Miller in 6 4-5s. Bowman was second again, while third, fourth and fifth places went to Hand, Hussey and Bruder in that order.

New York University's crack relay team won the 2400-yard college run in 4m. 59 4-5s. Georgetown was second and Boston College and George Seward third and fourth, respectively.

Starting from scratch, Stanislaw Petkiewick of Poland, overtook a field of about twenty runners to win the two-mile handicap in 9m. 25 3-5s. Frank Bayley of the New York A. C., who had a sixty-yard handicap was second with Harold Frazze of Manhattan College third.

The Jasper three-quarter-mile invitation race was won by Dr. Paul Martin of Switzerland, representing the N. Y. A. C. after a stirring last-lap duel sprint with Ray Conger of the Illinois A. C.

On the last lap Dr. Martin dashed to the fore, opening up a lead of about ten yards, which Conger slowly closed, but could not catch the fleeting Swiss. Joe Hickey of New York University finished third. Dr. Martin's time was 3m. 6 2-5s.

Bruins Prepare for Sagehens

Coach Harry Trotter started his U.C.L.A. track team out on a schedule of preparation for the Pomona squad yesterday afternoon. The Bruins and the Sagehens will feature in a dual meet Saturday afternoon on the Westwood oval.

Bob Cameron, the star middle-distance star of the Westwooders, will probably compete Saturday for the first time for U.C.L.A. Cameron has been ineligible for competition ever since he entered the university more than two years ago, but he finally hit his studies last semester with sufficient strength to be able to compete. He has been out of the first two Bruin meets because of a bullet wound in his left foot, incurred during an argument in Tia Juana according to an old Spanish custom.

Cameron is being counted upon to collect first places in both the quarter-mile, in which hns best time is around 49s. flat, and in the half-mile, which he has run in around 1m. 59s. flat.

Coach Trotter has been experimenting with starting blocks, Dink Templeton's track innovation, and may use them for his sprinters against Pomona. The Bruin sprinters, Capt. Johnny Hill, "Chuck" Smith and Johnny Talbot, are working out on practice starts with the blocks to see if they like them. The Bruin mentor has expressed regrets that Harvey Bear, star Sagehen dashman, is out with the mumps, although that exigency will probably give his own men a clean sweep in the century sprint at least.

ANGELS, BRUIN FROSH IN TRACK COMPETITION

The Los Angeles Junior College track team of Coach Harry Campbell will play host to the freshman track aggregation of the U. C. L. A. Bruins this afternoon on their own track. The meet was moved to the old Bruin campus, after originally being scheduled for the Westwood oval.

Inasmuch as the junior collegians held the Bruin varsity to an 83½-to-47½ score a week ago this afternoon, the Angels are planning on something of a walkaway this afternoon, an event that is indicated by all dope available. The Bruin freshmen have the weakest yearling track squad in years, as was evidenced by the way the Inglewood High School Sentinels trimmed it last Friday by an 80 5-6 to 32 1-6 count.

LEWIS FLOPS DEVITO

KANSAS CITY, March 3. (AP)—Ed (Strangler) Lewis, former heavyweight champion, defeated Joe Devito, Italian champion, in two straight falls gained by headlocks at the American Legion heavyweight wrestling tournament here tonight. Lewis, scaling 235 pounds, scored the first fall in 31m. 20s. and the second in 1m. 50s. Devito weighed 210.

Training Camp Gossip

TRAINING CAMP GOSSIP

AVALON (Catalina Island) March 3. (Exclusive)—Training for the Cubs today was confined to such thrilling practices as bridge, pinochle, plain fishing and a bit of throwing, from which all except the battery men were excluded. This uneventful program was made necessary by a rainy, raw atmosphere.

So long as the pitchers are well along in their preparatory problems McCarthy would have dispensed with practice in any form, but his is a nature that revolts at the thought of loafing, consequently he put the boys to work so that he himself wouldn't suffer from an afternoon of ennui. He probably would have included the outfielders and infielders in the drill if he hadn't known that Hornsby, Bell, English and the sun-dodging Wilson would have been subjected to unnecessary rain and risk if ordered to try out their sore feet on a slippery field.

Various things can happen in various ways between now and the week-end but if nothing of an unfavorable nature occurs, it is the plan of McCarthy to let his choicest pitching recruit, Lynn Birchard Nelson, do a big bit of pitching in one of the exhibitions scheduled for Saturday, and Sunday with the Angels at Los Angeles. All this attention is being showered upon Nelson because he continues to be the one candidate among the new hurlers who is the most promising.

ZAMLOCH SIGNS PETE DAGLIA

FRESNO, March 3. (AP)—Signing of Pete Daglia, Oaks chucking ace, was announced here today by Manager Carl Zamloch, who also announced that Roy Frazier, outfielder, had purchased his release in order to go to the Texas League. Daglia's signing leaves only five holdouts, Ernie Lombardi, Buzz Arlett, John Fenlon, Jim Edwards and Joe Wellans.

Pete Read, Monroe Dean, Uhalt and Bob Stevenson, former University of California baseball captain, headed today's arrivals, with Johnny Vergez, Tony Governor, Schino, Brubaker and others expected late tonight.

A four-hour workout at the firemen's lot was the order of the day for the Oaks, a portion of it being devoted to the usual daily soccer. The Oaks are encountering splendid weather here, a slight early morning rainfall serving only to make a fast field.

ED TOMLIN HANDED UNCONDITIONAL RELEASE

SAN JOSE, March 3. (AP)—Ed Tomlin, holdout utility man, was given his unconditional release here today, it was announced by President Tom Turner of the Portland Beavers. Turner has several deals pending for a catcher to help out Manager Larry Woodall, he said. Heavy rains this morning cut short Portland's first workout. Mack Hillis, second baseman obtained from Pittsburgh, signed his contract today.

SEATTLE INDIANS TRAIN AT GOLF

SAN CLEMENTE, March 3. (AP)—Three new players increased the Seattle baseball club roster to thirty-two players here today as they marked time for good weather to permit inauguration of spring training. Showers kept the Indians off the diamond, but did not prevent some from indulging in a round of golf.

The new players are Earl Brucker, who was a catcher on the club seven years ago; Paul Miller, a rookie hurler from Ventura, Cal., and Harry Kline, a first baseman who played semipro ball at Los Angeles. It is understood that Brucker will be tried out at first also.

MISSIONS REPORT FOR FIRST WORKOUT

STOCKTON, March 3. (AP)—The San Francisco Missions spring training camp opened here this morning with thirty-two of Manager "Red" Killefer's forty athletes reporting for the initial maneuvers. Most of the regulars and practically all of the rookies had checked in by noon, although only a dozen or so were early enough to participate in the first workout.

Johnny Monroe, obtained from Sacramento in exchange for Pete Scott, motored over from the Capital City and expressed his readiness to sign a contract. Ike Boone, outfielder, is motoring from Alabama and may be a few days late.

"Fatty" Hunt, slugging outfielder for the Reds, was one of the first players in uniform, but was saddened by Killefer's announcement that there would be no batting practice today.

Ernie Nevers, right-handed pitcher, is the only member of the Mission roster who is classed as a holdout.

CHISOX MANAGER TO CUT OUTFIT

SAN ANTONIO (Tex.) March 3. (AP)—As the third week of training opened today, Manager Donie Bush prepared to sort out the rookie list of the Chicago White Sox.

It is commonly believed the unlucky ones will be the greener members of the hurling staff, and added to these may be "Luckless George" Cox, whose arm again shows signs of giving out on him as it did last season after he had turned in some impressive spring training work.

ROUSH TRIES TO REJOIN GIANTS

SAN ANTONIO (Tex.) March 3. (AP)—Eddie Roush, veteran outfielder, finally has opened negotiations with the New York Giants in an effort to iron out a troublesome salary dispute. The chances are that Roush will be signed within a few days, according to club officials.

Making up for time lost because of recent rains, the Giants went through a long workout yesterday. The big surprise of the day was the assignment of Mel Ott, clouting outfielder, to second base. Ott played second for a few days in spring training last year, but was in the outfield all through the regular season.

UNCLE ROBBY HAS TOO MUCH TALENT

CLEARWATER (Fla.) March 3. (AP)—Wilbert Robinson, manager of the Brooklyn Robins, is enjoying a new experience—so much good material for several positions that he hasn't yet decided what to do with it all.

Especially around second base and shortstop is Robby embarrassed by too many candidates. Glenn Wright, Gordon Slade and Jack Warner all are avowed candidates for shortstop and Jake Flowers, Mickey Finn and Eddie Moore would like to play second base. Wright, of course, has the inside track for shortstop, provided his arm holds up, and Flowers is setting the pace for the second basemen.

ROLLINGS SAYS HE'S BETTER THAN EVER

ST. PETERSBURG (Fla.) March 3. (AP)—Red Rollings, infielder with the Red Sox in 1928, was at the Braves' training camp today with the statement that he is three times as good a ball player as two years ago. On his arrival yesterday he reported playing with the championship Hollywood (Cal.) team in the Pacific Coast League last year and batting for .333. He has high praise for Manager Oscar Vitt, another former Red Sox infielder.

Third Baseman George Robertson and Outfielder Lance Richbourg, the latter of whom is still with the University of Florida squad, are the two absentees from camp and Jimmy Welsh the only holdout.

CARDINALS BEGIN LIMBERING UP

BRADENTON (Fla.) March 3. (AP)—Trying a different wrinkle of the entire squad reporting at one time and failing to give the pitchers an extra week of practice, the St. Louis Cardinals were due today to begin the limbering up exercises. The main contingent from St. Louis were expected to step from the train into uniforms and get the feel of the turf at the same time as they took the kinks out of their legs.

AL SIMMONS REMAINS AT HOT SPRINGS

FORT MYERS (Fla.) March 3. (AP)—Coach Gleason of the Philadelphia Athletics, who has arrived with a squad of regulars after three weeks at Hot Springs, hinted today that Al Simmons did not accompany the others because he is disappointed with his physical condition. A mild attack of rheumatism in his ankles caused the Milwaukee mauler to stay at the springs.

Others said Simmons wasn't strong for the twenty-one exhibition games to be played in Florida, and that he blamed hard work on the diamond in the Orange Bowl for swollen ankles that prevented his starting the 1929 season.

There were rumors too that Simmons was dissatisfied with his 1930 contract, although he had insisted he is not a holdout.

FOUR CATCHERS BATTLE FOR PHILLIES' POST

WINTERHAVEN (Fla.) March 3. (AP)—Four youthful but rugged catchers today began a battle to decide which would be selected first string backstop for the Phillies. The death of Peck Lerian just as he had developed into one of the best in the league left Manager Shotton without a first class receiver and he has been shopping for one for months.

The four now in camp are Harry McCurdy, Virgil Davis, George Susce and Al Cooper.

STRIPP HAS JUMP ON THIRD BASE JOB

ORLANDO (Fla.) March 3. (AP)—"Jersey Joe" Stripp has the "drop" on the other two candidates for third base on the Cincinnati Reds. He has been working out for three weeks, while Tony Cuccinello, erstwhile Columbus Senator, came in three days ago, and Charles Dressen, regular third sacker, will not appear before tomorrow.

This was the first practice day for the Redlegs and Manager Dan Howley promised he would work them as long as they could stand on their feet.

BILL KILLEFER LIKES PITCHERS' CHANCES

WEST PALM BEACH (Fla.) March 3. (AP)—Manager Bill Killefer is looking for things to break for his new rookie pitcher, Herman Holshauser, who came to the St. Louis Browns from the Baltimore Orioles. And also from Earl Caldwell, only recently married.

"They've shown me enough in a few days to make me pretty sure they've graduated out of the minors," was the way Killefer put it. He especially likes Holshauser with his natural sidearm delivery.

TWO ROOKIE PITCHERS TOUTED BY INDIANS

NEW ORLEANS, March 3. (AP)—The spring touting is being concentrated on two rookie hurlers as far as the Cleveland Indians are concerned. They are Lester Shoffner, who came from the International League last fall, and Clint Brown, late of the New Orleans Pelicans. Both, camp followers claim, have everything they need to become fixtures this year.

JUNIOR OLYMPIC GAMES
Training Tips

Mere muscular strength is not so important in the Junior Olympic Games as is proper co-ordination, agility of both mind and body. This co-ordination and agility can only be obtained by careful and conscientious observation of the training rules and conditioning exercises. While the latter may sometimes prove a little irksome, the true athlete must be prepared to make sacrifices in order to attain perfection in the events that he is training for.

Mental attitude plays one of the most important parts of an athlete's make-up. He must be able to adjust himself to conditions as they exist and not allow himself to become worried about his own condition or the fact that some other contender is making some extra good records. This should rather prove a stimulus than a hindrance. The Junior Olympic contestant should give all that he has in order to reach his maximum ability. This does not mean, however, that he must try and punish himself every time that he works out or extend himself to a harmful degree during every practice period.

Besides putting himself on a rigid schedule of training the junior contestant should place himself unreservedly in the hands of his coach and do whatever the coach asks him to do, faithfully and with a cheerful disposition. If this is not done at the early stages of the game he will not be able to adapt himself to a definite program later in the training period or be able to come through in the final competitions.

There is a saying that "Clothes make the man." This also is applicable to athletes in respect to the condition and cleanliness of their training clothes. This does not imply that the young athlete must have silk running trunks and jersey and fancy track shoes but means simply that the garments be made of regulation gym suit material and washed at least once a week. Sweat suits consisting of long drawers and sweat shirt are a welcome addition to the contestant's equipment but not absolutely necessary as long as the young athlete does not subject himself to changes of temperature such as taking a good workout and then standing around until cold. Exposure of this sort will hamper the performance of the best athlete.

As track shoes will not be worn by the Junior Olympic contestant in Southern California, there is no need to purchase shoes. Regular gymnasium shoes, tennis slippers or basketball shoes are suitable although a large percentage of the contestants perform the entire five events without any shoes. Care should be taken until the feet are properly toughened if the contestant has decided to go barefooted.

AMATEUR PUCKS TO WIND UP SEASON

Teams—	Won.	Tied.	Lost.	P'ts.
Gilmore Lions	12	1	10	25
Union Oil Pirates	10	2	11	22
Sunfreze Bears	10	2	12	22

The local ice hockey teams wind up their season tomorrow night at the Winter Garden Ice Palace, when the league-leading Gilmore Lions clash with the Union Oil Pirates. The season has been the greatest in the history of amateur hockey in Los Angeles and something like 100,000 fans have paid their way into the Garden so far this year.

While the season officially ends after tomorrow night's game, the league championship play-off follows between the first and second teams, who will meet for the title as well as the honor of meeting the Vancouver Ballards, British Columbia champions, for the Pacific Coast title. The Vancouver players are already on their way south and expect to reach here the last week in March.

VETERAN STAGES COMEBACK

CHICAGO, March 3. (AP)—George Butler Sutton, 63-year-old former world 18.2 balkline billiard champion, tonight inaugurated his comeback attempt with a 300-to-173 victory over Percy N. Collins, Chicago, in the first block of their 600-point match.

FEW UPSETS IN BEACH TOURNEY

Santa Monica Golf Play Now in Second Round

Second-round matches are scheduled this week in the annual midwinter championship now in progress over the Santa Monica municipal course.

Few upsets were registered in the championship flight. The Coleman brothers, Chester and Lester remain favorites in the title competition.

Neil McDonald, 7 handicap golfer, shot a fine 76 to win his match in the second flight, and is a likely candidate to win his division. With the aid of a bit of breeze, McDonald drove the second green.

Following are the complete results of first-round matches as reported by Manager George Basil:

CHAMPIONSHIP FLIGHT

Bedrow defeated Ruggerio, 1 up.
Bisk defeated Jacobson, 1 up, 19 holes.
Quillem defeated Ferguson, 1 up.
Kirkby to play Hoopes, March 3.
S. Thompson defeated Schraeder, 2 up.
Sleeper defeated Ainge, 3 and 2.
Scott defeated Nittinger, 6 and 5.
Montgomery defeated Borde, default.
Ayers defeated Pringle, 1 up.
Arameau defeated Bonner, 3 and 2.
Anderson defeated Johnson, 2 up.
Hine defeated McCarger, 1 up.
Rey defeated Brown, 3 and 2.
C. Coleman defeated Owens, default.
Derwin defeated Lee, 7 and 6.
L. Coleman defeated Dmitrik, 2 up.

SECOND FLIGHT

Ricks (6) defeated Fisher (9,) 1 up.
McDonald (7) defeated Triggs (8,) 4 and 2.
Martin (9) defeated Wilson (9,) 3 and 1.
Silvernale (12) defeated Bohnamon (8,) 3 and 1.
Birdsall (9) defeated Nason (7,) 2 up.
Anderson (10) defeated Hillis (12,) 2 and 1.
Mazur (10) defeated E. Ray (7) 5 and 4.
Edwards (6) defeated Barino (7,) 5 and 4.

THIRD FLIGHT

Shoaf (6) defeated Mass (11,) 3 and 1.
Hopkins (8) defeated Macomber (8,) 3 and 1.
Thomas (9) defeated Scott (7,) 4 and 3.
Warner (8) defeated Dyer (11,) 3 and 2.
Farrington (12) defeated Whitaker (8,) 4 and 2.
Roomer (8) defeated Townsend (7,) default.
Farrand (10) defeated Desmorers (10,) 5 and 4.
Wright (11) defeated Bickford (10,) 4 and 3.

FOURTH FLIGHT

Day (6) defeated Memoli (14,) 3 and 2.
Davidson (8) defeated Williams (12,) 1 up.
Boston (8) defeated Douglas (11,) 5 and 3.
MacFarland (8) defeated Morrison (11,) 2 and 1.
Norris (12) defeated Taft (14,) 2 and 1.
Koenig (10) defeated Bryson (11,) 2 and 1.
Crawford (14) defeated Tobin (10,) 2 up.
Heinickle (14) defeated Hedrickson (11,) 1 up.

FIFTH FLIGHT

Follansbee (12) defeated Brere (16,) 7 and 6.
Mann (12) defeated Lawrence (14,) 1 up, 19 holes.
Kinshaw (14) defeated Redman (12,) default.
Ingvolstead (10) defeated Davies (8,) 7 and 6.
Johnson (16) defeated Hedlund (15,) 1 up.
Hirsch (18) defeated Pruden (12,) 2 and 1.
Wrynne (14) defeated Burton (11,) 1 up.
Tobin (12) defeated Frasing (18,) 2 and 1.

SIXTH FLIGHT

Thoren (12) defeated Batrand (14,) 1 up.
Hanson (9) defeated Greene (8,) 3 and 2.
O'Farrel (10) defeated Gilbert (16,) 2 and 1.
Desmet (15) defeated Wedemeyer (12,) 4 and 3.
Burr, Jr. (15) defeated Condon (13,) 2 and 1.
Allen (14) defeated Duffield (16,) 4 and 3.
Craine (11) defeated Gibb (12,) 2 and 1.
Richmond (14) defeated Traveller (14,) 5 and 4.

SEVENTH FLIGHT

Perry (12) defeated Reed (14,) 3 and 2.
Litten (12) defeated Platt (12,) default.
Ginter (16) defeated Mazur (16,) 4 and 3.
Stiles (16) defeated Liepow (15,) 6 and 4.
Daniels (14) defeated Curry (14,) default.
Donaldson (11) defeated Wammack (16,) 3 and 1.
Rittigstein (17) defeated Lippitt (20,) 1 up, 20 holes.
Carey (14) defeated Mazur (18,) 5 and 4.

EIGHTH FLIGHT

Andersen (18) defeated Strempl (16,) 4 and 2.
Owens (14) defeated Woohall (18,) 2 and 1.
Dixon (15) defeated Strameta (15,) 1 up.
Bullock (16) defeated Anderson (20,) 2 and 1.
Wise (12) defeated Conley (18,) 4 and 3.
Mathew (18) defeated Wright (13,) 6 and 5.
Clancy (20) defeated Stone (15,) 4 and 3.
McKay (12) defeated Downey (15,) 1 up, 19 holes.

NINTH FLIGHT

Dummire (18) defeated Leigh (18,) 6 and 5.
Howe (22) defeated Berry (18,) default.
Gauthier (18) defeated Field (18,) 2 and 1.
Taylor (18) defeated Fox (18,) 1 up.
Winder (18) defeated Wheeler (20,) 4 and 3.
Mathews (18) defeated Ross (24,) 4 and 3.
Linton (20) defeated Stowe (21,) 1 up, 20 holes.
Cochrane (22) defeated Schraeder (18,) 3 and 2.

NONQUALIFIERS' FLIGHT

Ullman (18) defeated Johnson (11,) default.
Black (24) defeated Steward (6,) 2 up.
Anderson (12) defeated Leslie (12,) default.
Dobrie (8) defeated Peters (10,) 4 and 3.
Wilcox (8) defeated Reynolds (6,) default.
Kimball (6) defeated bye.
Craine (10) defeated Burr, Sr. (21,) 6 and 5.
Nielsen (10) defeated Dickinson (6,) default.

PESEK AND LONDOS TO CLASH ON MAT

MEMPHIS (Tenn.) March 3. (AP) The wrestling committee of the National Boxing Association today fixed April 2 as the date for the scheduled championship heavyweight wrestling match at Columbus, O., between John Pesek of Nebraska and Jimmy Londos of Greece, named Charles Rentrop of Memphis to be the third man in the ring and made provisions for a 50-50 split of the $20,000 purse.

VAN FLEET DURKEE IN WIN OVER ARROWHEAD

Van Fleet Durkee ice hockey players pulled a surprise last night at the Palais De Glace Rink by trumping the Arrowhead team, 5 to 2. The game was featured by the play of Art Palfrey of the winning team, who scored three goals. The last period was marked by a number of fights in which both teams took a free hand, including the goalies. It resulted in both of the goalies and several other players being ordered from the ice.

CHOCOLATE, HALL BOUT DELAYED BY WEATHER

TAMPA (Fla.) March 3. (AP)—The ten-round negro featherweight fight scheduled here tonight between Kid Chocolate of Cuba and Benny Hall of St. Louis has been postponed until Wednesday night because of cold weather. The card will be carried over intact, including another ten-rounder between Relampago Sanguero, Cuban welterweight, and Ben Spivo of Columbus, Ga.

HOLLYWOOD PUCKS WIN

Richfield Drops Another Ice-Hockey Contest in Play-off Series at Garden by 1-to-0 Score

The Hollywood Millionaires scored their second straight victory over the Los Angeles Richfield Oilers in the Southern California professional ice hockey playoff last night at the Winter Garden Ice Palace.

The Millionaires won the game by a 1-to-0 margin after a very wild evening of play. The two teams clash again Thursday night in the third game of the series. The victory boosted Hollywood's standing in the league race.

The Hollywood Millionaires jumped into a 1-to-0 lead in the second period when Dan Carrigan slipped one past Goalie Vaughn of the Richfield team. Peaches Headley made the pass when he was about thirty feet off the side of the net that Carrigan sent in for the score.

There was no scoring in the opening period but it was jammed full of spirited action. The second period was featured by hard battling in which both sides were penalized numerous times.

INTERSECTIONAL PUCK GAMES PLANNED

Two intersectional ice hockey series are planned by officials of the Winter Garden Ice Palace, it was learned last night. One series finds the Boston Bruins, world's ice hockey champions, and one of the greatest of all time hockey teams pitted against either the Los Angeles Richfields or the Hollywood Millionaires. The other series will settle the Pacific Coast amateur championships between the Vancouver Ballards and the winner of the local league, which has not been decided yet.

Boston and Los Angeles or Hollywood should make the East-West series the greatest ever staged by the Winter Garden. Local officials have not decided on the local entry, but the team taking part in the California Hockey League play-offs will get the call.

In bringing Boston to take part in the east-west series, Floyd Carleton, one of the owners of the Garden, announced that $8000 was guaranteed the Bruins to make the trip here. Such noted stars as Cooney Welland, Tiny Thompson, Dutch Gaynor, Shores and other big-timers are on the squad.

Race Leaders to Confer on Safety Ideas

George Stephenson, representing the A.A.A., and Dr. Fred Loring, heading the staff of Legion Speedway officials, are expected to hold a confab this week to talk over safety-first measures regarding next Sunday afternoon's 150-lap sweepstakes at the Alhambra Boulevard course.

Numerous smash-ups, which have happened in races lately, have somewhat alarmed the moguls who govern the sport of speed here.

Nobody was severely hurt in that tangle of cars two weeks ago, in which Fred Frame, Earl Hovenden, and Johnny Krieger figured, but the racing colony was not so fortunate at El Centro last Sunday.

In the eleventh lap of the forty-mile event at the opening of the new El Centro track, "Speed" Hinkley of Pasadena, was seriously injured. The Crown City daredevil's chariot turned completely over when Hinkley failed to make the south turn.

Edgar Johnson of the Legion contest board, returned from El Centro yesterday and stated that Hinkley may be suffering from internal injuries, according to reports of physicians.

With Hinkley out of the competition, another pilot will return to the wheel Sunday. Fred Merzney of Denver, who was injured when his car overturned on the south bend of the local layout more than a month ago, expects to get back in the running this week.

Broncs Defeat Gael Cagemen

SAN FRANCISCO, March 3. (AP) An irresistible last-half rally enabled the Santa Clara University basketball team to defeat St. Mary's, 34 to 24, here tonight and capture the annual series between the two colleges. Santa Clara led, 19 to 17, at half-time.

The Broncos jumped into an early lead with Capt. Jack Gough and his teammates finding the basket for nine tallies before the Gaels got under way. St. Mary's pulled up in a sudden flash of real form and surprised Santa Clara, which was fighting to hold a slim 2-point advantage at the half-time whistle.

Santa Clara was unbeatable in the last half, however, holding the losers to seven tallies while scoring fifteen themselves.

T. Connolly, playing his last game for Santa Clara at center, was high scorer with 16 points. Gough, Bronco leader, also in his last game, was next with nine tallies. Simas and Callan, forwards, led for St. Mary's, each scoring 7 points.

The St. Mary's frosh took a hard-fought preliminary from the Santa Clara Babes, 22 to 20.

SONNENBERG TRIUMPHS

DALLAS (Tex.) March 3. (AP)—Gus Sonnenberg, recognized in several States as the world's heavyweight wrestling champion, won two straight falls from Freddy Myers of Chicago here tonight. He took the first round in 31m. with a flying tackle and the second in 11m with a body slam.

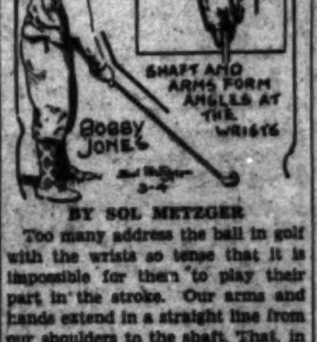
JOE DUNDEE VICTORIOUS

ROCHESTER (N. Y.) March 3. (AP)—Joe Dundee of Baltimore, formerly welterweight champion, punched his way to a decisive victory over Joe Trippe of Mt. Morris, N. Y., in a ten-round bout here tonight.

ANDERSON WHIPS GROGAN

DES MOINES, March 3. (AP)—Cowboy Eddie Anderson, Chicago lightweight, blasted out a ten-round popular decision over Tommy Grogan, Omaha battler, in a sizzling ten-round feature bout here tonight.

Jones's Wrists Form Angle With the Club



SHAFT AND ARMS FORM ANGLES AT THE WRISTS
BOBBY JONES
Sol Metzger
3-4

BY SOL METZGER

Too many address the ball in golf with the wrists so tense that it is impossible for them to play their part in the stroke. Our arms and hands extend in a straight line from our shoulders to the shaft. That, in turn, is but an extension of the left arm.

But watch Bobby Jones assume his stance with the wood. It may be claimed by some that his shaft is merely an extension of his straight left arm. But we doubt it. The arms seemed to be pressed down so that an angle is formed at the wrists, where the line of the arms and shaft meet.

Next take a glance at the arms of that long-hitting young amateur, Phil Finlay. I've sketched his forearms and grip above. Note that from this position another angle is visible. These two positions offset any tendency for the wrists to become tense. See to it that your grip gives you these same angles of relaxation at the wrists. Tomorrow—where the power comes from.

A new free illustrated leaflet on "The Art of Putting" has been prepared by Sol Metzger. White for it. Address Sol Metzger, in care of The Times, and inclose a self-addressed, stamped envelope.

Tilden Beats Bunny Austin

MONTE CARLO, March 3. (AP)—Big Bill Tilden won the Monte Carlo singles tennis championship easily today, defeating Henry W. Austin of Great Britain, 6-4, 6-4, 6-1.

The American star who eliminated the Italian ace, Baron H. L. De Morpurgo in the semifinals of the Butler trophy tournament yesterday, had little difficulty with Austin. His play completely baffled the British player.

A terrific wind marred the exhibition somewhat. Tilden's fierce drives were not affected but Austin's gentler returns were blown many feet out of line.

FELDMAN CO PEREGRINA

New Yorker Wins [illegible] at East Side A

Willie Feldman, a [illegible] from the sidewalks of [illegible] win a close ten-round [illegible] from Jose Peregrina, [illegible] can slugger, last night [illegible] ture event on the East Side [illegible] program. a Barba to

CHALLENGE FEATHER KING

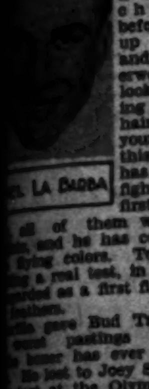
Flyweight Champ Seeks Second Crown

Has Outside Chance to Collect

Blas Indian Rated as Underdog at Olympic

BY KAY OWE

La Barba intends to have [illegible] down with Bat Battalino for [illegible] featherweight title if he gets over Santiago Zorilla tonight at the Olympic. La Barba is determined to win a second ring championship before he hangs up his gloves and the featherweight crown looks real alluring to the curly haired Italian youngster at this time. Fidel has had three fights since the first of the [illegible] all of them with feather-[illegible] and he has come through [illegible] flying colors. Tonight he is [illegible] a real test, in Zorilla, who [illegible] rated as a first fighter among [illegible] feathers.



[illegible] gave Bud Taylor one of [illegible] worst pastings the Terror [illegible] boxer has ever gotten in a [illegible] He lost to Joey Sangor in his [illegible] start at the Olympic, but the [illegible] Panama Indian only lost because of a knockdown which came [illegible] early part of the bout when [illegible] into Joey's right hand. A [illegible] of ringsiders insisted the [illegible] Zorilla deserved was a draw. [illegible] Zorilla showed his best form in [illegible] when he was regarded as one [illegible] best bantams and feather-[illegible] in the world. Although [illegible] was a dull year for the little [illegible] Blas Indian, he has again hit [illegible] stride, his manager, Wirt Ross, [illegible] Two months in the out-[illegible] has done wonders for the [illegible] Panamanian, his handler states. It [illegible] indoor gymnasiums that stifled [illegible] work of Zorilla, Ross claims.

[illegible] any or all claims laid [illegible] and his handlers, La [illegible] will enter the ring the [illegible] tonight. His recent [illegible] over Ignacio Fernan-[illegible] Johnny Torres and Char-[illegible] indicate that Fidel [illegible] on a winning streak and is [illegible] to be a tough job for [illegible] to stop him.

[illegible] and Zorilla will measure [illegible] the same for the go, [illegible] about the same as Fi-[illegible] to eyebrow.

[illegible] Wad Wadhams is [illegible] some new faces in the [illegible] along with some fa-[illegible] Red Humphries makes [illegible] after a long lay-off in [illegible] semi-wind-up against [illegible] Pedro.

[illegible] Pyle tackles Tom More-[illegible] the special. They are both [illegible] local fame. Henry Rollins [illegible] Moravec tangle in a [illegible] Leo Read and How-[illegible] open the program in a [illegible] clash.

[illegible] bout between a gorilla [illegible] boxer has been arranged by [illegible] It will be staged just [illegible] the main event.

SS HOLLINS LEADS GOLFERS

[illegible] par for the course is 38-

e Jockeys Hurt in Fall

[illegible] (Fla.) March 3. (AP)—Rob-[illegible] Leishman, youthful contract rid-[illegible] for W. J. Salmon, was seriously [illegible] and Jockey George Fields re-[illegible] a broken leg today when [illegible] horses fell in the first race at [illegible] Park. Jockey F. Halbert es-[illegible] with minor bruises.

[illegible] Going, with Halbert in the [illegible] and Janie G. Field up, were [illegible] of the trio of juvenile thor-[illegible] to fall. Leishman, who [illegible] following close behind on Gen-[illegible] attempted to clear the [illegible] horses, but failed.

[illegible] spill occurred in the third [illegible] but the two jockeys involved, [illegible] and J. McCoy, escaped [illegible] injuries. The accident [illegible] when Baby Blimp, Renick [illegible] in a hole just before [illegible] into the stretch. The horse [illegible] and Theolex, with Mc-[illegible] fell over him. Both boys [illegible] rushed to the emergency hos-[illegible] in the paddock.

Barba to Seek Title Bout With Battalino if Victorious Over Zorilla Tonight

RABBIT PUNCHES
By PAUL LOWRY

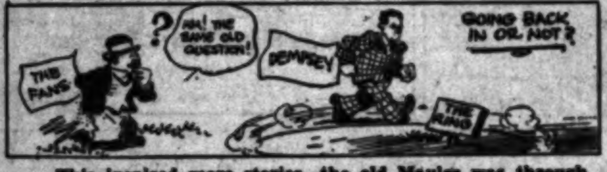
THE DEMPSEY RETIREMENT

THE same old argument is on—the one about Jack Dempsey returning to the ring. It has come down through the years since 1925, and remains hot copy wherever heavyweight fights are discussed.

Five years ago the old Manassa Mauler was champion, but had done nothing in defense of his title since the Shelby affair. He fell in love, and then the first story "broke" about his retirement for good.

Came the "break" with Kearns and more retirement talk. Then his marriage and the alleged dislike of his wife for ring warfare.

The summer of 1926 saw the retirement talk squelched when the champion lost his title in a rain-soaked ring to Gene Tunney at Philadelphia.



THE FANS
?
AH! THE SAME OLD QUESTION!
DEMPSEY
GOING BACK IN OR NOT?
THE RING

This inspired more stories—the old Mauler was through for good this time.

The following spring Dempsey confounded the newspaper boys again. He forgot all about retiring, and took on a course of revivification at Soper's Ranch.

He stopped Jack Sharkey at New York and lost to Gene Tunney for the second time in the famous "Fourteen Count" battle at Chicago.

Sure—that was all. The Mauler had plenty of "sugar." He could sit back and clip the coupons.

This time he laid low for two and one-half years.

But now there are signs of increased interest. The old ex-champ is getting restless. He hops here and he hops there. He has a going over at Mayo Brothers.

The old Mauler isn't broke, but he's lost money as a promoter at Chicago.

He lives like a prince, and the income from his $200,000 trust isn't sufficient to keep a prince living in the manner to which he is accustomed.

And princes who have been champions never lose the itch to regain lost glory. Not when there's a soft one or two on the horizon—even if the old legs were gone at Chicago and can't be any better now.

⁂

POETIC LICENSE?

JIMMY McLARNIN fights Sammy Mandell twice at catchweights and beats him easily both times. In fact, has him on the verge of a knockout each time.

But when the same McLarnin fought Mandell at the lightweight limit for the title there was nothing to the bout but Mandell.

Now, how do you explain that?

Or, that Jackie Fields probably would beat Young Corbett hands down in a rematch if Fields's welterweight title was at stake.

Are the box-fight boys kidding us, or do the champions just coast along in catchweight matches, not caring particularly what happens so long as the decision does not rob them of their title?

It seems sometimes that the latter theory is correct, and yet from another standpoint, it is not reasonable.

Fields lost prestige when beaten by Young Corbett at San Francisco. A champion defeated by a man in his own division even at catchweights cannot command the same respect from promoters. His drawing power diminishes; his gate luster suffers.

San Francisco fight fans like Fields better than Los Angeles, his home town.

But nothing less than a Corbett match for the championship would particularly intrigue San Francisco fans now. They would remember Fields's defeat if asked to patronize any other show in which the champion appears.

The case of Mandell is somewhat different in that McLarnin is no longer able to make the lightweight limit, and Mandell is only too glad to fight the babyface kid because of the latter's box-office attraction.

Although a clever boxer, Mandell can't draw flies. McLarnin, with his sock, can and does, and Sammy might be inclined to take a punch or two to keep the thought of McLarnin knocking him out alive in the minds of the cash customers.

⁂

HEAVY TRACK

RAY ALF'S failure to place better than third in the 100 at Palo Alto Saturday and his complete whitewash in both the 220 and 440 completely ruined the L.A.A.C.'s hopes for victory over Stanford.

All the local dopesters had counted on Alf very heavily in both the short sprints, and his name was held out of the lists in the quarter-mile as a dark horse.

But, as the boys say, "the best-laid plans of men and mice aft gang agley," and Alf, who appeared to be in excellent condition in the meet with Occidental two weeks ago, was nowhere at Stanford.

It finally took a couple of track experts to dissect the situation and point out the factors that contributed to Mr. Alf's downfall.

These gents—the Messrs. William M. Henry and Bud Spencer—deduced the following:

Rain during the week made the Stanford track very heavy. It looked okeh from the stands, but it really afforded poor traction. Both Dyer and Giberson, who placed one-two in the 100, are good-sized fellows, and so is Morrison, the quarter-miler, who ran the furlong in addition to his favorite race.

Alf is a little fellow, weighing 130 pounds. He couldn't get through the scum and gain traction, and as a result couldn't pull. He ran all three races, but his third in the 100 was the net result of his day's efforts.

RELAYS ON TAP FOR SATURDAY

(Continued from Eleventh Page)

won heats in the novice 100 in the meet opening.

Compton and Los Angeles junior colleges had a dual meet scheduled for Saturday, but have postponed it in favor of the races for their division at Long Beach.

All of which leaves it up to the S.C. Trojans and the L.A.A.C. to furnish the major excitement of the afternoon. Rumors are afloat that an open 100-yard dash will be added to the festivities in order to give the meet a real feature. This would bring out Frank Wykoff, Weldon Draper, Milt Maurer and Red Guyer of the Trojan forces, Ray Alf and Murray Schulz of the L.A.A.C. and Nate George of Whittier. The Poets have no meet scheduled for Saturday, and George, who won the 100, 220 and 440 in the Caltech meet last Saturday would be in shape and able to run.

PREVIS TO BATTLE IN OCEAN PARK GO

Johnny Previs will clash with Kenny La Salle, brother of "Bad Boy" Bobby who was badly injured in an automobile accident last week, at the Ocean Park boxing arena tomorrow night, according to an announcement yesterday by Claude Bridge, promoter. La Salle was picked in place of Augie De Mille, who suffered an injury to his hand last week.

"Bolo Boy" Mission is scheduled to clash with Vearl Whitehead in a six-heat semi-windup.

Four other bouts are also carded. Benny Stein meets Jimmy de Luccia at 150 pounds. Joe Singer and George Mullen are to go four rounds at 160 pounds. Another 160-pound pair, Russell Brock and Billy Wagner meet in a four-heat preliminary. Pastor Manillo and Perfecto Mendoza will scrap in the curtain raiser. The duo are flyweights.

LOCAL NETTERS WIN ARGUMENTS

(Continued from Eleventh Page)

Association does for the South. Each body has complete independence as far as the activities in its own district are concerned and the new State body governs in all matters of State-wide and national importance.

Until the reorganization move, which went through by a unanimous vote last Saturday night, the southern part of the State was a district organization having only approximately half the voting power of the northern clubs in the California association despite the fact that the local clubs were equal in actual size to those of the north. All such inequalities were eliminated by the new arrangement, which provides for equal representation for both sections.

BRUIN BASEBALLERS PREPARE FOR BRONCOS

Batting practice featured the workout of the Westwood Bruins' baseball squad yesterday afternoon, held in preparation for the season's opening this week. The U.C.L.A. baseballers will entertain the Santa Clara College Broncos Friday and Saturday on the Westwood diamond in the opening dates of the California Intercollegiate Baseball League schedule in Southern California.

Coach A. J. Sturzenegger of U.C.L.A. has announced the starting line-up of the Bruin nine for Friday's game with the exception of the pitcher. Tommy Devlin will catch, and the pitcher will be either Eddie (King) Solomon, Harry Griffiths, Les Ward, Vernon Charleston or Lee Duke. The infield is to be composed of Larry Marion, a made-over catcher, at first base; Capt. Jimmy Leyh at second base; Bill Brubaker at shortstop and Ted Dennis at third. Cliff Simpson, Bill Gilbert and Bill Campbell, another renovated backstop, compose the outfield.

LUTZE MAY UPSET DOPE

Nick Short-ender at Olympic Tomorrow Night But is Confident He'll Toss Everett Marshall

Nick Lutze will enter the ring for his finish mat battle with Everett Marshall at the Olympic tomorrow night, a short-ender, but confident of upsetting both the Glendale wrestling sensation and the experts.

The few mat critics who were on hand yesterday when Lutze went through his final workout for this match declared the popular local star looks to be in better condition than he has for any big match here at any time, and that he showed enough new holds and speed to rate almost an even bet against Marshall.

NICK LUTZE.

It was the first time that Lutze has "opened up" with the new tricks and holds he has learned inthe past six months. He stated he had intended to use many of them against "Gorilla" Gene La Doux here two weeks ago, but later decided against the course when he believed he could beat the rough French-Canadian with the backward body slam he used in defeating Joe Malcewicz and Stanley Stasiak. The only new grip he displayed that night was a reversible headlock.

Lutze intends to use the same slam hold in his efforts to beat Marshall. Lutze stated he would toss Marshall as quickly as the 215-pound sensation reached out for an airplane spin. According to the Venice life guard, the backward slam he used is a perfect defense against the airplane spin and he may even leave himself open tothe spin in an effort to nab Marshall with the slam hold.

Lutze is not worried over the reported defense and counter-offenses the airplane-spin exponent has developed against the backward slam. He does not expect Marshall to respond for the second fall if he is able to get the hold on him early in the match. Lutze plans a very fast and aggressive bout against the Glendale star and he is confident of being the first to beat Marshall in the four years that the latter has been wrestling, as an amateur three years and the last as a pro.

One of the fastest matches ever held at the Olympic is looked for when this pair meet. Both are clean, fast and clever wrestlers and each hopes to get a match with the mat king here in the near future.

The other bouts on the same card are expected to produce plenty of action.

La Doux will clash with Jerry Moneghan, a rougher from Phoenix, in the second match. The rule against the rabbit punch, that was announced last week by James Woods, State Athletic Commissioner, will be vigorously enforced in this bout. Both grapplers are noted for their devastating work with this hold. The referee with be instructed to enforce this rule in all future matches here as he has the regulation against the strangle hold, Commissioner Woods stated.

Dr. Karl Sarpolis, the 215-pound wrestling physician, will clash with Martin Zikovich of Salt Lake City in the opener.

ANGELS START SPRING GRIND

(Continued from Eleventh Page)

Haney will be in charge of today's pair of workouts.

Onlookers at yesterday's session spent most of their time watching Johnny Moore and Frank Sigafoos, the two new Seraphs, in action. Moore, secured from the Cubs, is said to be as speedy an outfielder as Jigger Statz. He has nice size and takes a wicked cut at the ball. Sigafoos, who was with Portland last year, seemed to fit in nicely at second base in the infield practice. Siggy spent most of his time for the Ducks at third base, but he acts at home on the keystone sack. He has a nice pivot throw and should help Carl Dittmar and Haney turn in a lot of double plays this season.

JACOBS NOT PRESENT

The only Angel regular besides Harper and Skiff not on the field yesterday was Ray Jacobs, who is being counted on to hold down first base this year. Jake was called to Salt Lake City Sunday because of the death of his mother-in-law. He will probably join his mates in action at Wrigley Field next Monday.

In Jacobs's absence first base was held down by Carl Holling, the pitcher-outfielder-pinch hitter, and "Lefty" Crabb, an elastic southpaw from Fresno semipro ranks. Crabb handles himself in fancy fashion around the initial sack and looks like a great prospect provided he can hit even a little bit.

Another new Angel who looked good was Ernie McCabe, the hustling catcher secured from the Bisbee Arizona League club. McCabe rifles the ball to second and has an abundance of chatter. Folks who have seen him in action also say that he's a great hitter.

Others on hand for yesterday's workout were Wes Schulmerich, Leo Burns, Tony Antista and Art Parker. All of them were clicking the ball with a vengeance. Parker is being counted on to be the Angel utility infielder. Antisa is a little fellow from Bisbee, but he clouts the agate like a 190-pounder. Tony used to go to Lincoln High here and had a tryout with the Missions in 1928.

The Angels looked mighty good in their opening workout yesterday and so impressed "Irish," the new clubhouse boy imported from San Francisco, that he predicted they were a cinch to cop the pennant this year.

KIRBY REGAINS TITLE

MANCHESTER (Eng.) March 3. (AP)—Bert Kirby of Birmingham regained the British flyweight championship tonight when he knocked out Jackie Brown of Manchester, the title-holder, in the third round. Brown won the title October 13 by knocking out Kirby in the third round.

VITTMEN SENT THROUGH PACES

(Continued from Eleventh Page)

year ago and was signed up when graduated.

A tall, rangy youth and a good hitter, he holds promise of developing into a real out-garden star. Wetzel, who played with San Antonio last year, but is now a free agent, also is looked to add hitting strength when needed.

Bill Rumler, hard-hitting outfielder, who had trouble with his arm last season, but who had it worked over during winter, was among the missing when practice opened today. He is expected in camp today along with Harry Green, utility man last season.

Of the recruits, James R. Turner, right-handed pitcher, obtained from Greensboro in the Piedmont League, attracted considerable attention. He won twenty-six games and lost nine last season. Just 24 now, standing six feet tall and weighing 190 pounds, he looms as a real pitching prospect.

Light work will be the order for the next day or two and then when muscles are loosened up work will begin on team play as well as hitting.

With the first pair of exhibition games billed for Saturday and Sunday against the Seattle club of the Pacific Coast League, training at San Clemente, some of the pitchers will have to be made ready in somewhat of a hurry.

Accompanying Lane were the usual young mascots, William (Red) Enos, who was in camp last spring here, was brought back by Lane along with his brother, John. The boys, 12 and 13, respectively, followed the players through all their activity today, even to the calisthenics and walks and runs around the park. They were decked out in complete uniforms provided by Lane and will make their home at the Waldorf Hotel along with the rest of the squad.

Those in camp today included: Pitchers, "Lefty" Johns, Edward (Bum) Wetzel, regulars; Lea Johnson, James R. Turner, Frank Smith and Glenn Brown, recruits.

Catchers: John Bassler, regular; Stanley Depalo, Pete Schwegel, Livesay, Swede Swenson, recruits.

Infielders: Dudley Lee, Otis Brannon, Mike Gazella, regulars; Louis Catina, Edwin Leshman, "Red" Smith, recruits.

Outfielders: Cleo Carlyle, Walter Rehg, Frank Wetzel and Al McNeely, regulars; and Frank Jacoby, recruit.

HUSKIES PLAY TROJANS HERE

(Continued from Eleventh Page)

Calland's Trojans, 53 to 50, and 27 to 26, in the playoff here. Last season Washington again took the Northwest crown, but was defeated by California in the playoff at Seattle.

On paper there seems to be little difference between the Trojans and Huskies, although the writer has a hunch that Barry's athletes will win the title. Those games two years ago were as close as title contests generally come and from this angle there is no reason for picking one team over the other.

However, Barry's squad has been going at such a terrific clip that it is hard to avoid stringing with his outfit. The Trojans wound up the season by winning six straight games, which is quite a record.

Washington lost four games in the Northwest, but played sixteen conference contests where the Trojans took part in but nine. S. C. dropped only two conference tilts.

British Want "Foul" Movie

LONDON, March 3. (AP)—Declaring that the British public wants to see the complete film of the Sharkey-Scott fight, Wardour Films, Ltd., who have the exclusive rights for the film in this country, announced today they had taken legal advice and had insisted that every foot of film taken shall be sent over from the United States.

"We realize how great is the desire of the public to see the whole of the fight so that they may judge for themselves whether the fight was fair and the strict rules of boxing observers. They will see the complete picture," said Arthur Bent, managing director.

Lord Lonsdale, head of the British Boxing Board of Control, said:

"I cannot express any opinion until I have seen certain people in London. If I said anything at this stage it might be misleading. I received a short cable from Miami telling me the result of the fight and something about foul blows, but shall want to know more."

It is assumed he is waiting a report of Lionel Bettison, prominent member of the British board of control, who went to Miami to see the fight.

JEWFISH CAUGHT AFTER HARD BOUT

HERMOSA BEACH, March 3.—Although it was the thirteenth jew fish or black sea bass hooked in Southern California waters this year, Ted Haberfield's catch proved no different from its predecessors, except that a rather hard scrap was indulged in before it could be brought to gaff. Haberfield was fishing on the big Olympic barge, anchored two miles offshore here, last week, when he had his "unlucky" strike. The fish was of average size and weighed 300 pounds. Mackerel, perch and sandabs continue to lead the daily catches brought ashore by visiting anglers, according to Capt. J. M. Andersen, skipper of the pleasure fishing craft.

OWENS GUNNING FOR KNOCKOUT

Ernie Aims to Flatten Foe in Legion Bout

Ernie Owens is out to score a knockout over Joe Bitto, Friday night at the Hollywood Legion Stadium. This information came from the Owens' camp yesterday where Ernie is putting the finishing touches on his training. Owens is going to enter the ring in splendid condition, his manager, Dutch Meyers, declares. The elongated Owens scored a seven-round knockout over Charley Long last Thursday and he is sure that the dynamite in his right hand will be too much for Bitto.

ERNIE OWENS

Owens has only recently found himself. In a battle with Dynamite Jackson, Owens showed a great punch. He had the negro heavyweight on the way to Dream street twice when the bell saved Jackson each time.

Bitto cares nothing for the Owens punch his handlers state. Joe beat Homer Sheridan bad at Hollywood not long ago at a time when he was considered a very short-ender. Bitto was a clown in the ring for sometime but he has taken his boxing seriously of late and seems headed for bigger and better things. He has a good short choppy punch that may cause Owens a good deal of grief.

Tom Gallery has lined up an attractive supporting card. Hector MacDondal meets Battling Bulahan in the semi-wind-up. Lee Pamminger and Jimmy McDermott clash in the special event. Two other bouts are on the card.

CARNERA STOPS CLARK IN SIXTH

(Continued from Eleventh Page)

the first of Primo's foemen to stand up under his crushing punches beyond the second round.

The unofficial attendance figures were 10,000 and receipts about $35,000. Carnera's share, it was said, would be between $10,000 and $12,000.

Carnera scored his knockout in the sixth after he had floored Clark in the fourth for counts of nine and eight. Up to the finish the battle had been comparatively even.

In the fifth Clark bounced two hard rights off Primo's left eye, and it was tightly closed and swollen to the size of an egg when they resumed hostilities in the sixth.

Between rounds the club physician indicated it might be necessary for Carnera to quit, but the Italian shook his head and shouted: "No, no!"

ST. LOUIS, March 3. (AP)—Primo Carnera, giant Italian boxer, will meet Chuck Wiggins of Indianapolis, at the arena here March 17, it was announced today by a representative of M. Malloy, Chicago promoter. Carnera has fought eight bouts since coming to the United States and has won all. Mr. Wiggins is expected to give him tougher opposition.

WHAT HAPPENS HERE IF HURLING IS GOOD?

INDEPENDENCE (Kan.) March 3. (AP)—Mr. and Mrs. Roy Thornburgh today announced they would name their fourteen-pound son, born Saturday, after the first member of the Independence, Western Association, baseball club to hit a home run during a regularly scheduled game of the 1930 season.

ST. JOSEPH TO PLACE TEAM IN BALL LOOP

ST. JOSEPH (Mo.) March 3. (AP)—Frank Harrington, president of the St. Joseph Chamber of Commerce, said today St. Joseph would have a team in the Western League this season. Mr. Harrington said the drive for $25,000 to erect a grand stand and obtain a park site, was assured of success.

TIGERS TO FACE CALTECH

Oxy Track Athletes Will Meet Rivals Saturday in League Affair; After Bruin Meet

The second round of the Southern Conference dual meets is billed for next Saturday with Occidental and Caltech clashing on the Oxy oval.

Both squads hung up impressive wins last Saturday over conference foes when the Engineers drubbed Whittier, 100½ to 30½, and Occidental garnered a total of 112 to 40 for Redlands. Pomona meets the Bruins in a nonconference battle also next Saturday.

Coach Joe Pipal's cinderpathers are slight favorites to defeat the strong Techmen by virtue of turning in faster times, but the Oxy mentor is rather skeptical, pointing out that Stanton's proteges are capable of faster times and were not pushed hard by the Poets. Nevertheless, by comparative performances the spiked Tiger crew ought to emerge victorious with a goodly margin.

Coach Pipal has been dickering with U.C.L.A. for a meet a week from Saturday to fill an open date and will find out definitely today whether the two squads will meet or not.

Soccer

LONDON, March 3. (AP)—Soccer football matches played in England today had the following results:

English League, first division—Sheffield United, 5; Blackburn Rovers, 7.

Second division—Southampton, 0; Millwall, 0.

Third division, southern section—Newport, 2; Brighton, 2.

Northern section—Stockport County, 3; Hartlepools United, 1.

OCCIDENTAL BASEBALL NINES PERFORM TODAY

Both the Occidental varsity and frosh nines have practice games billed for this afternoon. Coach Bill Anderson's diamond squad meets the California Bankers on Patterson Field in a practice tilt, while Glenn Roselle's peagreeners travel to Franklin High School for their initial game.

The varsity mentor plans to start his veteran southpaw, Dutchman De Hoag, against the Bank sluggers with Stoney Johnston on the receiving end. He will replace this battery about the middle of the game to save them, and will probably send Ernie Johnson to the mound with Warren Eppinette behind the plate.

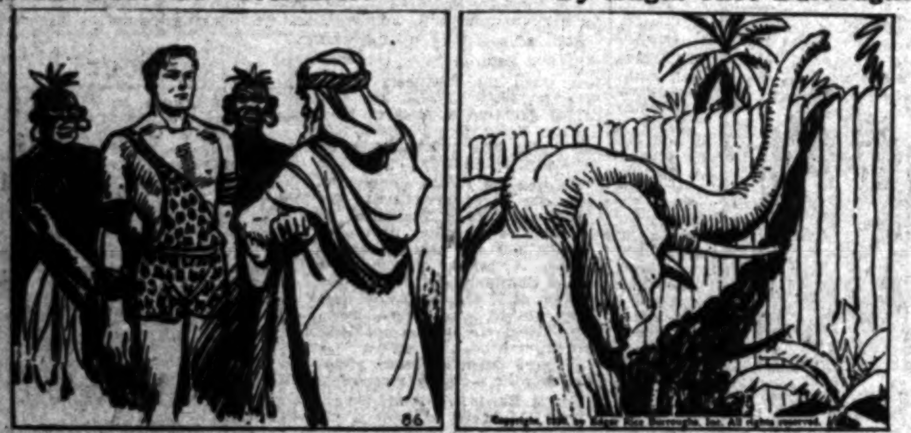
A CHUCKLE FOR EVERYBODY

THE SON OF TARZAN

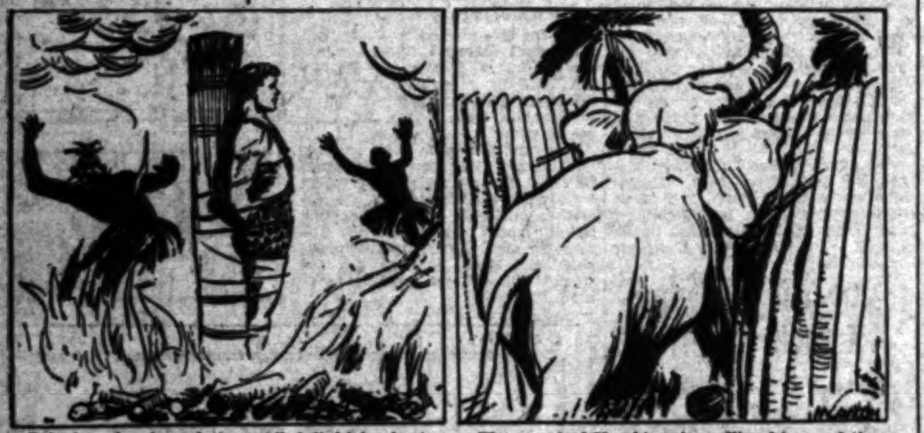
By Edgar Rice Burroughs



86
Copyright, 1930, by Edgar Rice Burroughs, Inc. All rights reserved.

The Sheik eyed Korak for a long while without speaking. He was trying to think of some form of torture that would gratify his rage and hatred toward this creature who twice had been the means of his losing possession of Meriem. Beyond the palisade came the trumpeting of an elephant. A half smile touched Korak's lips and he gave a low, weird call before one of the blacks guarding him struck him savagely across the mouth.

None knew the significance of that call, save Tantor in the jungle, who cocked his ears as the sound of Korak's voice fell upon them. He approached the palisade and lifting his trunk above sniffed. In his tent the Sheik rose at last, and, pointing toward the bound captive called two of his biggest slaves. "Burn him," he commanded. "At once." To a stake in the open space of the village center they dragged Korak and bound him tightly.



Bringing brushwood they piled it high about him, and the Sheik came that he might enjoy the agonies of his victim. But Korak did not wince even after the flames shot up. Again he raised his voice in the same low call and this time came the answering trumpeting of an elephant. Outside the palisade, Tantor had placed his head against the wooden logs and pushed; but the palisade was strong and only gave a little to the pressure.

The sound of Korak's voice calling him, and the scent of man, his enemy, filled the great beast with rage and resentment against the dumb barrier that held him back. He wheeled and shuffled back a dozen paces. Then he turned, lifted his trunk and giving voice to a mighty, trumpet-call of anger, lowered his head and charged like a huge battering ram of flesh and bone and muscle straight at the mighty barrier which sagged and splintered to the impact.

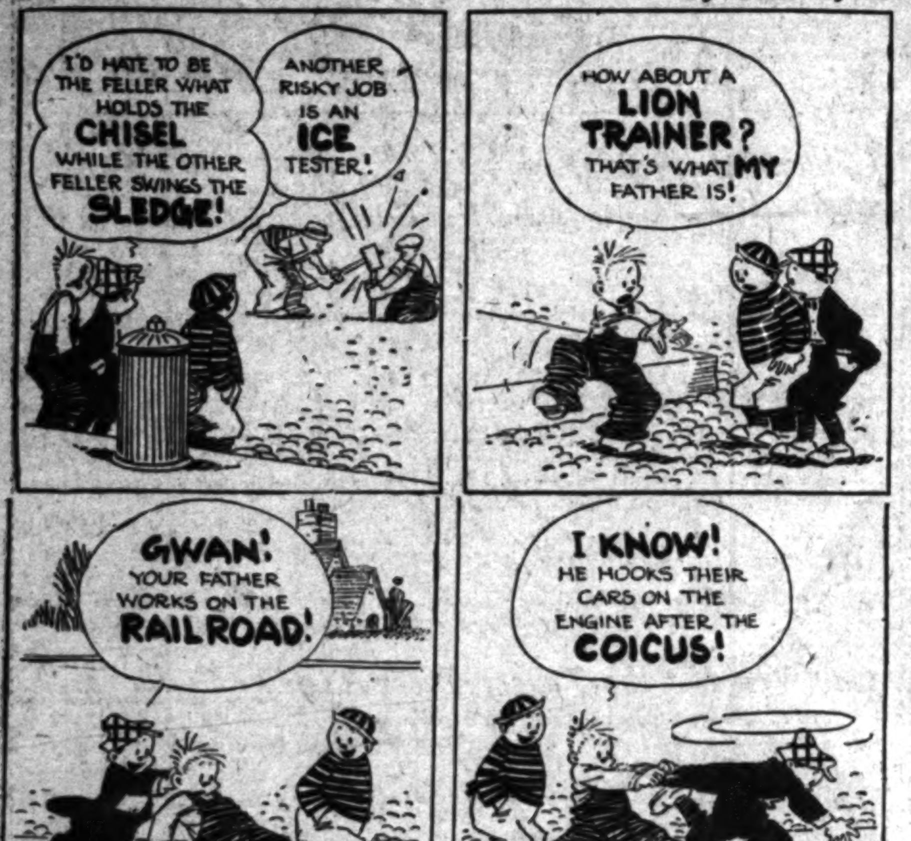
REG'LAR FELLERS

Fearless Man

By Gene Byrnes



I'D HATE TO BE THE FELLER WHAT HOLDS THE CHISEL WHILE THE OTHER FELLER SWINGS THE SLEDGE!
ANOTHER RISKY JOB IS AN ICE TESTER!
HOW ABOUT A LION TRAINER? THAT'S WHAT MY FATHER IS!
GWAN! YOUR FATHER WORKS ON THE RAILROAD!
I KNOW! HE HOOKS THEIR CARS ON THE ENGINE AFTER THE COICUS!
Gene Byrnes

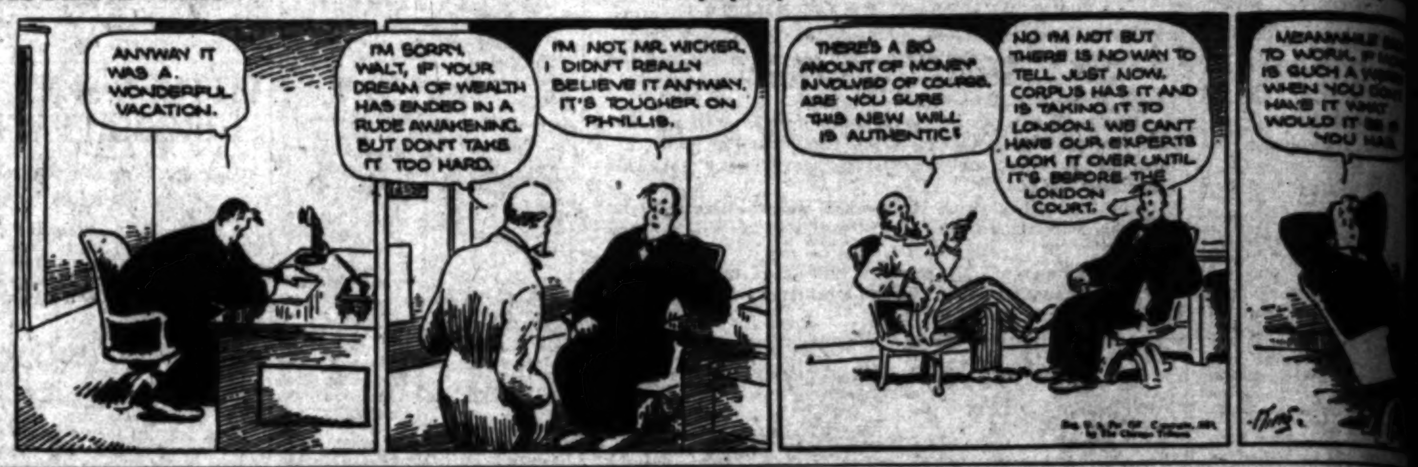
In Sympathy

By

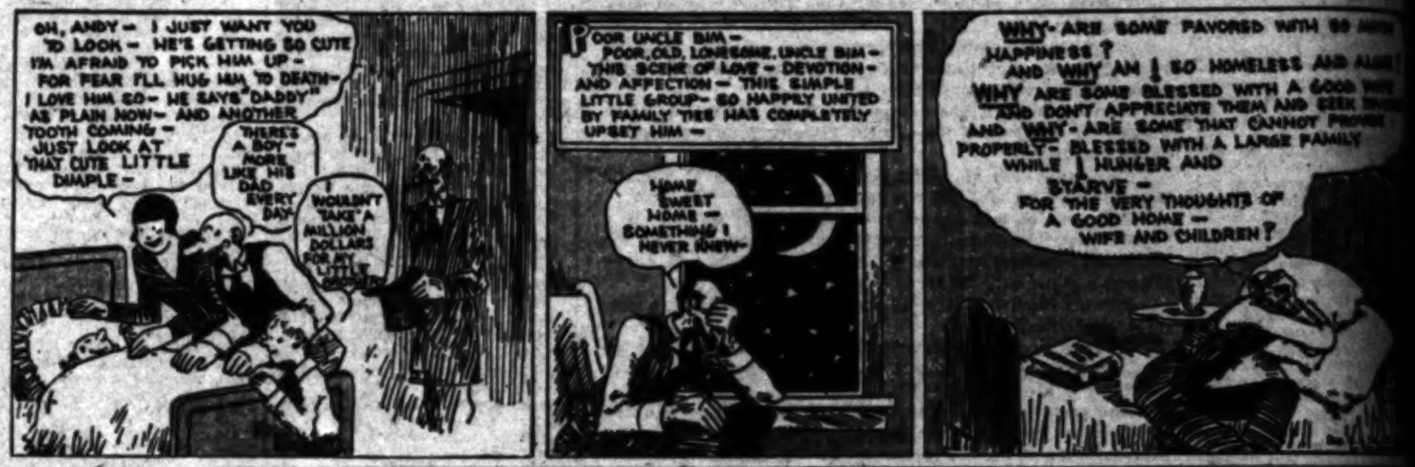


ANYWAY IT WAS A WONDERFUL VACATION.
I'M SORRY, WALT, IF YOUR DREAM OF WEALTH HAS ENDED IN A RUDE AWAKENING. BUT DON'T TAKE IT TOO HARD.
I'M NOT, MR. WICKER. I DIDN'T REALLY BELIEVE IT ANYWAY. IT'S TOUGHER ON PHYLLIS.
THERE'S A BIG AMOUNT OF MONEY INVOLVED OF COURSE. ARE YOU SURE THIS NEW WILL IS AUTHENTIC?
NO I'M NOT BUT THERE IS NO WAY TO TELL JUST NOW. CORPUS HAS IT AND IS TAKING IT TO LONDON. WE CAN'T HAVE OUR EXPERTS LOOK IT OVER UNTIL IT'S BEFORE THE LONDON COURT.
MEANWHILE TO WORK. IF IS SUCH A WHEN YOU HAVE IT WHAT WOULD IT YOU HA

THE GUMPS

Sunshine and Shadow

By Sidney

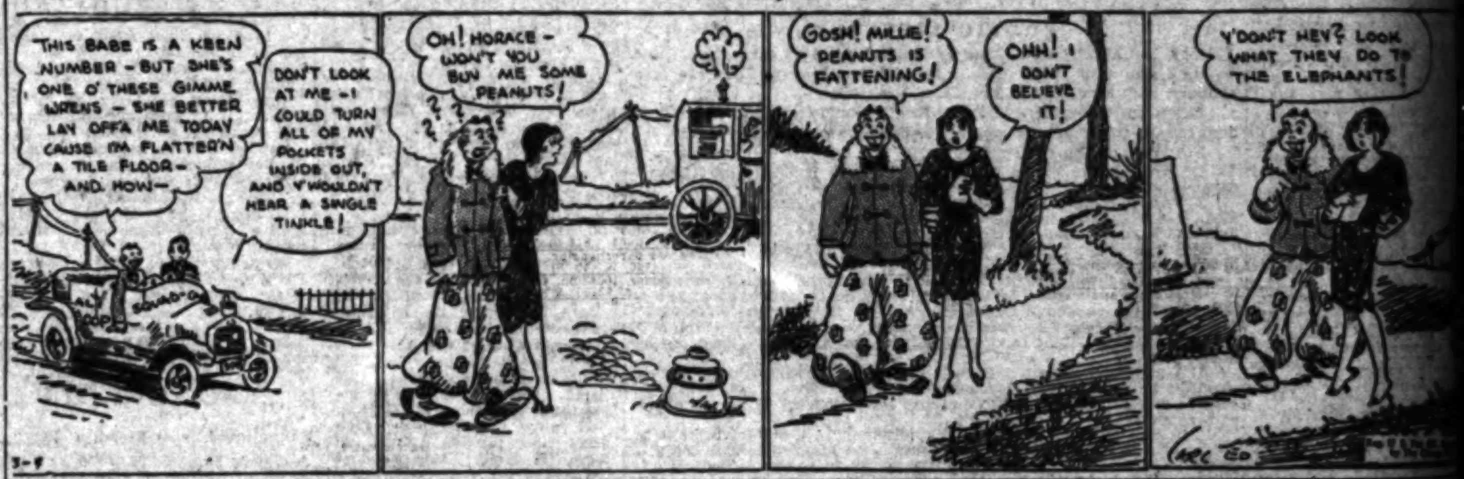


OH, ANDY— I JUST WANT YOU TO LOOK— HE'S GETTING SO CUTE I'M AFRAID TO PICK HIM UP— FOR FEAR I'LL HUG HIM TO DEATH— I LOVE HIM SO— HE SAYS "DADDY" AS PLAIN NOW— AND ANOTHER TOOTH COMING— JUST LOOK AT THAT CUTE LITTLE DIMPLE—
THERE'S A BOY— MORE LIKE HIS DAD EVERY DAY
I WOULDN'T TAKE A MILLION DOLLARS FOR MY LITTLE
POOR UNCLE BIM— POOR, OLD, LONESOME, UNCLE BIM— THIS SCENE OF LOVE— DEVOTION— AND AFFECTION— THIS SIMPLE LITTLE GROUP— SO HAPPILY UNITED BY FAMILY TIES HAS COMPLETELY UPSET HIM—
HOME SWEET HOME— SOMETHING I NEVER KNEW—
WHY— ARE SOME FAVORED WITH SO MUCH HAPPINESS? AND WHY AM I SO HOMELESS AND ALONE? WHY ARE SOME BLESSED WITH A GOOD WIFE AND DON'T APPRECIATE THEM AND SEEK AND WHY— ARE SOME THAT CANNOT PROVIDE PROPERLY— BLESSED WITH A LARGE FAMILY WHILE I HUNGER AND STARVE— FOR THE VERY THOUGHTS OF A GOOD HOME— WIFE AND CHILDREN?

HAROLD TEEN

One Way Out

By



THIS BABE IS A KEEN NUMBER— BUT SHE'S ONE O' THESE GIMME WRENS— SHE BETTER LAY OFFA ME TODAY CAUSE I'M FLATTER'N A TILE FLOOR— AND HOW—
DON'T LOOK AT ME— I COULD TURN ALL OF MY POCKETS INSIDE OUT, AND Y'WOULDN'T HEAR A SINGLE TINKLE!
OH! HORACE— WON'T YOU BUY ME SOME PEANUTS!
GOSH! MILLIE! PEANUTS IS FATTENING!
OHH! I DON'T BELIEVE IT!
Y'DON'T HEY? LOOK WHAT THEY DO TO THE ELEPHANTS!

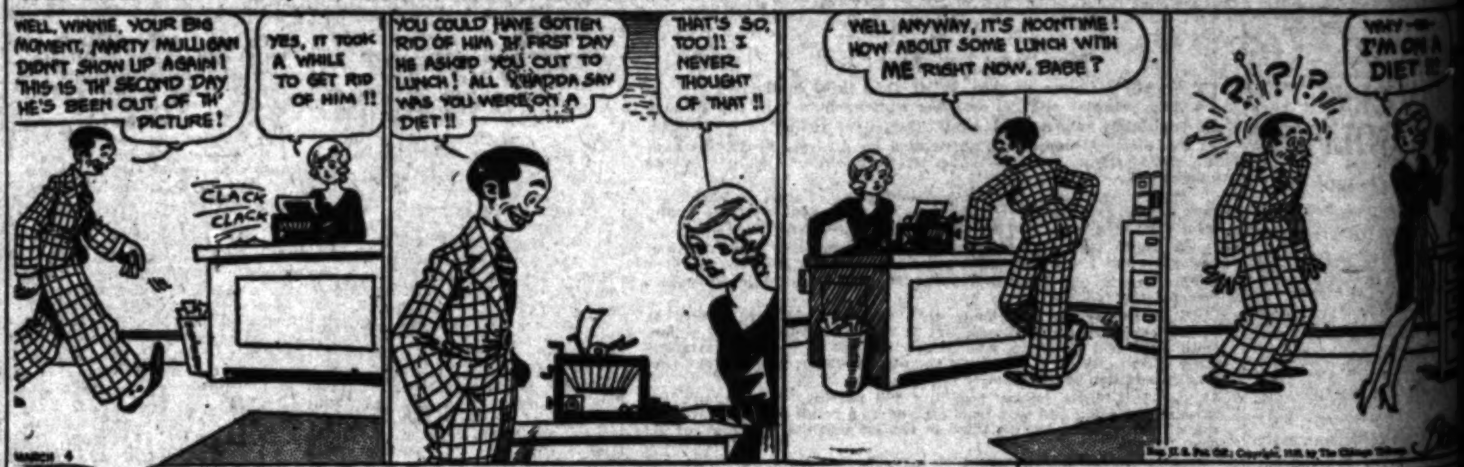
Winnie Is Fed Up on Ad Libb

By



WELL, WINNIE, YOUR BIG MOMENT, MARTY MULLIGAN DIDN'T SHOW UP AGAIN! THIS IS TH' SECOND DAY HE'S BEEN OUT OF TH' PICTURE!
YES, IT TOOK A WHILE TO GET RID OF HIM!!
CLACK CLACK
YOU COULD HAVE GOTTEN RID OF HIM TH' FIRST DAY HE ASKED YOU OUT TO LUNCH! ALL YA HADDA SAY WAS YOU WERE ON A DIET!!
THAT'S SO, TOO!! I NEVER THOUGHT OF THAT!!
WELL ANYWAY, IT'S NOONTIME! HOW ABOUT SOME LUNCH WITH ME RIGHT NOW, BABE?
WHY— I'M ON A DIET!!
?!?!?

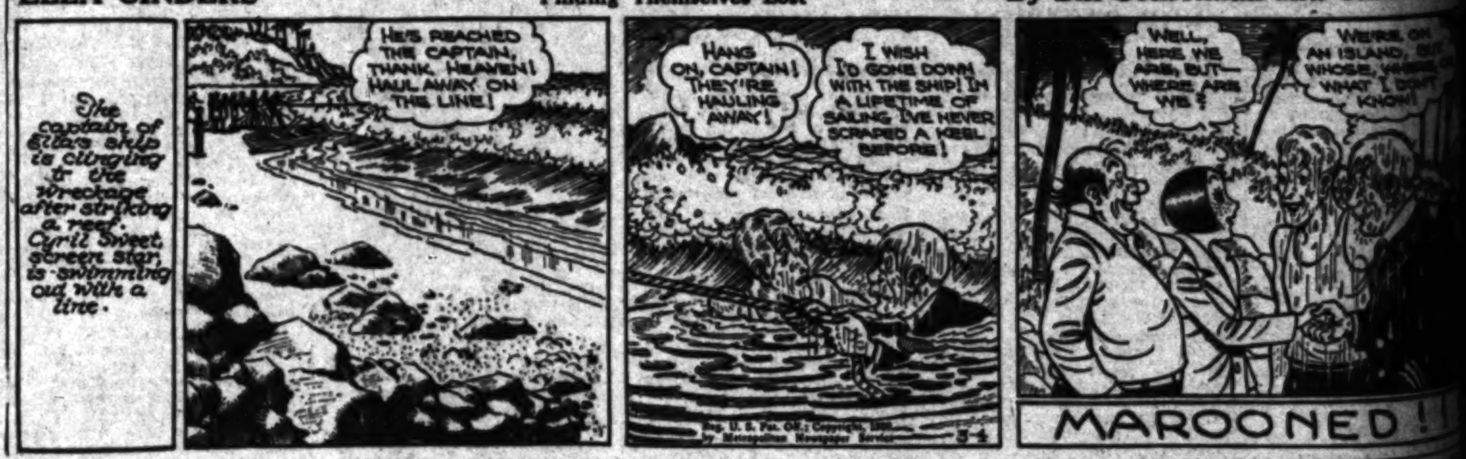
ELLA CINDERS

Finding Themselves Lost

By Bill Conselman and Charlie



The captain of Ella's ship is clinging to the wreckage after striking a reef. Cyril Sweet, screen star, is swimming out with a line.
HE'S REACHED THE CAPTAIN, THANK HEAVEN! HAUL AWAY ON THE LINE!
HANG ON, CAPTAIN! THEY'RE HAULING AWAY!
I WISH I'D GONE DOWN WITH THE SHIP! IN A LIFETIME OF SAILING I'VE NEVER SCRAPED A KEEL BEFORE!
Reg. U. S. Pat. Off.; Copyright, 1930, by Metropolitan Newspaper Service 3-4
WELL, HERE WE ARE, BUT— WHERE ARE WE?
WE'RE ON AN ISLAND, BUT WHOSE, WHERE OR WHAT I DON'T KNOW!
MAROONED!!

Salesmen, Solicitors —10-B

WINNERS
Are those who are continually building for themselves an ever increasing permanent income. Are you getting a check each week from work that you did a year ago?

This will interest the man or woman who wants to build a permanent & profitable clientele & who desires to make money right now.

Most of you have met with disappointment, due to the fact that what you have been selling has not proven out in accordance with the original intentions and promises. For this reason you have lost your customers, you cannot sell them again, and your time and energy have all been wasted.

No salesman can ever be successful financially unless he can get an income in future years on the efforts that he is putting forth now.

This company has a proven record over a period of years. Our customers are satisfied customers. Our salesmen are happy in their connection and making money, as well as building for the future.

If you want a steady position in pleasant and profitable work, call for an interview Monday or Tuesday from 9:30 to 12 a.m. and from 2 to 4:30 p.m. To those who qualify and are selected by us, we will thoroughly train and pay them while in training. 408 SOUTH SPRING ST., 2nd floor.

Frigidaire
A subsidiary of General Motors will interview salesmen between 25 and 40 years of age, who are in position to handle local territories. The men selected will be given thorough training and satisfactory financial arrangements will be made. School will begin March 10. Positions open Los Angeles and other near-by cities. Must have car.
A distinct opportunity awaits the men who are sincere.
APPLY 1320 W. 7TH ST. MR. SPICER.

SALESMEN
AT LAST! SOMETHING NEW UNDER THE SUN!
When you decide that you cannot make a million dollars over night and want to save a lot of time and shoe leather SEE US. This is an advertising device, attachable to automobiles. Going on the market Monday for the first time. A chance to make real money quickly. Sell for $15, you profit $8. Men traveling east here is a real item. TRAVEL AD MFG. CO., 1030 N. Western.

SALESMEN AND BEGINNERS
Our Big Spring Line
IS HERE. We need 20 men at once for Los Angeles and vicinity; protected, established territories, worked by appointment. Exceptional opportunity for capable men.
Real Silk Hosiery Mills

AN ENGLISH-AMERICAN HOUSE
WITH
A WESTWOOD HILLS VIEW
This is a brand new house which can easily be converted to a REAL HOME. English in type, but Yankee ingenuity in modern conveniences blends old world with new. Large British living room in which you will be proud to entertain your most distinguished friends. Bedrooms commodious, comfy & inviting. Plenty of bathrooms of latest colored tile effects but with not too vivid tones. Other rooms in like good taste & modern features. Lot is ample size, situated on top of the world and perfectly level. Has marvelous view, exceptional even for Westwood Hills. Price is $29,500—low enough! but serious consideration might effect a real opportunity to you. Del Hills, 500 No. Western ave. HO. 7901 or eves., OX. 1361.

Win A Prize Home
No contest—just one of the first to select a showplace at the Great Home Exposition in Leimert Park, where concrete streets, schools, beaut. environment, golf club and 7c fare make the ideal setting for a home. Every model is a gem, designed by a noted architect, crowded with features now going into Beverly Hills mansions, built as an educational measure—priced just to defray costs, from $7350 to $13,500. SEE THE MODEL HOMES, many furnished by Barker Bros. Take 8 car to 8th ave., Angeles Mesa Dr. entrance opposite Sunset Fields Golf Club, or drive west on Santa Barbara ave., continue on LEIMERT BLVD. to new high school.

NETS $100,000

I have for exchange what I consider two of the finest and biggest paying properties in the State of Calif. One being a beautiful 8-story modern hotel located on one of L.A.'s finest thoroughfares. Netting almost $100,000 per year. The other property consists of a beautiful 5-story apt. house located on one of Hollywood's prominent corners, near Hollywood Blvd. and in the center of its most active business district. Elegantly furnished and has every improvement known to modern architectural construction. It also is 100% occupied, is showing a net income of more than $100,000 per annum. I invite you to inspect the books of these properties and absolutely guarantee the income as represented. The hotel property has one small incumbrance, the Hollywood property is clear. Will consider local, Southern or Northern, improved or vacant, city or country. This is your opportunity to secure one of the finest income properties in Calif. Submit what you have immediately for either of these properties and I will endeavor to work out an advantageous deal for you. Mr. Ferguson.

INSURANCE FUNDS

Eastern money is the lowest rate money obtainable, as the East is where the large concentration of wealth occurs. These funds must be invested in good securities such as real estate loans. That is our business.

Yes, we charge a commission. All mortgage companies do the same. The borrower can take his pencil and figure where he is ahead with our loan when he considers the rate he is paying for his money. Loans $5000 or more, 7% ; no commission.

A property with a low rate loan is much more attractive to a buyer.

Telephone us the address of your property. A preliminary inspection will be made free of charge.

Conservative construction loans considered.

AN ENGLISH-AMERICAN HOUSE
WITH
A WESTWOOD HILLS VIEW
This is a brand new house which can easily be converted to a REAL HOME. English in type, but Yankee ingenuity in modern conveniences blends old world with new. Large British living room in which you will be proud to entertain your most distinguished friends. Bedrooms commodious, comfy & inviting. Plenty of bathrooms of latest colored tile effects but with not too vivid tones. Other rooms in like good taste & modern features. Lot is ample size, situated on top of the world and perfectly level. Has marvelous view, exceptional even for Westwood Hills. Price is $29,500—low enough! but serious consideration might effect a real opportunity to you. Del Ellis, 500 No. Western ave. HO. 7901 or eves., OX. 1361.

Win A Prize Home
No contest—just one of the first to select a showplace at the Great Home Exposition in Leimert Park, where concrete streets, schools, beaut. environment, golf club and ’c fare make the ideal setting for a home. Every model is a gem, designed by a noted architect, crowded with features now going into Beverly Hills mansions, built at an educational measure—priced just to defray costs, from $7250 to $13,500. SEE THE MODEL HOMES, many furnished by Barker Bros. Take E car to 8th ave., Angeles Mesa Dr. entrance opposite Sunset Fields Golf Club, or drive west on Santa Barbara ave., continue on LEIMERT BLVD. to new high school.

NETS $100,000
I have for exchange what I consider two of the finest and biggest paying properties in the State of Calif. One being a beautiful 6-story modern Hotel located on one of L.A.'s finest thoroughfares. Netting almost $100,000 per year. The other property consists of a beautiful 3-story apt.-house located on one of Hollywood's prominent corners, near Hollywood Blvd. and in the center of its most active business district. Elegantly furnished and has every improvement known to modern architectural construction. It also is 100% occupied, is showing a net income of more than $100,000 per annum. I invite you to inspect the books of these properties and absolutely guarantee the income as represented. The hotel property has one small incumbrance, the Hollywood property is clear. Will consider local, Southern or Northern, improved or vacant, city or country. This is your opportunity to secure one of the finest income properties in Calif. Submit what you have immediately for either of these properties and I will endeavor to work out an advantageous deal for you. Mr. Ferguson.

5½% MONEY 6%
INSURANCE FUNDS

Eastern money is the lowest rate money obtainable, as the East is where the large concentration of wealth occurs. These funds must be invested in good securities such as real estate loans. That is our business.

Yes, we charge a commission. All mortgage companies do the same. The borrower can take his pencil and figure where he is ahead with our loan when he considers the rate he is paying for his money. Loans $5000 or more. 7%: no commission.

A property with a low rate loan is much more attractive to a buyer.

Telephone us the address of your property. A preliminary inspection will be made free of charge.

Conservative construction loans considered.

NIPPONESE ART LINER FEATURE

Glimpses of Old and New in Interior Decoration

Craft Calling at Harbor on Around-World Cruise

Reception Aboard Arranged for Tomorrow Night

BY WALDO DRAKE

Those who are fortunate enough to visit the new Osaka Shosen Kaisha motorliner Buenos Aires Maru, now in port on her maiden around-the-world voyage, will gain an extraordinary view of both the ancient and modern in Japanese decorative schemes. Weird color tones and severe lines of the early Tokugawa dynasty are mingled with the bright decorative motif of modern Japanese in her public rooms.

At the reception to be tendered shipping leaders on board tomorrow night by Capt. T. Kamiashi interest will undoubtedly center around her smoking room, finished after the fashion of the sanctum of a samurai, or noble, at the beginning of the Tokugawa dynasty, about 1596. Mounted in the center alcove is a complete suit of war-armor, or "yoroi," manufactured in 1185. Ship's officers say the armor typifies the ultimate achievement of artisans of feudal Japan's earliest days.

The veranda cafe, with its miniature fountain and garden, and the dining-room and lounge, both in modern Japanese style, also represent the latest in ship decorations.

The Buenos Aires Maru, like her sister, the Rio De Janeiro Maru, ready next June, displaces 15,000 tons and carries 1136 passengers. She has a cruising speed of seventeen knots and is driven by a pair of Mitsubishi-Sulzer Diesel engines, developing 13,000 horsepower. The two new liners, together with the smaller motorships, Santos Maru, La Plata Maru and Montevideo Maru, already in service, will give O.S.K. completely motorized around-the-world service.

NEW COMMANDER AT COAST GUARD BASE

Capt. Eugene Blake, Jr., has been assigned to command the California district of the United States Coast Guard, as relief of Capt. D. P. A. De Otte, according to advices received yesterday by Commander Roger C. Weightman, in command of Section Base 17 here. Capt. De Otte, in command on the Coast for the past four years, will go to new duty at Coast Guard headquarters in Washington.

Commander Weightman also receives a new executive officer by yesterday's orders, Lieut. H. T. Jewell being relieved by Lieut. J. A. Fletcher, who comes here from the U.S.S. Haida. Lieut. Jewell will be transferred to the U.S.S. Algonquin.

Nippon Yusen Kaisha's veteran liner Korea Maru arrived from Yokohama yesterday on her last trip in Los Angeles-San Francisco-Orient service. Upon her return to Japan, she will be transferred to the Orient-Seattle run with her sister, the Siberia Maru, being replaced in this trade by the new express liners Asama Maru, Chichibu Maru and Tatsuta Maru.

Among her Los Angeles passengers was Tamekichi Ito, noted Japanese architect, here to visit his son, Michio Ito, Japanese dancer, and accompanied from Japan by another son, Kisaku Ito, prominent stage director in Tokio.

Loading 125 passengers and 1500 tons of cargo here the Korea Maru will sail for Japan via Honolulu and Hongkong tomorrow.

Panama Mail Line's intercoastal steamer Colombia was in yesterday from New York, via Central American ports, with 108 passengers, sixty of them for Los Angeles. Among her travelers was Prof. George B. Zug, head of the art school at Dartmouth, on a winter tour of the State with Mrs. Zug, and Prof. Adrian Molin, professor of philosophy of the University of Stockholm.

Guy E. Buck, freight-traffic manager of Panama Mail, was down from San Francisco yesterday for a survey of the southern situation, accompanied by Lloyd J. Scanlon, field agent for the line.

William Gibbs McAdoo, Mrs. McAdoo and their daughter, Faith, will return on the Lassco liner City of Los Angeles this morning from Hawaii, where they went three weeks ago on vacation. The liner has 336 passengers and a cargo of island sugar, pineapples, bagasse and building stone. Among the passengers are Eddie Boyd, Wichita oil man; William W. Flanagan, hotel proprietor of South Africa; Robert B. Kincaid, painter of McKeesport, Pa.; Edgar F. Olson, Chicago banker, and William F. Bohn, educational executive of Oberlin College, Oberlin, O.

The whaling mother ship Kosmos, with some of Admiral Byrd's husky dogs aboard, is to leave Ross Sea for Norway via Amsterdam today, according to communications with the Mackay radio station here. The ship is more than 8000 miles distant. The Kosmos has 115,000 barrels of whale oil, having received 1822 whales in the year at Ross Sea. Another whaler, the Southern Princess, lost a chaser in the ice, and was lent a Kosmos killer, to stay until April 1. Definite word is expected momentarily whether the whaling ships C. A. Larsen, Sir James Clark Ross and N. T. Nielsen-Alonso, with part of Byrd's party aboard, will return to Norway by way of Los Angeles. They now are en route to Auckland and Wellington.

Twenty-five Los Angeles folk embarked on the Dollar globe-girdler President Van Buren, sailing yesterday noon for San Francisco and the Orient. Among them were Carl Foss of General Electric X-Ray Corporation, en route to Java; John R. Parker, banker of Orange, cruising around the Pacific; Mrs. Sarah Weiss, of the United States Steel Products Company, en route to Shanghai, and several oil men bound for Rangoon.

TRANS-PACIFIC MAIL

Following schedule of sailing is provided by the Los Angeles Postoffice:

March 5, from San Francisco. Mail for Hawaii, New Zealand, Australia and Fiji Islands.

March 5, from Los Angeles. Specially addressed correspondence for Mexico, Central America and South America.

March 7, from Los Angeles. Specially addressed correspondence for Mexico, Central America and South America.

For connections at Seattle mail must leave Los Angeles the second day prior to date of sailing, not later than 7:10 a.m.

To connect at San Pedro for the Hawaiian Islands every other Saturday, mail must leave Los Angeles at 8:50 a.m. on Saturday.

Note—To connect at San Francisco, mail must leave Los Angeles on dispatch made not later than 5:30 p.m. the day prior to date.
